BOY SCOUT WEEK FEB. 7-13
SCOUTINGS 44TH ANNIVERSARY
There are now 3,300,000 active Cub Scouts, Boy Scouts, Explorers and leaders throughout our country.
Each February since 1910, when we were organized, the records reveal an uninterrupted increase in membership growth and communities served by the Scouting program.
There is a reason for this fact. So many of today's fathers who were Scouts encourage their sons to join the Movement for the fun it offers and the training they receive in citizenship and character development.
They know by their own experience that a Scout leader is the kind of a man they want to guide their sons.

Galvy E. Gordon Named New Editor Of The Hilltop Record

Announcement of Galvy E. Gordon as the new editor of The Hilltop Record was made this week by C. Carlton Hartley, president of the Hartley Printing and Publishing Co., 2465 W. Broad-st.

Galvy E. Gordon

He succeeds Reynold E. Greene, 766 Josephine-av., who has been editor of the Record for the past five years. Greene has joined the staff of the Tri-Village Publishing, Inc., at 1302 Grandview-av, where he will be in charge of the new commercial printing department.

Gordon, who lives at 47 N. Burgess-av with his wife, Hedy, and five-year-old son, Galvy III, has been engaged in public relations activities throughout Ohio on behalf of the Army Reserve program for the past seven months.

Previously, he lived in Lebanon, Pa., for two years, during which time he served as civilian information supervisor of the 5th Infantry Division and editor of the weekly camp newspaper at Indiantown Gap Military Reservation, Pa. At the same time, he occupied the night news desk of the Lebanon Daily News.

Following economy closing of the army training camp in July of last year, Gordon was transferred in federal civil service to the public information section of the Ohio Military District headquarters at Fort Hayes.

A native of Indianapolis, Ind., Gordon was a reporter for the Indianapolis Times for three years before moving with his family to Pennsylvania. With the Times he served as federal and school beats reporter, feature writer, general assignment reporter, and daily military affairs columnist.

Immediately following World War II, Gordon accepted an honorable discharge in Europe to become an information specialist for the U.S. Allied Commission for Austria in Vienna, Austria. During the war he had served for three years in the infantry.

A graduate of Shortridge High School in Indianapolis, he has attended Butler University, Indiana University, and the University of Missouri.

In the few months the new Record editor has lived on the Hilltop, he declares he has been impressed deeply by the "neighborliness and justifiable community pride" of its residents. Gordon attends Concordia Lutheran Church and is a member of Camp Chase Post 98, American Legion.

Rev. Ashburn Named

Rev. Jacob Ashburn, Jr., pastor of the Oakley Avenue Baptist Church, was appointed a member of the Franklin County Welfare Advisory board by the county commissioners on Monday, Feb. 15. He will serve until June 30, 1955. Rev. Ashburn, 200 S. Oakley-av, replaced Rev. H. H. Teague who resigned from the advisory board.

Voters' Nod Sought On New Franklin School

Franklin Township voters will be asked to approve a $1,058,000 bond issue at a special election on June 8 to finance the construction of the first senior high school in the township.

The Franklin Township Board of Education announced, following its meeting on Monday, Feb. 15, that preliminary plans for the school had been completed and that the project was now in the hands of the voters.

The new school would be located on a 28-acre site owned by the board at Demorest and Briggs rds and would share the site with a 21-classroom elementary school on which construction will begin soon.

A $970,000 bond issue approved last May provided funds for the construction of the elementary school and for an eight-room addition to Skidmore School.

Whether the proposed building would be solely for senior high students or for both senior and junior high students has not been determined finally by the board, according to Mrs. Sara Ely, board clerk.

Mrs. Ely said that board officials estimate that there will be approximately 780 district students of high school age in four years who would utilize the new school. The new high school would be completed in about two years.

Currently, Central, South, Grove City, Hilliards and West High Schools are accepting the district's approximately 350 high school pupils on tuition basis. Because of an increasing number of youths of high school age in their own communities, Mrs. Ely said that there was no assurance that these schools would continue to accept Franklin Township students in the future.

Elementary enrollment in the township has increased from 961 in 1944 to 1707 in the current school year. Although completion of the Skidmore School addition is expected by Sept. 1955 and a tenative completion date for the new elementary school has been set for Sept. 1956, the problem of the growing need for a district high school still remains.

Claude W. Yount, 55 E. State-st, has been named by the board as architect for the new building.

Bellar Will Attend CD Warden Course At Olney, Maryland

Arthur J. Bellar, 226 S. Algonquin, city and county civil defense administrative assistant, will attend the Fourth Warden Council at the National Civil Defense Training Center, Olney, Md., Feb. 23-26, according to an announcement by Franklin County Civil Defense Director Fred Stanton.

Stanton disclosed that plans will be formulated to activate a new warden service upon the return of Bellar from the training session.

ONE OF TWO ARTIFICIAL HILLTOP SPRINGS near his home is pointed out by Omer D. Shumen of 226 N. Burgess-av. Both of the "springs" are the results of water main leaks, according to Shumen, who is superintendent of the vegetable greenhouse at Ohio State University. This one bubbles right up through the asphalt pavement on Ridge-av at Burgess-av and has been in operation since early summer. The other "spring" immediately in front of his house, is the result of a broken cut-off valve and has been flowing since before Christmas despite several calls to City Hall, Shumen said. City Asked To Annex Large Franklin Twp. Area

GM, Westinghouse Plants Included In New Petitions Now Circulating

PICTURED HERE IS A MAP OF THE AREA involved in the proposed annexation to the city of Columbus. The area includes large industrial plants as well as Rosary and Broadlawn Additions.

To annex or not to annex seems to be the big question coming up for discussion in many quarters in this community. The subject was placed at the top of the "talk parade" again this week when it was learned that petitions are being circulated in areas west of the city asking the freeholders to get behind the movement to have Columbus annex certain portions of Franklin Township.

The territory proposed for annexation is bounded on the north by a line from Plainview-dr, starting on the West side of Wilson-rd, and going west to the township line, south to a line between Briggs-rd, and Sullivant-av. The area would include the General Motors Ternstedt plant and the new Westinghouse plant at well as Broadlawn and Rosary additions.

A petition bearing 15 names was presented on Monday to the city planning commission by Mrs. Ellis Jones, 745 Wilson-rd. The planning commission has stated that other petitions are being circulated throughout the area and that one such petition from the Rosary addition contains about 75 names.

The city planning commission will look over the petitions and advise the circulators in proper steps to take toward getting the city to annex the area.

Decision on the matter apparently will rest, however, with the Franklin County Commissioners. Ordinary procedure is that a majority of the resident adult freeholders of the area must petition the commissioners for annexation to the city and if approved by the commissioners the matter is then up to Columbus city council to decide if the city wants such area to be annexed.

County commissioners have already gone on record against any "small biter" being taken out of the townships. A quick survey of some prominent residents of Franklin Township also reveals that they have the same attitude. One man stated, "If the valuable tax producing property is to be taken into the city then all the township should be taken in. It will be impossible to provide schools and other services for the area if the cream of the tax property is skimmed off."

A discussion of the matter was scheduled to take place Wednesday night at the meeting of the Skidmore Lions Club.

A protest meeting has been called for Sunday at 2 p.m. at the Franklin Township Hall. It was not learned who is heading this group.

Mrs. Ellis Jones stated she is interested in having her property annexed to the city in order to get water and other services the city will provide. She stated she ran into no open opposition to the proposal. "I believe the city has more to offer than the township for the money we spend," she stated.

County commissioners were scheduled to hear a proposal Tuesday that an eight-acre tract known as Miriam subdivision be annexed to the city but no one showed up for the hearing and the matter cannot come up again for another 60 days at least.

New Lincoln Village Begins To Hum

PROGRESS: Above are some of the 18 houses in various stages of completion on Murray Hill-rd in Lincoln Village. The recent "mild snap" has permitted more above-ground construction in the last two weeks than in the preceding four months, according to officials of Peoples Development Co., owners of the already nationally-famous community. Sometime this summer the first 23 sample homes will be opened to the public. Meanwhile, because of construction hazards, Lincoln Village will be open only to authorized workers. (Hilltop Record Photo)

The Hilltop's already nationally famous Lincoln Village was the scene of a steadily increasing tempo of activities this week as moderate weather permitted the stepping up of construction activities.

Eleven houses were completed to their roofs on the partially paved Murray Hill-rd and foundations had been laid for seven more in the same block by Monday afternoon, Feb. 15.

Harry Hamilton, construction superintendent for the Peoples Development Co., sponsors of the new community, reported, "We've been able to accomplish more in the line of above-ground construction with 10 carpenters and four laborers in the past two weeks than we were able to do in the preceding two months."

A meeting of administrative officers of the development company, a subsidiary of the Farm Bureau Insurance Companies, on Monday was devoted largely to discussing the chances of good weather continuing and the planning of a variety of house designs and prices to appeal to persons in several income brackets.

Meanwhile, Carl E. Frye, vice-president and general manager of Peoples Development Company, announced that construction will start in the near future on the first of 700 rental units which ultimately will be constructed in Lincoln Village. Basements have already been started for some of these on Beacon Hill-rd.

About 350 single homes are also planned for the first section of the development, north of US 40. To date, no construction activities have been scheduled for the portion of the development south of the highway.

Twenty-three sample homes will be opened to the public this summer for inspection of prospective buyers, Frye said.

Because of the hazards caused by construction activities and the possibility of injuries by mechanical equipment, Frye said that the general public would not be able to visit Lincoln Village for several months. A special police force has been hired to ensure that only project workers and company officials are admitted to the project.

No target date for the start of building on the proposed 65-acre shopping and commercial center in the first section has been set to date. Frye explained that the board of directors and development company officials were still engaged in the study of the latest designs in shopping centers.

Current planning calls for the Peoples Development Co. to own the multi-million dollar shopping center, which by itself will cover some 45 acres, and lease its facilities to merchants, Frye said.

Concrete paving has been completed on a 66-foot wide strip on Murray Hill-rd which will border the West side of the mammoth shopping center. The center will be bordered on the east by the Old Village-rd and on the north by Beacon Hill-rd.

A million-gallon, partially underground water storage tank on the southeast corner of the first section has been completed but is not yet in operation. The huge tank and its required additional mains cost more than $350,000, according to Franklin County Sanitary Engineer Deso F. Mitchell. This reserve water facility boasts extra diesel-operated pumps which would operate in the event a disaster should put the electrical pumps out of operation.

Frye reported that the story of Lincoln Village and its balanced residential, shopping and commercial community to date has been carried in 71 newspapers and eight magazines throughout the nation.

Post Office Expert To Address Kiwanis

Risly, who was a postal clerk in Logan, O., for 14 years before becoming a postal inspector in 1928, will answer questions concerning postal operations at the conclusion of his address.

Officials Invited To 'Defog' Zoning Tonight

Representatives of the Mayor's office and the Franklin County and Columbus zoning commissions have been invited to address a special public meeting on the Hilltop tonight "to dispel the current fog concerning zoning classifications in the area."

The meeting will be held under the auspices of the Camp Chase Civic Association at 8 p. m. in the Westgate Elementary School.

In separate letters to the Franklin County Rural Zoning Commission, City of Columbus Rezoning Commission, and the Mayor, William E. Jones, president of the Camp Chase Civic Association, wrote:

"The property owners on the Hilltop are vitally interested in knowing what the Zoning Commission intends to do about changing the classification from light industrial to heavy industrial and how this change will affect home owners on the Hilltop."

Could you arrange to have a representative at this meeting to explain the zoning change and to give us all pertinent information

Hilltop Kiwanis Wins District Service Award

Hilltop Kiwanis Club has been judged the winner of the Ohio District award for 1953, they were advised this past week.

C. Carlton Hartley, president of the club for last year, received a congratulatory telegram from Carl A. Frey of Athens, governor of the Ohio District for 1953.

Kiwanis Clubs of the state are in annual competition for this award and it is made on the basis of achievements along the lines of service to the community. Further awards are also made in international competition.

"THIS IS YOUR LIFE"—Henry F. Eberhard (center, right) was given a plaque in recognition for his outstanding work in Scouting during the last ten years. The presentation, made by a fellow Kiwanian Paul Nesbitt during a meeting of the West Franklin Kiwanis Club held on Thursday evening of last week, was a complete surprise to the recipient. At left is Malcolm Pennell, chairman of the youth committee of the club, and at right is Dick McGarry, district Boy Scout executive, who addressed the group in recognition of Boy Scout Week. Report From City Hall

Safety Office Proud Of City's Improved Traffic Measures

Safety Director George Doyle and his assistant Leo Phillips are quite proud of the fact that Columbus has had but one traffic death since the first of the year as compared with five up to this writing a year ago.

They attribute the slow down in the death rate to a slow down in traffic that has been brought about by a move right after they went into office which makes the police force more evident than before . . . that of dividing up the number of men in the cruisers, one to a car rather than two, and twice as many cruisers on the streets. They claim, and apparently rightfully so, that motorists just naturally take their driving a little slower when they know there are a lot of cruisers roaming the streets.

Mayor Sensenbrenner has been advised by some of his friends that a still further reduction in traffic accidents might be accomplished by this same method if the cruisers were to be painted white or some outstanding color so that they would be even more in evidence.

The mayor left Tuesday night with Gov. Frank Lausche for a two-day conference on safety in Washington, at the invitation of President Eisenhower.

Another meeting of the mayor's advisory committee has been set for this next Monday at City Hall and while the subject was originally announced as being sewerage disposal problems the subject will be instead, that of the civil defense department. The mayor wants his committee to hear just what is being done in civil defense and thereby try to help him determine what his stand should be.

Since the civil defense squabble made the front pages a few weeks ago, the mayor has received a lot of support from many people interested in the subject and he is being pressed to ask for an investigation of the whole department before the city approves any budget for certain salaries in that department.

The "error" in the budget on Monday night as reported in the dailies seemed to have been a three-way affair, having passed through the hands of the mayor, the council and even before that, the hands of the city attorney. It was in no way a serious matter and was merely a matter of the handling of a bond fund which came out with the same net result whether it was in the budget or out of the budget. It did, however, point again to the need of a finance director who would have more time to prepare such matters before they are submitted. The mayor will ask for the approval of such a director in a short time.

Another round in the series of fights that have confronted the mayor since taking office will be announced out in short order it appears. The matter of residence of William Lehman, newly appointed building inspector, has been given the green light by the city attorney and now the only matter left to be concerned with is his connection with a local building materials firm. This it seems, has been taken care of by Mr. Lehman some time back and he is prepared to give any evidence necessary to show that he is no longer affiliated with the firm.

Westway VFW Invites Groups To Plan Rainbow Improvements

Westway Post 3441, VFW, offered to take the lead in pushing for needed improvements in the Rainbow addition this week by throwing its post home at 852 Clarendon-av open to meetings of interested citizens and organizations.

Commander George Bradley announced the availability of the post home for groups interested in all Hilltop Community improvements, but invited especially those organizations interested in certain needs which post members have agreed are most important.

He listed these community aims as follows: sanitary sewers for the Rainbow addition; a new street from Clarendon-av to Whitehead-rd; improvement of all streets in the addition; straightening and improvement of Highland from W. Mound-st to Whitehead-rd; extention of the Hague-av crosstown bus line to W. Mound-st; and installation of a traffic light on W. Mound-st at Hague-av.

"We are particularly interested" Bradley said, "in joining hands with Rainbow addition residents, where our post home is now located, to bring about through a joint, organized effort improvements that long have been denied the addition. We feel that this can best be accomplished by community meetings to discuss and lay plans for these improvements."

He invited interested citizens and groups to contact him by telephone at JO. 7715.

concerning it, which we do not have at present?"

Mayor Sensenbrenner said Tuesday that he would be unable to attend since he was leaving the same evening for a White House safety conference in Washington. He announced that Ernest Stork, planning director for the City of Columbus and secretary of the Regional Planning Commission would represent him at the meeting.

Jones declared that more than 12,000 families are "up in arms" over the Rural Zoning Commission's action week before last in rezoning a portion of the New York Central Railroad property north of Sullivant-av to a heavy industrial classification.

"These apparently arbitrary rezoning decisions have resulted in the current situation where homeowners are not certain whether they will wake up tomorrow to find a glue factory in their neighborhoods," Jones said. "We want to clear up the confusion."

Although New York Central Railroad officials originally had asked for the entire tract of 92 acres north of Sullivant-av to be changed from light manufacturing to heavy manufacturing classification, the Rural Zoning Commission ruled that 1500 feet of the tract adjoining Sullivant-av had to remain in the light manufacturing classification.

Following the "clarifying addresses tonight, the Camp Chase Civic Association will nominate and elect new officers and board members.

Jones, president of the association for the past year, stated that he wants to "step down to give younger and fresher talent an opportunity to direct its activities."

West High Loses 76-59 Decision To East High In City League Tilt

The West High Cowboys suffered a 76-59 setback on their own court Friday night, Feb 12, at the hands of the East High Tigers. After leading for nearly three full quarters, the Cowboys suddenly ran out of gas as the Tigers spurted ahead to victory in the city league cage contest.

The Cowboys spurted to an early lead and, mainly through the efforts of Pruden and Vincent, who garnered five points each, held a slim 17-15 lead as the first period ended.

The contest continued nip and tuck in the second canto with a field goal by sophomore Dave Randall giving the Cowboys a 32-30 edge at halftime.

In the third period, three fielders and a free throw by Furry, two more fielders by Randall and Vincent's charity toss gave the locals a 44-40 lead with 4:12 remaining in the period. A fielder by Morgan and two more by sophomore Steptoe gave the East Siders a 46-44 lead, which they never relinquished. Steptoe added two more fielders and a free toss as the Tigers held a 51-46 edge at the three-quarter mark.

Morgan's three fielders and two charity tosses suddenly spurted the Tigers to a 56-46 margin as the final period opened. Vincent added three fielders and four charity tosses in a vain attempt to keep the Cowboys in the contest.

Tiny Leo Morgan, although held to five points in the first half, added 19 in the second to become the game's high scorer with 24 points.

The fine all-around play of two newcomers in the Tigers' lineup, Jack Steptoe and Ruben Young, had much to do with the victory.

Jim Vincent, although having one of his rare cold nights from the field, came out with 21 points to lead the Cowboys' offensive. Sophomore Dick Furry, starting his first varsity contest for the locals, tossed in 13 points.

The Cowboys were slated to play two city league contests this week, meeting the last-place Aquinas quintet Tuesday night and battling the league-leading North High Polar Bears Friday night.

Glenwood Methodist Hands 48-35 Defeat To Westgate

Glenwood Methodist kept its winning streak intact Monday at the expense of a fighting Westgate Methodist five by the score of 48 to 35 in the feature game of the Hilltop YMCA Intermediate Basketball League.

Westgate jumped into an early lead by tossing in three quick baskets at the start of the game, only to have Glenwood tie the score at the end of the first period. Glenwood's superior height began to tell in the second period and led at the half 23 to 13.

The second half was rather evenly played with Glenwood managing to hold a fairly comfortable margin throughout the remainder of the contest. For Glenwood, Don Martin with 16 points, Perry Stavrides with 13 and captain Bob Brownlee with 11 points were the big guns. Dick Sensenbrenner with 12 and Joe Hutchison with 14 points led the Westgate team.

West Sr. Hi-Y, coached by Frank Brown, won its second straight game of the second round by edging Hoge Memorial Presbyterian 31 to 27. The score was tied at the end of the third period but tallies by Jack Cannon, Jim Kruckeberg, and Charles Robinson late in the game spelled victory for the Hi-Y.

In this contest, Jack Gannon and Charles Robinson each scored 12 points for Hi-Y while Dick Witter again led the Hoge basketeers with nine points.

West Park Methodist returned to the winning column by defeating the small Hillcrest Baptist Five 37 to 28. Hillcrest was very much in this game until their tall man, Tom Coffman, left the game on personal fouls. With Coffman on the bench, West Park scored at will in the final period. Rick Ferrell, the leagues' second highest scorer, hit for a total of 18 points to win scoring honors for the evening. Tom Coffman with 13 points and Fred Lanch with 8 were the mainstays for Hillcrest.

Hilltop Church of Christ, led by Bob Dixon, defeated Burgess EUB 44 to 26 in the night-cap battle. This game was very close at the end of the first half but Bob Dixon entered the game at this point and tossed in 12 points to break the game wide open. For Burgess, Jack Speakman played the leading role, scoring 9 points and doing much of the rebound work for Burgess.

Next Monday, the league will be idle due to the closing of school for Washington's birthday, but play will be resumed on Mar. 1 with the contests scheduled between West Park Methodist and Glenwood Methodist; Hillcrest Baptist and Hoge Memorial Presbyterian; Burgess EUB and Westgate Methodist; and Hilltop Church of Christ and West Senior Hi-Y.

Congratulations, Columbus Town Meeting

On Washington's Birthday, Columbus Town Meeting will celebrate its 15th anniversary.

Hilltoppers, like the rest of the people of Central Ohio, have watched Columbus Town Meeting grow from a small local discussion group to a forum known across the country for its ability to attract top speakers for candid discussion of even the most controversial topics.

And Hilltoppers, since they have supported Town Meeting with their contributions and their participation in the lively discussions, can share in the pride over the success of the program.

We feel that such success is due primarily to two things:

First, the policy of Columbus Town Meeting which commits it to "fair and free discussion of controversial questions, no partisan position whether economic, social, religious, racial or political, neither conservative nor radical."

To Town Meeting these principles are and have been more than just high-sounding phrases. The forum has lived by them. It's stature and prestige have been developed within this framework and been strengthened by it.

Secondly, the program's success is due to the inspiration and guidance of its executive director, Mrs. Grace Hare Frye. She conceived the idea of the local forum and helped to found it.

Mrs. Frye's tireless energy, her zeal and her persevering adherence of the forum's principles—plus her ability to excite the interest and help of other far-sighted and public-spirited citizens—have been the sine qua non of Columbus Town Meeting.

We know that just as Town Meeting has grown steadily in size and stature in its first 15 years, it will continue this development in the future guided always by the sure hand and the inflexible principles which founded it.

So to Columbus Town Meeting on its 15th Anniversary here's a heartfelt wish for a happy birthday and many more to come.

Through The Garden Gate

By Members Of Highland Garden Club

By Mrs. Charles C. Munro

Zinnias are my favorite flowers for they give back so much beauty for the little care they demand.

When I started my first garden, as a young married woman, my father brought me a number of flower seed packets and among them — [illegible]. I told him I did not want those "old fashioned flowers in my garden." However I did plant them and every year since I have had zinnias. The beauty of their bloom makes a garden of flowers in themselves. In later years I learned that zinnias are "old time favorites."

Zinnias have a wide range of color, huge flowers or dwarf-like. The colors [illegible] from white, thru rose, crimson, orange, salmon, and purple into pure yellow. They have such soft colors, but as plants they are stiff and lack both elegance and grace. The foliage is coarse but forms a good background. Zinnias are showy annuals for late bloom and form excellent color [illegible] especially when planted at a distance from the eye. Their stiff stems make them desirable for cutting. Also the colors show up well under artificial light.

Sow seeds indoors in March for early bloom or out of doors in May. Give plenty of room for development when transplanting. They thrive in any soil but prefer a deep rich one and will endure drought and some frost. Zinnias are native to Mexico and the southwestern [illegible].

There are three types of zinnia. One is the large "California Giant" which grows as high as three feet, another has golden starlike flowers, and the third is a mixture hybrid, "Fantasy."

For the decorative touch indoors, zinnias look best when placed in old copper containers or in rustic baskets.

"Plant zinnias and zinnias will grow!"

GOD DOES NOT SPEAK PROSE

("God Himself does not speak prose."—Emerson)

God Himself does not speak prose.
He wastes no precious word;
Wherever beauty's way is found,
His quiet voice is heard.
Through every singing wind He calls,
In rhythm of the rain;
Wherever birds are caroling
We hear His voice again.
On shores where cadenced tide-waves roll,
Or where still waters go,
Where leaves are whispering litanies,
His voice is soft and low.
His strength and power are in the [illegible]
Yet, when all echoes cease—
In stillness of the soul He speaks
In poetry of peace.

From somewhere; Small Mary heard the minister quote "Dust thou art; to dust returneth," and asked her mother what he meant. After the mother's explanation, Mary was kneeling beside her bed and noticed dust on the floor under the bed. She said "Mommie, somebody is either coming or going" . . . Jimmy, asked by his teacher to give a sentence using the word "archaic," gave "We can't have archaic and eat it, too" . . . Voltaire and Heine sharpened their wit with the keenest irony. A troublemaker once said to the great Frenchman, "It is strange that you speak so well of Monsieur X, when he always speaks so badly about you." Voltaire replied, "Really? Perhaps we are both wrong" . . . The teacher was conducting a mental drill centered about the calendar. She asked "which month has 28 days in it?" Johnny answered "They all have" . . . Another Johnny took a long time to show his parents his report card, saying "Maybe I'd better explain it first. A stands for excellent; B stands for good; C means fair, and D is what I get" . . . Whistler's conceit was superb. No one enjoyed his boundless immodesty more than Whistler himself. On one occasion, a duchess wishing to be polite, remarked, I believe you know King Edward, Mr Whistler," "No, Madame," said Whistler curtly. "That's odd," she said, "I met the King at a dinner party a few weeks ago and he said he knew you." "Oh," said Whistler, "he was just boasting."

Now and then, friends send me columns from out-of-town newspapers. Since they ARE friends I am sure they don't send them to point up how bad this space-filler is. If they do, it's wasted effort for I already know how bad it is and have never claimed to be a "columnist."

• • •

Have never claimed to be a radio or television critic, either, but why do a few announcers feel they must be coy and cute, and pretend to be startled to find themselves on the screen, with "you out there" watching? After all, isn't that what they are being paid for? And why do the "hosts" of the late late shows ham it up before the show, or give detailed explanation of the show to be shown? Children are supposed to be in bed at that time, and we adults should be able to understand the show under our own steam. And maybe, just once, there'll be a TV show in which the police, Northwest Mounted, a private eye or just plain Bill won't arrive in the nick of time to save the long-lashed heroine or the solid citizen-type hero. Also, maybe some time a d-j will play a record that is not on the 10-best list, and somebody on one of those sad give-away shows will thank the M.C. for all that money! I still like radio and television and consider them the greatest things that ever were invented, especially for the shut-in; radio is a wonderful thing for the sightless. Quoting Gil Sonastine, who doesn't need an introduction from me, 'Radio is here to stay. I hope." Gil is only one sightless person who enjoys radio.

Mail—From Thornville: I like to slop along in old clothes. Not long ago I set out for frozen Buckeye Lake. I could tell you many tales of my life on the lake. One day I went skating, along with my dog. After skating, I came home without my overshoes. The next day I went back and my dog was lying on the ice beside the overshoes. He had lain there on the ice all night. Faithfulness! . . . From my favorite shutin: I've never had the chance to listen to you reading Hiawatha to a baby. You must look adorable, saying Gitchee goomie. Which reminds me that once back home, a neighbor age five, found a beat-up volume of Keats at my house and insisted that I read it to her. She listened for hours while I stumbled along, fluffing the lines. Her mother was positive the kid understood what I was reading about (these fond, fatuous mothers!) but I think the little sadist was just waiting for me to skip a line or two so she could let me know that she knew. I bet that child can still rattle off a lot of Keats, and not know what she is talking about. Or maybe keats like Keats—I just had to throw that in. Now you can throw it up . . . From a Columbus poet: I think one reason poetry is not appreciated or understood is because of the intricate and varied content; also the pace and intensity of it. There is no such thing as a work of one's own, because all successful writing is a partnership.

—From New Orleans: Tell your friend if she comes down to the Mardi Gras that she had better rob a bank before she leaves Ohio. Last year, cots in halls were renting for $15 a nap; coffee was 50 cents a cup, and other food was too high. It is too bad, for it gives our fair state a bad name and we are really very nice people.

These Eyes—

How Well Do You Know Them?

This is a new feature of The Hilltop Record. We know you'll find it entertaining in testing your own powers of observation and memory in identifying the person to whom these eyes belong.

The Gay Philosopher

Santa Claus was the most prevalent wrong guess at the identity of last week's pair of eyes. A couple of Hilltoppers came into the office and looked directly at the eyes on the wall and still couldn't guess.

The eyes were those of the Gay Philosopher, who is a Hilltop institution by now. His words of wisdom have appeared for years in the Record's front-page column, The Spectator, and his whimsical, smiling features have graced there and home calendars printed by the Record for a number of years.

This week's eyes belong to a man who is known to almost everyone on the Hilltop and throughout the city. He's a friendly fellow with a keen sense of humor. The owner of the eyes is in great demand as a speaker.

Those readers who haven't guessed by now will be slightly abashed when they read the answer in next week's column.

Public Comment

Better Bus Service Ranks High In Needed Hilltop Improvements

Hilltop Record readers when queried this week on "What improvements do you think are needed on the Hilltop?" came up with two proposals for improving bus service and two complaints on the state of repair of existing city services. One resident, who is contemplating moving out of the community, couldn't think of a single thing wrong with the Hilltop.

Here are the comments of your neighbors:

Mrs. Henry Schultz, 26 S. Powell-av., "I wish they would take this bus turn-around off Powell-av, and relieve the resulting traffic jams. The street is really too narrow for the bus to turn and to allow parking on both sides of the street."

Omer B. Sherman, 226 N. Burgess-av, "The water main in front of my house has been leaking in two places since before Christmas, and the water department has ignored it. I should think it would surely be an improvement and the city would save some money if it were fixed."

William V. Kinder, 215 N. Wayne-av. "The sidewalks on the Hilltop certainly need to be repaired. They are quite bad on Wayne-av."

Mrs. Everett Mann, 666 Belvidere-av, "I surely would like to see a better bus system on the Hilltop. We use the Mound-st buses and they run only every 15 minutes. It is almost impossible to get to Broad-st, because the Hague-av tripper is so irregular. It would help a lot if that service were improved."

Mrs. A. E. Quelette, 427½ S. Hague-av, "I think the Hilltop is a pretty fine community as it is and I can't think of any improvements needed. We are going to have to leave the community; we're moving soon, but we'll return some day."

Maryanne Brooks Is Valentine Day Bride of David F. Skipper

Mrs. David F. Skipper

Glenwood Methodist Church was the setting for the Sunday afternoon wedding of Miss Maryanne Brooks and Mr. David F. Skipper. Rev. Joseph Shellhaas officiated at the ceremony.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. Richard C. Steward of 354 Whitethorne-av, and the bridegroom's parents are Mr. and Mrs. George E. Skipper, 487 S. Burgess-av.

The bridal gown of imported hand-clipped Chantilly lace was fashioned along semi-princess lines. The bodice featured a scoop neck, long sleeves tapering to points over the wrist and was fastened in the back with covered buttons. Her bouffant skirt was fashioned with a back treatment of tier upon tier of pleated nylon, extending into a fan-shaped train.

A veil of French illusion fell from a coronet of lace, pearls and iridescent beads, matching the detail of the gown. White camellias topped her white Bible.

Mrs. Gloria Johnson attended the bride as matron-of-honor. Her gown of cotillion blue satin and nylon net featured a formal satin bodice, topped with soft folds of self material and a Spencer jacket. Her floor-length full net skirt was worn over net, taffeta and old-fashioned hoops. A pixie bonnet of hair braid and spring flowers with a theatre veil completed her ensemble.

Serving as bridesmaids were Miss Suzanne Jennings, Miss Kay Skipper and Miss Nancy Brooks. They were gowned identically with the honor attendant. Colonial bouquets of red shattered carnations and white pom pons carried out the Valentine theme.

Rhonda Lee Steward attended her sister as the little flower girl. She wore a frock of white taffeta with nylon tulle and carried a basket of petals.

Mr. Arlowe Bryant served as best man and seating the guests were Mr. Eddie Baker, Mr. Joe Behling and Mr. Dean Hemmerly.

Mrs. Steward chose, for her daughter's wedding, a powder blue waltz-length gown with scoop neckline edged in pearly, and white accessories. The mother of the bridegroom was gowned in a rose crepe frock in waltz-length, with a scoop neckline. She also wore white accessories. Both mothers wore corsages of red and white carnations.

Hostesses for the reception, held at the church following the ceremony were Miss Marilyn Miller, Miss Marilyn Story and Mrs. Pat Collins.

The new Mrs. Skipper and her husband are both graduates of West High School. Mr. Skipper is associated with the Eastern Motor Dispatch.

For their wedding trip to New York, the bride chose a pink knit suit with white accessories and her bridal camellias.

Upon their return, they will reside at 1565½ Thomas-av.

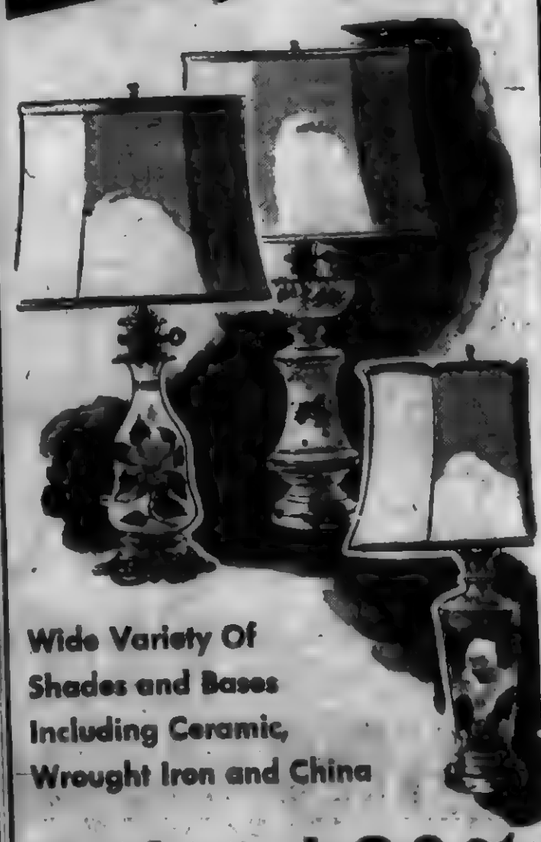
Seen at Seiller's
by Sue Fredendall

We surely had a taste of spring last week end. The few nice days we've had acted only as an appetizer, but when you see that wonderful display of Ship 'n Shore blouses in Seiller's window you'll feel spring has come to stay.

There's a lot of talk about the gentry look. Ship 'n Shore's mighty handsome new shirt style. With the Italian boy hair cut all the rage, you'll find the little boy shirts very flattering to your cropped and charming noggin. Stand up collars for you with the long and lovely neck, or the neat little tailored collars, casual as a boy's, for the short, plump, lily white throat.



You'll treasure these low, low priced classic tailored blouses. Short sleeves or push up sleeves; solid, sultry black or delicate pin stripes and prints. All in washable silky cotton.

Buy a Ship 'n Shore. The blouse that looks like a million, but costs only a few dollars. $2.98 and $3.98 to be exact. Adv.

Mrs. Dinsch Suggests Recipe For Favorite Family Dessert

Mrs. Margaret Dinsch

A recipe for "Pineapple Delight", a dessert that really sounds like springtime, has been submitted this week by Mrs. Margaret Dinsch of 41 S. Huron-av. She has revised and perfected the original recipe until the results are truly perfect.

As president of the Hilltop "Y" Mothers' Council, she is now devoting a large part of her time to the group's next project, the Gra-Y induction ceremony scheduled next Month at Glenwood Methodist Church. Sponsorship of this event is only one of the group's many responsibilities. She is also active in the Central YMCA Mothers' Council.

Her husband, Fred, is chief engineer for the Plastex Co., and the couple has one son, Larry 15. The family attends Trinity Episcopal Church.

The donor tells us this dessert, in addition to being a delicious ending to a meal, makes a perfect snack to serve with coffee when guests drop in.

PINEAPPLE DELIGHT

Cream together until light and fluffy:
½ cup butter
1 cup granulated sugar
Beat two egg yolks with 1 table spoon cream and add to the creamed mixture.
Add 1 cup crushed pineapple (well drained) and one-third cup pineapple juice
Add two egg whites beaten until stiff but not dry
2½ cups graham cracker crumbs.

Line a loaf pan with waxed paper, place alternate layers of graham cracker crumbs and the creamed mixture in the pan, beginning and ending with crumbs.

Allow to stand in the refrigerator for several hours before serving Makes six to eight servings.

BRUSHING UP ON THEIR SPAGHETTI-EATING TECHNIQUE in preparation for the spaghetti dinner scheduled at Skidmore School for Friday, Feb. 26, from 5 until 8 p. m., are PTA members pictured above. They are, left to right, seated, Mrs. Glen DeLong, treasurer; Mrs. Frank Galentine, membership chairman; Mrs. William Hart, publicity chairman, and standing, Mrs. Larry Crossley, room mother; Mrs. Robert Hawthorne, program chairman. Proceeds from the affair, sponsored by the room mothers, will be used to help equip the new addition to the school. Sinacola's will prepare the spaghetti and tickets are available from the students at the door. (Hilltop Record Photo)

YOUR YOUTH

By Bob Schmidt—Dick Wilson

Tomorrow is a big night for 160 Gra-Y boys and their families when the five Hilltop YMCA Gra-Y Clubs hold their annual installation of officers and induction of members. This family affair will be held at Glenwood Methodist Church at 6:30 and will be preceeded by a pot luck dinner.

Some of the other highlights of the program will be presentation of a World Service check to C. J. Dyer from Ron Klein, president of West Senior Hi-Y; and the championship football awards presentation to West Broad Gra-Y, winner of the 1953 Hilltop YMCA Gra-Y Football League.

A second big event for February will be the candy sale kick-off rally which will be held at the Hilltop YMCA on Monday, Feb. 22, at 10 a. m. Thirteen YMCA clubs will take part in this sale, with the proceeds being evenly divided between World Service and local club service projects. The program for the rally will include free movies, World Service cartoon slides, World Service speakers, explanation of the mechanics of the sale, and candy check-out at 11:30.

Father OF HIS *Country*

Throughout the east, travelers are likely to pass old houses which carry the proud notation, "George Washington Slept Here."

But to all who cherish the heritage of freedom he left behind, it is much more important that George Washington *lived* here.

For *his* was a life of action. Surveyor at 16, an adjutant general at 20, commander-in-chief for a new army, and finally, the presidency of the new nation.

Throughout his old age he was busy in the affairs of the America he had helped to build—and to save.

And when Death finally came, he met it bravely, as he had met all else. With one finger, he counted off his weakening pulse beats, and when Death at last whispered—"Come"—the clear, gray eyes were bright and unafraid.

Yes—we say—one of our greatest men. From where did his amazing vitality and inspiration come?

Washington's strength came from his soul—and in his soul dwelt God.

It is somehow fitting that George Washington—a sincere church-goer—is remembered as the "father of his country."

For the father of his country knew that there was only one sure source of guidance for himself and his countrymen.

And that source was the Father of us all. . . .

Hear, my son, the instruction of a father, and attend to know understanding. Proverbs 4:1

Hilltop Minstrel Show Marks Silver Anniversary

HBA To Stage Show 25th Year On Hilltop

Next Thursday evening, Feb. 25, when the curtain rises for the 25th annual Hilltop Minstrel Show under the auspices of the Hilltop Business Association at West High School auditorium a distinctive milestone will have been passed in the production of the widely known community effort.

"The Silver Anniversary Roundup" will feature the top acts which in the years past have earned the acclaim of viewers of the show. A cast of more than 100 persons will comprise the company featuring talent of the widest versatility available.

Tom Crawshaw, director of this year's Silver Anniversary production, is enthusiastic over the material which he has on hand inasmuch as it represents the favorites of the past 24 years who have made an impression on the public in past performances that stamped them as standouts.

Interlocuter for the show this year will be Bill Coon who last year handled that chore for the first time and registered well with the crowds who attended. Coon in prior years worked the show as an end man and as a blackface comedian.

At 8:15 p.m. next Thursday night the opening number of the minstrel which has been dubbed "The Round-Up" will be an opening chorus number presented by the Hilltop Male Chorus which has for the past few months been in practice for this annual community affair. Members of the male chorus are: Norman Winnard, George Saatkamp, Robert Muncie, Robert Hauser, Ed. Rigby, Harold Mincer, Kenneth Evans, Frank Graahel, Kenneth Hill, F. G. Kent, William Woodworth, Nelson Greene, Gary Dowler, Paul Hicks, Elsie Radcliffe, Thomas Reed, James Hodges, Bernarr Brenot, Harry Hawes, Irvin Peterfy, Robert Nichols, Ivan Reed, Vaughn Seeds and Gilbert Coffman.

The introduction of the end men, Noble L. Allen, Dick Becker, C. H. Campbell, Harold Greene, Lee Phillips, Sr., and Eddie Walker, will then complete the opening portion of the show.

From that point on the show will really be in high gear, with a solo, "When Irish Eyes Are Smiling", being given by George Saatkamp, followed by Dick Becker's rendition of "Ida".

Sonya Albery of the dancing Albery Sisters will be the first of the terpischoreans to appear before the stage lights in the Silver Anniversary Show, in a dance specialty.

End man Charles H. Campbell will then show his ability as one of the comeback artists in "Shortnin' Bread" with Adolph Eiselt following up with his banjo specialty that has always been a favorite with the patrons of Hilltop Minstrel shows.

"Can't Help Lovin' that Man" will be the song that Dorothy Hartley will be plugging in the anniversary show. This performer, too, once trod the boards in the Hilltop Minstrel with a rendition of "Alice Blue Gown" and appeared in several other renditions of the show.

Noble Allen in the next number reveals himself as a musician of no mean merit as he jives out with a saxophone solo, and Eddie Walker and Charite Ross threaten to bring down the house in a "challenge" dance as the next number on the bill.

"Lovely Bunch of Coconuts", a rave song of a few years past, will make a comeback in the Minstrel Show with James Hodges doing the honors in the next number, which is followed by "Lassus Trombone", the old-time trombone minstrel specialty, with Glenn Harriman doing the honors.

Soloist Vaughn Seeds is the next entertainer to make an appearance with his offering of "Road to Mandalay." The switch is then from the ballad type song to a humorous vein with Lee Phillips' skit of "I Want My Rib". A cake walk by Kathleen Seeds and Harold Greene will complete the first portion of the minstrel show.

The "Hilltop Beckerettes", a dance line which includes five Hilltop girls, will open the second portion of the show, after which Bill Grace will do his bit with a vocal solo.

Tommy Smith, a few years back, captured the hearts of the Hilltop folks in a minstrel appearance and this year is recalled to the stage for a song and dance number which is to be followed by a vocal number by Beverly Walsh, who sings "Indian Love Call."

The Hilltop Male Chorus then comes along with two numbers which have not as yet been announced. An old timer to the Hilltop Minstrels then comes back to the stage in a dance novelty number. Lee Koontz and daughter Dixie will appear in that act.

Ray Marsh comes on with a guitar specialty which is followed by another comeback team of yesteryear in the persons of the Condon Sisters, a girls' quartet, which at one time was one of the highlights of Hilltop minstrelsy.

Just before the grand finale by the entire company the "Pachyderm Pet Peeches" make their hilarious stage appearance in a number known as "Two Tons of Beef." This all-men's chorus line is comprised of Clark Biddle, Bob Case, Bob Weaver, E. H. LeFever, Bob Anglin, Jim Goudy, Bill Burns, Charles Ditrick, Bud McVay, Jack Sayer, Bob Mead, Dr. Jack Wallick and Robert Tomlinson.

All in all it promises to be one of the best of the Hilltop Minstrels in the past quarter century.

"Real services to real people" all over Franklin County. That's why U-A is O-K.

BILL COON, pictured above, will make his reappearance this year as interlocuter for the 25th showing of the Hilltop Minstrel Show at West High School on Feb. 25 and 26. Bill has participated in many former productions of Hilltop Minstrels. He was interlocuter of the 1953 show and for many years was an end man.

Minstrel Tickets Now Available

Advance sale of tickets for the 25th annual Hilltop Minstrel Show this year has been reported as excellent by C. H. Campbell, secretary to the HBA. His word of advice to folks in the community is "Secure your tickets now and avoid disappointment on Feb. 25-26."

Seating capacity in the West High auditorium is 1481 with 1,051 seats reserved for each performance. Only 430 general admission tickets will be available.

Reserved seats may be obtained from the five convenient Hilltop locations designated by the HBA. They are: Wolfe Electric, 2427 W. Broad-st; Goodwin's Pharmacy, 2772 Sullivant-av; City Furniture, 2288 Sullivant-av; May and Co., Central Point Shopping Center and the Hilltop Business Association, 3183 W. Broad-st. Mail orders will also be accepted at the HBA offices.

Reserved seats are available at two prices, $1.00 and 75c, and general admission is 50c.

An exceptionally large line-up of talent has been obtained for this, the production's 25th anniversary.

JOE GOODWIN, who operates Goodwin's Pharmacy at Hague and Sullivant-avs., is general chairman of the 1954 Hilltop Minstrel. Joe has been active in work of the Hilltop Business Association for many years and is a past president of the club. He has also participated in numerous minstrels.

TICKET SALES for the minstrel this year are being handled by Elmer Hegenberger of Shank & Saunders, Inc. Elmer takes time out from his busy insurance business to participate in numerous Hilltop activities.

CHUBBY DISTELHORST had one of the largest responsibilities of the entire Hilltop Business Association this year as chairman of the advertising committee for today's special minstrel edition of the Record. He is an old end man of the show and is active in the HBA. He operates Distelhorst's Food Market at Eureka and Broad.

Secretary Has His Hands Full

C. H. Campbell

Charles H. "Doc" Campbell, 91 S. Westmoor-av, executive secretary of the Hilltop Business Association, presides over the organization's offices at 3183 W. Broad-st. He has served in that capacity since Sept. 1, 1951.

He was a member of the association during the years he owned and operated a drug store at W. Broad-st and Hague-av, and served as part-time secretary for 13 years.

The job of full-time secretary is an all-inclusive one, involving any kind of duty from messenger boy to substitute president.

The association offices were established to provide service to the members of the Hilltop Business Association, all Hilltop business people and to the general public. It handles most of the detailed organization work for the HBA, serves as a neighborhood agency for the distribution of various kinds of licenses and application forms and acts as a cleaning house for requests for the use of Camp Clime, which is operated by the Hilltop Community Council.

Assisting in the work of the office is Mrs. Dorothy Hott, 51 N. Westgate-av, Elizabeth Alberts, 566 S. Wheatland-av, Betty Schaefer, 3013 Parkside-dr, and Jane Lloyd, 126 N. Eureka-av.

Doc is married and has one son and one grandson. He claims that he has no spare time for hobbies, a statement that is readily believable.

Take advantage of the many Community Chest recreation services made possible through your United Appeal dollars.

TOM D. CRAWSHAW, 189 E. Burgess-av, music and dramatics supervisor of the Columbus Recreation department, will again be director of the annual Hilltop Minstrel Show. HBA Can Boast Proud Record Of Service To The Community

Sponsorship of the annual Hilltop Minstrel Show is one of the community accomplishments that has contributed to the enviable record of public service which the Hilltop Business Association enjoys. The membership of the organization is looking forward with confidence to its 29th year of public service.

Few Hilltoppers realize the extent to which this progressive organization represents this section of Columbus, with its committees in constant touch with city and state programs and its constructive criticisms and suggestions for civic betterment for the Hilltop.

It was in 1924 that the Hilltop community received its "white electric street lights", and several Hilltop business men marked the occasion by sponsoring a parade and celebration. Barrels of cider and hundreds of doughnuts were served to the many attending the affair.

The success of this community gathering inspired several business men to band together for the common good and form an organization known as the "Hilltop Improvement Club". This name was soon changed to the Hilltop Business Men's Association and then to the Hilltop Business Association, due to the fact that there are business women as well as men in the organization.

The first officers, elected in 1925, were Carl M. Marsch, president; C. O. Miller, secretary; Fred Sulzberger, treasurer.

Among the business men who formed the nucleus of the association were A. Rogers, Seiller's, George Painter, Dr. T. S. Fox, George Matson, Fred Raether, Roy Hastings, Dr. L. Turner, Wyatt Milliken, J. D. Bud, Dr. Wolfe, Cliff Cohn. Some of these members are now deceased but their far-sighted hopes and plans for the organization have been realized.

At present the association is composed of 225 business men and women of the Hilltop who are representative of a cross-section of business establishments in the community.

Officers for the organization this year are Dewey A. Stout, president; Jack Imler, first vice-president; E. H. LeFever, second vice-president; Evelyn Jones, treasurer, and Joe Goodwin, John Nippert and Jack Merriman, trustees.

The organization has grown not only in membership but also in activities. It sponsors the Hilltop Minstrels, the Bean Dinners and Football Appreciation Banquets for West High football teams.

During the past year the organization participated in promoting the school bond issue for better school buildings, conducted a survey of transportation problems and needs on the Hilltop and made recommendation on their findings to city officials and aided in bringing about the Walker survey, conducted by Harvey Walker of OSU in the area surrounding the West Side, relative to annexation or incorporation.

The association helps and cooperates with other civic organizations in furthering the progress and needs of the Hilltop community, not only in a business way but also culturally, morally and scholastically.

The business men believe that a well-educated community is a progressive and truly democratic community, working together for the common good, providing good and pleasant neighborliness, promoting continued church attendance and fostering clean, ethical competition among business men, backbone of national economy.

Hilltop Library Stocks Favorites

Each week the Saturday Review of Literature polls a score of public libraries across the country in an effort to discover the current favorites of library patrons. In the list published in the Jan. 30 issue of the literary magazine, 16 of the 20 placing books are owned by Hilltop Branch Library.

In first place is the biography of George Sand, "Lelia", written by Andre Maurois. The new Samuel Shellabarger historical romance, "Lord Vanity", placed second. "Life Is Worth Living" by Fulton J. Sheen and "Power of Positive Thinking" by Norman Vincent Peale, both popular religious treatments, are in third and fourth places respectively. No doubt due to the wide success the film version of the book has enjoyed, "From Here to Eternity" has gained new popularity and ranks fifth in this week's survey. It was authored by veteran James Jones. Alan Paton, the author of a former best seller, "Cry, the Beloved Country", has a new book on the favored list. "Too Late the Phalarope", like its predecessor, takes place in South Africa, and is sixth.

Eighth in the SR poll is the book "The Unconquered", finished just before the author, Ben Ames Williams', death. In ninth place is the perennial A. J. Cronin's "Beyond This Place." Although non-fiction seems to enjoy less popularity among public library patrons, 10th place in the survey belongs to D. E. Keyhoe's "Flying Saucers From Outer Space." "The Female" by Paul Wellman is next. James Hilton has another best seller in the 12th place, "Time and Time Again." The long-run favorite, "The Caine Mutiny", by Herman Wouk, is still enjoying a place in number 13 spot.

Number 16 on the list is Frank Yerby's "The Devil's Laughter." Another non-fiction book, in 17th position, is "The Spirit of Saint Louis" by Charles A. Lindbergh. "Battle Cry" by Leon Uris is in 18th place, while Catherine Marshall's biography of her husband, "A Man Called Peter", is in the last place.

New books at Hilltop Branch Library include "The Doctor Was a Dame", by Selden Truss; "Prescription: Murder," by Doris Disney; "The Crimson Circle," by Edward Wallace, Crime Club selections; and "The Web of Time" by Josephine Lawrence; "Not as a Stranger," by Morton Thompson; "The Writer In America," by Van Wyck Brooks; "Your Child and His Problems," by Joseph D. Teicher; "Bright Children," by Curtis and Mosier; "Look Who's Abroad Now," by Earl Wilson.

For years Old Man Commins revelled in the reputation of being the most unfortunate patient of St. Mary's Hospital. He had rheumatism and St Vitus' Dance at the same time, and people came from miles to watch and pity him. But wasn't Old Man Commins' nose put out of joint when they brought Mr. Miller in on a stretcher! Mr. Miller, it seems, got a case of measle measickness and lockjaw at the same time.

"Madam," said the hansel owner to the nouveau riche sportswoman, "I offer you this thoroughbred bloodhound." "How do I know it's a bloodhound?" she asked doubtfully. "Hector,' the owner ordered the dog, "bleed for the lady.'

THE GENTLEMEN who meet and greet you at the doors when you enter West High auditorium for the minstrel will be under the direction of Joe Briggs who is chairman of the reception committee. Joe has been in the real estate and insurance business here for many years.

Of all the animals in the Bronx Park Zoo, Mrs. Bibbledoffer liked the gnus best. What it was about them, she could not explain, but she found herself unable to tear herself away from their enclosure.

When a keeper sauntered by, Mrs. Biddledorfer stopped him. "What encnanting animals gnus are," she enthused. "Are they vicious? Do they bite?"

"Lady," said the keeper tersely, the "motto of this zoo is 'No Gnus Is Good Gnus'."

A man in Glencoe bought a million 1942 calendars for a penny apiece. "What on earth are you going to do with them?" he was asked. "It's rather a long chance, I admit," he said, "but, oh boy, if 1942 ever comes back, I'll make a fortune."

BACK IN ONE OF THE EARLY HILLTOP MINSTREL SHOWS a number featuring the four Condon Sisters was a hit. This year they will be back on the stage for a repeat performance. Here are the Condon sisters, Lane, Bernice, Kathleen and Ilsen.

TELLING THE PUBLIC about the show in advance fell into the hands of the publicity committee headed by Robert Schmidt, executive secretary of the Hilltop Business Association.

When Uncle Zeke got back to Tarleton Junction he swore he was through with New York for life. "I'm crossin' the street and mindin' my own business," he told his cronies round the old cracker barrel, "when a varmint comes tickety split around the corner on two wheels and knocks me flat. Do ye think he apologized? No siree! He leans out and hollers, 'Hey, Pop, as long as you're down there, how about checkin' my oil?'"

An English guide was showing Kenilworth Castle to some soldiers from the Bronx. "For hundreds of years," he proclaimed, "not a stone of this edifice has been touched, not a single thing repaired." "Say," observed one of the soldiers, "we must have the same landlords."

The HBA, Heart Of Community Spirit

These are questions that might be asked by most every person who operates a business or has professional offices on the Hilltop. The answers may be found as follows:

Benefits derived will be in proportion to what one puts into the organization. Individuals and business firms whose representatives in the association give of their time by attending meetings and serving on various committees, are naturally receiving more benefits than those who merely join and relax. This is true in any organization.

Benefits from membership in the HBA should be measured largely in terms of civic pride and development of this fine community. Anything that accrues to the benefit of the community thereby increases or maintains property values here, and helps every individual in business. It is a fact that the best businesses are to be found in communities having the best business organizations.

Over the years in which the Hilltop Business Association has been operating, many MANY worthwhile things have been provided for the Hilltop because of the leadership provided in various campaigns and efforts from members of the Hilltop Business Association.

Schools, streets, lights, sewers, safety projects, parks, playgrounds, police and fire protection, and a hundred different projects have been actively backed by the association. In many instances the projects were initiated through the efforts of the association.

There has developed on the Hilltop a community spirit that is known far beyond the city limits of Columbus and in many cities of the state and nation. This has become a spirit of "we can do it." Business people and residents of the community are proud of this spirit. This in itself is worth an untold amount to every business and professional man and woman in the community.

In the past several years the association has expanded its services with the opening of an office and employment of two full time secretaries. The office has become a clearing house for various projects in the community as well as serving the community as an agency for the sales tax stamps, auto tags, drivers' licenses, etc. Numerous groups have also taken advantage of the office for a meeting place.

Every business and professional man and woman on the Hilltop, owes it to himself or herself to join the Hilltop Business Association. They owe a responsibility to the community to help carry the load financially, and through their contributions of time to share in the maintenance of the work carried on by the association. The fees are small . . . the returns are large.

C. Carlton Hartley

Papa Slepperman was worried that his son might be forgetting his religion in the midst of the New York whirl so he wired him a reminder: "Yom Kippur starts tomorrow." Busy young Slepperman absent-mindedly dictated an answer: "Put a hundred on the nose for me."

"A flash just came over the wire," a reporter told Ted Thackray, editor of the New York Post. "There's been a violent earthquake in Pszczyna, Poland." Without looking up from the editorial he was writing, Thackray said, "Find out the name of the place before the earthquake."

Mrs. Poore heard a crash in the kitchen. "More dishes, Francesca?" she called with an air of resignation. "No, ma'am," came the voice of Francesca, "Less."

The cashier of Taigue's Restaurant kept a paper napkin next to the cash box. "Whenever a customer walks off without his change," he explained, "I tap the counter with it as hard as I can."

A man orders steak and later is asked by the waiter, "How did you find your steak?" He answers, "I just lifted up one end of the potatoes and there it was."

Deacon Drearypuss was trying to impress an old sinner with the folly of betting on horse races. "Keep up your evil ways," he rumbled, "and you'll go to meet your Maker without a nickel to your name." "Ah, yes," sighed the sinner happily, "but what a way to die!"

Lapidus and his partner went fishing. The partner was lucky and pulled in a beauty. "Lapidus," he cried, "I tink I got me a haddock." From the other end of the boat Lapidus called back, "Vy don't you take an aspirin?"

A three-year hitch in the Army enabled one observant recruit to boil everything down to three sacred rules. One: If it moves, salute it. Two: If it doesn't move, pick it up. Three: "If it's too big to pick up, paint it.

A man in a bus or store absentmindedly starts off with somebody else's umbrella, and returns it with abject apologies when the owner raises cain. Later in the day he buys three umbrellas at a bargain sale, and on the way home encounters the lady whose umbrella he had started to make off with in the morning. "I see," she remarks icily, "that you've done pretty well today."

CLARENCE STORY, owner of Story Dry Cleaners, has for many years been responsible for the costumes for the Hilltop Minstrel and will again head that committee.

A vacationist from the city went fishing in a costume straight out of the mail order house. A boy watched his ludicrous antics for some time and finally hazarded a "How many fish you caught, mister?" "None yet," said the mail-order Izaak Walton. "That ain't bad," said the kid. "Feller dressed even funnier'n you fished here for two weeks and didn't get any more than you got in half an hour"

This talented young lady is Doris Lamb, 161 S. Sylvan Ave. She will appear in the Hilltop Minstrel again, having had a part in recent shows. She will do a song and dance routine. She is a student at West Junior High, and is the daughter of Mr. and Mrs. J. L. Lamb.

CHAIRMAN OF THE makeup committee for the annual show will be Harriett Huff, beauty salon operator. She is qualified for the job by virtue of the fact that she has done this type of work for the show for many years.

Bob Considine tells about a fight in a second-rate arena that failed to entertain the bloodthirsty spectators. The two contestants acted more like rhumba dancers than pugilists; they circles each other warily, exchanging practically no punches. After a deep silence, a voice rang out from the back: "Hit him now, yah big bum. Yah got the wind wit' yah!"

At a military funeral the aged mother of the deceased faints as the parting volley is fired. "My God," shouted the little boy. "They have shot Grandma."

George Abbott complains that play scripts are getting shoddier all the time. "The last one," he reports, "was so terrible, I had to rewrite the second act before I rejected it."

The man in the barber chair signalled with his finger. "Got another razor?", he whispered. "Why?" asked Vincent, the barber. "I'd like to defend myself," said the customer.

The senatorial investigation of the atom bomb was so innocuous, the question so carefully phrased, that it reminded Drew Pearson of the gate-tender's testimony after the Chicago Express demolished an automobile at the crossing he guarded. He swore to the court that he waved his lantern vigorously; the jury believed him and awarded the verdict to the railroad. Later his attorney said, "See, Bem, you weren't nervous on the stand after all, were you?" "Only once," confessed the gate-tender. "If that fellow had asked me if the lantern was lit, we wouldn't have had a chance."

One of Jack Benny's heftiest stooges confessed that his parents had hoped he would become a jockey. "You a jockey," gibed Benny. "Why, a jockey weighs only 97 pounds." That's right agreed the stooge sadly. That's what I weighed when I was born."

Honorable Captain," said a Japanese officer, "we cannot take Hill 707 for four reasons!"
"What's the four reasons?" demanded the Captain.
"One Irishman, and they're bricks!" reported the Jap.

Aunt Jemima lumbered into a village depot clutching the hand of a pig-tailed little girl, and said "One ticket for Carolina." "What part of Carolina?" asked the station agent. "All of Carolina," said Aunt Jemima. "Dis am Carolina holdin' mah hand."

Two friendly taxi drivers stopped at an intersection. "How's your old jalopy?" inquired one. "Fine!" said the other. "How's your wife.

It's Not As Simple As
AN APPLE
A DAY . . .

Wouldn't it be simple if the old adage came true, just by eating apples we could keep all sickness away?

It would be such a simple solution to the problems of medical care that even the doctors and dentists would welcome it . . . even though it meant they'd have to look around for something else to do.

But seriously the problem isn't that simple.

And in view of the fact that the health of the American people is better than that of the people of any other nation on the globe we who are in the professions — medicine and dentistry — are sincerely proud of the advancement that science and our professions have made that have contributed so much to this standard of health.

Education Offered Farmers In Hilliards School Area

Demonstrating samples of hay silage, Leon Boucher (left), vocation agriculture instructor at Hilliards High School, invites farmer students, Lester Walcutt and Clarence Kaiser, to make the "nose test." Adult farmer classes meet every Thursday evening at the high School.

By James A. Fair

Education never ends for many of the farmers of the Hilliards school district. Lester Walcutt and Clarence Kaiser, two members of the adult farmer class, taught by Leon Boucher, vocational agriculture instructor of Hilliards High School, are examples of that fact.

Kaiser has been attending adult farmer classes for 25 years at the Hilliards' department. Kaiser is 51 and farms 174 acres.

"I attend these classes to learn the latest developments in the field of agriculture," he declared. "Although I have farmed for many years I am always looking for new practices and methods to put to use on my farm."

Walcutt farms 150 acres and is 63 years old. He has attended the adult farmer classes for more than 20 years. He enjoys these classes because he gets the opportunity to work out his problems with his neighbors and help his neighbors work out their problems.

Classes are not all business. After the meetings many of the adult farmers enjoy a coke and discuss the latest news.

Most of these men have been farming for many years, yet they realize that agriculture is a fast changing occupation. It is through the adult farmer classes and the leadership of Leon Boucher that new horizons in agriculture are unveiled.

Classes meet every Thursday evening during the winter months.

We remain in coeval with the sun, the patriarch pupil would be learning still.—Young.

North High Senior Assumes Direction Of Gleaners Club

Sonja Forgrave, a senior at North High School, has taken over the leadership of the Gleaners Club at Glenwood Recreation Center. This club, which is made up of girls six through 10 years of age, meets every Saturday morning from 9 until 11:30. Its program includes group games, crafts, dancing, special trips, and a variety of other activities.

Teaching physical education is one of Miss Forgrave's ambitions. She plans to enroll in the College of Education at Ohio State University this autumn.

Mirandy—My sakes, John writes he threw the hammer at 200 feet.

Jeanne—Gracious he must've hit his thumb an awful whack!

Your Branch Library

If you are looking for reading that will really take you out of the dull routine of everyday life into a land of adventure, try a historical novel. You will find that a good novel of this type will take you on a journey into other times and other places and you will find yourself for the duration of the novel, living with the characters and helping them solve their problems which, though they occurred many years (perhaps centuries) ago, are not very different from those besetting us today.

At the Franklinton Branch Library, there are a great many historical novels from which to choose. They may be borrowed and read at no cost to the reader.

Here are a few which have interested many readers:

"The Lady of Arlington" by Harnett Kane, is the story of a great man and of the woman who rose to greatness with him. For the first time the full story of Robert E. Lee and his wife, Mary Custis Lee, is told. Mary's father was not impressed when she decided to accept a handsome dark-haired young lieutenant named Robert E. Lee. Young Lee had little means, no estate (such as she who was the heiress of the magnificent Arlington estate), and some thought no career ahead. But Mary never wavered in her faith in this man.

"The Trees" by Conrad Richter, is not a usual historical novel but one of authentic American life of which there are few. "The Trees" begins the story of Worth and Jary, a wild and woodsfaring family who lived a roaming life, pushing ever westward as the frontier advanced and as new settlements threatened their isolation.

In "The Town," by the same author, Sayward, eldest daughter of Worth and Jary Luckett, completes her mission and lives to see the transition of her family and her friends, American pioneers, from the ways of the wilderness to the ways of civilization.

"The Lieutenant's Lady" by Bess Streeter Aldrich, is a story of Nebraska and Dakota territory of earlier days. In telling the story of Linnie Colsworth and her lieutenant, Mrs. Aldrich has written a deeply tender romance and a tale of day by day adventure the like of which only the American army on the frontier 75 years ago could have known. "The Lieutenant's Lady" will recall to thousands the perennially popular novel, "A Lantern in Her Hand."

Nashville's most illustrious citizen and his faithful wife are the subjects of "Home to the Hermitage" by A. L. Crabb. Yet, they must share the spotlight with their own creation and most cherished possession, their beautiful home, the Hermitage. Mr. Crabb brings into focus the tenderer qualities of that tempestous man, Andrew Jackson, and mirrors feelingly the devotion of the Jacksons to their Tennessee lands, to their Hermitage, and to their friends. The story of Andrew and Rachel Jackson is one for the ages. The reader is moved to deep compassion by the inevitable conflict and fatal issue between Andrew's destination for the Presidency and Rachel's love of home.

The stirring novel of early America, "Now We Are Free", by Marguerite Allis, begins and ends in Connecticut but the eyes of its colorful characters and their thoughts and their talk are constantly turned toward the wilderness to the west—in what is now Ohio. The theme of the novel is the fight for freedom of opportunity and conscience which have always been driving forces in American life.

The story is continued in "To Keep Us Free." The [illegible] of New England who went out to the fertile and beautiful lands along the Ohio at the beginning of the last century did not at once find a new Garden of Eden. They soon realized that freedom indeed can never be taken for granted but must be fought for coonstantly, and protected. In this book some of the most inspiring episodes of our early history come to life completely and believably.

The well-known writer Ben Ames Williams is the author of "The Unconquered," a story of the South in the reconstruction period. The main scene of action is New Orleans, largest and wickedest of southern cities. This is a story of unforgiveness and disunion, but it is also a story of hope and rebirth. It is the love story of Lucy and Lieutenant Don Page, a boy from Maine who has faith in the new South.

Franklinton Library is open for you to browse or borrow books n Mnday, Wednesday, and Friday from 1 until 9 p. m.

Bill Grace is one of the soloists of this year's minstrel and is no newcomer to the scene, having taken part in several past performances as both a soloist and member of the chorus.

Description

Customer (pointing to laundry parcel)—Is that my name in Chinese?

Laundryman (hesitantly) — No, no.

Customer (curiously) — It is some kind of identifying mark. What is it?

Laundryman — Just description. It means li'l fat man, clooked nose, no teeth.

Horace Greeley had a long-standing feud with a rival New York editor. Said gentleman once boasted to a banquet audience, "Greeley had every advantage as a boy. I, on the other hand, am purely a self-made man. Greeley jumped to his feet and declared, "My worthy colleague has just relieved the Almighty of a terrific responsibility."

My son Christopher, pulled his very first joke on me on his fourth birthday. "What comes after seventy-five?" he demanded. "Seventy-six," I said indulgently. "That's the spirit," cried Chris, and rolled on the floor with laughter. He takes after his mother.

Fall Pupil Registration In City Set For Mar. 1

On Monday, Mar. 1, Columbus public schools will begin registration of new pupils for the September semester. Any child who will be five years old on or before Dec. 31, may be registered for kindergarten. Any child who will be six years of age on or before Dec. 31, should be registered for the first grade, if he is not now enrolled in a Columbus Public School kindergarten.

School officials have requested that parents who have children in this age group, and plan to start them in school in September, contact the school in their areas.

Registration of children should be made immediately so that appointments may be made for the parents and child to visit the school nurse for a conference and health appraisal.

Ditsey Baumwortle had two bosses, one he worked for and the other he was married to!

A MAN who can make a scene with little difficulty under certain circumstances but who in this instance will be handling the SCENERY for the Hilltop Minstrel is James Ryan, manager of the Central Point May & Co. store.

Lightning 5 Hangs On To Top Standing In Senior Cage League

As regular season play in Glenwood Recreation Center's Senior basketball league this week entered into the final week, the Lightning 5 team remained in top standing by virtue of its undefeated record. The Hilltoppers were in second place with their 35-34 loss to the Lightning 5, the only mar on their season's record.

In the games played on Feb. 9 at Glenwood, LaCasa rallied in the last half to hand Cannata their fifth loss by a 37-23 score. LaCasa held a slim 15-12 lead at the half, then scored 10 and 12 points, respectively in the final two periods to submerge the Cannata 5. Jim Catchpool led the LaCasa quintet with 9 points but Linwood Grady of Cannata took high scoring honors with 11 points.

The Lightning 5 were hard pressed late in the game to protect their lead over the Clowns, but went on to win 24-22. Coasting by a 20-8 score at the end of the 3rd quarter, the Lightning 5 were galvanized into action when two quick baskets by the Clown Dick Davis started the fireworks that almost brought victory to the redhot Clowns. The Lightning 5 were able to garner only 4 points in the 4th quarter as Dave Williams scored 3 of his 4 points to win the verdict. The win eliminated the Clowns from a possible championship.

In the final game of the week, the Hilltoppers maintained second-place position with a 44-42 overtime win over the Little Bucks.

The Little Bucks displayed a very good game of basketball for more than three periods before losing out in the overtime period. Jumping off to an early lead, the Little Bucks led 12-10 at the quarter and 20-21 at the half. The Hilltoppers came to life at the half and outscored their opponents in the final two periods, then went on to win in the overtime period.

Dick Orr made a 28-foot push shot to push the Hilltoppers ahead with 2 minutes of the overtime session to go. Dick Converse tied the score with two clutch free throws with 45 seconds remaining, but Loren Galloway was fouled with 2 seconds remaining. By making both shots, the Hilltoppers eked out the close verdict.

Perry Stavrides led the Hilltoppers attack with 12 points but Bill Winnestaffer became the league's leading scorer by scoring 15 points. Bill now has 107 points for the season.

2nd Round Starts In YMCA Junior Church League

By Dick Wilson

The second round of play in the Hilltop YMCA Junior Church League started last week at John Burroughs gym with George Miller's Westgate Methodists beating Wayne Engle's Junior Hi-Y by 24-16. The Hi-Y five beat the Methodists 23-20 in the first round of play.

The Methodists jumped into an early lead by scoring seven points in the first quarter and holding their opponents scoreless. The Hi-Y came back in the second quarter to outscore the Methodist five 7 to 4, but Miller's men rallied in the third quarter to take a lead which the "Y" boys could not overcome.

Coach Engle used all 12 boys on his squad, while Coach Miller used only six. Callard led the Westgate offensive with eight points and Dave Francis led the losers with five.

Glenwood Methodist, which was beaten by Hoge Memorial 36-6 in the first round, gave the Presbyterians a scare in the second round as they played them on even terms for two and one-half quarters. The Donaldson-coached five was unable to keep pace with the more experienced and taller Proper team in the latter part of the game as the Hoge five pulled steadily ahead to win 41-26. Kuhn was high scorer for the victors with 11 points and Hummel led the losers with 7.

Danny Grant's Burgess EUB team played a repeat performance in their game with the Junior Firemen as they trounced them 48-21. The Burgess team beat the Firemen 67-18 in the first round. The game was never in doubt from the beginning since the firemen scored only three points in the first quarter while Burgess collected 19. Poston was high scorer in the game, racking up six goals and two markers from the charity stripe to total 14 points for Burgess. Brown led the losers with 16.

Westgate EUB continued its unbeaten ways as it downed a scrappy but inexperienced Church of Christ team by 55 to 28. The EUB five barely edged the C of C team 37-30 in the first round. Mike Ranney led the Powell-av boys in their second round victory with 15 points. He was closely followed by Ron Ireland who earned 13. Dunham was high for the losers with 10. He was closely followed by his teammate Snedigar who collected eight.

Sharpshooters Top Poo Cats By 21-10 Tally

The Sharpshooters won a 21-10 decision over the Poo Cats in Glenwood Recreation Center's B League Thursday, Feb. 11 at Glenwood.

Leading all through the game, the Sharpshooters held a 3-1 edge the first quarter, a 4-2 lead at halftime, 12-8 in the third period, and 21-10 when the final buzzer sounded.

Marlene Gibson and Shirley Rice netted 10 points each for the Sharpshooters, while Diane Lee led the Poo Cats with 4.

Creamer Rolls 107 To Take League Honors

Buddy Creamer, with a high game of 107, took scoring honors in the Glenwood Recreation Center's Junior Bowling League last week. Buddy is the captain of the Striped Pins, who are in third place in the league. Richie Holman bowled 97 and Marilyn Wolfe bowled 78 to take second and third place. Both are members of the league-leading Bowling Aces.

Honors for high averages, however, still belong to Sonny LaMartz with a 98. Dick Brothers and Bill Quinn are second and third with 81 and 78, respectively.

City Visitor — You're quite wrong in considering the birds a nuisance; they devour insects and caterpillars.

News of the bomb reminded one wit of the farmer whose son came home from Massachusetts Tech and the farmer. "But when you find universal solvent. "What's that?" asked the farmer. "It's a liquid that will dissolve everything," explained the son. "Great idea," nodded the farmers. "But when you find it, what are you gonna keep it in?"

An outstanding act in the Hilltop Minstrel show for many years has been the one presented by Lee Koontz who also has served as director of the show on numerous occasions. This year Lee has a partner, his own daughter Dixie, who will appear in a dance number with him.

A member of the steering committee in charge of this year's show is Herbert G. Deems, secretary of the First Federal Savings & Loan Assn. He is an old timer in the business of helping build the Hilltop Minstrel, having had a part in the very first show.

Urges Early Tax Filing

Personal Property tax return forms of some 40,000 taxpayers of record in Franklin County should be filed with the auditor's office in the courthouse between Feb. 15, and Mar. 31, according to Auditor Fred C. Dunn.

Dunn said that a staff of deputies will be on hand each day from 8:30 a. m. until 4:30 p. m., (Saturdays until noon) to assist taxpayers in making out their returns or they may be mailed to the county auditor between the above dates. Early filing is urged.

Hilltop Library Adds 601 New Books In '53

New patrons at the Hilltop Library numbered 281 last year, the library's total of books on hand shot up by 609 volumes, but the number of book loans only increased by 40.

Those figures were revealed in the annual report of the Columbus Public Library, of which the Hilltop Library is a branch.

There are now 14,973 books on hand at the Hilltop Library, as contrasted to 14,370 a year earlier, and 6,826 Hilltoppers own library cards, a total of 281 more than in 1952.

Hilltop Library patrons are heavy readers. Last year 111,550 book loans were chalked up. This was next to the top circulation figure for any branch library in Columbus, the highest being Clintonville's Library, with 114,932 book loans.

Besides loaning books, statistics show the Hilltop Library was a busy information center last year. Librarians listed a total of 5,561 questions asked and, presumably, answered.

New Group Claims 'Moral Victory' In Public Hearing Held Tuesday

An anti-annexation group formed Sunday in the Franklin Twp. Hall claimed a moral victory Tuesday as more than 150 freeholders from the township appeared before the County Commissioners expressing opposition to additional annexation of township land to any municipality.

At stake in the public hearing was an eight-acre tract south of Mound and immediately north of the Rainbow Addition, which the owners, Mr. and Mrs. Herbert C. McCreary, 826 Midland, sought to have annexed to the city of Columbus.

Commissioners C. F. Leuderbaugh and Henry Koontz reserved decision on the petition pending the return from vacation of the third commissioner, Harry T. Vigor, on Monday. Because of the overflow crowd, the commissioners were forced to move the hearing from their office to a large third floor courtroom.

John Guy, a member of the Franklin Township board of trustees presented the commissioners with a petition signed by 119 township freeholders opposed to the annexation. He also declared that

Annexation Airing Session Called

An open meeting of West Franklin Associations, Inc., will be held at 8 p. m. Wednesday, Mar. 3, in the South Franklin School auditorium to discuss the annexation issue as it applies to the whole of the township.

In announcing the meeting, D. J. Kunz, president of West Franklin Associations, Inc., said that he had been requested to call the special session at a meeting of opponents of annexation held Wednesday, Feb. 17, at Skidmore School under the auspices of the Skidmore Lions Club.

Kunz said that the meeting this coming Wednesday will afford delegates of various groups of the association an opportunity to air their views on the matter. A time limit will be placed on the various speakers. The public is invited.

OPERATION 'HELPING HAND'

Gift Brings Happiness To Young Polio Victim

Kiwanis Club Presents Typewriter Given By Hilltop Woman

The story of how a 15-year-old Franklin township polio victim has been made happy through the efforts of a local Kiwanis club, the generosity of a Hilltop woman and the helpfulness of a Hilltop man was revealed last week with the presentation of a typewriter to Elmer Lockwood.

Elmer, who was stricken by the dread disease three years ago, is paralyzed from the waist down and has only partial use of his hands and arms. He makes his home with his grandparents, Mr. and Mrs. Clinton Miller, 7363 W. Broad.

Dual Purpose

Unable to attend school, he is provided with a tutor, Miss Louie Haythorne, who spends five hours a week with him. Miss Haythorne, a teacher at the Rome school, advised Principal Paul Noblitt of the need of a typewriter for the boy, not only for educational purposes, but also as a therapeutic aid in restoring use to the damaged muscles in his arms and hands.

There being no school funds available for the purchase of a machine, Mr. Noblitt appealed to the West Franklin Kiwanis Club, of which he is a member, and the organization's public relations committee requested that the Hilltop Record bring the matter to the attention of the people of this area through the use of a news story, which appeared in this newspaper on January 21.

Only a few hours after the edition was off the press came the news of a typewriter from Mrs. Fred W. Constans, 674 Wilshire. Though she apologized because the machine did not function perfectly, only minor repairs were found necessary by Al Capretta, 275 S. Burgess, who donated his work.

Very Appreciative

So it was that on a recent evening, Dr. Richard L. McFarland and Reuben Wheeler, members of the Underprivileged Children's committee of the West Franklin club, were enabled to make the presentation of a typewriter to the afflicted lad. Elmer, who, according to his tutor, is an A student, was almost overcome with joy and asked that his appreciation be expressed to all who had anything to do with his receiving the much-needed gift.

"Golly, it sure is wonderful!" he said over and over again in the presence of the two who made the presentation. And there are others whose hearts are beating a little faster because of the knowledge that they have played a part in making life for Elmer just a little easier—and a lot happier!

JUST WHAT THE DOCTOR ORDERED—Elmer Lockwood, polio victim, admiring a typewriter secured for him by the West Franklin Kiwanis Club. Members of the club who made the presentation were Dr. Richard McFarland, left, and Reuben Wheeler, members of the underprivileged children's committee of the organization. (Hilltop Record Photo)

Tickets Still Available For Minstrel Show

Twenty-five years of minstrelsy on the Hilltop will pass in review this evening with the opening of the annual Hilltop Minstrel at West High School, starting at 8:15. Many good seats are still available for the performances this evening and Friday evening.

Outstanding feature of the show this year will be the return of the better acts of previous shows during the past 24 years. Headlining the parade of fun makers will be such old time end men as Leo Phillips, Dick Becker, Noble Allen, Harold Greene, C. H. Campbell and Eddie Walker.

Bill Coon will again serve as interlocutor. He played in the center position last year and has been in many previous shows as an end man.

Popular favorites of many past shows have been elected for spots in the regular minstrel first part and in the second part also.

Persons attending a rehearsal of the cast last Sunday agreed that the old time talent available for the show this year should make it one of the best yet presented.

Flowers of the Week

This week a nice Rosebud bouquet should be delivered to Mrs. Pearl Miller, wife of the genial Dr. R. J. We want to add our best wishes and to say that no finer person could have been selected for the "This is your life" feature of the Kiwanikwe party of last Thursday evening. It was a surprise for Mrs. Miller and all those present enjoyed it to the utmost. The organization is to be complimented on the feature as are all who took part in it. It was a most unusual program.

A Salute To The 25th Hilltop Minstrel

Tonight will mark the opening of the 25th annual Hilltop Minstrel. A silver anniversary is being observed with the presentation of a show that is well worth the admission price.

Twenty-five years ago the Hilltop Business Association found it needed more funds with which to carry out its civic program. Members of the group at that time agreed that there would be no better way to raise funds than by having fun and providing fun. And all through the years they have done just that.

What happens to the show after this year is speculation. Recent years have found competition from television to be rather stiff and attendances at such affairs all over the country have fallen off.

Flash Fire Results In Smoke Damage To Hilltop Residence

SMOKE BILLOWS from the residence of Dr. and Mrs. Evan Dwight Morgan at 114 N. Powell following the explosion of plastic cement fumes in the basement on Monday afternoon. Practically all the damage to the home and its furnishings was caused by the dense black smoke. (Hilltop Record Photo)

A flash fire which engulfed the basement of a two-story frame house at 114 N. Powell shortly after 2 p.m. Monday resulted in considerable more damage than was estimated by firemen according to its occupants and owners, Dr. and Mrs. Evan Dwight Morgan.

Firemen who brought two pumpers and a truck to the scene at 2.22 p.m. and had the flames out in a matter of seconds, estimated damage at $200 to the building and $150 to the contents, mostly as a result of the dense black smoke that filled the house.

The blaze started, firemen said, as a result of fumes from plastic cement reaching the hot water heater in the basement. Russell Hinds, 1631 Galt, who suffered second degree burns on his right hand in the explosion, was given first aid by firemen.

Galt was installing a new plastic sink top when he went to the basement to open the plastic cement can. Mrs. Morgan was not at home, having taken a Girl Scout troop to a skating party at Rollerland for the afternoon.

Her husband, Dr. E. D. Morgan, Hilltop dentist with offices at 2516½ W. Broad, was summoned to the scene by neighbors. He staged the only "rescue" of the fire when he brought their pet parakeet out of the smoke-filled house.

Mrs. Morgan declared that every room in the house will require repapering, all furniture will have to be reupholstered because of the smoke which filled the house. Even the contents of the dresser drawers were damaged by the smoke, she said.

TO HOLD CARD PARTY

Hilliards Memorial Post 814, American Legion, and its Auxiliary, will sponsor a card party at Brown Township School on Friday, Mar. 5, at 8 p.m. Proceeds will go into the post's building fund.

Hilltop Attorney Dismisses Suit Against Appointment Of Redick

Emile Reiss, Hilltop attorney with offices at 1909 Sullivant, told the Record yesterday that he had dismissed all suits and proceedings aimed at upsetting the appointment of Floyd C. Redick as service director of the city of Columbus.

Reiss, who filed proceedings in federal district court at Columbus earlier this month questioning the appointment of Redick on the grounds that he did not comply with state law by not being an elector and resident of Columbus, said he had informed Mayor Sensenbrenner of his dismissal action.

In announcing his action, Reiss said, "In view of the fact that Redick has demonstrated outstanding ability for the post of service director and in view of the excellent job he has done in the office, I hereby withdraw all charges and proceedings against him and commend him as a public official.

"I feel that the welfare of Columbus is paramount to personalities and that the cooperation of the citizens with City Hall is needed for future progress."

Reiss is a Democratic candidate for judge of Franklin County Common Pleas Court.

Hilltop Civil Service Chapter To Meet Mar. 9

Hilltop Church Is Ransacked

Frustrated thieves ransacked the Hilltop Evangelical Lutheran Church at 2475 W. Broad sometime Tuesday night, marking the second time in three months that an attempted theft at the church has proven fruitless, according to Rev. John Hydinger, pastor.

Police were summoned to the church early Wednesday morning when construction workers engaged in renovation activities there discovered that the double doors on the west side had been pried open.

A small wall safe in the basement office and a wooden cabinet had been broken into, but nothing of value was in them to be taken, Rev. Hydinger said. The nocturnal visitors were apparently unsuccessful in their attempts to jimmy a Coca Cola machine in the basement.

REPORT FROM CITY HALL

Mayor To Name Ulrey First Utilities Director

A 45-year-old member of the staff of the Economics Department in the College of Commerce at Ohio State University will be appointed as the first utilities director for the city of Columbus.

Ivon W. Ulrey, 3032 Belwood, will be named to the position by Mayor Jack Sensenbrenner this week.

The new director has been highly recommended to the mayor as being well qualified to fill the position in view of his past experience and education. He holds a bachelor of science degree from Ohio State, a master's degree from New York University and doctor's degree from Ohio State.

In 1933, he served as economic consultant to objectors to the application by the Ohio Edison Co for an increase in electric power rates. He also organized a comprehensive comparison of the production, transmission and distribution costs of privately-owned electric utilities and TVA. From 1944-46, he was chief of the rocket procurement section of the Bureau of Naval Ordnance, US Navy, Washington. Numerous other activities pertaining to government and utilities are listed in his personal data.

First big task of the new director perhaps will be that of drawing up a public transit franchise for the city. It is the belief of the mayor that the new director should draw up the franchise rather than have the city spend additional funds to have a part-time, outside employee, Prof. Eckleberry of OSU, do the job as proposed by city council. The whole matter will probably get a good airing next Monday night at council meeting.

On Monday afternoon the mayor's advisory committee heard his claim that the city is getting nothing for the 71% of the money spent on civilian defense in Franklin County. The net result was that the committee generally agreed that civilian defense is at a very low ebb and anything that can be done to improve it is in order.

Edward Wagner, chairman of the committee, appointed four members to make an investigation of CD and report their findings back to the committee.

At the committee meeting the question was raised, "What will happen if CD officials refuse to give us any information?" The answer at that time was "This would seem to be a direct indictment of the group and serve to prove that something is radically wrong."

You know the rest. Tuesday's dailies headlined the statement that CD officials had issued a statement "Do not talk." By Monday night this order had been softened some. The mayor's next step may be to ask the state CD organization to step in and give Columbus an answer to the question: "What goes with civilian defense locally?"

The mayor merely says, "If they refuse to talk they must have something to cover up."

As predicted here a few weeks ago the board of health has removed Leo Uridil from the office of secretary of the group. This move was endorsed by doctors of the city who generally agreed that Dr. Ollie Gaedike is

Civic Assn. Names Parrish President

Camp Chase Civic Assn. Registers Rezoning Protest

R. E. Parrish, 321 E. Brinker, was unanimously elected president of the Camp Chase Civic Association on Thursday evening, Feb. 18, following a meeting session in which more than 70 Hilltop residents went on record as opposed to rezoning a portion of the New York Central Railroad property north of Sullivant.

The meeting, held at Westgate Elementary School, was the first open session of the association since May 21, 1953, at which time a majority of the group had opposed the installation of sidewalks in the residential portion of Westgate.

Although Thursday's meeting had been called to receive an official clarification of rezoning methods and procedures, it quickly took on the nature of a protest session since the agency directly connected with the rezoning of the railroad property from light industrial to heavy industrial classification failed to send representatives.

Immediate Past President William E. Jones had written letters to the Franklin County Rural Zoning Commission, City of Columbus Rezoning Commission, and the mayor's office seeking speakers for the occasion.

The only speakers to appear was Ernest Stork, planning director for the city and secretary of the regional planning commission, who represented the mayor's office.

R. E. Parrish

Stork disclosed that the regional planning commission received the petition and recommendations of the rural zoning commission and had at first decided to grant the railroad reclassification of all the first 1000-foot frontage along Sullivant, but later concurred in the decision of the rural commission to hold the 1600 foot frontage in the light industrial classification.

"It's entirely in the hands of the county commissioners and the results of a public hearing that body will hold 20 days after it advertises such a hearing," Stork declared.

Only One Speaker Answers Call To Address Meeting

He suggested that the association keep a close watch on legal notices to determine when the hearing will be held. "Then, you as a group or individuals can go to the hearing and make your feelings known," he said.

In answer to a question from the floor, Stork stated that there was no restriction as to the type of industry that could be erected on a tract once it had been rezoned for heavy industrial purposes.

Following a motion, the entire group of homeowners and Civic Association members rose to express their opposition to the proposed rezoning.

It was decided that the association would send a letter to the county commissioners and to other agencies connected with the changing of zoning classifications expressing the protest of the group.

Several times during the evening, members expressed displeasure, other members sought to bring political personalities into the discussion. At one time, half a dozen members left the room in protest.

Stork answered question after question with patience and clarity concerning zoning problems. Members rose in a standing vote of thanks as he left the hall.

A slate of candidates for the annual election of officers previously had been prepared by

Fluhart Named Local Agent Of State Farm Ins.

Announcement of the appointment of T. Mel Fluhart as an agent for the State Farm Insurance Companies was made this week by Warren A. Schrage, district manager. Mr. Fluhart's appointment is the third to be made in recent weeks in this area by the company, others being Wilbur E. Thompson and Donald L. Thompson.

T. Mel Fluhart

Though a native Hilltopper, he is building a new home at Grove City and expects to move there within a few months. His wife is the former Thelma Richardson. Both he and Mrs. Fruhart are graduates of West High School. They have a three-year-old son.

The new State Farm agent, who has been in the insurance business since 1949, served with the navy in the South Pacific during World War II. Raising registered dogs is a hobby with him, as well as a part-time business, as he is planning a 20-run boarding kennel on his property at Grove City.

Columbus Boys' Club To Send Basketballers To Cincinnati

Sending a basketball team to Cincinnati to the Boys' Clubs of America sectional basketball tourney for Ohio and Kentucky will highlight the schedule of activities next month at the Boys' Club of Columbus, according to the director, John T. Comtess.

Comtess also disclosed that the new Cleveland Avenue branch club, expected to be in operation by fall, already has $76,000 in its campaign fund. The branch club, which will in no way interfere with activities at the West Side Club, will require $90,500 to obtain its building. S. S. Davis, chairman of the building fund drive, has expressed expectations of reaching the goal by May.

The Boys' Club of Columbus is currently operating a peak program for 800 boys, ranging in age from eight to 18, on the lower West Side, according to Comtess.

The Mothers' Auxiliary, after a successful cookie sale, is planning a penny carnival in conjunction with the club membership on Friday, Mar. 12.

On Sunday, Mar. 14, the Piave Club will hold a spaghetti dinner for the Boys' Club benefit. Tickets are $1 per person and may be obtained by calling the club. Mar. 29 to Apr. 3 is National Boys' Club Week.

Plans are being made for several baseball teams. Last year the Boys' Club, coached by Buzz Marvin, represented the Smith-Barratt Post and were runnersup in the American Legion League. Marvin plans again to coach this year's squad. The Boys' Club will have a team in the Little Bigger than Little League as well as Little Leagues.

Seen at Seiller's

by Sue Fredendall

Have you noticed? Nature is stirring. The tulips are awake and sticking their little green noses up to see what's going on.

Spring is a wonderful time of year. In our family, year after year, we have heard the head of our house say, "Everything will be all right in the spring", no matter what woes have befallen us during the dreary winter months. Now all of us feel "Everything will be all right in the Spring," and so it is with many, many families.

The makers of Arrow shirts are lending a helping hand in lifting the spirits and morale of our men folk. For the shirts with tiny, little checks, that Seiller's have will do just that for the wearer. They're darling! Really. I know the men wouldn't appreciate our calling their shirts darling, but when you girls see them you'll insist he own one. I like the pink ones best, but, of course, the blue, yellow, or red might suit your husband or son better.

There is also the right tie for each shirt, lined with the same material as the shirt, and believe it or not shorts to match.

We're awfully glad the designers of men's clothes have decided to put some zip into them. For years they were very dull, but no more. Let's encourage our men to think a little more about their appearance. Clothes for men at Seiller's are always the last word. Today it's "checks appeal" Adv.

Sermonette

The Cross Of Christ

By Rev. O. G. McClure
Hilltop Church of God

The atonement of Jesus on the cross leads us to realize the highly distasteful effects and danger of sin. God could have saved man from any slight danger without the death of His only begotten Son. He could have brought us to any small degree of new life without dying on the cross. Sin, man's worst enemy, had to be conquered. A way and means of deliverance had to be established for us.

Thus the cross of Christ is a revelation to us more clearly than all other things together of the perfect, unlimited, sympathizing love that God had for the lost world. God's outlook and plans were not for the trees, hills, valleys, the gold, the silver and earth's wealth. They were all prepared for sinful man.

The Cross of Jesus expresses the divine sympathy God had for us who were so far from Him, so weak, so unworthy, and so helpless. In the beginning man was made in God's image and likeness with infinite possibilities of good, but man's willing disobedience brought a bitter breaking off in his relationship with God.

From the cross of Christ flows every motive that can lift us up into the heavenly life of righteousness.

Magic VS Miracles

Maybe you've seen this trick performed by a good magician. He holds three small bunnies in his hand. Presto! Now he has six. Presto, again! Twelve of them now. Another wave of his hand—and there aren't any bunnies left at all!

How does he do it?

Well, those baby rabbits are made of sponge rubber, with enough "spring" to enable the magician to flip them in and out of his sleeves.

That's good magic—even though it *can* be explained.

Now, about miracles. . .

Have you ever seen a child listening to one of the wonderful, old stories of the Bible in his Sunday School? Have you ever marveled at the closeness of a little family worshiping together in church? Have you ever seen men, whom the world gave up as hopelessly and utterly lost, pulled together under the great stimulus of God's written word?

All miracles—and unlike the magician's act, they *cannot be explained*. But we know who has brought them to pass.

They are the miracles of a loving God.

And without controversy great is the mystery of godliness.

Hilltop Athletic Club Members Invite Dads To Join Them In Clubhouse Fund-Raising Plans

Members of the Hilltop Athletic Club brought their fathers to their weekly meeting last night in Westgate shelter house to join in plans for raising funds for building their own clubhouse.

Formally organized early in December, the club is made up of 85 dues-paying youngsters who manage most of their activities without adult help. To date, without adult assistance, club members have scraped together some $300 toward a building fund. They have raised the sum through holding a dance and a paper drive and through the $5 received each time a club member boxes on the AAU-sanctioned boxing matches on Wednesday evenings over WTVN.

It was announced that Earl Spriggs, Byron Bell and Virgil Warden, all Hilltoppers and members of the club, will appear on the television boxing show on Wednesday night, Mar. 3. Club members are asking their friends and neighbors to watch especially the style of lightweight Spriggs, who so far has won all three of his televised matches. Postcards to the television station could result in Spriggs' selection as most popular boxer.

The club, which meets every Wednesday in the Westgate shelterhouse, originally met in Hilltop filling stations. Those members who are interested in boxing have secured permission to utilize a room on the grounds of St. Mary Magdalene Church as a practice gymnasium. Currently, boxers are hampered by not having a body punching bag, but they have obtained boxing gloves, headgear, and other equipment to outfit their temporary gym.

The club now has a basketball league and has announced plans for a baseball league to begin in mid-spring.

YOUR YOUTH

By Bob Schmidt and Dick Wilson

This has been a very busy week at the Y. The new March schedule has been mailed to every member of the Hilltop Y. It is jam-packed with Y group meetings and special events for the youth of the Hilltop. You fellows especially will want to check the first and third Saturday afternoons for the free swim being sponsored by your Hilltop Y.

George Washington's birthday was appropriately celebrated by the boy members of the Hilltop Y as these fellows were out selling salt water taffy throughout the day. The profit from this taffy will be used to further the work of the YMCA overseas, teaching boys and girls in foreign countries the "American Way." When these boys knock at your door, we urge you to support them by purchasing a box of this candy. We also suggest that you listen to their sales talk to become well informed on the work of the YMCA overseas.

Sunday morning the executive secretary of the branch will present the championship volleyball award to the West Park Methodist Church. These fellows came through the season by winning over the other three teams in the league, which were St. Paul Evangelical and Congregational Church, Hillcrest Baptist Church, and New Rome. The three remaining teams chose three outstanding players from their team and combined these All Stars with the West Park champs and held a volleyball session at the Central Y Monday evening. After several games with the Central volleyball team, the Hilltoppers enjoyed a swim.

The tomtoms will again beat Saturday morning at 10:30 o'clock for all the Little Braves of the Y Indian Guides. These Little Braves are now learning Indian dances and making their own costumes, which will include headdresses, Indian jewelry, shields and

Hilltop Library Now Reserving New Volumes

Hilltop Branch Library, 2956 W. Broad, has launched the third week of a new program to enable its patrons to become better acquainted with the many new books which are added to the library shelves each week.

In the past, the new books were put immediately on the shelves and issued to the patrons who happened to see them or request them. Now, each new group of books is kept unissued for one week with a request list inside each book. People who otherwise would not have seen a desired book for several months are now able to reserve the book immediately and know approximately when it will be available to them.

The library is open Monday through Friday from 1 p.m. to 9 p.m. and from 9 a.m. to 9 p.m. on Saturday.

Shirley Berlo Named Officials' Club Proxy

Shirley Berlo was elected president of the Officials' Club on Thursday, Feb. 18, at Glenwood Recreation Center. Judy Jones was named vice-president and Janet Reid, secretary-treasurer.

Recent sessions of the club have been devoted to talking about the techniques of officiating in volleyball games. Officials for games at Glenwood are obtained from this club. Members also officiate in tournaments and games at other centers. Many of the girls officiated at the basketball clinic which was held on Saturday, Jan. 23, at Glenwood Center.

Planning Commission Details What Columbus 'Has To Offer' Annexed Areas

No Zoning Changes Contemplated For New Areas Added To the City

In the wake of last week's disclosures of petitions to annex a total of 6319 acres to Columbus, including 2251 acres in Franklin Twp., the City Planning Commission has prepared a number of statements concerning what the city has to offer to annexed communities.

Concerning zoning, Matt J. Mosbacher, community relations director of the planning commission, said that there is no intention on the part of the commission to alter zoning should the areas be annexed. He explained that zoning of the area was made by the Regional Planning Commission in cooperation with the city body.

Here's the way Mosbacher's answers to other questions concerning the problem stacked up:

Water and sewer service—Both would be assured at reduced rates at all times since it is the city's first duty to supply these needs to its citizens. Rates would be reduced from $1.47 per thousand cubic feet to $1.70 for water and from $1.80 per thousand cubic feet to 85c for sewer service. Repairs and maintenance to sewers are made without cost to property owners.

Street lighting—To secure ornamental type street lights with poles on alternate sides of the street approximately 200 feet apart, 75 per cent of the property owners having foot frontage are required to sign a petition for such lighting. The cost, running from $1.50 to $2 per front foot down the center line of the street, may be placed to the tax duplicate as a special assessment. After installation, the city supplies the electricity and maintenance.

Utilitarian residential lighting is installed free of charge. This type lighting is placed approximately 400 feet apart, and consists of fixtures on poles on one side of the street only.

Sidewalks—Public sidewalks are not a requirement of the city of Columbus. If a majority of property owners decide on sidewalks, the sidewalks must be laid in conformity with specifications of the City Engineering Department.

Open ditches—When pollution is found in open ditches, they should be enclosed with the cost being distributed to property owners throughout the drainage area. If, after territory is annexed to Columbus and pollution continues, the City Board of Health has the authority to cause the nuisance to be abated.

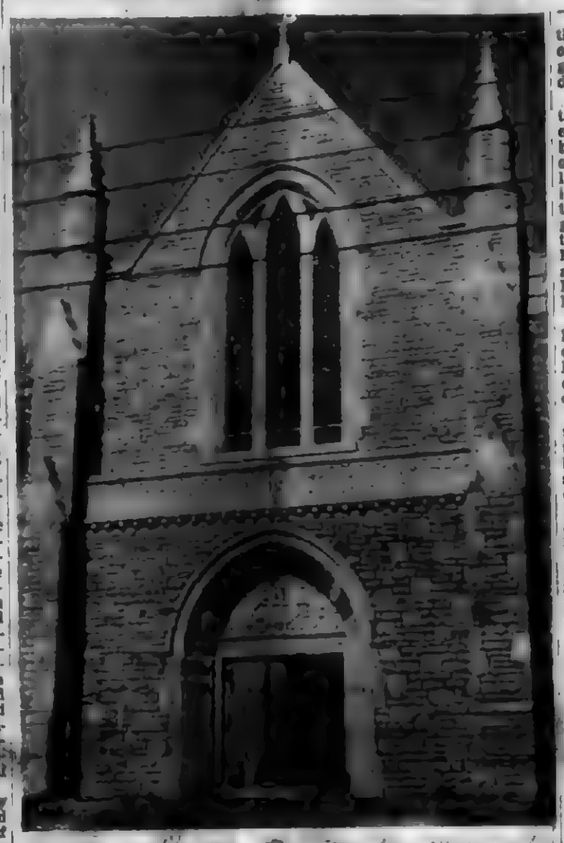
Streets—Should new street paving be laid, the cost will be borne by the abutting property owners and the city in proportions set by law. Maintenance of streets with the city limits is at no cost to property owners.

Police protection—Immediately upon annexation, Columbus police are assigned to the area. Cruisers will be on call at all times in addition to making regular tours throughout the area.

Fire protection—Fire protection is extended immediately to newly annexed areas, with a concurrent reduction of fire insurance rates. Where fire apparatus is not adequate or not near enough, the city will provide additional facilities within the area. Fire insurance rates could drop from $3.20 per $1000 for suburban classification to $1.30 in the city.

Garbage and rubbish—Regular weekly collections at no cost will start immediately upon annexation.

Traffic control—Where rigid control of traffic is needed, the traffic bureau of the Safety Department will take whatever remedies are necessary at dangerous intersections and other traffic hazards. If traffic lights are found to be needed following a survey of the problems, they will be installed and operated.



Public transportation—When and if an area with sufficient population to support public transportation becomes a part of Columbus, the public transportation utility will be required to extend its services into the area, under the proposed franchise.

Schools—The Columbus public school system will assume its mandatory obligation to supply adequate educational facilities for the children of the area. Schools already in the area will become a part of the Columbus system and will be taken completely, including the teaching staffs and transportation equipment. Transportation may be supplied where such facilities are not available and where a hardship would be caused by the absence of such transportation. The Columbus board of education aims to provide schools within walking distance of every pupil in the city.

Other advantages pointed out by Mosbacher in annexation would include pest control, extension of air pollution ordinances and regulations, and inclusion in the program of the Columbus public health department. Mosbacher described the city health department as one of the best in the state and said its services, ranging from sanitation to actual nursing care, would be avilable at no cost to those receiving the service.

ADDITION NEARS COMPLETION on the Hilltop Evangelical Lutheran Church at 2475 W. Broad. Among work costing some $40,000 and being rushed to completion before Easter are new basement rooms and flooring, additional rooms on the first floor, and construction of a temporary annex to the nave which will seat an additional 150-200 people. (Hilltop Record Photo)

ONE OF THE MOST BEAUTIFUL CHURCHES in the city, the new Hoge Memorial Presbyterian Church at 2930 W. Broad, is receiving the finishing touches by contractors this month. The building which cost some $325,000, is of modified Gothic architecture and is constructed of native limestone and trimmed in Indiana limestone. It will have a permanent seating capacity for 600 people. (Hilltop Record Photo)

Construction On Two Hilltop Churches Nears Completion

Construction work on two Hilltop churches, located within a mile of each other on W. Broad, will probably be completed in time for Easter Sunday services, their pastors indicated this week.

Rev. John Hydinger, pastor of the Hilltop Evangelical Lutheran Church, 2475 W. Broad, said that the Dawson-Evans Construction Co. has assured him that major additions to the church will be completed sometime before Easter and possibly within a month.

Rev. A. J. Wold, pastor of the Hoge Memorial Presbyterian Church, which is constructing a $325,000, modified Gothic, limestone building at 2930 W. Broad, was not as confident of completion of construction work by Easter. He did, however, express his personal opinion that work would probably be completed by that date.

Renovations to the Lutheran Church started in mid-September of last year, forcing the congregation to hold all of its meetings in the basement since Nov. 1. In the basement, an old coal furnace, several unused chimneys and walls have been removed.

The old wooden flooring and plaster wainscoating in the basement have been torn out and replaced with a new concrete floor containing radiant heating and walls of glazed tile. Additional Sunday School classrooms and new restrooms have also been constructed in the basement.

On the first floor, the construction company has built three new rooms, including two parlors and a pastor's study, along the east wall. A temporary annex to the nave has been extended out over the new basement to the south of the old nave and the south wall of the old nave removed. The connected annex will seat an additional 150-200 persons, Rev. Hydinger said.

Cost of the alterations and additions will be close to $60,000. Rev. Hydinger disclosed that the congregation had a building fund in excess of $10,000 when construction started, had since raised another $10,000, and was financing the remaining $40,000 through a mortgage with the Hilltop branch of the First Federal Savings and Loan Association.

"It'll be good to be able to have a little breathing room," Rev. Hydinger declared. "Running two Sunday morning services and a Sunday School in the limited quarters has called for cramping of the congregation and consolidation of classes. I'm certain the congregation will agree that the new additions were worth waiting for."

The new Hoge Memorial Presbyterian Church building was started in June of 1952 after ground-breaking ceremonies on Mar. 23 of that year. The cornerstone was laid Nov. 23, 1952. Since selling its old building on Eureka more than a year ago, in which the congregation had worshipped for more than 45 years, members of Hoge Memorial have conducted worship and church school at the West Broad Street Elementary School, Hague at Broad.

Rev. Wold said that the church has contracted for all construction on the new building, with Richard Meyer acting as superintendent of construction. Ralph Orr is the architect.

Of modified Gothic architecture, the building is constructed of native limestone, trimmed in Indiana limestone. It will have a permanent seating for 600, with overflow accommodations for an additional 150. The church school will have assembly and class room facilities for about 900.

The open chancel construction, the doric columns and rising Gothic arches provide the customary worshipful atmosphere common to this type of architecture. A series of stained glass windows in the nave depicts the history of the holy scriptures. Other interesting windows are of John Calvin and James Hoge; the window of stewardship and service, and the three-lancet window in the chancel containing a redemptive theme and scenes from the life of our Lord.

Hilltoppers To Have Adequate Water Pressure

Hilltoppers will have no water pressure problems even if the new 36-inch Broad main is not completed by the June 1 deadline, Floyd C. Redick, city service director said Monday.

When the new main is constructed as far as Hague and Wilson, Redick said, two 12-inch mains will be built leading into the Hilltop area. The two lateral mains will have a capacity of three million gallons o water a day.

The Hilltop main will run from the Dublin-rd filtration plant along the Scioto River to Fisher to Phillipi and then connect with an existing 20-inch main at W. Broad and Phillipi.

Rev. Hydinger said that a similar break-in had met with similar results nearly three months ago. "I'm seriously considering placing a sign reading, 'Nothing of Value' on the wall safe.

Classified Ad Sells TV To First Caller

Mrs. A. C. Rea, 1909 W. Broad, never had occasion to use a want ad until recently when she placed the following classified ad in The Hilltop Record and The West Side News:

BCA TV. Excellent condition $50. RA. 3603.

Now she's firmly convinced of the great selling appeal of the little ads. She sold her TV to the first person who called and other would-be buyers kept her phone burning the remainder of the week.

You can obtain the same quick results. Simply call RA. 1125 for quick, courteous service in wording your power-packed want-ad.

Two fellows met. One said, "Where are you working?"

The other replied, "I'm not working at all I was working in a defense plant but they fired me."

"They can't fire you if you work in a defense plant," informed the other. "Don't you know you're frozen there?"

"That's what I told the foreman," explained the absentee, "but he caught me asleep, so he defrosted me!"

These Eyes —

How Well Do You Know Them?

This is a new feature of The Hilltop Record. We know you'll find it entertaining in testing your own powers of observation and memory in identifying the person to whom these eyes belong.

Last week wasn't much of a contest, we'll admit. Almost everyone guessed correctly that the eyes shown in this column were those of Mayor Sensenbrenner. But let's see how well you do with figuring out who is the owner of the eyes shown directly below.

We'll tell you this much as a clue: Their owner is a well-known Hilltop attorney who has been active in Columbus "readin', writin' and rithmetic" circles for a good many years.

Last week's clues were not very specific since being "known throughout the city and in great demand as a speaker" could apply to a number of Hilltoppers. Those who guessed correctly declared that the eyes of Hilltopper Jack Sensenbrenner were his outstanding feature and unmistakable.

BACKYARD BOTANY
By Mrs. W. H. Palmer

Weeds are plants growing in cultivated ground to the injury of the desired vegetation or to the disfigurement of one's place. It is much more fun to study weeds than to curse them. There are many good weed controls on the market. However, weeds are very persistent —not easily discouraged. For have thrived without any cultivation and under all conditions. However, I tried a plan to cope with weeds and will pass it along to you.

Mrs. Palmer

Each morning I made a rule of pulling 100 weeds. In a short time, I found I had to hunt for weeds. Drop the weed where you pulled it out. By so doing, you put back into the soil what the weed took out.

You reap your reward when guests step into your garden and exclaim, "Why you have no weeds!" When they make that remark I tell them, your heart and soul must be in your garden and it always brings to mind that beautiful poem by Katherine Merrill entitled "The Heart's Garden," which I would like to share with you.

The heart is a garden where
thought-flowers grow;
The thoughts that we think are
seeds that we sow.
Every kind, loving thought bears
a kind, loving deed;
While a thought that is selfish is
just like a weed.
We must watch what we think,
each minute, all day;
And pull out the weed thoughts
and throw them away;
And plant loving seed thoughts so
thick in a row
That there will not be room for
weed thoughts to grow.

Former West High Athlete Joins Local Realty Firm

George J. Layne, realtor with offices at 2627 Sullivant, announced this week that his cousin, Dick Layne, has joined him in the Hilltop realty firm.

Dick, who lives at 330 S. Eureka, only recently was discharged from the Marines after two years service, during which he starred on the football team of the Camp Lejeune Marines. The 26-year-old ex-serviceman is best known on the Hilltop for the brilliant athletic record he set at West High School. He starred in football, basketball, and held the shot-put record at the local school before going to the University of Southern California, where he majored in physical education and played on the varsity football squad.

Immediately after his discharge from the Marines, Dick was placed under contract by the Chicago Bears.

In Passing

By Esther Weakley

A newcomer to Columbus television, Robert Linville (WTVN) already has a large and enthusiastic following. He came to Columbus last November, from WCAE (radio) in Pittsburgh; prior to that he was with WWVA in Wheeling. Although this is his first television job, he has appeared in television dramas on film and has done Little Theatre work.

While at WCAE, he did newscasting; special events; MC'd all ABC newscasts from Pittsburgh, and most of that network's music shows. He also did shows over the network from Pittsburgh with Barron Elliott's band, and took part in numerous other shows. He announced the Hill Country Show and other programs while at WWVA.

Bob is a native of Wheeling; was educated in Wheeling schools, and later attended West Liberty College. He was in the navy three years, on Atlantic patrol duty during the war. He says his chief hobby is acting as art critic. His wife, Lois, is an artist; he is her "severest critic." He also likes good music; golf, football and other sports.

His shows on WTVN include Midweek News Review, seen each Tuesday evening at 8:45, and Curbstone Capers, each afternoon, Monday through Friday, at 1:30. He announces various other programs, one of which is Early Home Theatre, each evening at 5:30. If you haven't watched this talented young man at work, you should. You'll like him.

Mail — From a farmer's wife: "We butchered today and I just finished putting the meat in the freezer. Wish my grandmother could see how we do it nowadays. She wouldn't believe her eyes. When I remember butchering week when I was a kid, I can scarcely believe it, myself. It actually took a week too, not one day, as we do it now. If you were ever on a farm during Butchering Week, you'll remember how it was. I'll have to admit that I remember best the big dinners the neighbor ladies prepared for the workers and the stacks of dishes we kids had to wash afterward. But I also remember the smells: hickory smoke; fresh sausage being 'put down' in Mason jars with a little grease on the tops to keep it (they fried it first), and the good smell that came from the huge coffee pot kept hot on the stove. No coffee ever smells like that now, and no sausage or ham tastes like that, even with all our electrical appliances and modern labor-saving devices. I guess they really were 'the good old days,' after all" . . . From a Texan-you-all: "We took a trip down into Mexico last week. I know you'll want to hear all about it but there really is not much to tell. The towns we were in are quaint; the streets very narrow and everyone seemed to take it slow and easy. They had several modern buildings but for the most part the towns are old. Everywhere we saw men with little push carts. Some had the small Mexican bananas; some had cigarettes and candy. We saw some pushcarts with wooden bars across the top to hold hangers of used clothing. On our way back to Dallas we took the ferry to Port Aransas from Padre Island and bought some shrimps from one of the boats anchored near the island. It was a beautiful drive."

Sandy Sanford tells of the only grandchild of a doting grandma who was continually bragging about her. The child came home from her first time at Sunday School and the family asked questions about her new adventure. Her mother asked the teacher's name and the girl said "I don't know her name, but she must be Jesus' grandma because she kept talking about Him all the time." (Sandy is a doting grandma too, so I'm sure she had no ulterior motive in telling ME that story.)

Gleaming New Furnishings At Georgiton's Candy Store

GLEAMING NEW BOOTHS and display cases in Georgiton's Candy and Ice Cream Co. store at 2763 W. Broad are almost completely installed. The proprietor also announces an expanded food service and complete soda fountain. Above are some of the new booths. (Hilltop Record Photo)

Georgiton's Candy and Ice Cream Co. store at 2763 W. Broad will be "real George" when current alterations and expanded service plans are completed.

Teen-agers may holler that the term "real George" is outmoded, but the store, more familiarly known as the Dairy-Dream, will be strictly modern in the near future, according to its owner, George P. Georgiton.

In addition to the gleaming new customer booths and display cases now being installed at the store, Georgiton announces plans for a new line of food and soda services.

Georgiton, who lives with his wife, Mildred, and three children at 272 N. Ogden, has a city-wide reputation of many years' standing, for the quality of the candy he makes and sells in his store.

Located on the Hilltop at his present store location since 1948, Georgiton, for the 10 years previously had delighted the discriminating with his fine "home-made" candies at Broad and Eureka.

Georgiton recently announced that Stephen Hages, from Springfield, his nephew, will join him as partner in the store.

As part of the increased food service, Georgiton said his store will feature many more sandwiches, salads and soups, as well as a new short order service.

His complete soda fountain will dispense delicious sodas and sundaes with toppings and flavors prepared in his own [illegible] from the finest ingredients.

"All this modernization won't affect one thing that is old-fashioned," Georgiton declares. "That's the quality of our complete line of home-made candies. We'll continue to dip our chocolate with the richest coatings available and give our customers consistent top quality.

West Cowboys Eke 76-61 Win Over Aquinas, Drop 79-58 Decision To North In City League Contests

West High School's cage squad broke even in its two City League contests played last week.

On Tuesday night, Feb. 16, West eked out a 76-71 win over cellar-dwelling Aquinas in a contest in which the score was tied 10 different times and the results were in doubt until the final minute.

On Friday night the league-leading North Polar Bears visited the local gym and combined fine team play, good scoring balance and an almost impregnable defense to subdue the Cowboys to the tune of a 79-58 score.

In the Cowboy-Irish fray, Furry and Randall combined for 15 markers and Reeb seven for the Irish as the locals held a slim 19-18 first period lead. Reeb and Nye tallied six points each for the Terriers and Furry a like number for the Cowboys in the second canto as the Irish held a slim 40-39 margin at halftime.

The cellar-dwellers extended their margin to a 46-40 count early in the third stanza but two goals each by Vincent Pruden and Hicks gave the Cowboys 56-52 margin at the three-quarter mark.

The final period continued close with the locals holding a 71-68 margin with only two minutes remaining, but a goal by Pruden, and another by Nafzger combined with his free throw cinched the victory.

The Cowboy-Polar Bear contest was well played in the first period, with Vincent of the Cowboys, Franklin and Jordan of the loop leaders matching six points each as the North men held a 21-15 margin as the period ended.

The Polar Bears' scoring balance began to pay off in the second canto as Franklin, Craine and Jordan combined to account for all of their points as they held a 38-25 lead at the half-way mark.

The locals narrowed the margin in the third quarter to 53-42 count as Franklin and Furry opposing pivot men accounted for six points each.

In the final period, Tom Haire who had committed four personal fouls early in the first half before retiring to the bench, re-entered the contest and proceeded to break the game wide open as he tossed in five consecutive goals and added a free throw to give the loop-leaders their decisive win.

The Cowboys conclude their regular City League play this week tangling with Linden Tuesday and bringing down the curtain Friday against Central on the local court.

Westgate EUB, Hoge Lead Second Round In Hilltop Y Church Loop

By Dick Wilson

Westgate EUB and Hoge Memorial led the second round of the Hilltop YMCA Junior Church League after games played at John Burroughs' gym last week.

Westgate EUB retained its first place position by defeating a determined Burgess EUB quintet to the tune of 31-19. The Westgaters jumped into an early lead in the first quarter and were never headed throughout the rest of the game. Don Ireland starred once again for the victors, collecting 13 points on six buckets and one charity toss. Walker was the "big gun" for the losers as he made eight points on four buckets. DeWitt looked good defensively for the losing five and Ranney controlled the backboards on both ends of the court.

Hoge had less trouble than its rivals, keeping its tie for first place as George Miller's Westgate Methodist squad forfeited because it was unable to field a full team.

The West Junior Hi-Y got back into its winning ways, beating the Junior Firemen 31-26 in a close and hard-fought battle. The Y team jumped into an early lead, but because of a third quarter let-down the Firemen made a game out of the contest. Brown led the Firemen once again with 17 points and played a good defensive game as well as a terrific floor game. Dave Francis led the losers in scoring with 11, but was closely followed by teammate Bill Nebinger with nine.

Glenwood showed a vast improvement swamping the Church of Christ five to the tune of 46-17. The game was never in doubt as Glenwood jumped into an early lead and widened the gap as the game progressed. Bob Snedigar led the losers with nine points and John Hummel led the victors with 15.

Changes Urged In County's Building Dept.

A complete reorganization of the County Building Department and returning of zoning to the Franklin County Regional Planning Commission, from which it was separated in 1949, were urged Tuesday night.

Both recommendations came from the board of zoning appeals, which granted a public hearing to members of the Willson Heights Civic Association earlier Tuesday evening, and were forwarded to the county commissioners.

The civic association appeared in protest to a non-conforming use permit issued to Ed's Meats at 1039 Harrisburg-pk, which is owned by Ed Gochenour of 1378 S. High.

Edward E. Herderick of Canal Winchester, newly elected chairman of the appeals board, said that formal action would be taken in the protest against the slaughterhouse in the Harrisburg-pk residential district if County Prosecutor Frank H. Kearns rules the board still has jurisdiction.

A unanimously approved resolution submitted by Floyd E. Campbell of 1829 Jackson-rd and later forwarded to the county commissioners, read in part:

"Present administration of both the rural zoning laws and building regulations is inadequate to our great community. Without improved administration and enforcement of the rural zoning law and building regulations, metropolitan planning for the Columbus urban area cannot be effective or accomplish its purposes."

Objects of the board of zoning appeals' criticism are O. C. Miller, chief building inspector and chief enforcement officer for rural zoning, and T. R. Hickey, executive secretary of the rural zoning department and of the rural zoning and appeals boards.

On Monday, Citizens Research, Inc., 80 E. Broad, a non-political, fact-finding organization, charged in a letter to its members that many persons are dissatisfied with the administration of the county zoning and the building inspection departments.

Carl Popp, nominating committee chairman. The following officers, in addition to the new president, were elected without opposition in standing votes:

Frank Greer, 182 S. Algonquin, vice-president; Esther Jones, 3779 Sullivant, secretary; Mrs. Mary Fenner, 476 Derrer, treasurer; and Richard M. Gubsch, sgt.-at-arms.

William E. Jones, as immediate past president, automatically became a member of the board of directors. Others elected by written ballot were:

Carl Popp, 328 S. Brinker; Eddie Walker, 240 Demorest; Ray Barr, 109 S. Sylvan; Joe Deibel, 146 S. Roys; J. Harold Willis, 666 Wiltshire; Melvin M. Sonerius, 201 S. Southampton; Charles L. Buchsieb, 493 Binns; Herman J. Fortkamp, 168 S. Roys; Elvin E. Brookey, 101 S. Sylvan; and C. D. Lee, 307 Letchworth.

Parrish, the new president, announced that he would hold an executive session with the new board in the near future to determine whom to send such a letter of protest as asked by the membership and to arrange for an installation of officers program.

Parrish, who is manager of the Columbus office of the Monumental Life Insurance Co., said that the installation ceremony will probably be combined with some sort of a social event such as a dance.

A Hilltopper for four years, Parrish is originally from Columbus, but was transferred out of the city by his firm in 1953. He moved to the Hilltop in February 1960 after serving for his firm as office manager in Saginaw, Mich., Chicago, and other midwestern cities.

Since buying his home at 331 S. Brinker, he has been a member of the board of directors of the civic association for the past three years. He is a member of the Lions Club in Carroll, O., Elks Lodge in Blue Island Ill. and Masonic Lodge in Baltimore, O., and the Westgate Methodist Church.

Parrish and his wife have a daughter, Sally, 11, who is a student at Westgate School. A son, Max, lives at 445 Chatham.

Anti-Annexation—

(Continued from Page 1)

he was circulating a petition opposed to any annexation of portions of the township and would deliver it to commissioners signed by at least 5,000 freeholders.

At Sunday's meeting, more than 150 township residents jammed the township hall to capacity as determined opponents to the annexation of township land to Columbus or any other municipality laid the groundwork for an organized fight to maintain the current borders of the township.

Appointed to a committee to recommend a future course of action and officers for a permanent anti-annexation group were Fire Chief J. C. Moffitt, 622 Wedgewood; Dr. D. C. Fero, 1152 Forest; and Angelo Dallas, 3297 McKinley.

Leslie R. Graham, 963 Midland, who organized speakers and acted as chairman of the Sunday afternoon meeting, described the get-together as "more of a pro-township than anti-Columbus meeting." Graham is a member of the Rainbow Improvement Association.

A show of hands indicated nearly 100% opposition to the proposed eight-acre annexation. Graham and other speakers urged those present to be on hand for the Tuesday hearing before the County Commissioners.

Speakers at the protest session included Paul Wichterman, clerk of the township board of trustees; Clyde Crandall of the local board of education; Fire Chief Moffitt; and Graham.

Graham set the tone for the meeting in his introductory remarks, expressing opposition to any additional annexations of valuable township land to any municipality. "We have something better here than any city can offer us," he declared.

Wichterman pointed out that the immediate threats to the territorial integrity of the township did not lie in the petitions currently being circulated to annex to Columbus 2215 acres, including the Ternstedt Division of General Motors and the Westinghouse Corp. Plants. Effective action in staving off the annexation of the small tract near the Rainbow Addition and the attempts of Valleyview to annex 180 acres along Valleyview-dr. will serve to head off these other moves, he said.

"The important thing," Wichterman declared, "is to stop the smaller bites and show a united front."

Wichterman pointed to the rapidly improving fire protection afforded township residents and declared that removal of any rich industrial areas from the township would mean this service and other township government services would cost the remaining township taxpayers more. The township now has three fire companies, composed of 100 volunteer firemen, who answered 253 alarms last year. In addition to the one permanent fire hall already constructed, two others are in the planning stage.

Crandall declared that annexation of any industrial territory would seriously hamper though not destroy the board of education's plans for a new high school, which the board intends to finance through voters' approval of a $1,-58,000 bond issue if a special election on June 8.

He said that the high school was necessary for both practical and community spirit reasons. Township taxpayers would support the bond issue with a levy of $2.20 for every $1,000 of property evaluation.

Crandall decried the necessity of "boarding out" township students in Columbus high schools "which have offered us no assurance that they will continue to accept our youngsters." He stated that the cost of sending children to Columbus schools was also prohibitive from the standpoint of transportation. A family in Briggsdale, for example, has to pay $180 a year just for daily transportation of a child to and from a Columbus school.

"Columbus does not want us to have our schools," Crandall charged. "The city prefers to keep us at its mercy." Crandall also told the freeholders that tax rates for Columbus were deceptive since "they are not based on the higher property valuation we would automatically receive as part of the city."

Following the hearing before the County Commissioners on Tuesday, Graham told the Record, "I know why Mayor Sensenbrenner is seeking so hard to annex areas in the township. He can't find qualified government officials in the city."

Local Fire Hydrant Knocked Off Base By Startled Driver

Water, water, everywhere and . . .
(Hilltop Record Photo)

Thousands of gallons of water flowed from this fire hydrant at the southwest corner of Richardson and Olive last Thursday afternoon before repairmen could cut the flow. According to police, Mrs. D. C. Finneran of 211 S. Eureka, a beginning driver, was driving west on Olive when an oncoming car startled her as she was making a left turn. As she lost control, her car hurtled into the hydrant, knocking it off base. In the picture above, Joseph Dreiling, fire hydrant foreman, surveys the damage before starting repair work. Dreiling estimated installation of a new hydrant would cost some $200.

Television, Radio Provides Answers To Tax Problems

District Director N. Looker of the Columbus Internal Revenue Service has instituted a series of radio and television programs covering the proper preparation of income tax returns.

One of the most ambitious presentations is a series of four television programs now being carried by Station WTVN from 6 to 6:30 p.m. Saturdays. The text of the Treasury Department publication "Your Federal Income Tax" is being used as a basis for this series which is being enacted by representatives of the local office of the district director of internal revenue.

Programs on Feb. 27 and Mar. 6 will cover such tax problems as rents and royalties, business and professional income and deductions, bad debts, depreciation, capital and non-capital gains and losses, deductions of various sorts, tax computations and gains from the sales or exchange of residences, etc. The final program will also include a panel which will answer the questions most frequently asked on income tax problems.

Program viewers are also given an opportunity to ask questions during the progress of each presentation. The Internal Revenue Service has provided six tax technicians to man telephones at Station WTVN so that any questions prompted by program statements may be answered immediately.

Prizes Awarded In Camp Chase Legion Post High School Americanism Poster Contest

PRIZE WINNERS in the annual Camp Chase Post 98, American Legion, poster contest are shown above. Left to right are Zi Ann Pospichel of 321 N. Burgess, whose entry from West High School took the $10 first prize; Alan Niederlitz of 178 S. Roys, also of West, who took second prize of $5; and Mary Ann Simonin, 403 Martha, whose entry from Holy Family High School earned the third prize of $3.

Two West High students and another from Holy Family High School were guests of honor at the semi-monthly meeting of Camp Chase Post 98, American Legion, held in the post home on Friday, Feb. 19.

The youthful guests were winners of first, second and third prizes in the post's annual poster contest open to students of grades nine through 12 at the two schools.

Dick Martin, third vice-commander of the post and chairman of the Americanism committee, presented them with their cash awards.

Top prize of $10 went to Zi Ann Pospichel of 321 N. Burgess, for her entry from West High. Another West High student, Alan Niederlitz of 178 S. Roys, received the second prize of $5 and the third award of $3 went to Mary Ann Simonin, 403 Martha, a student at Holy Family.

Their entries were judged the top three out of four posters submitted by students at each school. The poster contest started in midfall and ended before the Christmas holidays.

Martin said that the Ohio Department of the Legion has recommended that all posts in the state hold poster contests similar to that of the Camp Chase Post.

SIGNS OF SPRING

Mrs. Miller Sees Robin Twice In Her Backyard

Mrs. Charles E. Miller, 207 N. Harris, reports that her entire family is feeling the call of spring since she observed a robin twice in her backyard on Monday, Feb. 22.

Mrs. Miller said that she has been confused by another bird that has visited her yard at intervals throughout the winter. She describes it as larger than a sparrow, smaller than a robin and having a gray breast, dark brown or grey body and having white markings on its wings.

The mystery bird has made a habit of alighting on the peach tree in Mrs. Miller's backyard to nibble on suet attached to a small bird feeding platform. Bird books have provided no clues as to the identity of this bird.

it aint HAY!

No, money "ain't hay" — but sometimes you'd almost think it was the way you have to "fork it over" for this and that. However, if you just take a look about you there are lots of ways you can do something about this "hay". Why not try to get rid of a lot of things around your house that other people may be needing and wanting — For example: Used clothing, furniture, refrigerators, tools, bikes, lumber, odds and ends.

SECOND ANNUAL CAREER DAY at West High School today featured 42 speakers, representing as many trades, businesses, and professions, who counselled some 1100 students on the election of an occupation. Left to right, first row, are, Ona Prather, George Neeb (Career Day chairman), Mrs. Mary Dugan and R. E. Taichert. 42 Speakers Take Part In Career Day At West Hi

More than 1100 West High students tonight had a clearer picture of their vocational aims after taking part today in the second annual Career Day program at the school under the sponsorship of the Hilltop Kiwanis Club.

Mayor Sensenbrenner set the stage for the day's program when he addressed students of grades 10-12 at a morning assembly on the importance of choosing the correct life occupation.

Forty-two speakers, representing as many professions, trades, and businesses, then met with students who previously had indicated their fields of special interest in separate rooms for brief counseling sessions.

The speakers, who were retained by members of the Kiwanis vocational guidance committee, in cooperation with the school faculty, explained precisely the qualities and educational background necessary to "make good" in the chosen occupational fields. They pointed out drawbacks as well as desirable features of occupations and detailed such items as beginning salary, advancement opportunity, working conditions, and how to get into the field.

Following the informative lectures, the visiting businessmen answered questions from students on other phases of the subject occupations. A number of students requested personal interviews with their speakers. Some made arrangements to spend a half-day or more at some future date with their conference counsellors to observe the every day practice of their chosen occupations.

One of the major purposes of the program, according to C. H. Campbell, chairman of the sponsoring Hilltop Kiwanis Club vocational guidance committee, "is to change the minds of some youths who have decided on a life occu-

Officials Differ On How City Health Rules Might Affect Annexed Farmers

MANY HOURS OF ENJOYMENT are in store for members of the Hilltop YMCA as a result of the generosity of members of the Hilltop Kiwanis Club and the Hilltop Y Mothers' Council, who teamed up to buy the complete sound-movie and public address system shown above. Here, C. Carlton Hartley (left), chairman of the Hilltop Y board of management, accepts the substantial gift on behalf of the Y board. Also taking part in the ceremonies held last Thursday are, left to right, Otto J. Best, president of the Hilltop Kiwanis Club; Mrs. Virgil Purry, vice-president of the Mothers' Council; Mrs. Fred Dinsch, president of the Mothers' Council; and Dr. Beryl Miles, a member of the boys and girls committee of the Kiwanis Club. Opinions Vary From 'Not At All' To 'Strangling Effect If Enforced'

Two widely divergent opinions on the effect city health board regulations would have on farms included in areas which might be annexed to Columbus were expressed by city officials late Tuesday.

Dr. O. M. Goodloe, city health commissioner, expressed the opinion that most city health regulations would apply "since in accordance with state statutes and the City of Columbus charter, they are binding on all city residents."

Such regulations, if enforced, would almost eliminate livestock and poultry from "newly-citified" farms.

On the other hand, Matt J. Mosbacher, community relations officer of the City Planning Commission, and Sam Randall, as assistant city attorney, declared that annexation would not interfere with established farms in the slightest.

"If there is a problem, the solution is simple," Randall declared. "The board of health could either amend its regulations or an affected farmer could challenge the constitutionality of such regulations on the grounds of unreasonableness."

Dr. Goodloe said that farmers would face real problems if forced to comply with such city board of health regulations as those specifying the type of quarter in which animals may be kept and a requirement that city dwellers who keep more than four small animals or fowls on their premises must receive written permission of neighbors within 200 feet.

Other current city board of health regulations prohibit the keeping of more than two cows, sheep or goats on city premises (except in the case of experimental laboratories), and require the daily removal of animal waste from the city.

Dr. Goodloe conceded that established precedence of law would exempt established farmers in the annexed areas from such regulations as those governing buildings in which animals are housed, but remained firm in his opinion that

Annexation Petition Filed Yesterday

A petition bearing signatures of 11 of the 16 freeholders in the area was filed with the city planning commission Wednesday seeking annexation to Columbus of the area south of the city down to Briggs-rd, east of Demorest-rd and north of Burnside addition. The area involves a total of approximately 334 acres.

This is one of the tracts previously mentioned in this paper as being considered for annexation.

Funeral Rites Held For Traffic Victim

A Requiem Mass for Robert L. Miller, 21, of 5256 W. Broad-st, who died in an auto accident last Friday night was held at 10 a. m. Tuesday in St. Cecilia Church, New Rome. Burial followed in Alton Cemetery. Arrangements were by the Jerry Spears Funeral Home.

Miller, who lived with his foster parents, Mr. and Mrs. R. C. Woda, was injured fatally when his car left the highway, on Route 23, seven miles south of Circleville, and turned over. He was a baker's apprentice for the Felbor Biscuit Co.

REPORT FROM CITY HALL

Mayor To Stress Greater Use Of City Parks, Playgrounds In Coming Weeks

Greater use of the city parks and playgrounds will be stressed by the mayor in coming weeks, it was revealed this week. The mayor campaigned on a platform of better parks and better recreation facilities and even though his original plan to replace Nick Barack with another man as head of the recreation department has tentatively been shelved, he will continue to demand an improvement in the department.

Robert Draper, local attorney, and for many years interested in schools and recreation facilities, this week addressed a letter to the mayor outlining numerous added uses of the parks, which will first call for a better coordination of the work of the recreation department headed by Barack and the parks and forestry department headed by Ray Dietz.

Draper states "I feel we should change our philosophy of recreation to make it an all year round recreation program for all ages of people. In order to do this we must carry on a planting program of more trees and shrubs in the parks, with walks between them for nature walks. Additional benches and tables need to be provided so more people can enjoy outdoor recreation and relaxation. More outdoor fireplaces are needed for family outings and picnics.

"Shelter houses should be open winter and summer for ping-pong, checkers, square dancing and deck tennis. Outside concrete ping-pong tables, badminton, horseshoe courts, tennis courts, shuffleboard courts, and skating rinks for outdoor skating that can be flooded for ice skating in winter should be provided. These should be properly lighted for use at night."

He continued by pointing to the need for increased casting facilities in the lakes, building up baseball diamonds, and the conducting of competition between various recreation groups of the various parks.

While one daily newspaper stated that city council Monday night turned down the appointment of Ivon Ulrey as utilities director, the fact was that council had nothing to do with it. The mayor merely informed council that he had appointed Ulrey. Council does not need to ratify the appointment.

Councilman Sedgwick, who has told out against the expenditure of additional funds by council in hiring Professor Eckleberry to write the transit franchise, at a rate of $100 per day not to exceed 40 days, is of the opinion that Ulrey should be given an opportunity to write the franchise and thus save the city this money. He has expressed confidence in Ulrey.

An ordinance providing for an increase in pay for the city treasurer introduced in council last Monday will probably be vetoed by the mayor on the grounds that the increases granted under the Kroeger survey are sufficient. Present salary of the treasurer is $590 per month, the survey calls for an increase to $610, and the council ordinance calls for upping it to $700.

Original estimates of the council as to the increases provided under the Kroeger survey were stated to be $700,000. Figures in the new budget show this amount to have been increased to $1,200,000.

LATIN RHYTHM RISES AS

West High School Announces Details Of Band Variety Show

There's a new rhythm roaming the corridors of West High School. Scurrying from classroom to classroom has slowed to a syncopated samba. If the young senors seem to sigh and the senoritas sway, it's because they can't resist those sounds floating up from the band room where the dance band is practicing for West High School's 15th annual Band Variety Show.

The 1954 show, which is billed as "The Tropical Rhythm Review," will be held Mar. 25 and 26 in the school auditorium.

The annual entertainment event is sponsored by the Band Parents' Club, with all proceeds going for band instruments and uniforms. Tickets, at 75 cents each, are being sold by all band and orchestra students and members of the Band Parents' Club. All seats will be reserved. Reservations may be made at the school ticket office on Mar. 17 for band members, Mar. 18 for students and patrons, and on Mar. 19 for the general public.

One of the highlights of the show will be an absence of light, the "black light" spectacle for which West High is famous.

According to advance publicity, the fire department has already been alerted to have a couple of flame fighters in the wings when Ronnie Klein gives out with "Kiss of Fire." The same source reports that the audience will hear Norman Latorre "Begin the Beguine" as never begun before, and that Master of Ceremonies Ron Parkinson "out-dizzies Dezi."

The nimble feet of such favorite dancers as Judy Fenimore and Judy Williams, Sue Severns and the Albery sisters (Sheila and Sharon) will vie with sentimental strains sung by Grace Durflinger, Carol McPherson and the trio of Nancy Wilson, Shirley Lowery and Pat Carr.

A sixteen-piece dance band, attired in satin-shirted splendor, will provide the background music. The dance band, under the direction of Clair Barnard, will present an authentic Cuban dance band number, "Copala Guajira".

LATIN RHYTHM is in the air this week at West High School as students prepare for the 15th annual Band Variety Show, which will be held Mar. 25 and 26 in the school auditorium. Sponsored by the Band Parents' Club, the show will have "A Tropical Rhythm Review" as its major theme. Above, clad in south-of-the-border costume and wielding authentic Latin instruments are five West High seniors who will appear in the show. In the front row, left to right, are Fred Williams, with bongo drums; Ray Williams, conga drums, and Jack Alexander, maracas. In the back row are Dave Parker with the gourd, and Rodyard Fay with the bass violin, an international instrument. (Hilltop Record Photo)

State Hospital Attendant Struck By Auto, Injured

Orville O. Salyer, 65-year-old Columbus State Hospital attendant, was reported in fair condition yesterday at Mt. Carmel Hospital after being struck by an auto at W. Broad-st and Oakley-av early Sunday morning. Salyer suffered compound fractures of his left leg, head injuries, and abrasions on both hands.

Police said the motorist, Palmer Self, 24, of 45 Martin-ay, struck Salyer while making a right turn into Broad-st and continued without stopping. Self was scheduled to appear in Municipal Court this morning to answer charges of driving while intoxicated and leaving the scene of an accident.

NO LOCAL FIRM INVOLVED

In the story of a residential fire on Powell-av, reported last week in The Hilltop Record, the work which was interrupted by the flash fire was not being done by a Hilltop firm. Firemen attributed the blaze to explosion of fumes from plastic cement being used to install a new sink top in the home of Dr. and Mrs. Evan Dwight Morgan, 114 N. Powell av. Work was being done by a North side firm.

Kearns Rules Only Common Pleas Court Can Close Slaughterhouse

Neither the county commissioners nor the rural zoning commission can take action at this time to halt the operation of a slaughterhouse by David E. Gochenour at 1038 Harrisburg-pk, Prosecutor Frank H. Kearns ruled Tuesday.

Kearns said that only the Common Pleas Court can settle the issue since halting of slaughtering operations is the object of an injunction suit filed in the court by Richard W. Quelette, 1754 Rosemont-av, and the Willson Heights Civic Association.

In answer to a question by county commissioners as to jurisdiction in the matter, Kearns said:

"In view of the fact that Quelette and the Wilson Heights Civic Association have filed their petition in Common Pleas Court, alleging in part that O. C. Miller has failed to enforce the zoning regulations and requesting the court to require him to enforce the same, I, as prosecuting attorney, cannot presume at this time to render an opinion upon a matter which now is, or will be, decided by the court in this case upon the trial thereof."

Gochenour, who has been under fire by residents of the nearby Willson Heights addition, found himself in additional hot water last Thursday when the city health board revoked his permit to sell meat in Columbus after it was learned that Gochenour had butchered a cow the night before without a meat inspector present.

Dr. O. M. Goodlie, city health commissioner, said yesterday that the action "amounted to a handslap" since the permit revocation does not interfere with sales on the premises, but applies only to sale of meat in the city.

"In all probability Gochenour could apply for a new permit at any time and receive approval," Dr. Goodloe declared.

Officials To Air Water Problem At HBA Session

City Service Director Floyd Reddick and Matt J. Mosbacher, community relations officer of the city planning commission, will be speakers at the meeting of the Hilltop Business Association Tuesday, Mar. 9, at 6:45 p. m. at Westgate Methodist Church.

They will discuss the subject "The Columbus water situation and its relation to annexation."

MYSTERY-SHROUDED ANTICS

Local Kiwanians Hold Spring Roundup

"Only the name has been changed," Harold F. Cunningham, chairman of the Hilltop Kiwanis Club agriculture committee, said in announcing a few "mystery-shrouded" details of the annual Kiwanis Spring Roundup, which will be held at 6:45 tonight in the auditorium of Hilliards High School.

"Activities will be as zany and as unpredictable as in previous years when the get-together went under the name of the Nut Festival," Cunningham declared. "We are proud to say that dignifying the name of the fun fest hasn't changed its character in the slightest. In fact, this year . . . " (at this point Cunningham stopped, mindful of the conspiracy to keep guests in the dark until the last moment.)

Purpose of the annual affair is "to encourage the good people of western Franklin County and Hilltoppers to let their hair down and become better acquainted," Cunningham said.

Approximately 200 Kiwanis members and residents of the Hilliards and Rome areas are expected to attend. Harold Hart of the West Franklin Kiwanis Club, who is serving as rural ticket chairman, reports a sellout for the event. Thirty members of the West Franklin County Kiwanis Club will be among the guests.

Clarence Story will serve as master of ceremonies for the evening program, which will begin with a banquet of baked Virginia ham, with all the traditional trimmings, including candied sweet potatoes and dessert. Four skits of an undivulged nature will also be included in the first half of the program. Al Bettinger and his orchestra will provide the downbeat for square-dancing from 9 p. m. to 12 midnight.

"Three wonderful door prizes will be a feature of the evening," Cunningham disclosed. He admitted that these prizes "might have been alive at one time or another" and that some of the prizes in past years turned out to be live animals. Last year, several lambs, fowls, and other small livestock created a sensation when loosed in the banquet hall. Cunningham revealed that dozens of curious guests have tried to worm out of him the secret of the booster prizes.

Special guests of honor at the Spring Roundup will be members of the Hilliards Chapter of Future Farmers of America who have been awarded registered Guernsey calves by the Hilltop Kiwanis Club agriculture committee of the Franklin County Fair in the past three years. The winning youths are Donn Krieger, 1951, Ray Lee Hoffman, 1952 and Don Shaffer, 1953.

Leon Boucher, agricultural teacher at Hilliards High School, explained that selection of the winners of the "Miss Kiwanikwe I, II, and III" calf awards was by members of the Hilliards chapter of FFA.

FFA members select one youth from the freshman, sophomore, junior, and senior classes of the high school as the outstanding potential farmer. On the basis of the interest, availability of home-grown feed, and adequate farm buildings of the four applicants, the single annual winner is selected. Boucher notifies the Kiwanis Club of the winner immediately before each county fair.

Assisting Cunningham as co-chairmen of this year's Spring Roundup is Russ Carter. Other members of the sponsoring Kiwanis agriculture committee are Noble Allen, Paul and Lou Rausch, Otto Mattox, Ed Johnson, Lee McComb, and Art Walker.

Emphasizing the "unexpected nature" of this year's roundup, fancy, engraved tickets were printed for the affair.

Commissioners Decline Plea For Annexation

County commissioners Tuesday rejected a petition to annex an eight-acre tract south of Mound-st and immediately north of the Rainbow Addition to the city of Columbus.

The decision followed a public hearing on Feb. 23 at which more than 150 Franklin-twp citizens appeared in opposition to the annexation of "this or any other portion of the township to Columbus. Because of the overflow crowd, commissioners were forced to move the hearing from their office to a large floor courtroom.

At that time, Commissioners C. P. Lauderbaugh and Henry Koontz reserved decision pending the return of the third commissioner, Harry T. Vigor, from vacation. Citizens who appeared at the hearing in opposition to the petition of Mr. and Mrs. Herbert C. McCreary for annexation of their tract were among those who attended an anti-annexation meeting Sunday, Feb. 21, in Franklin-twp hall.

Band Variety—

(Continued from Page 1)

Instrumental specialties from some of the top-talent in West's band and orchestra will give variety to the 20 acts planned for the show. Mary Martindale, Carolyn Stilwell and Susie Populin will present a flute trio, and Judy Harvey and Ruth Lorenz will harmonize on their violins.

Bill Pickerel has chosen his ensemble of choristers ("eight gauchos and their gals") from the personnel of the orchestra and band. They will provide a vocal and rhythm background for many of the numbers. Members of the ensemble are Doris Dailey, Mary Jane Fagon, Shelva Jean Harlow, Shelba Jones, Karen Reber, Carolyn Stickel, Joyce Strickler, Thora Symonds, Tom Bertman, Don Hessler, Jerry Holycross, Jack Howell, Don Johnson, Ronnie Knipp, Richard Poor and Lee Porter.

Members of the dance-line, who will accent their rhumba routine with whirling skirts and snapping fingers, include Barbara Booth, Patti Burlile, Betty Ellingsworth, Carol Elliott, Jayne Glass, Judy Hurt, Joan Lehman, Sandra Miller, Sue Redman, Doris Tom, Stevie Wright and Donna Young.

New to the show this year will be a talented tapper, Rogee Dalinger, and his partner, Nancy Steele. A Mexican hat dance will be performed by our honest-to-goodness Mexican Hilltopper, Maria Perez.

The opening concert by the orchestra and bands will serve to show why many West High students make a career of music. West is fortunate in having a combined senior and junior high from which the select talent for the shows, and two capable directors, Clair Barnard and Bill Pickerel, to help display that talent.

Society News Deadlines Set

The Hilltop Record society department is endeavoring to provide an enlarged and improved service to its many readers. In order to accomplish this and assure that weddings, engagements, club notes, and women's activities receive the attention in Record columns they so richly deserve, it has become necessary to restate sub mission deadlines for contributors.

Pictures which contributors desire to appear on these pages must arrive at the Record office by not later than 9 a.m. Monday for publication in the same week's paper.

Church notices and news of church activities must arrive not later than 8 a.m. Tuesday.

Deadline for the arrival of news of clubs and other women's activities has been set as 10 a.m. Tuesday.

Because of space and time limitation, only those contributors who meet these deadlines can be assured of fullest consideration for publication.

Ideally, wedding and engagement pictures submitted for publication should be glossy prints not larger than 5x7 inches. If pictures are larger and their owners will not permit them to be trimmed, a special engraving fee must be charged. Otherwise, the service is free.

Hilltop Church Women Arrange Schedule Of March Circle Meetings

The Christian Women's Fellowship of the Hilltop Church of Christ (Disciples) have arranged their March meetings as follows:

Seen at Seiller's

by Sue Fredendall

Take my hand, if your a stranger in paradise, I'll take you to see the most heavenly spring frocks. Shirt waist styles in cotton cord, with action back, which wear like iron; or cute 2 piece charmers that look so fresh and feminine; or dressier styles in navy or charcoal and all the other latest colors.

The new spring toppers are in. Plaids, stripes, beautiful pastels in delicate rainbow hues, and toppers that sparkle like your eyes in the moonlight. A tiny metallic thread woven into the material does the trick.

Seiller's have the darlingest little hats so perky and smart. They remind me of the hats Mamie and her friend wear (the two models in the funny paper, who are always walking in a strong wind.)

Go to Seiller's, get a cute new spring dress and hat or a shorty coat, you'll find you're very very dear to someone. You'll be a stranger no more. Adv.

MGM Movie Brings Memory Of Florida Trip To Hilltopper

Mrs. Luther Walz, 289 S. Burgess-av, has a particular interest in the MGM movie, "Easy To Love" which plays at the Ritz Theater this week end.

Mrs. Walz, whose husband is a draftsman at the Ohio Fuel Gas Co., spent several days on location at Cypress Gardens, Fla., during a 10-day Florida vacation in February, 1953. She met Esther Williams, Tony Martin, Van Johnson, Edith Skinner, and other members of the cast.

Welcomed by MGM officials, Mrs. Walz was permitted to observe details seldom seen by the general movie-going public. "I think I was most impressed by the illusions studio technicians were able to create with their painted backdrops and the pains makeup men took to hide the tiniest skin blemishes of the players," Mrs. Walz said.

"The special swimming pool built in the shape of Florida for Esther William's scenes was even more impressive in reality than in the picture."

Sunday Sermonette

Glowing Christians

By Rev. Harold Dutt
Pastor of Westgate Evangelical United Brethren Church

The striking characteristic of the early Christians was their glow. When Peter and John were brought before the authorities at the Temple "they took knowledge of them, that they had been with Jesus." Their Christian glow could not be eclipsed by persecution.

Modern Christianity must redeem the lost glow and again produce glowing Christians if we are going to win this world for Christ. A certain man in old age attended Stanley Jones' meeting one night and was converted. This man was known in his community as a sour old man. A little girl saw him next day and remarked to her mother, "Mr. So and So looks like he swallowed an electric light bulb." This old man became a glowing Christian when he found Christ.

"And they took knowledge of them that they had been with Jesus." This is still the secret of how to become a glowing Christian. These disciples were not with Jesus for only one hour on Sunday morning but with him constantly for three and a half years. Through the Holy Spirit we can be with Christ and He can be with us constantly. Then when this fellowship with Him is vital there is a reality imparted unto us in the 20th century which will make us "Glowing Christians."

Rev. Dutt

Base Point

We count on the weather vane to give us the wind's direction. No matter which way the vane turns, the four points of the compass remain permanent. Those four points are anchored fast and true.

Yet they stand fast only because of one other feature of the weather vane that's easy to overlook. That is the *base point*, the spot where the weather vane is fastened to the structure that supports it. If that point gives way, the whole apparatus will tumble in the first strong wind that blows its way.

We have our own compass points to guide us in the political and social storms which swirl about us so often these days. We call these points "principles"—the principles established in church. To strengthen those principles so that nothing will shake them loose, we look to the church for a base point that will guarantee our solidarity in any crisis. And we find what we seek in the strength of God, the rock of ages for generations past, and generations yet unborn.

That strength is our strength if we will but make our churches the spiritual base point of our lives.

For thou hast been a strength to the poor, a strength to the needy in his distress, a refuge from the storm . . .
—Isa. 25:4

Hilliards Legion To Present 5th Annual Dixie Jamboree

TWINKLING TOES of these two eight-year-old cousins, Susan (left) and Cathy Lou Wilkinson will be among the acts featured at the fifth annual "Dixie Jamboree" minstrel show of Hilliards Post 614 American Legion, at 8 p. m. Friday, Mar. 12, in Hilliards High School auditorium. Both girls are students of the Keith School of Dancing. Susan is the daughter of Mrs. Harriett Wilkinson, 28 N. Hueron-av, in Columbus and Cathy Lou's parents are Mr. and Mrs. Bob Wilkinson of Hilliards. The girls have appeared in various shows together in Columbus for the past two years.

Hilliards Post 614, American Legion, and its American Legion Band will present their fifth annual "Dixie Jamboree" minstrel show at 8 p. m. Friday, Mar. 12, in the Hilliards High School auditorium.

The two-hour show, for the benefit of the Legion post's building fund, will feature the entire band in blackface as backdrop for the show, end men; a skit, and a number of variety acts.

Harold Conklin will serve as interlocutor. End men will be Ralph Geese, Robert Mayes, Dave Patch, Paul Miller, Jack Headlee, and Jack Rader. The band will be under the direction of Paul Kindinger.

Among feature acts already announced are "The Wilkinsons," a tap-dance routine by two eight-year-old cousins, Susan and Kathy Lou Wilkinson; and "The Brown Sisters," a xylophone duet.

A locally-written skit, "The Angel of Catfish Court," will launch the second act. Its author, Wesley Carpenter of Hilliards, will play the lead role of the Angel as he has done for the past several years.

Mrs. Jack Headlee, general chairmen of the ticket sales, announced that no tickets will be reserved this year. She said that tickets, costing 75 cents each, are available from all members of the post, the band, and the Legion Auxiliary. Tickets will also be sold at the box office on the night of the production.

Wrong Driver Named In Fire Hydrant Mishap

In a story concerning a fire hydrant damaged by an auto at Richardson and Olive-sts last week, the Record quoted from the police blotter that Mrs. D. C. Finneran, 211 S. Eureka-av, was the driver of the car. It was later learned that Mrs. Finneran's daughter-in-law, Mrs. Eugene D. Finneran, was the unlucky driver. The latter Mrs. Finneran, a native of Germany, is married to Sgt. Eugene D. Finneran, who is currently on furlough and visiting his parents at the Eureka-av address.

Hilliards Cow Killed By Passing Truck

A cow belonging to Ray Miller of 2106 Fairfax-rd and valued at $250 was killed last Thursday night when it was struck by an Ohio Fuel Gas Co. truck in the 4900 block of Trabue-rd.

Edward F. Hoppe, Jr., 1774 Walcutt-rd, driver of the truck, said he was attempting to pass an auto when the bovine victim and other cow companions wandered into the road. Injuries to the other cows were reportedly slight.

25th Year of Minstrelsy Passes in Review—Where Does It Go From Here?

Here is the setting and chorus of the minstrel, one of the best looking sets in many years. Most of the acts of the minstrel were taken to Lockbourne Air Base for a program of entertainment of the service men there on Wednesday evening. Total attendance at the minstrel this year was slightly above that of last year. Increasing expenses of presenting the show pose a real problem to be considered in regard to what to do about continuing the minstrel after this year. (Hilltop Record Photos)

Here is a rose among thorns if there ever was one. The American Beauty rose, of course, is Sonya Albery who was well received at the minstrel with a dance number. She has appeared in a number of shows. The thorns are clowns Phil Stout, Sam Alford, and Curtis Wilcox, all of whom had a lot of fun as they provided it for others. The straight man is minstrel chairman Joe Goodwin.

A not too well filled house on last Thursday and a full house on Friday night witnessed the capers of the above Pachydermic Peaches as they appeared in the Silver Anniversary edition of the Hilltop Minstrel at West High School. What the future of the show will be will be answered when the committee meets next Monday to determine if it should be continued. Numerous members of the association are of the opinion they have worked at this business long enough. The above act, incidentally, directed by Eddie Walker, was a highlight of the show.

Joseph W. Martin, Jr., Speaker of the House of Representatives: "Left-wing 'eggheads' are trying to promote us into hard times for political reasons."

William Fletcher Russell, president, Teachers College of Columbia University: "Failure to teach proper citizenship has weakened this nation's ideals and liberties."

Survey Shows Average Franklin Twp. Resident Keeping Calm On Annexation

Freeholders Are Giving Careful Thought To The Entire Issue

A Hilltop Record survey of the opinions of Mr. and Mrs. John Q. Citizen in the portions of Franklin-twp where petitions for annexation to Columbus have been circulated revealed this week that affected landowners are not nearly so excited as pro and anti-annexation forces have led us to believe.

Most of the citizens interviewed in a representative sampling of the areas had definite opinions about the annexation issue. Not one, however, interjected personalities into his or her answers. No one pictured the city of Columbus as a "grasping, land-lusting metropolis" and none of the interviewees pictured his neighbor holding an opposite opinion as a "villain standing in the way of progress" or as a "fool" or "nincompoop."

The opinions were a credit to the wisdom and forbearance of the majority of Franklin-twp residents who are trying to make up their minds on the basis of what is best for the entire community.

Interviewed first were residents of the 2251 acres running roughly from the city limits west to the Prairie-twp line, bounded on the south by Briggs-rd and above U.S. 40 bounded east by Wilson-rd and on the north by a property line drawn from Wilson-rd near Plainview-dr at the southwestern edge of the Mon-E-Bak Addition northeast to the Prairie-twp line. The area includes the new Westinghouse Electric Corp. and Ternstedt Division of General Motors plants as well as the eastern portion of the old Turner farm, now under development by the People's Development Co.

Residents of the 398 acres of Franklin-twp bounded on the south by Briggs-rd, on the north by the Columbus corporate limits, on the east by Chambers-av, and on the west by Demorest-rd were also queried.

Only a few township residents approached failed to relate their views on annexation. Some were afraid of offending neighbors. Others thought their business might suffer if they jumped the wrong way.

Here's what William Tinapple, 4864 Fisher-rd, whose 20-acre farm is the westernmost in the township, had to say:

"I'm against annexation, mainly because we're not ready for it this far west. .. I didn't sign a petition. All annexation would mean now is higher taxes. Besides, fire protection won't be as good under the city. Ten years from now, when things are built up a little more, they might try me again on the petition., I'm afraid the promoters of annexation are thinking only of selfish gains; then, they'll move out, leaving us saddled with something we don't want."

Down the road a piece, Curtis Link, whose 35 acre-farm fronts on 3843 Fisher, said he was for it, even if it should mean that his farm might be zoned out of existance in some future year.

"I don't think we should stand in the way of progress," Link said. I signed about a week ago in favor of it. The city will give us water mains a lot cheaper. If the city is willing to take us, I say let's go in. I don't expect any immediate benefits such as gas and water. My wife and I have lived most all our married lives here and its confusing trying to make up our minds all at once. I guess I'm still for progress."

Jonas Phillippi, owner of a 152-acre stock farm at 635 Phillippi-rd, declared he didn't think he'd see the area around his farm a part of Columbus during his lifetime.

"I'm against it," Phillippi said emphatically, "There's nothing around this western township area but farms. The annexation people have bit off more than they can chew. I've been approached twice in the past two weeks to sign a petition and I turned it down both times. All it would mean would be higher taxes. They're not going to give us anything. The promise of sanitary sewers doesn't mean a thing to me. My septic tanks have been operating just as well as city sewers for about 30 years."

Mrs. Donald C. Best of 2000 Grace-st said, "I kind of hate to see the city come out here, but I guess we always knew it would happen. It'll mean the end of our raising race horses on these two acres if subdividing follows annexation. We have our own water and sewerage and use an electric stove, so annexation wouldn't be doing us a favor. Columbus wants the big factories out here, but I think the township needs and deserves them to support the school program."

C. F. Beard of 475 Derrer-rd said he hadn't been approached with a petition and that he was still studying it. "I guess I think we ought to go into the city," Beard said. "It's going to happen sooner or later anyway, so we shouldn't fight it."

Henry Reeb, who operates a truck farm on his 17 acres at 2702 Briggs-rd, declared "I'm against this taking the heart out of the township and taking tax revenue from our schools. I turned the petition down. I think the city is pulling a fast one and all it's going to mean to us is higher taxes."

Lester L. Freeman, 911 Binns-blvd, was an enthusiastic booster of the annexation plan. "Sure, I signed," Freeman said. "I want city water, gas, sewerage, and police protection. My well water isn't fit to drink and I've had to carry drinking water from city taps to my home in five-gallon jugs; that might have something to do with the way I feel. The city has promised us water within 60 days of annexation and that's good enough for me."

Emerson E. Moon, 35 Florence-av, said he didn't qualify to sign a petition since he was buying his home on a land contract. "But I'm all for annexation," he said. "We're so near the city here in the Broadlawn Addition that we might as well be in it. I don't think it's going to cost us any more in taxes and look at all the advantages we'll get, including lower fire insurance rates. I'd like to see the whole township incorporated at once."

THE ASK-IT TEST

Pick a fellow and ask him a question. If he says, "No comment," he's a big shot. If he says, "I refuse to answer," he's a questionable shot and if he says, "I don't know," he's an ordinary confused citizen. (The Chicago Daily Tribune)

'Show Me,' Say Most Hilltoppers Polled On Flying Saucer Issue

A recent prediction that the U.S. Air Force would soon reveal that flying saucers are real and probably are from another planet prompted this week's question to six Hilltop residents. The question: "Do you believe that there are such things as flying saucers?"

Here's what your neighbors have to say on the issue:

Mrs. J. P. Neff, 900 N. Hague-av: "I have never seen one, or anything that resembles descriptions of flying saucers. I believe that until I actually do, I'm a little skeptical about their existence."

Mrs. Peter Owens, 236 S. Terrace-av: "I have read and heard a lot about flying saucers, but the reports have never been clarified. If they really do exist, they are probably military secrets."

Mrs. Harry Wood, 123 N. Roye-av: "I don't know what they could be. It has been suggested that they are from other planets but I don't believe anyone actually knows."

Mrs. Marjorie Smith, 671 S. Burgess-av: "There have been so many reports that it's pretty confusing. I have talked with people who do believe they exist but as far as I'm concerned, "Seeing is believing"."

Mrs. Emma Hall, 220 Midland-av: "No, I don't believe in them at all. I've read articles and reports about flying saucers but I'm certainly not worrying about them."

Mrs. Elaine Strong, 576 Wrexham-av: "There is a possibility of their existence but it is so controversial. They could be atmospheric illusions, or might be objects from another planet. I have tried to keep an open mind on the subject."

Kiwanis Sponsors 'Go-To-Church' Contest For West High Students

Both West Junior and Senior High School students will make a special effort to attend every Sunday worship service of the Lenten season as a result of the Hilltop Kiwanis Club's "Go To Church Campaign."

Roy Kistner, chairman of the Kiwanis support of churches committee, said both junior and senior high students are eligible to earn special gold-plated pins for attaining a perfect record of attendance at church worship services during Lent.

Kistner reminded students yesterday that the contest begins this coming Sunday, Mar. 7, the first Sunday of Lent.

Every student who certifies on a card that he or she has attended each Sunday a service during Lent will receive the pin in a special assembly in the high school after Easter. If illness forced an absence, the pin will still be awarded, Kistner said.

The gold-rimmed award pins have a white cross in their centers on a purple background. The words "Youth For Church—Kiwanis" are inscribed in gold on the pins.

The plan, which was announced several weeks ago to the two high school bodies, has already brought several enthusiastic comments from students to local pastors, Kistner said. All Hilltop pastors have been invited to cooperate in the project.

Members of the Hilltop Kiwanis Club support of churches committee include, in addition to Kistner, Rev. Harold Dutt, W. Haydn Jones, Noble Allen, Dick McGarry, Fred Raether, Larry Scales and Harold Fox.

YOUR YOUTH

By Bob Schmidt—Dick Wilson

Bob and I can only "drool" this week as we think of the preparations Mrs. Ingle, the "Y" secretary, is making to leave for Florida with her husband, Carl and son, Bill. We will most certainly miss her helping hand while she is gone, but we still want to take this opportunity to wish her and her family good swimmin', good fishin', and good trippin'.

Speaking of swimming brings to mind the terrific crowds that have been coming down to the Y to go swimming at the Central YMCA. There has been an average of 40 boys show up for this event on the first and third Saturdays of every month. Everyone is invited to attend. We meet at the Hilltop YMCA at 1 p. m., catch a city bus as a group to go to the Central Y, and get to swim from 3:30 to 4:30 p. m. Then we return as a group to the Hilltop.

The nice weather we've been having certainly has caused the ball gloves and bats to be taken from the closet and dusted off. The old timers who were in the Slo-Pitch League last year have been after Bob and me to start organization of the 1954 league. For the information of those interested, we are going to start the ball rolling in early March. We are planning at this time to also organize a Junior Church Softball League, Intermediate Church Softball League, Little Nine Baseball League, and a Little Bigger Baseball League. Watch this column for further details and watch your mail boxes for announcements of organizational meetings.

Below are the standings of the Gra-Y Basketball Leagues which hold their matches at Glenwood Methodist Church every Monday and Thursday evening.

LETTERS TO THE EDITOR

Editor,
The Hilltop Record,
2465 W. Broad-st
Dear Sir:

If possible, may I obtain a clipping from your December 1953, issue of "Looking Backward Through the Record Files", which contains a brief account of my accident on Nov. 20, 1938?

Somehow, I missed seeing it — but was told a reference was made concerning it by a friend. Thanks! So nice to be remembered after so many long years!

This accident has caused me to be more or less a "shut in" for over 15 years now. I seldom leave my home or get outside anywhere. It's a permanent condition for life my surgeons have told me! Strange events can happen and change a life and career in a few seconds for ever; but God is good and cares for us always, if we only trust Him.

Nostalgic memories are legion as I write this!

I might add — I love The Hilltop Record and have read it ever since its earliest appearance years and years ago! My how it has changed and improved since then! It's a vital part of my life and I would hate to think I'd ever have to be without the weekly pleasure it affords me — Even if I did miss out on part of my own life story!

Sincerely
Bessie Swaney Groves

MARCH

Since yesterday—
How the wind blows on the hill
Glad are the evergreens,
Gay is the willow, bursting to lavender blooms.
The goldfish released from the ice covered tomb
Swim, glinting in sunshine,
Hunting for green things,
[redacted] yesterday—
Have the iris crowns risen,
The grasses greened and the bare bells
Thrown out their fronds—
Since yesterday.

Dear Boss:

As an old-timer at being a grandparent, I congratulate you on the coming big event. There is nothing like being a grandparent, unless it's being a parent. Wait till your little grandson/daughter brings home chickenpox and other children's diseases and passes them around impartially among his/her adoring adult relatives. Mine did that recently. That will "slow you down." (You CAN get chickenpox twice. We found that out at our [redacted].)

Just don't go spoiling the grandchild. And look who's talking. But what are grandparents for?

Best wishes to all concerned. I hope you will recover nicely. If there is anything you want to know, just ask me. I've had experience.

Helpfully,
Grandma Weakley.

During our lives we meet people whose names we might never know but who leave lasting impressions. One such person was a frail little patient in the charity ward of a Tennessee hospital who had been brought in from a shack in the mountains. My favorite shutin was in the hospital, and while I was visiting her she asked me to take some of her flowers to the charity ward. This little mountain lady was in the bed nearest the door. She seemed hungry for somebody to talk to, or for somebody who would listen to her. I gave her the flowers and sat down beside her bed. She talked on and on, and it was good to listen to her, though heartbreak and awful weariness were in her soft southern voice. I don't suppose anybody had listened to her in her whole life. Nobody had taken the time, or maybe they thought she had nothing to say that would be worth listening to. Of course I can't quote her verbatim but some of her words I shall never forget. She was pleased and proud that they had taken her to the hospital in a "great big shining rig," and that they were in such a hurry to get her there that when they went through the town they didn't even stop for lights. That made her "Queen For A Day"; she was the most important woman in Knoxville that day, she reckoned. She told me she had had seven "younguns" and had been sick before, but she never had been so "tuckered out" as she was when the doctor came to her house and told her she had to go to the hospital. She said she just "give out" and her husband was a mite put out because he didn't hold with doctors and hospitals none. She said her "man" had got religion once and now he just SET all day, waiting for the Lord to call him to do something. While he "set," she raised the children, hired out to the neighbors to hoe tobacco and cooked and washed and cleaned. Once a lady tourist had traded her a ring for a quilt she had made before the younguns came, but her man took the ring and sold it and bought himself some fishing tackle because he could listen to the Lord call him better when he was fishing. Anyway, her man didn't hold with gewgaws none either. She told me she was glad her hospital window was "fixed" so she could see the sun set because she had not had much time to watch sunsets before, and she wondered if a whippoorwill that always called to her in the evening when she went to the spring for water would miss her while she was away. She guessed maybe he was lonesome too and maybe tired, like she was.

POTPOURRI

By Mrs. John Nutting

Have you thought of making a rose bowl, or as we might more correctly term it, a potpourri? It is really just that: a mixture of pleasantly scented flowers, leaves, herbs and spices. The formula is largely a product of individual imagination, a mixture of the scents and odors one likes best. The foundation and main ingredient is dried rose petals.

Unfortunately, the old-fashioned thousand-petaled rose of grandmother's garden is very rare today. When they were available very little else was needed, as they were highly scented and their haunting fragrance lingered for years when kept in closely covered containers.

Today, we find it desirable to use, in addition to the rose petals, other sweet-smelling flowers or leaves which retain their odor when dried, such as lavender flowers, rosemary, marjoram, camomile, the leaves of the lemon-scented verbena, geranium, and the various mints. Even dried orange or lemon peel may be added. Some gardeners are making a hobby of growing the old time aromatic plants and herbs. These foresighted souls need seek no further for the ingredients for their potpourri. Corn flowers retain their deep blue color when dried, and while they have no odor, give color interest if one is using a glass bowl or sheer organdy bags for sachets.

The petals and leaves should be gathered in the early morning and carefully dried on trays. An old window screen makes an ideal drying tray, allowing a circulation of air through the petals. Shake gently every few days. Too fast drying results in loss of aroma, too slow may mean mold or rotting. The garage or attic, warm and dry, are ideal drying rooms.

When the petals and leaves are thoroughly dry, spices, such as cinnamon either bark or ground, cloves, orris root, calamus root, sandal wood, benzoin, and coriander seed may be added. It may be necessary to visit your druggist to obtain some of these ingredients.

No precise formula or combination of ingredients can be given. Make your potpourri according to your own individual taste and desire and its haunting and subtle aroma will delight you whenever you lift the lid of that old sugar bowl or open your lingerie drawer some snowy winter day.

Gather plenty of petals, use your imagination, and have fun.

JUST THE SAME

Jack — Do you act toward your wife the same as you did before you were married?

Bill — Just the same. I remember when I first fell in love with her I would lean over the fence of her house, gaze at her shadow on the curtain, afraid to go in. And I do the same thing now.

These Eyes —
How Well Do You Know Them?

Robert M. Draper, well-known Hilltop attorney, is the possessor of the eyes shown last week in this popular, strictly-for-fun guessing game.

Clues to Bob's identity included the statement that he has been active in "readin', writin', and arithmetic for a good many years. That fits to a "T" Bob's work as a member of the Columbus board of education. Bob lives at 104 S. West-[redacted].

The mystery eyes above belond to an equally well-known distaff member of the Hilltop community. We'll tell you that "her eyes have seen much of note" and that "she is a natural born leader."

If you're halfway "sharp," you should come up with the answer in nothing "flat."

FATHER AND SON NIGHT: About 30 fathers of Hilltop Athletic Club members joined their sons and some 70 other members of the club at its meeting last Wednesday, Feb. 24, in the Westgate Park shelter house to learn what assistance the dads could offer their sons. Dads were given special name tags to help them in becoming acquainted. Here, grouped around one of the tables during the meeting are, left to right, Fred Bell (standing), who served as temporary chairman of the dads' group, Fire Department Lt. Melvin Neff and his son, Joe, Fred Martin and his father, Russell Martin. It was decided to invite 100 fathers to a special dads' auxiliary organization meeting yesterday evening for the purpose of making plans to back the youths in all ways possible, including financial assistance, supplying of needed athletic equipment, coaching, and moral backing. Future plans include launching of a building fund for the youths who now have no club house of their own. (Hilltop Record Photo)

Hilltop YMCA Junior Church League Contest Tightens

By Dick Wilson

The Hilltop YMCA Junior Church League tightened up last week at John Burroughs gym as Louie Proper's Hoge Memorial, Bill William's Westgate EUB, Don Grant's Burgess EUB, and George Miller's Westgate Methodist teams collected victories.

Hoge scored its victory at the expense of the Junior Firemen as the "Red and White" went down 71 to 19. John Edwards led the barrage of buckets for the Presbyterians, hooking 10 baskets and one charity throw for 21 points. All the remaining seven players in the Hoge lineup managed to break into the scoring column. Brown was the shining-light for the losers, making good on seven fielders and one free throw for a 15-point total.

Westgate Methodist eked out a 30-28 victory over the Hilltop Church of Christ. Westgate collected nine points in the first period while holding the Goudy-coached five to one field goal. Church of Christ put on a last quarter spurt to come within three points of victory. Smoot and Dunham tied for scoring honors for the losers with [illegible] points apiece and Mack and Ewing led the victors with eight each.

Burgess EUB beat an improved West Junior Hi-Y 48-27 in a game which was never in doubt but which showed the losing team using teamwork and passing ability not displayed in previous games. Thomas and Poston led the high scoring Burgess five with 10 points each while the losers were led by Bill Nebinger and Mike Engle with seven and six points respectively.

Westgate EUB held its undefeated record in the final game of the evening as it clobbered Glenwood Methodist 37-8. Don Ireland led the Westgate attack with 12 markers while Steve Byerly and Ralph Tittle were the only Glenwood players able to crack the tight Westgate defense. The undefeated Lightning 5 was Glenwood's entry in the senior boys division. The entry in the intermediate boys division was the once-beaten West Side Pirates, while the Bombshells were the Junior Boys League's representatives.

In the girls' divisions, the seniors were represented by the Blue Sockers. The Intermediate League-winning Wildcats were entered in that division and the Hoopsters were to play in the Junior Division.

Undefeated Lightning 5 Annexes Glenwood Sr. Boys' Cage Crown

The Lightning 5 won the Glenwood Recreation Center's Senior Boys' Basketball League last week with an undefeated record in seven games. The team was also undefeated in pre-season league play with a 5-0 record, but were beaten by the Hilltoppers in the pre-season tournament.

The Lightning 5, however, avenged this pre-season tournament defeat with a thrilling 35-34 victory over the Hilltoppers in regular season play.

In winning the league championship the Lightning 5 became Glenwood's representative in the Inter-Center Tournament, which was held Monday through yesterday at Glenwood Recreation Center.

The Hilltoppers' only loss of the season, including their 5-0 pre-season record, was the 35-34 defeat by the Lightning 5. Their regular season record was 6-1. One of the highlight games of the season was the Hilltoppers' 44-42 overtime win over the Little Bucks after trailing most of the game.

The Clowns and LaCasa tied for third place with 4-3 records. The Clowns lost two of their last three games by a total of three points and thus lost their chance for a runner-up position in the league.

The Little Bucks and Milo finished in a tie for fifth place with a record of three wins and four defeats. Bill Winnestaffer of the Little Bucks was the season's high scorer with 121 points and runner-up in game average with 17.3. Wildlife Survey Counts Franklin County Quail

Contrary to popular belief, all of the best quail range does not lie south of State Route 40. According to a survey conducted by the game management section of the Ohio Division of Wildlife, two study areas showing a tremendous quail population were located in Licking and Delaware Counties.

A study of the summary of quail covey strip censuses conducted on five areas within Franklin County shows an estimated number of 15.7 covies per square mile with the covies averaging 12.5 birds or an estimated number of 196.3 quail per square mile.

Established in the early summer of 1952, the bobwhite quail study was conducted by local and district game management personnel and was carried on in some 13 Ohio counties.

1954 Fishing License Became Effective Mar. 1

Law enforcement officials of the Ohio Division of Wildlife are reminding fishermen that the 1954 fishing license became effective Mar. 1. It is further pointed out that each license purchaser should get a digest of the fishing laws. If at the time of purchase, the license buyer is not given a digest, wildlife officials say one should be requested as each license issuing agency in Ohio should be amply supplied with them.

North's Polar Bears, South's Bulldogs Dominate Hilltop Record All-Stars

West Captures Two Places On Mythical All-City Cage Squad

By Woody Owen

North High School's Polar Bears, newly-crowned City League champions, and South High's runner-up Bulldogs captured four positions each to dominate posts on The Hilltop Record's 16-man, all-city squad selection announced today.

West, Central and East captured two places and Aquinas and Linden one each.

The mythical Record squad has all the requirements of greatness, good height, excellent rebounding, and great scoring ability from both the outside and underneath to go along with some outstanding playmakers. Chief of these playmakers is Benny Wright, South's great little back courtsman, the tops in the league.

While some of those named have shown weaknesses, the all-around ability of others would more than make up for these, were they to play as a squad.

Some of the posts are filled by players who were not the flashy type, but good, steady performers who made good showings in every contest in which their teams participated.

North's great leader, Jim Franklin, and South's Clarence Pointer, the league's two top all-around performers, were selected as co-captains of the squad.

The selections are as follows:

First Team

F—Clarence Pointer, South; Charles McCampbell, Central; Tom Jordon, North, Frank Howard, South.

C—Jim Franklin, North.

G—Benny Wright, South; Lee Morgan, East; Jim Vincent, West; Tom Haire, North; Ralph Beiser, Aquinas.

Second Game

F—James Southall, Linden; Don Harris, Central; Jack Craine, North.

C—Nate Harris, East.

G—Jim Pruden, West; Quincy Dunn, South.

VOLLEYBALL VICTORS—Bill Kuhn, captain of the West Park Methodist Church volleyball team which won the crown in the Hilltop YMCA Men's Volleyball League, accepts a trophy on behalf of his smiling teammates from Sam Alford, a member of the Hilltop Y board of management, in ceremonies held this past week end. Left to right above are Hugh Stimson, John Shoaf, Kuhn, Alford, Bill Kearney, Ray Loughlin, Chuck Dillie, and Ken Dillie. Out of a possible 27 games, the West Park Methodist volleyballers marched to victory 25 times and lost only five times. The Hilltop YMCA's Volleyball League, made up of four church teams, has completed its first year of existence. The season just over, ran 10 weeks.

West High Cowboys End Season By Dropping 70-59 Decision To The Central High Pirates

West High School's cage squad closed its 1953-54 season last Friday night by going down to defeat at the hands of the Central High Pirates by a score of 70-59.

Thus, the locals ended up with a 3 won, 9 loss city league record and with a 9-11 overall season mark.

The Pirates and Cowboys ended the first period at 15 all with McCampbell accounting for nine of the Riversiders' markers. Randall scored six for the Cowboys.

The cowboys took a 26-23 lead with three minutes remaining in the second period, but the Pirates, behind the brilliant offensive play of Harris and McCampbell with three goals each, spurted to take a halftime lead by a 38-33 margin. Furry counted seven for the Cowboys in this period.

The third period was nip and tuck with Vincent's seven points leading a Cowboy upsurge as the locals trailed by a 49-48 margin at the three-quarter mark.

A fielder by Hicks as the final period began, gave the locals a 50-49 lead, the only time they led in the final half.

McCampbell, Harris and sub-Guard Robinson then began to hit successfully from the field and the charity line and the Pirates spurted to a 55-50 lead. The Pirates went on to outscore the Cowboys by a 21-11 margin in the period to wrap up the win.

McCampbell and Harris led the Pirates offensively with 28 and 17 points respectively while sub-Guards Sally and Robinson played fine floor games.

Dick Furry led the Cowboys with 16 markers.

The Central District tournament began this week with the Cowboys drawing a first round bye and on Saturday night, Mar. 6, meeting the winner of the Grove-City-Marion Franklin game.

Should the locals win, they will then meet the winner of the Linden-St. Charles game in the quarter finals on Tuesday, Mar. 9.

OFFICIALS DIFFER —

(Continued from Page 1)

regulations concerning animals would apply to the city-dwelling farmers.

"While many of the regulations pertaining to livestock and animals in general belong to the public nuisance category," Dr. Goodloe said, "the building up of areas would probably cause farmers to find themselves liable for such additional violations as fly-breeding."

Annexation of areas in which petitions are currently circulating would necessitate the hiring of at least four additional board of health sanitary inspectors to supplement the work of the 10 who are now assigned to housing, garbage, and public nuisance inspections, Dr. Goodloe disclosed. It would also mean spending an additional $12-$15,000 a year for the DDT spray program conducted by the board four months out of the year, he said. His estimate included the cost of new machinery, coal-oil, and DDT, in addition to extra personnel.

Mosbacher declared that land annexed to the city would remain in a non-conforming use zoning category and that farmers would not be disturbed in the slightest in the pursuit of their occupation.

"Once a farmer sells out, though, I don't believe anyone else would be able to start a farm on the same property, nor could the original farmer change his mind and go back to farming later," Mosbacher added.

Week Of Mar. 6-14 Set As National 4-H Club Week

The week of Mar. 6-14 has been set as National 4-H Club Week, with "Working Together for World Understanding," as its theme. The 4-H Clubs in Franklin County will hold reorganization meetings during the week.

A green four-leaf clover with a white "H" on each leaf is the emblem from which 4-H derives its name. The H's stand for head, heart, hands, and health. Boys and girls from 10 to 21 years of age work together in 4-H Club activities, which have as their common goal the development of good citizens.

Volunteer leaders and parents of local club members work together in the development of the club program. A County 4-H council, composed of parents and advisors, is the policy-making body for all activities in the county. The County Agricultural Extension service cooperates with these county and local groups.

If You Believe In Justice, Please Read This!

As you know, I have been made the "goat" by some during the past six weeks, which has probably made some of my neighbors very happy. However, most folks know me as a good-hearted Dutchman, brought up in the old-fashioned way, trying to do what's right and treating everyone fairly.

I was born on a farm in Franklin County and raised by poor, but CLEAN and HONEST parents — the kind of folks who minded their own business and, in those days, their neighbors did the same. After graduating from Grove City High School, I worked on the farm for three years before enrolling at Capital University. During my four years at Capital, I worked for Armour and Co., to defray my expenses, remaining with them until 1942, when I went into the Army, serving Uncle Sam for three years while some of those who would like for me to remove my business from 1038 Harrisburg Pike sat back and let me help to preserve the American way of life for them.

So, folks, I am still open for business — carrying on as usual — bringing you great values. All I ask of my customers is that they continue to take advantage of savings which can be made here and I am sure everything will work out for the best.

Remember — cattle are butchered all over America, so I feel that it is not fair for some to single me out as one who should not be in the business, particularly, when I have a place that is second to none in cleanliness. The doors of my establishment are open at all times for your inspection. COME IN . . . SEE . . . and be CONVINCED!

Redick Opposes Water District For Columbus

Annexation got a further airing at the meeting of the Hilltop Business Association Tuesday night at Westgate Methodist Church when Service Director Floyd Redick and planning Commissioner Matt Mosbacher spoke on the subject of water, sewers, and annexation.

Redick explained that he is very much opposed to the establishment of a water and sewer district and pointed to complications that have arisen in the Cleveland area under such an arrangement. He states that the complete control of such services should rest with the city but that the people being served are entitled to their representation in such matters and will be if they are a part of the city.

Much concern has been expressed over status of school zones, etc., if annexation should come about and it was explained that school districts need not be disturbed under annexation.

In answer to the question as to how the city could provide more water under annexation than at present both Redick and Mosbacher replied that annexation would make financing of such a program much easier and that too. "It is unfair to mortgage the property of

Area Near Sullivant Airport Set As Site Of Parade Of Homes

DEATH CAR—Five persons died in the mangled wreckage of this automobile, which came to rest some three-tenths of a mile down the track near the Humphrey-av crossing after it was struck by a B&O Railroad freight train early Sunday morning at the W. Mound-st crossing. The engine of the train picked up the car on impact and carried it high on the diesel until it could be stopped. Police said the demolished auto will be displayed in front of police headquarters. (Hilltop Record Photo)

Plans Include 35-40 Homes In Low And Medium Price Ranges

The 1954 Parade of Homes will be located on a tract directly to the west of the Sullivant Avenue Airport, marking the first year the model home project has been located in the Hilltop area, it was learned authoritatively yesterday.

Plans include the construction of 35-40 homes in the low and medium price range on the Franklin Twp. site, which is a portion of the Hague Heights development. Construction of the homes is expected to get underway in June.

Tentative dates for opening the homes to the public have been set as Sept. 19-26. Ken Corrigan, vice-president of the Columbus Home Builders Association, was in Florida and could not be reached for more detailed information. Corrigan is chairman of the 1954 Parade of Homes project.

Meanwhile, Charles L. Prior, 1477 King-av, who is associated with O. V. Perry of the C. V. Perry and Co. realty firm in the Hague Heights Co., formed for the development of the entire 70-acre tract, said that the Parade of Homes would be located along a new street which is to be constructed in the development.

Contractors began excavation work last week for storm sewers, sanitary sewers, and water lines along the site of the new street, which will be named Georgesville-rd, Prior said. Approval for tapping of city water and sewer lines was granted last fall. Completion of the below-ground work is expected by May 1.

An additional loop of streets will be constructed to permit access to the Parade of Homes, Prior said. Street-paving will be done by the Smith Construction Co. of Youngstown, with a target date for completion of June 15.

The Hague Heights development is bounded on the north by Sullivant-av, on the east by Sullivant Avenue Airport, on the west by Georgesville-rd, and on the south by an imaginary line drawn from the southern intersection of Sullivant-av with Georgesville-rd.

Eventually, the development would accommodate up to 400 homes if completely subdivided, Prior said.

Camp Chase Post Plans Mortgage Burning Apr. 17

Plans for a mortgage burning, assistance to Boy Scouts, and earning of district-wide membership honors by the local post were among the highlights of a meeting on Friday, Mar. 5, of Camp Chase Post 98, American Legion.

It was announced that the mortgage on the Camp Chase Post Veterans Memorial Home at 2211 W. Broad-st has been paid in full. Its burning will be one of the program features of the Silver Anniversary party of the post to be held Apr. 17 at Bonka's Provincial House.

Members voted $35 assistance to a local Boy Scout, who will have to earn an additional $125 to attend a special camping session this summer in New Mexico.

Membership figures reached 614 at the meeting, equalling last year's peak and making it a certainty that 1954 paid memberships will reach the highest level in the history of the post. Camp Chase is slated to receive a number of awards at the 12th district American Legion conference on Sunday, Mar. 21 at Bexley Post 430. Among these are the trophy for most new

5 Die In W. Mound-st RR Crossing Train Crash; 'City's Worst Accident'

The Baltimore and Ohio Railroad crossing at W. Mound-st, just north of the Central Point Shopping Center, was the scene of the city's "worst traffic accident" early Monday when three women and two men died after a B&O freight train collided with their auto.

The impact of the collision carried the demolished automobile about three-tenths of a mile down the track to the Humphrey-av crossing. Termed by police the worst Columbus accident on record, the accident brought to eight the city's traffic dead, compared to nine for the corresponding period last year.

The dead were:

George Commodore, 44, of 406½ E. Mound-st, grocer and driver of the death car; Mrs. Lula Mae Brown, 30, of 338 Ridgeway-av, who was also riding in the front seat; Mrs. Beatrice Talbot, 23, of 332 Ridgeway-av, sister of Mrs. Brown; Don Long, 870½ N. Pearl-st; and Ruth Preston, also of 870½ N. Pearl-st.

The occupants of the car were returning home from Springfield and were traveling east when the diesel of a 55-car Newark to Cincinnati freight train struck them at 3:20 a. m., police said.

All except Mrs. Brown were reported dead on arrival at Mt. Carmel Hospital. Mrs. Brown died at 6:30 a. m., suffering from skull and leg fractures, rib fractures, and internal injuries.

Police said the vehicle skidded for 80-85 feet in a futile attempt by its driver to avoid the train. The crossing is protected by warning lights which were flashing at the time of the accident.

All the victims were pinned in the wreckage and police and firemen worked for 10 minutes to free the two front seat victims and 30 minutes to free the bodies of the passengers in the rear seat.

Mrs. Gallagher Endorsed For Democratic Committeewoman

Mrs. Gertrude D. Gallagher, 815 S. Terrace-av, was formally endorsed for Democratic state central committeewoman at a county-wide planning session of "Reorganization Democrats" Tuesday night in the Seneca Hotel.

At the same time, the group endorsed Attorney John D. Connor, 200 S. Chesterfield-rd, chairman of the meeting, to succeed himself as Democratic state central committeeman and laid plans for support of its other candidates in the approaching primary.

Mrs. Gallagher, a newcomer to county politics, has been an active worker in the Democratic Party on the Hilltop and presiding judge of the election booth in Precinct U of Ward 11 for 30 years.

A native of Wellston, Jackson County, O., Mrs. Gallagher has been a Hilltop resident for 31 years. She and her husband, Capt. William J. Gallagher of the Columbus Fire Department fire prevention bureau, have lived at the S. Terrace-av address for the past 28 years.

A business analist for the Columbus district of the Office of Price Stabilization for 14 months in 1951-52, Mrs. Gallagher's territory included 28 Ohio counties. Previously, she was a department manager for Morehouse Fashion for 18 years.

Mrs. Gallagher is a member of St. Aloysius Church.

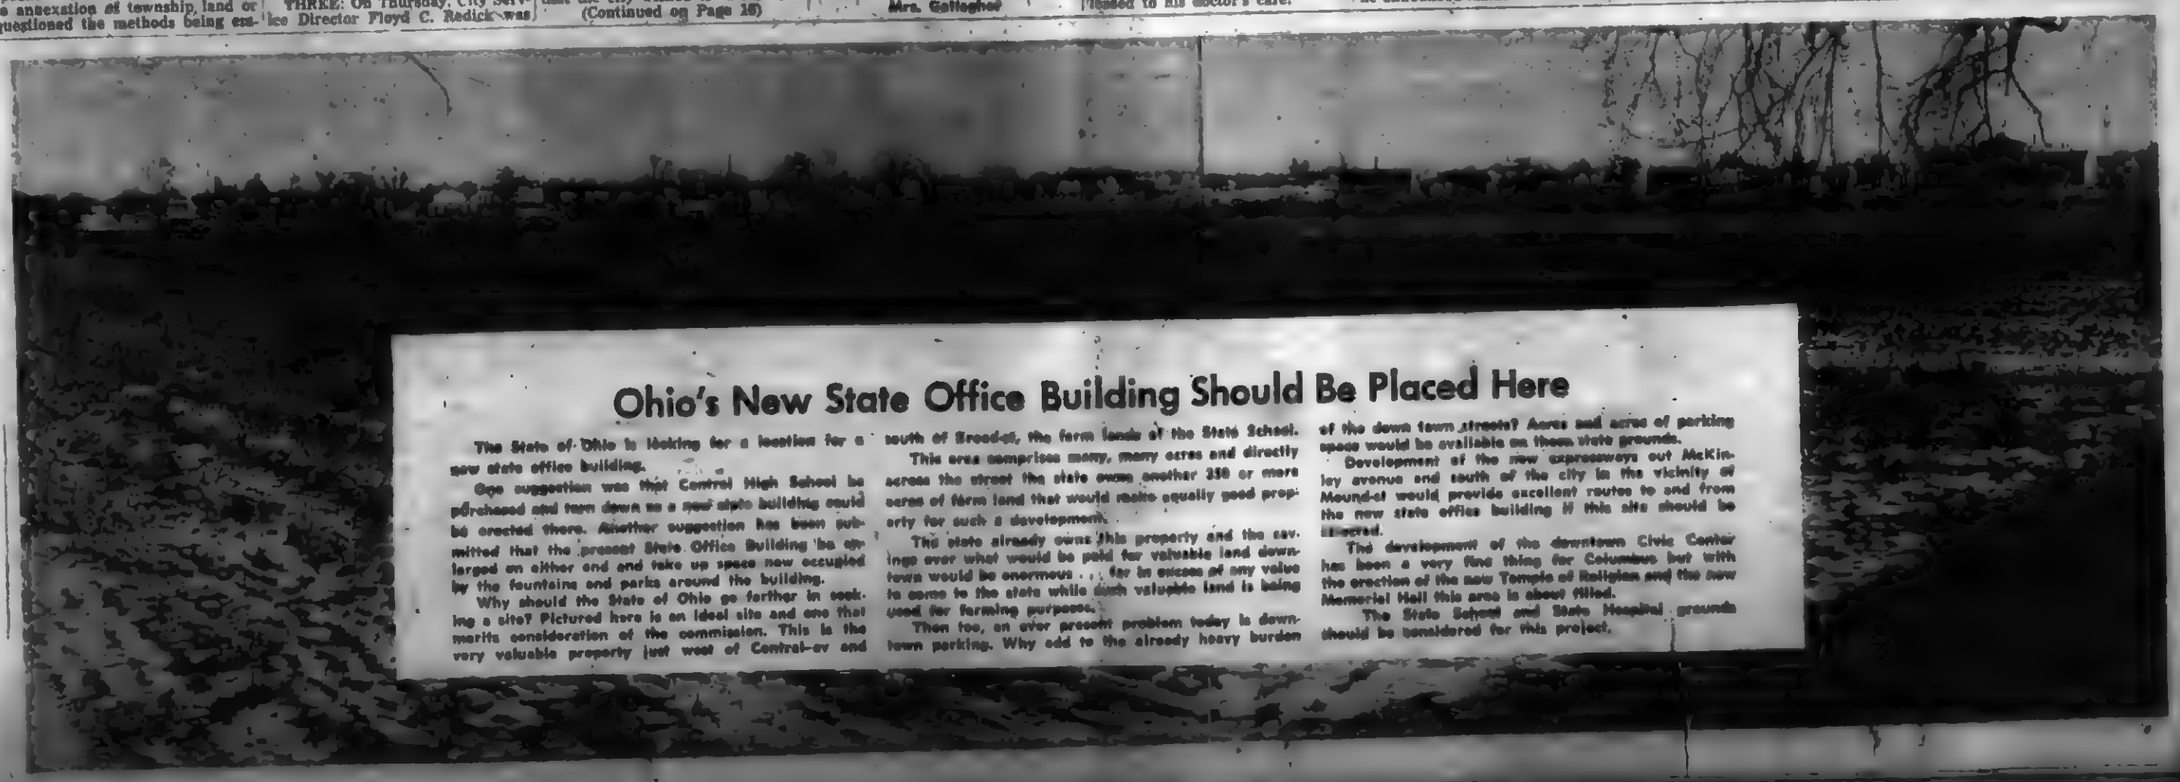
Annexation Pot Continues To Bubble

Developments came thick and fast during the past eight days in the proposed annexation of some 7100 acres to the city of Columbus, including a large segment of Franklin Twp.

They included:



ONE: A meeting of more than 400 Franklin Twp. residents last Wednesday evening, Mar. 3, in the South Franklin Elementary School. Called by D. J. Kunz, president of West Franklin Associations, Inc. as a meeting of member groups "to explore" the entire annexation problem, the gathering took on the the nature of an anti-annexation session as all the group speakers either voiced opposition to annexation of township land or questioned the methods being employed to effect such annexation.

TWO: Also on Wednesday, Mar. 3, a city planning commission report declared that Columbus must more than double its size within the next seven years "to survive on a sound economic basis." The report also announced a long range goal of annexation of 38 square miles outside the corporation limits in addition to the areas now petitioning for annexation. City planners also recommended that Columbus make no further extension of water and sewage facilities during periods of shortages except to areas where petitions for annexation have already been approved by the county commissioners.

THREE: On Thursday, City Service Director Floyd C. Redick was informed by the county commissioners that they would hear each of the 12 petitions to annex some 7100 acres of Columbus on the basis of individual merit. At the same time Redick was seeking an opinion from City Attorney Chalmers P. Wylie on six questions relating to water service and annexation. Wylie said his office would require several days of study before being able to render these opinions.

FOUR: Regional Planning Commission members rejected a proposal that industry could be barred from locating in undeveloped county areas. Robert Tenford, a member of both the city and the regional commissions said that complaints that the city wished to "steal" val-

Ohio's New State Office Building Should Be Placed Here

The State of Ohio is looking for a location for a new state office building.

One suggestion was that Central High School be purchased and torn down as a new state building could be erected there. Another suggestion has been submitted that the present State Office Building be enlarged on either end and take up space now occupied by the fountains and parks around the building.

Why should the State of Ohio go further in seeking a site? Pictured here is an ideal site and one that merits consideration of the commission. This is the very valuable property just west of Central-av and south of Broad-st, the farm lands of the State School.

This area comprises many, many acres and directly across the street the state owns another 250 or more acres of farm land that would make equally good property for such a development.

The state already owns this property and the savings over what would be paid for valuable land downtown would be enormous . . . far in excess of any value to come to the state while such valuable land is being used for farming purposes.

Then too, an ever present problem today is downtown parking. Why add to the already heavy burden of the down town streets? Acres and acres of parking space would be available on these state grounds.

Development of the new expressways out McKinley avenue and south of the city in the vicinity of Mound-st would provide excellent routes to and from the new state office building if this site should be secured.

The development of the downtown Civic Center has been a very fine thing for Columbus but with the erection of the new Temple of Religion and the new Memorial Hall this area is about filled.

The State School and State Hospital grounds should be considered for this project.

Firemen Quench Diesel Fire On N. Hague Ave.

Motorists shared in the excitement last Thursday morning when Columbus firemen battled a blaze on a diesel locomotive engine at N. Hague-av and the Pennsylvania Railroad. Despite dense black smoke, which blanketed the immediate area, firemen quickly extinguished the fire they said started when the locomotive's steam generator overheated. The loss was unestimated.

Hilltop's Lincoln Village To Go "Full Steam Ahead," According To Builders

The Hilltop's largest housing development will go full steam ahead with the coming of spring, according to Carl R. Frye, vice-president and general manager of the Peoples' Development Co. which is building it.

Frye said, "I feel that the houses being built will find a steady demand from the hundreds of Central Ohio residents who need shelter. Columbus has grown 40 per cent since 1940, and recent figures show that some 35 persons a day move to central Ohio. It is obvious that industry has recognized the advantages of locating in Central Ohio and with the opening of new factories, we can naturally expect people from other areas to establish homes here."

Lincoln Village is under construction along W. Broad-st between Columbus and New Rome. The 1170 acre "model city" is one of the largest planned developments ever undertaken and has received national publicity. The initial housing segment of the project is to contain some 850 single homes and several hundred apartments. The industrial section has 550 acres. Frye explained, people can work in the industrial area and live in the houses.

Local Woman Told Her Husband Listed As Dead In Korea

Lt. Jack Murray

A brief letter from Air Force headquarters in Washington on Wednesday, Mar. 3, ended all hope for a Hilltop mother that her pilot husband, downed over Rashin, Korea, in August, 1951, was still alive.

The letter addressed to Mrs. Jack L. Murray, 782 S. Wayne-av, stated merely that her husband, Lt. Jack Murray, was listed officially as dead on the basis of interrogations of other members of the crew who have returned from North Korean prison camps.

Lt. Murray, who entered the Air Force in September, 1949, was 23 years old when the B-29 he was piloting in a bombing raid over Rashin was downed. For a while, Mrs. Murray believed her husband might still be alive because she was told by a friend in the air force that 11 parachutes were seen opening from the stricken bomber.

Hopes for his safety were fanned briefly in November, 1951, when Mrs. Murray was shown a picture of an unidentified airman in Life Magazine who closely resembled her husband. The picture, showing six prisoners of war in Korea, was blurred and the faces were not clear enough to make positive identification. Later atrocity stories, however, caused Mrs. Murray to abandon most of this slight hope.

Lt. Murray was a graduate of North High School and worked for the B&T Metal Co. before entering the service.

Mrs. Murray and her four-year-old daughter, Lee, live with her mother, Mrs. D. L. Evans, at the Wayne-av address.

Albert Blain Named To Dual Post At Hilliards

Albert Blain has been named deputy marshal and assistant water superintendent of Hillards by the Hilliards council.

Mayor Edward Patterson reported that the Franklin County Fair Board will probably be asked either to assist Hilliards in financing an expansion program at the sewage plant or to install its own septic tanks at the fairgrounds. Discussions are continuing with the fair board concerning its request to allow sewage lines at the fairgrounds to be hooked onto Hilliards lines.

Mayor Patterson said that since the Hilliards sewage plan is operating at full capacity, an expansion program would have to be well underway before permission could be granted.

Members of the eighth-grade graduating class at South Perry School this week made a special plea to area residents to assist them in a paper sale to assist the seniors in paying their way to Washington, D. C.

It is a tradition of the graduating classes at the school to make an educational trip. So far, class members have raised $550 in two paper sales, two rag drives, one box social, numerous bake sales and cakewalks. They are now selling candy and seeds in addition to the current paper drive in order to raise the $900 needed for the trip.

Nearby residents who have paper, magazines, or cardboard they wish to contribute have been asked to telephone LY. 3767 or KI. 6825 to arrange for pickup.

Kiwanis Club Auto Tag Sales Ahead Of Last Year

Sales of auto tags at the Hilltop Kiwanis Club's license branch reached approximately 1700 by Tuesday night, well in advance of sales reported by this date last year, according to Don Rice, chairman of the annual project.

Rice reported that several prospective customers have been turned away because of their failure to bring their titles or memorandum titles to the branch office in the Westgate Electric Co. at 2655 W. Broad-st. He suggested that auto tag buyers also bring their 1953 registration certificates to the branch office to expedite license purchasing.

Although hours at the branch office are from 8 a. m. to 5:30 p. m. Tuesday through Saturday and from 8 a. m. to 9 p. m. on Monday, Rice urged as many customers as possible to reserve Saturdays for those persons who are unable to utilize the service during the week.

Kiwanis Club members are volunteering their services during the evening hours. Members of the Kiwanikwe, under the chairmanship of Mrs. Marcella Tanner and the co-chairmanship of Mrs. Mildred Williams, staff the office during daylight hours. Ladies of the Camp Chase Post 96, American Legion Auxiliary are also assisting in the sale.

The following members of the two women's organizations have been listed as assisting in the operation of the branch office:

WRONG IF SOMETIMES RIGHT

MANSFIELD, O.—Some experts differ, but the Westinghouse Home Economics Institute recommends that the right way to iron curtain fabrics is always on the wrong side, for these reasons: Dark-colored cottons and linens and all rayons—prevents shine; satins—keeps even luster, crepes and other raised weaves—prevents flattening.

Hilltop's Lincoln Village To Go "Full Steam Ahead," According To Builders

The Hilltop's largest housing development will go full steam ahead with the coming of spring, according to Carl R. Frye, vice-president and general manager of the Peoples' Development Co. which is building it.

Frye said, "I feel that the houses being built will find a steady demand from the hundreds of Central Ohio residents who need shelter. Columbus has grown 40 per cent since 1940, and recent figures show that some 35 persons a day move to central Ohio. It is obvious that industry has recognized the advantages of locating in Central Ohio and with the opening of new factories, we can naturally expect people from other areas to establish homes here."

Lincoln Village is under construction along W. Broad-st between Columbus and New Rome. The 1170 acre "model city" is one of the largest planned developments ever undertaken and has received national publicity. The initial housing segment of the project is to contain some 850 single homes and several hundred apartments. The industrial section has 550 acres, Frye explained, people can work in the industrial area and live in the houses.

Local Woman Told Her Husband Listed As Dead In Korea

Lt. Jack Murray

A brief letter from Air Force headquarters in Washington on Wednesday, Mar. 3, ended all hope for a Hilltop mother that her pilot husband, downed over Rashin, Korea, in August, 1951, was still alive.

The letter addressed to Mrs. Jack L. Murray, 782 S. Wayne-av, stated merely that her husband, Lt. Jack Murray, was listed officially as dead on the basis of interrogations of other members of the crew who have returned from North Korean prison camps.

Lt. Murray, who entered the Air Force in September, 1949, was 23 years old when the B-29 he was piloting in a bombing raid over Rashin was downed. For a while, Mrs. Murray believed her husband might still be alive because she was told by a friend in the air force that 11 parachutes were seen opening from the stricken bomber.

Hopes for his safety were fanned briefly in November, 1951, when Mrs. Murray was shown a picture of an unidentified airman in Life Magazine who closely resembled her husband. The picture, showing six prisoners of war in Korea, was blurred and the faces were not clear enough to make positive identification. Later atrocity stories, however, caused Mrs. Murray to abandon most of this slight hope.

Lt. Murray was a graduate of North High School and worked for the B&T Metal Co. before entering the service.

Mrs. Murray and her four-year-old daughter, Lee, live with her mother, Mrs. D. L. Evans, at the Wayne-av address.

Albert Blain Named To Dual Post At Hilliards

Albert Blain has been named deputy marshal and assistant water superintendent of Hilliards by the Hilliards council.

Mayor Edward Patterson reported that the Franklin County Fair Board will probably be asked either to assist Hilliards in financing an expansion program at the sewage plant or to install its own septic tanks at the fairgrounds. Discussions are continuing with the fair board concerning its request to allow sewage lines at the fairgrounds to be hooked onto Hilliards lines.

Mayor Patterson said that since the Hilliards sewage plant is operating at full capacity, an expansion program would have to be well underway before permission could be granted.

South Perry School Seniors Seek Paper To Finance Trip

Members of the eighth-grade graduating class at South Perry School this week made a special plea to area residents to assist them in a paper sale to assist the seniors in paying their way to Washington, D. C.

It is a tradition of the graduating classes at the school to make an educational trip. So far, class members have raised $550 in two paper sales, two rag drives, one box social, numerous bake sales and cakewalks. They are now selling candy and seeds in addition to the current paper drive in order to raise the $800 needed for the trip.

Nearby residents who have paper, magazines, or cardboard they wish to contribute have been asked to telephone LY. 3767 or RI. 6535 to arrange for pickup.

Kiwanis Club Auto Tag Sales Ahead Of Last Year

Sales of auto tags at the Hilltop Kiwanis Club's license branch reached approximately 1700 by Tuesday night, well in advance of sales reported by this date last year, according to Don Rice, chairman of the annual project.

Rice reported that several prospective customers have been turned away because of their failure to bring their titles or memorandum titles to the branch office in the Westgate Electric Co. at 2655 W. Broad-st. He suggested that auto tag buyers also bring their 1953 registration certificates to the branch office to expedite license purchasing.

WRONG IS SOMETIMES RIGHT

MANSFIELD, O.—Some experts differ, but the Westinghouse Home Economics Institute recommends that the right way to iron curtain fabrics is always on the wrong side, for these reasons: Dark-colored cottons and linens and all rayons—prevents shine; satins—keeps even luster, crepes and other raised weaves—prevents flatteening.

"I thought the mail box was out of order" was but one of the comments the sign on the mail box at W. Broad-st and Eureka, produced last Thursday. The explanation is that Lorene Distelhorst (Mrs. Chubby), had with typical feminine reasoning, affixed a note requesting the mailman to return her billfold which she had dropped in the box with some letters. In answer to the queries of "What happened to Mrs. Chubby's billfold?" it was returned, sans and all, by registered mail with 35 cents postage due!

Edith Gibbon, 2405½ W. Broad-st, and lingerie buyer at Seiller's, found the frigid weather last week quite a come-down from the sunny climate of California she had been enjoying the past month. She visited her son, Mr. and Mrs. Harry Gibbon, and was delighted with her five-year-old grandson, Charles. A trip to the home of her brother, C. E. Shaw, in Sacramento, was also included. Edith tells us she also was thrilled with her first air-flight trip.

Clara Jean Conkright, primary class teacher at Calvary Chapel, 1946 Sullivant-av was guest of honor at a birthday surprise party at the home of Mr. and Mrs. Leslie McIntosh, 843 S. Terrace-av.

Guests included Mrs. Elder, Mr. and Mrs. Roy Rose, Mr. and Mrs. Herman Nichols, Mrs. Herman Saum, Mrs. Roy Wasem, Mrs. Elaine McGonical, Miss Rosemary Clickinger, Mrs. Geornis McMilliam, and Mrs. Emily O'Brien.

Enjoying the Sunshine at Palm Harbor, Fla., are Mr. and Mrs. G. M. Bowser, 75 Haldy-av. They are also including visits to relatives in Ocala and sightseeing trips along the east coast.

Mr. and Mrs. Grover Amrine, 180 Elvira-blvd, are spending the winter months in Santa Fe, New Mexico, and California. They will return home around Apr. 1.

Mr. and Mrs. Rex B. Scott, McConnellsville, announce the birth of a daughter, Roxanna. Mrs. Scott, formerly Janet Roller, was a 1951 West High graduate and her parents, Mr. and Mrs. Robert Roller, are now residents of Marion.

AUXILIARY UNIT TO ELECT

The Women's Auxiliary to the National Postal Transport Association will meet Mar. 17, at 12:30 p.m. at U.C.T. Club rooms. Mrs. K. V. Nichols will present ballots for election of officers. Entertainment is in charge of Mrs. Forrest Bretz.

Betty Daft Is Bride Of William C. McDonald

Mr. and Mrs. William C. McDonald (Photo by Groom)

St. Aloysius Church was the setting of the wedding ceremony uniting Miss Betty Daft and Mr. William C. McDonald on Feb. 20. The couple repeated their marriage vows before Rev. William Maloney.

Given in marriage by her father, the bride is the daughter of Mrs. Marian Ollam, 1804 Jackson-av and Mr. John Daft, 243 Columbian-av. The bridegroom's parents are Mr. and Mrs. C. A. McDonald, 46 N. Warren-av.

Sunday Sermonette

Court-Martialed Christians

Recently there was called to my attention an illustration which told of a soldier who returned home from battle and was asked by his pastor to speak a few words in the Sunday morning church service. He consented, but requested the congregation first to sing that stanza of "Onward Christian Soldiers" which begins "Like a mighty army moves the church of God."

By Rev. Leonard Borton
Pastor of Sullivant Avenue Friends Church

He then pointed out that the church of today does not move like a mighty army. He showed how unthinkable it would be if some day when reveille sounded Private

Rev. Borton

Smith failed to show up for drill because he had a headache, or Private Martin decided that since he had been quite faithful to drill lately it would do not harm if he slept just this once.

Can you imagine the sergeant in charge smiling understandingly as he received these excuses? Yet, these are just a few of the many excuses offered for failure to attend the worship services. The soldier closed his little speech by telling the congregation that if they were in the military army most of them would get court martialed.

Somehow the work of the Kingdom of God has become relegated to a few. The foe of the Kingdom is satan and satan takes no furlough. His determination is to defeat the forces of Christianity and all of his weapons are mobilized and concentrated upon the task of preventing men from giving their lives to Christ.

Hilltopper Sings With Westminster Choir Here Mar. 6

Hilltopper Don Ochs, who has directed the senior choir of the Hilltop Lutheran Church for the past two summers, sang with the Westminster Choir when it presented a concert at North High School auditorium Saturday night, Mar. 6.

Don, who is the son of Mr. and Mrs. Glenn K. Ochs, 604 S. Ogden-av, is a graduate of West High, where he participated in operettas and variety shows throughout his four academic years. Following graduation, Don enlisted in the army in 1947 and served with ski and mountain troops in the Colorado Rockies. After his discharge, he attended Capital University for a year.

Don entered Westminster Choir College in Sept. 1950 and majored in choral conducting. He has been in the College Touring Choir during his junior and senior years, and is directing the choirs at the Huntington Park Presbyterian Church, Philadelphia, Pa. In June he will graduate, receiving his bachelor of music degree, after which time he hopes to continue in choral conducting work.

Don's intense interest in music can be said to have started at the age of 10 when he joined the Kiwanis Boys' Choir. He was a charter member of the Columbus Boys' Choir through the eighth grade.

What's Wrong with this picture?

Suppose you heard this orchestra broadcasting over your radio. Would you stay "tuned in" very long?

The chances are you wouldn't—because something's mighty wrong with this picture. Look at it again.

This orchestra only contains violins!

Ninety violinists—no matter how good they are—*don't* make an orchestra. This group needs other instruments: horns, woodwinds, drums—to make it a worthwhile combination. With them, this might be one of the finest orchestras on the air.

Now, let's look at a church that has only one type of person in its membership. What kind of a church would it be? You have the answer without it being given here.

Your church is a good church because there is a variety of membership from all walks and stations of life. This diversified membership gives your church a broad outlook, a tolerance, and a practical viewpoint that makes it one of the most valuable institutions in the community. You are important to your church just as your church is important to you: by taking part in the life of your church, you can increase its effectiveness in making the word of God come true in our time.

How amiable are thy tabernacles, O Lord of hosts!—Ps. 84:1.

West High Students Practice 'To Beat the Band' for Band Variety Show

West High participants in the 1954 Band Variety Show, which will be given Mar. 25 and 26 in the high school auditorium, are agreed that the show's theme, "Tropical Rhythm Review," has a personal meaning for them.

In other words, the "heat is on" for the final polishing of the many acts and numbers that will be featured in the show a scant two weeks off. Pictured on this page are members of the cast at one of their typical rehearsal sessions.

Strictly-for-fun and to illustrate in reverse manner one of the major purposes of the annual show sponsored by the Band Parents Club — to raise funds for correct instruments and uniforms for the qualified members of the band — Kenneth Brady, 13-year-old clarinetist, struggles under the weight of a huge bass drum at the left. Holding up the right side of the picture, and nearly collapsing under the weight of a gigantic tuba, is 14-year-old Fred Green, who really plays the trumpet in the band.

Other members of the cast pictured below from left to right include the following: Ray Thomen, president and student conductor of the band, discusses a presentation technique with Emcee Ron Parkinson on the native interpretative dance. Sue Kuhlman, (to his right) will present in the show's opening number. Roger Dellinger and his partner, petite Nancy Steele, limber up on their tap number to "Frenesi." Shirley Lowery, Nancy Wilson, and Pat Carr go over their vocal rendition "That's My Desire." Lovely Sue Severns finishes her tap dance specialty to "Lady in Red." Tickling the ivories has turned into almost a fulltime pre-show job for Gary Tague, shown seated at the piano in the final picture on the right. The quartet of trombonists practicing for their big moment of the show in the picture include, left to right, Jack Hostetter, Paul Titus, Steve Miller, and Tom Coffman.

Tickets for the all-student production, at 75 cents each, are available from all band and orchestra students, and members of the Band Parents Club. All seats will be reserved. Reservations may be made at the ticket office on Mar. 17 for band members, Mar. 18 for students and patrons, and on Mar. 19 for the general public.

members and an award for being the first post in the district to reach its assigned quota of new members.

With only a few of the 100 reservations remaining to be sold, members were urged to contact Leonard Nelson or Dewey Stout to purchase tickets for the post annual Million Dollar party. Features of the party include the presentation of each guest with $1300 in "bogus" money as they enter the post home, with which they must pay $500 for their meal and which they can use to play a number of games and buy various and sundry items. During the party, a post member is traditionally awarded the Mystery Chest, which becomes his property for the coming year.

The Mar. 8 meeting also marked the launching of the post's annual $1000 award campaign.

residents of the city of Columbus to provide services for areas outside the city." Mossbacher stated "Every home in the city is mortgaged to pay for the sewers and water that go to outside communities."

Figures were cited showing the cost of owning real estate in the city of Columbus as $142.30 per $4800 valuation and the same property cost in Franklin Township to be $163.39.

Redick stated that he had neither rejected applications for water extensions or approved them. It is merely a matter that at present he does not feel it is fair to the people of Columbus to extend these services and thus throw the burden of financing on the city.

Mother: But don't you think you would be happier if you married a man with less money?

Daughter: Oh, don't worry. He'll soon have less.

Petition To Annex 20 Acres In Joan Heights Pending

A petition to annex some 20 acres of Franklin Twp. in the Joan Heights subdivision was pending this week before the county commissioners. Mrs. Don Neal, 367 N. Sylvan-av, who acted as agent in securing the signatures of 40 out of a possible 50 freeholders, reported she had mailed the petition to the commissioners on Friday, Mar. 5.

"Support for the petition was easy to gain," Mrs. Neal said, "because of the awkward situation existing where half of the subdivision is in the city and the other half in the township." Approximately 125 lots comprise the area seeking annexation.

Boundaries of the area run from the Columbus corporation line on the south, Valleyview-dr on the north, Algonquin-av on the east, and Southampton-av on the west.

5 Hilltoppers Enthused By 'Year-Around Park Use Plan'

Five Hilltoppers were in enthusiastic agreement with a plan under consideration by Mayor Sensenbrenner to obtain more year-around use from city parks and recreation facilities when queried this week for the Record's Public Comment column.

Only one questioned the practicality of such a scheme. Other comments included "the expense is justified because the children need it," "nothing is too good for the people of tomorrow" and "sounds wonderful!"

Here are your neighbors' comments:

Mrs. Ernest Ritchie, 391 N. Harris-av: "It is a very good idea. Such a program would be costly but I believe the expense would be justified. Children definitely need a recreation program throughout the winter as well as in the summer."

Mrs. Thomas McDonald, 339 Clarenden-av: "I do not approve of dancing for Christian people, but I do believe a good recreation program which includes skating and games is fine for young people. Grown-ups need recreation, too, but children are our main concern because they are the people of tomorrow."

Faye Smith, 337 S. Eureka-av: "As far as I'm concerned, the idea sounds wonderful. It would surely help to keep the kids off the streets and that is always a good idea. I can think of no reason why it wouldn't work out."

Mrs. Edward Denley, 221 N. Hague-av: "Oh, yes, it is a good idea. We have often wondered why the Hilltop swimming pool isn't used for ice-skating in the winter. I don't believe the mayor's proposed program would be too expensive, compared to the good children would derive from it."

Mrs. Catherine Nolan, 3499 Fair-in-rd: "The idea sounds fine and would certainly benefit the youngsters. I have no idea, though, if the plan would be practical or if it could actually be worked out."

Primary Voters Must Register By Mar. 24 Deadline

Last day to register or change your address as a voter before the primary election in Columbus is Wednesday, Mar. 24, from 8:30 a. m. until 9:00 p. m. Those who have previously registered and have voted at least once in the last two calendar years are still eligible to vote providing they have not changed their place of residence in the meantime. All others must register or transfer their address as the case may be.

However, registration as a qualification for voting, is not required of members of the armed forces. A discharged veteran is not a member of the armed forces and is required to register, regardless of the date of his discharge. All persons who have changed their names through marriage or otherwise, must register.

Persons, who will become 21 years of age on or before the date of the Nov. 3 General Election, are eligible to register at this time, providing legal requirements are met.

Registrations must be accomplished in person at the office of the Board of Elections, 410 S. High-st. Transfers of addresses may be done in person or by mail; such mail transfers, however, must be postmarked not later than 9 p. m. Mar. 24, which is the closing time also for registrations and transfers made in person. Registration by mail is not permitted

Fire Damage To Storage Shed Estimated At $300

An estimated $300 damage resulted to a two-room concrete block storage shed in the rear of 477 Lawrence-av Monday afternoon from fire which started from an overheated stove. Members of the Prairie Township Fire Department, under the leadership of Capt. Bill Lamb, answered the call.

THE DAYS ARE GROWING LONGER

She loved to watch the sun creep
further south
To set at night behind a bank of
snow
And note its progress—now to that
tall tree,
Then to the shed a little way be-
low.

She knew exactly where it would
go down
On any day, so many years she'd
seen
It make its slow but still triumph-
ant way
Along the skyline where the
wheat was green.

When snow had melted. And always
she was glad
To think that spring was near.
She filled the days
With plans for gardens, and the
seeds she'd sow
And beds she'd make, where
summer flowers would blaze.

"The days are growing longer,"
she would say,
Making a joyous paean of the
words,
Her eyes upon the lengthened twi-
light glow
While in her heart anticipation
stirred.

Until I had a delightful chat with Mrs. C. A. Minor, publicity chairman and secretary of West High Band Parents' Club, I had no idea of the work and money involved to make the band's annual variety show the success it always is. Mrs. Minor lives at 277 S. Westgate-av, and how she does all she does is beyond me. It made me tired just to hear her schedule, but love that gal—she reads this space-filler! There will be other publicity in the Record about West High's 15th annual band Variety Show, but I'm glad to give my bit too. This year, the show (March 25-26, at 8 p. m. in the West High School auditorium) will be a tropical rhythm review.

Each Hilltopper should encourage these talented youngsters by attending the show. Members of the Band Parents' Club are to be highly commended. They are doing a grand job; they recently purchased new uniforms and instruments for the band; they pay insurance on the instruments, which is in itself a considerable amount of money, and keep a fund going constantly, for any emergencies. The mothers in the club have been busy making costumes, posters and helping in many other ways. Don Hessler's mother is in charge of posters and Mrs. Warren Parkinson, mother of the M.C. of the variety show, is in charge of television publicity. Mrs. Harrison Jones and Mrs. Leonard Eagon have charge of the sale of tickets. Reservations may be made at West High School, Mar. 17, 18 and 19. Tickets are 75 cents; all seats reserved.

People who have seen the West High Band step with military precision will be surprised how well they will play Latin-American music in this show and how well the dance line will rhumba. The Band and Band Parents' Club, and all the pupils of West High who will participate in the show, are more reasons Hilltoppers are proud they are Hilltoppers.

Mail — From an Ohio poet: "I don't write a great deal of verse, and when I do my offering is likely to be perverse, if you'll pardon an unpardonable pun. Sometimes when I'm trying to concentrate on something serious I suddenly find myself turning aside to write a bit of verse that is eccentric, frivolous, or positively wacky. Such things are rather too great a change for the editor of a real poetry column, so I usually wind up in the wastebasket, rather my efforts do" . . . From another poet: "Two months ago I was driving along, minding my own business, on my way to keep a date with a tycoon. Sorry to disappoint you but the date was not for the purpose of etching-gazing, but to interview him for my paper. Suddenly a well-saturated Romeo with one arm around his Juliet and the other arm signalling he was about to make a turn one way, then whimsically changed his mind and made it the other way, hit me amidships. So now I am writing poetry to keep from going stir-crazy" . . . From Columbus: "Today, March came in like a lion sure enough—snow and Congressmen being shot and income tax time getting closer. And spring-cleaning."

Your African violets, or Saint Paulias, can always be a conversation piece if you follow a few simple cultural tips.

They can be grown from seed, but the easiest method is from leaf cuttings placed in water, or planted in sand and vermiculite, until tiny new plants develop. These plantlets should be transplanted when about an inch or one and a half inches tall, to quite small pots, only placing in three and one-half to four-inch pots at the end of a year.

The best soil is one that is rich and loose, made up of equal parts sharp sand, peat moss, and leaf-hold with a layer of pebbles in the bottom. I add a few pieces of crumbled charcoal, especially in pots without drainage. I have some of my most beautiful plants with year-around blooms, in glazed pots.

Watering means careful attention. Do not overwater! It can be fatal. The soil should be kept damp or moist, not sopping wet. When soil feels dry to the finger tip or the saucer under the pot is completely dry, I fill with tepid water. If watering from the top avoid wetting crown or leaves.

Humidity is important as violets like humidity. I use broad low saucers under the clay pots to help provide this. If you can, arrange a large tray with a layer of gravel on which to rest the pots.

They like a temperature of 65 to 70 degrees and not more than 10 degrees lower at night for the fewer radical changes the better the results.

They are not heavy feeders but when they bloom constantly, as mine do, I feel some nourishment is appreciated. I use a complete plant food, about once a month, according to manufacturer's directions.

My own experience is that new plants can be brought to fine bloom sooner in east or south windows. I have also seen magnificent plants in a west window—never on the sills, unless very broad ones, but on a shelf or table a few inches from the sill.

These very popular house plants, grown by the donor, make most acceptable gifts. A great pleasure to me this winter, has been the frequent reports from a delighted friend on the progress of three plants I had given her to take to her New York apartment. I like to think of them there on her window sill, facing the United Nations building, across the East River. Love plays the greatest part in the success with plants. They are like our children whose characteristics and individual needs we study to bring out the best in them.

Those Eyes —
How Well Do You Know Them?

Mrs. Mary R. Walton

All the musical clues pointed to Mrs. Walton, who has taught scores of Hilltoppers to play the piano and who directed for many years the Glenwood Methodist Church choir, one of the largest church musical groups in the city. She has been a leader in Hilltop musical circles for a number of years.

This week's mystery eyes, above, belong to a well-known Hilltop philosopher, who has a string of degrees after his name. In addition to his association with "halls of ivy," he holds a distinctive honor in the field of religion.

Melvin B. Dodge, director of Sunshine Recreation Center, has been named league president. William Bond, an outstanding member of the Germania soccer team in 1952, was elected secretary, and Fritz Metzger, this year's manager of Germania Soccer Club, is the new treasurer.

Participating teams will include the Hilltop's Columbus United Soccer Club, last year's champions, who are managed by James Reid; the Hilltop and West Side's Hercules Soccer Club, managed by Peter Laakas; the South Side's Germania Soccer Club, managed by Fritz Metzger; and the North Side's St. Clair Soccer Club, managed by Tony Manpieri.

Kiwanis Spring Roundup Hits New Hi-Jinx High

The annual Kiwanis Spring Roundup, held Thursday night, Mar. 4, in the Hilliards High School auditorium under the sponsorship of the Hilltop Kiwanis Club's agriculture committee, hit a new high for zany and unpredictable happenings.

"On this fact, I think all 238 of the guests who enjoyed a delicious ham dinner before the program, were agreed," said H. F. Cunningham, who was chairman of the roundup. Attending were members of the Hilltop Kiwanis Club, their wives, Hilliards area residents, members of the West Franklin Kiwanis Club, and other guests.

Among the highlights of the evening were the presentation of two live goats as door prizes and a third door prize of a four-legged horse that looked surprisingly human despite the costume.

Mayor Jack Sensenbrenner was presented a "This Is Your Life" booklet by Clarence Story, emcee of the evening. Members of the Kiwanikwe, ladies' auxiliary to the Hilltop Kiwanis Club, presented a "L'il Abner Skit," with Mrs. Jim Miles taking the role of Mammy Yocum; Mrs. Harold Cunningham as Pappy Yocum, Dr. Earl Simonson, veterinarian, as Dr. McBrain, surgeon; Mrs. Earl Simonson as the nurse; Dr. Bruce Tanner as narrator; Mrs. Hazel Roberts as L'il Abner; Mrs. Bruce Tanner as Daisy Mae; and Mrs. Fred Marsch and Mrs. Robert Schmidt as the two wolf ladies.

The dinner was prepared and served by Miss Mary Koehler, Hilliards High School home economics teacher, and her class of girls. The auditorium and other facilities were obtained through the cooperation of M. D. Hartsook, superintendent of Hilliards Schools, and Charles J. Pickens, high school principal.

SEEING UNDERSEA

BLOOMFIELD, N. J. — Because salt water absorbs light, an undersea target is only six per cent as visible as one in clean air, Westinghouse engineers report. Ultraviolet rays in light pass through sea-water fairly well, but the heat rays are absorbed. An underwater light beam makes such a heavy haze that visibility materially improves when the beam is moved from the line of vision.

To think is better than to have, but to have not is never synonomous with thinking.

FUEL SAVER

PITTSBURGH, PA.—The first civilian atomic power plant, being developed by Westinghouse, will generate at least 60,000 kilowatts of electricity, or enough power to supply the electrical needs of a city with a population of about 100,000. While a present-day steam generating plant with comparable output requires about 30,000 tons of coal a month (approximately 400 average-sized railroad cars) to fire its furnace, an atomic plant might need only a relatively few pounds of fuel.

With all our talk about charity and helping our fellow-man, few of us ever hurt ourselves by generosity.

Columbus YMCA To Hold 99th Annual Meeting On Monday

Imre Kovacs of New York City, former representative of the YMCA in Central Europe, will address the 99th annual meeting of the Columbus YMCA on Monday, Mar. 15, at 6:30 p. m., in the Central Y auditorium.

As a student of world affairs, he is an authority on Central Europe and the Balkans and a dynamic exponent of American Democracy. The only foreign born American ever to receive the National Best Teller Award, Kovacs was co-recipient of this award with former Vice-President Barkley.

Special musical selections for the program will be given by Terry and Teddy Kruse, members of the Boys' Branch Cadets, and by Jack and Gene Speakman of the South Side Branch Boys' Glee Club. Novice G. Fawcett, superintendent of Columbus Schools, will be master of ceremonies for this 99th annual dinner and meeting.

Imre Kovacs

Serving on the committee in charge are W. E. Ferguson, chairman, Novice G. Fawcett, F. B. Hill, Jr., Norman E. Gatsch, C. C. Hartley, Charles L. Moone, C. L. Dumaree, Allen R. Rankin, A. P. Bentley, and Wilbur M. Helsel.

Reservations can be made by contacting any of the YMCA branches.

YOUR YOUTH

By Bob Schmidt—Dick Wilson

Congratulations are in order to Big Chief Frank Watts of the Cherokee Tribe, who has been elected to serve as a member of the "Y" Indian Guide National Executive Committee. Chief Watts is the retiring chief of the Cherokee Tribe and has been very active in the organization and development of the Indian Guides movement throughout the Hilltop.

More news about the Indian Guides — There will be a big Indian Guide Kite Contest Mar. 28 at Westgate Park and all little braves are busy constructing their own kites for this contest. If any of you Hilltoppers would want to enjoy a Sunday afternoon of fun, we suggest that you attend this kite contest.

Hunting license for the Hilltop "Y" Annual Bunny Hunt will go on sale at the "Y" office Monday, Mar. 15. The Bunny Hunt is for boys only and they must be members of the Gra-Y Club or "Y" Indian Guides to be eligible. The cost of the hunting license will be 10 cents and every hunter will receive a prize. So all of you Indian Guides and Gra-Y members will want to sharpen up your aim and secure your hunting license for the big bunny hunt. This special event will again be co-sponsored by the Hilltop "Y" Mothers Council, which will supply the colored Easter eggs.

A reminder that the March "Y" schedule is available and if you did not receive one through the mail you can pick up your schedule at the "Y" office. This schedule is jam-packed full of special events such as movies, boys' and girls' crafts, Gra-Y Leagues, Indian Guide meetings and the favorite Saturday afternoon splash party at the Central "Y" pool.

The big world service taffy sale was completed last Saturday afternoon and the final results tally reveal that the "Y" boys and girls sold a grand total of 2,764 pounds of taffy. As many of you readers know, this was a project conducted by all of the YMCA Clubs of the Hilltop Branch to earn money to be used for YMCA overseas relief. The "Y" members wish to take this opportunity to thank each of you who bought taffy from them.

If there are still any Little Braves who would like to attend the Saturday morning Indian Guide dance class, be sure to be present this coming Saturday morning at 10:30. The Little Braves, with the aid of their fathers, have completed the construction of their shields and will now begin to paint various Indian designs and symbols on the front of them. The next project will be the construction of their headdresses and the painting of the Indian rattles which they made several weeks ago.

They continued to stretch their lead by outscoring Schiller 18-10 in the last half. Bernard Cherry and Franklin Thomas led the Beatty attack with 12 points each.

In the championship game, the Bombshells submerged the Tigers by a 26-13 score as the Bombshell center, Larry Price, scored 14 points. The Bombshells held the Beatty Tigers to three field goals as they tallied nine field goals themselves. Larry Price of the Bombshells was the outstanding star of the game as he not only outscored the entire Tiger team, but dominated the rebounding off both backboards.

The three Glenwood boys teams won a total of five games to sweep the championships.

BOYS' SENIOR CHAMPIONS—Above are members of the Glenwood Lightning 5 who annexed the Boys' Senior Inter-Center championship by drawing a bye in the first game by defeating Schiller 44-32 in the finals of the Inter-Center tourney held last week at Glenwood Recreation Center. Left to right in the front row are Larry Janes, Jim Cobb, Dave Williams, Glyn Davis, and Dick Witter; second row, Fred Wersch, Don Davis, Ron Wilcox, Bob Brownlee, and Ron Cox, boys' athletic director.

Glenwood Methodist Steamrolls Hillcrest Baptist By 85-42 Score

By Harry Gresbel

Glenwood Methodist continued its winning streak by racking up victory No. 11 in the Hilltop YMCA Intermediate Basketball League last week. Glenwood's latest victim, 85-42, was the Hillcrest Baptist five.

Clark Redick scorched the nets for a total of 36 points while his teammate, Don Martin, added 22 points to his already impressive total. Martin is currently averaging 22.7 points per game. For Hillcrest, Tom Coffman was high with 11 points, followed by the smallest player in the league, Larry Rice, with 10 points. All five of Larry's buckets came on precision shots, most of them from the outside.

Hoge Memorial scored a 30-21 victory over Burgess EUB to bring its record up to the .500 mark. Joe Bernot was the star of the game for Hoge, entering late in the second period and hitting for 16 points to turn a close ball game into a rout. His teammate Dick Witter tallied 12 points. Jack Speakman, with eight points, was the only Burgess player to crack the pressing defense of Hoge with any degree of regularity.

Coach George Miller's Westgate Methodist five won over a fighting West Sr. Hi-Y crew by 44-26. Westgate's well-balanced attack was paced by Dick Sansennbrenner with 13 points, followed by Joe Hutchinson with 11 points, and Dana Dexhler with 10 points. Jack Cangon and Charles Robinson were high for Hi-Y with seven points each.

Coach Dixon's much-improved Hilltop Church of Christ team really hit its stride with a 59-32 victory over Coach Breckenridge's West Park Methodist five. Yahn, with 16 points, and Bob Dixon, with 13 markers, were the big guns for Church of Christ, while Jerry Lane, with 13 points, and Rick Farrell, with 11 points, led the West Park team.

Graduate Of West High Receives His Jet Pilot Wings

Lt. Miller

First Lt. William E. Miller, son of Mr. and Mrs. William Miller, 190 N. Ogden-av, received his jet pilot wings on Feb. 25 at the Webb Air Force Base, Big Springs, Tex.

Immediately following graduation, Miller departed for six weeks training at gunnery school at Laughlin Air Force Base. He will complete an additional six weeks training at Luke Air Force Base, Ariz., before being assigned as a member of the jet fighter tactical wing.

Lt. Miller is a graduate of West High School and Ohio University at Athens. He has been in active service for 20 months.

ALL LIT UP!

BLOOMFIELD, N. J. — Nearly 1,100,000,000 household electric light bulbs are sold in this country each year, Westinghouse lighting engineers reveal. Since the first incandescent lamp was developed, 20 billion household bulbs have been consumed in the United States. In the past 25 years, annual production of the units has increased by more than 300 per cent.

WONDER WHY?

METUCHEN, N. J.—Color television sets initially will cost from $800 to $1,000 for two reasons, Westinghouse engineers say. A color set contains more than twice the number of parts found in a typical black-and-white set. Moreover, it requires more than three times as long to assemble and test before leaving the factory.

Rev. Michael J. Ready, DD, bishop of Columbus, will offer solemn pontifical high mass. Rev. Thomas Kevin Connolly, OP, STD, professor of philosophy at the Dominican House of Philosophy in St. Joseph's Priory, Somerset, O., will deliver the sermon.

Following the mass and communion, breakfast will be served to members at the Neil House. Rev. John J. Cavanaugh, CSC, president of the University of Notre Dame, will be the speaker. Tickets for the breakfast may be obtained from Mike Murthas.

One way to end the present crime wave would be to put crooked lawyers in jail, along with their clients.

New Packard Dealership At Hilltop Motors To Hold Open House Tomorrow And Saturday

HILLTOP MOTORS, new Packard dealership at 2357 Sullivant-av, will hold open house tomorrow and Saturday for the public as it officially celebrates becoming a Packard dealer. Shown above, left to right, during the signing of the franchise are H. N. Hursey, president of Hilltop Motors, Inc.; Arthur C. Schley, district manager; L. W. Stevens, Cincinnati zone manager; A. W. Borcin, assistant Zone manager; and P. A. Jackson, vice-president and treasurer of Hilltop Motors, Inc.

Hilltop Motors, Inc., a new Packard dealership at 2357 Sullivant-av, will hold open house tomorrow and Saturday, Mar. 12 and 13, as part of Packard Motor Car Company's new program of providing convenient and outstanding service and display facilities in the major markets of the nation.

Hilltop Motors has been awarded a franchise to furnish factory-approved service to auto owners of the area and to sell luxury Packards, medium-priced Packard Clippers and Packard parts and accessories. Clare E. Briggs, Packard's national vice-president of sales, called franchising of Hilltop Motors an important step in Packard's program to restore the company to its former prominence. Throughout the country, experienced auto dealers in key markets are entering into similar agreements, he said.

H. N. Hursey, president of the new Hilltop dealership, said Hilltop Motors will continue to specialize in service. The firm has all the most modern facilities and equipment for rapidly diagnosing mechanical troubles and effecting repairs, he said.

Hursey said the local company's decision to affiliate with Packard was influenced by Packard's return to the manufacture of luxury and custom Packard cars, while providing full representation throughout the medium-price field with a line of Packard Clippers.

A Concession

Sandy was learning to play the bagpipes. One night, while he strutted about the room, skirling for all he was worth, his wife attempted a mild protest.

"That's an awful noise you're making," she said.

Sandy sat down and took off his boots, then got up and resumed his piping in his stocking feet.

ELLEN PAGE, 45 N. Powell-av, will play one of the two grand pianos when the Lyric Theater Group of Columbus, Inc., presents the modern American music drama, "Street Scene", on Mar. 20 in Bexley High School. Ellen Page has been a prominent member of the group since it was organized and her father, Adrian Page, will be stage manager for the production. Josephine Sheskey, for many years a resident of S. Richardson-av, will be one of the hostesses. Tickets are on sale at Heaton's and Williams music stores.

SHORING UP WATER

Walking down the street one morning, Willem Mengelberg, the celebrated Dutch conductor encountered a member of his orchestra.

"My, my, but you look prosperous!" Mengelberg observed.

"How do you manage it?"

"Oh, I'm a busy man," replied the musician. Besides playing in the orchestra, I play in a quartet, give lessons and perform on the radio."

"Really," rejoined the conductor, "When do you sleep?"

"During the rehearsals," came the calm rejoinder.

YOU'RE WRONG! THEY'RE HUMAN—Members of the Hilltop Kiwanis Club Agriculture committee, sponsors of the annual Kiwanis Spring Roundup, held Mar. 4, at Hilliards High School, vied with one another for the most outlandish dress. Your guess on who won is as good as ours. Standing, left to right, are Russell Carter, Arthur Walker, H. P. Cunningham, Ed Johnson, Lou Rausch, Otto Mattox and Leo McComb. Kneeling are Clarence Story, Paul Rausch, and Noble Allen. (Hilltop Record Photo)

Want-Ad Brings 65 Telephone Calls

More than 65 telephone inquiries and a complete sell-out in two days was the impressive record compiled by Mrs. Katherine Johnson, 187 Eldon-av, when she placed the following classified ad in The Hilltop Record and West Side News:

WALNUT POSTER twin beds complete, small mahogany desk, 4-piece drop leaf wood breakfast set, white metal double door cabinet, 8x12 Mohawk rug and pad, 2 runners, one 3x12, one 27x14, 2 throw rugs all matching. Mahogany drop leaf Duncan Phyfe extension table and chairs. No dealers. JO. 2837, evenings or Sat. and Sun.

You can obtain similar astonishing results by calling RA. 1125 and displaying what you have to sell in the classified section of The Hilltop Record and the West Side News.

THIS GOAT'S GOTTA GO was the feeling of Mrs. Galvy Gordon, wife of The Hilltop Record editor, when she found she was the "lucky" winner of the unusual door prize at the Kiwanis Spring Roundup on Mar. 4. Clarence Latham, auctioneer, settled here problem by auctioning off the goat for the benefit of youth work of the Kiwanis Club. Here, Mayor Sensenbrenner, first buyer, takes the prize from Mrs. Gordon. He, in turn, auctioned the goat off. A total of $30 was raised for the club's youth work before the goat found a home. PRACTICAL ILLUSTRATION

A youngster asked his father how wars began.

"Well," said the pater, "suppose America quarreled with England and—"

"But," interrupted the mother, "America mustn't quarrel with England."

"I know," he answered, but I am taking a hypothetical instance."

"You are misleading the child," said the mother.

"No, I am not," he answered.

"Yes, you are."

"I tell you I am not!" It's outrageous—

"All right, dad," said the boy. "Don't get excited, I think I know how wars begin."

The man who borrows his neighbor's copy of The Hilltop Record knows a good thing when he can get it.

"When an industry locates here, it asks the city to find a place for it. The city gave Westinghouse and Ternstedt Division of General Motors to Franklin Township in the first place," Teaford declared.

At the same meeting, Grover Clements, regional planning director, agreed reluctantly to a request by County Commissioner Henry Koontz for advice on the annexation issue. Clements agreed to under take such surveys if they are specifically asked for.

Major development in the meeting of Franklin Twp., residents last Wednesday night was the adoption of a proposal by the member groups of the West Franklin Associations, Inc., to present a recommendation to the County Commissioners yesterday that a Metropolitan Advisory Committee be set up to study county-wide growth problems.

"Such a board would largely replace the city planning commission, and with representatives from the city, county, and townships, would be able to work out common problems to the benefit of all concerned," E. A. LeCaptain, secretary of West Franklin Associations, Inc., said later.

This proposal was submitted by E. B. Quinn, representing the Rome Business Association in a closed meeting of member groups following the main public session.

Ten member organizations of the West Franklin County Associations, Inc., were represented in the audience in the public session. Speakers from seven of the organizations presented the consensus of their groups on the issue.

Among the speakers were E. B. Quinn of the Rome Business Association; Bob Steele of the Franklin Twp. board of trustees; Clyde Crandall of the Franklin Twp. school board; Francis McCarley of the Franklin Twp. volunteer firemen's group; Robert Hawthorne of the Skidmore Lions Club; Darcy Faro of the Willson Heights Civic Association; and Jerry Spears, Sr., of the 11th "Hilltop" Ward.

Kunz, who is mayor of Rome, in addition to heading West Franklin Associations, set the pace for the meeting by declaring that the city of Columbus has many problems to settle within its own boundaries before it can promise improvements in outside areas.

Quinn of the Rome Business Association stated that the entire problem is complex and needs much thought before reaching a decision. He recommended that studies such as those recently completed in Detroit and Atlanta, Ga., be undertaken here before residents reach a firm yes or no answer on the issue.

"We can give the same service as the city and much cheaper," declared Franklin Twp. Trustee Robert Steele. "I am definitely opposed to annexation. I request every citizen of the township to stay out of Columbus. We have a good school board and I know of no community which has a better fire program."

Clyde Crandall of the Franklin Twp. school board declared that he was unalterably opposed to any annexation of township land on the basis that such a move would cripple the township's school program. He pointed out that an addition is now being built on the Skidmore School and that ground has been purchased for a new elementary school at Demorest and Briggs-rd. He also cited the school bond issue which township voters will pass on in the special election of June 8.

"We need our own high school because township students who have been attending Hilliards, Grove City, West, Central and South High Schools are no longer assured that they can continue because of overcrowding in these schools", Crandall added.

He pointed out that public transportation to high schools would cost some families as much as $180 a year because the city does not furnish transportation to high school students. The $2.10 per $1000 valuation, provided the high school bond issue is approved, is cheap by comparison, he concluded.

Francis McCarley, assistant Franklin Twp. fire chief, cited contemplated expansion programs, including the construction of two new fire houses and declared that volunteer firemen in the township receive as good and often better training than city firemen.

"I am definitely opposed to annexation in whole or in part," declared Robert Hawthorne of the Skidmore Lions Club. He was especially critical of city officials in regards to alleged threats of not supplying water. The city admittedly has been dependent upon Delaware County for water during the present water crisis, Hawthorne said.

Darcy Faro of the Willson Heights Civic Association declared he was opposed to annexation on the basis that the city was out to get the industrial taxes in the township. He expressed the opinion that city and township can live side by side in harmony if they are fair to each other.

Jerry Spears, Sr., representing both the 11th "Hilltop" Ward and the Hilltop Business Association, declared that the issue was one that was not a major problem to the Hilltop, but one that would have to be decided by the township residents themselves.

He provided a moment of laughter when he quipped, "After hearing all the services your own government can provide you tonight, I feel that it is more logical for the township to annex Columbus." Spears is father of City Councilman Jerry Spears, Jr.

Spears criticized threats of withholding water and expressed his personal opinion that it was wrong for the city to take slices of the township in a piecemeal fashion, "thus robbing township authorities of their bonding capacity." He also said that he personally believed that Columbus should annex all or none of the township. Spears pointed out some advantages to annexation and declared that the time has come for everyone to get the basic facts on the whole problem.

Concerning areas where residents oppose annexation to Columbus, city planning commission members declared in their Mar. 2 report that "these opposition areas are incidental to our program of annexation. These areas are clamoring loudest for more water taps."

Questions which Service Director Redick sought to have answered by City Attorney Wylie on Thursday, Mar. 4, included:

Must Columbus supply water to residents of an unincorporated area annexed to another municipality? Can the city discontinue supplying water to residents of as unincorporated area keeping its present status?

May the city refuse to supply water to new applicants beyond its corporate limits, whether they live in municipalities or not, by barring new taps on present lines or refusing to extend current system? May Columbus increase the present water service rates for areas outside the city?

Would annexing a new territory to another municipality obligate Columbus to extend water to the newly annexed area as an "emergency" move? And must Columbus supply water to residents of an incorporated area when it becomes annexed to the city?

What About The Good Of Columbus?

The steam that comes out of city hall each Monday evening seems to be building up. And the name calling that is taking place certainly is adding nothing to the dignity of the public officials of our city.

Instead of acting like a group of business men who are interested in the welfare of the city the scene has taken on the atmosphere of a tough neighborhood playground where a bunch of kids are sparring around with chips on their shoulders.

Isn't it about time now that everyone concerned realize that both the Democratic mayor and the Republican council must work together for the best interests of Columbus and cut out the petty sparring and name calling?

Better Parks and Recreation

The mayor and the heads of the division of parks and forestry and of the recreation department were out and had a tour of city parks and playgrounds this past week to determine what might be done to make improvements in our parks and playground program.

There is plenty to be accomplished but the most is not going to be accomplished until the present arrangement is changed. At present the two department heads have overlapping duties and responsibilities.

The city can expect many improvements in the city park system when the director of the parks program has complete charge of the parks and is instructed to proceed to develop them to a place where Columbus can be proud of them.

The recreation department will have a much improved program when the recreation director has only the responsibility of conducting a program in the parks, playgrounds and recreation areas and is not to be concerned with a part of the park responsibility.

To bring this change about is only good business.

MASSIVE CONCRETE SECTIONS of the new 36-inch water main approaching the Hilltop area are maneuvered into place by the combined efforts of workmen and a huge power shovel at Fisher-rd and McKinley-av, just above the McKinley-av dump. The new main and its Hague-av booster pumping station are expected to be completed at a cost in excess of $1 million and in operation by June, according to Paul Laux, city water superintendent. (Hilltop Record Photo)

PROGRESS ON THE 'BIG YARD'

New 36-Inch Hilltop Water Main Scheduled For Completion By June

The "big yard" inched closer to the Hilltop this week, confirming the promise of city officials that the area will be supplied with adequate water for the coming summer months.

Paul Laux, city water superintendent, reported that as of Monday, the new 36-inch main from the Scioto River pumping station had crossed the Scioto River and was practically through the McKinley-av dump at Fisher-rd.

Concrete piping for the project has already been placed at the site of excavations along Fisher-rd to Phillipi-rd.

Cost of the new main, capable of pumping up to 15 million gallons of water into the area each day, plus the new booster station to be erected at Hague and Fisher-rd, will be in excess of $1 million.

Engineers took advantage of the low stage of the river to start the project from the east bank of the river. The portion leading from the Scioto River pumping station west on Dublin-rd will be finished at some time in the future.

Now through the McKinley-av dump, the main will follow Fisher-rd to Phillipi-rd, then turn south on Phillipi-rd to Broad-st, where it will tie in with the existing 20-inch and 12-inch mains leading from the storage tank in Westgate Park.

The new booster station at Hague-av and Fisher-rd will practically supercede the Mound-st booster station, which is scheduled to become an auxiliary booster facility for the line, according to Laux.

Between the two booster stations, there will always be adequate pressure in the area, Laux said.

"It looks like we're going to have the whole system completed and in operation by June," Laux stated. The hardest part, crossing the river, is behind us. We knew that we'd have to blast limestone under the McKinley-av dump, but we didn't think we'd have to dig so much.

"Our major delays have been brought about by difficulty in obtaining such materials as valves and special fittings."

Laux said the main was expected to reach Hague-av by May. 1. As soon as the main reaches that point, it will be possible to start pumping water in over Hague-av and Wilson-rd, utilizing the 12-inch line now in Fisher-rd, extending from Hague-av to Wilson-rd.

Last summers' only-a-drop pressure on Hilltop taps was the result of expanding industry using more water than had been figured on, according to Laux. "Consumption jumped higher and higher and the system was strained beyond its limit.

"We know we've got the problem licked this year," Laux declared.

'Go Ahead' Given On Plans For New Junior High School On The Hilltop

900-1000 Pupil Building Set For '56 Completion

The Columbus board of education yesterday gave positive assurance that a new 900-1000 student junior high school at the southwest corner of W. Mound-st-and the extension of Highland-av will be under construction in the near future and should be readied for occupancy by September, 1956.

F. T. Rudi, director of administrative research for the board, said that the group's action in authorizing condemnation proceedings against the owner of the 13¾-acre site Monday night meant that the way is now clear for advertising for bids and the appointing of architects the latter part of [illegible].

Rudi reported that the need for a junior high school in the Hilltop area is especially pressing since the combined enrollment of some 2200 students at the West Junior and Senior High School is the "practical limit at the school.

Plans for four new junior high schools in the city followed a survey of school needs completed in May 1953 when results showed that because of the heavy birth rate beginning in 1940 junior high population would reach its peak in 1965.

The new school will supplement, rather than replace the junior high at West, Rudi said.

Mrs. Florence Hardesty Oats, owner of the selected site, is currently living in Chicago, but is expected to confer again with school purchasing officials sometime within the next two weeks.

It is entirely possible, Rudi said, that school board real [illegible] officials may be able to reach some agreement on the purchase price of the site at that time.

If not, the school board must take three steps before instituting condemnation proceedings in Common Pleas Court. They are, general notice to the public of the proposed action, notification of Mrs. Oats, and passing of a formal resolution by the board of education to start the proceedings. The steps would take about six weeks, Rudi said.

West's Class Of 1924 Will Hold Reunion May 15

The class of 1924 of West High School will hold a 30th anniversary reunion in the Gold Room of the Fort Hayes Hotel on Saturday, May 15.

The affair will be the class' first group meeting since graduation and will consist of a banquet and entertainment.

General chairman for the event is Robert M. Draper. Mrs. Frances Fairchild Cady is secretary and Mrs. Margaret Tracy Addie is in charge.

Other committee heads are, arrangements, Curtis G. Wilcox and Mrs. Annouise McCauley Allen; entertainment, Earl F. Cline and Mrs. Vella Peters Lloyd; telephone and membership, Mrs. Ardath Roberts Frederick; decorations, Millicent Jackson and publicity, Mrs. Cleo Kramer Stickel.

Any members of the class not so far contacted are asked to call Mrs. Allen, RA. 6217. It is also requested that any information about the whereabouts of members who might not see published notices be given to the membership committee.

Fourteen members of the class, which totaled 143, have been meeting to work out plans for the reunion. One of the highlights is expected to be the appearance of a quartet which was very active in the senior year, consisting of Howard Mood, Vaughn Seeds, Eldon Brown, and Ray Hills. Hills, the only member of the choral group living out of the state, has indicated that he will be present according to chairman Draper.

Former teachers are also being contacted in the hope that many of them will be able to attend. Contests for alumni having the most children and the most grandchildren are also scheduled for the event.

STEVIE LANGLAIS, six-year-old son of Mr. and Mrs. Robert Langlais, 740 S. Harris-av, climbs into the homes and into the hearts of all Franklin Countians this week as "Easter Seal Boy of 1954." His photo appears in 156,000 letters asking local people to purchase Easter seals to carry on the services of the Franklin County Society for Crippled Children during the next 12 months. For nearly five years Stevie has been receiving treatments and training at the Franklin County Cerebral Palsy Treatment Center, 553 E. Town-st, which is supported by Easter seal purchases. Next fall he "graduates" to the Open Air School, Neil-av at Hudson-st.

Rezoning Hearing Is Set For Franklin Twp. Hall

A public hearing will be held at 8:30 p.m. Wednesday, Mar. 24, in the Franklin Twp. hall on Sullivant-av before the Rural Zoning Board on the petition of Harold Cunningham, 3118 Valleyview-dr, to have a 17-acre tract fronting on the south side of Valleyview changed from agricultural and residential to a light manufacturing or general commercial classification. In preliminary papers filed with the board, Cunningham indicated possible plans for a skating rink and a swimming pool in the area.

Camp Chase Civic Assn. To Join Officer Installation With Dance

The Camp Chase Civic Association will install its new officers in a combination open meeting and community square dance on May 1 in the Westgate Park shelter house.

R. E. Parrish, recently-elected president of the organization, said yesterday that plans for the affair include obtaining an orchestra and a square dance instructor.

Meanwhile, Parrish revealed that at an executive board meeting of the association last Tuesday, Mar. 9, it was the concensus that Camp Chase Civic Association should abandon its previously unalterable position of opposition to the rezoning of a portion of the New York Central Railroad property north of Sullivant-av.

A majority of the 12 executive board members attending the session were agreed, Parrish said, that assurances given the rural zoning commission in its hearing of Jan. 25 by New York Central officials that "no diesel roundhouse or otherwise objectionable" industry was slated to go into the tract should largely calm the fears of community residents that property values would be lowered by the move.

"Besides, there is no other recourse except the court," Parrish said. "Board members now feel that the best policy is to wait and see what goes into the tract."

He said that the executive board did not plan to send representatives to the public hearing on the matter scheduled for Apr. 2 before the County Commissioners.

At the last open meeting of the association, held on Feb. 16 in the Westgate Elementary School, some 70 area residents met to determine how they could fight the proposed rezoning of the tract. Both the rural zoning and the regional planning commissions rejected the railroad's original request for rezoning of the entire 92-acre tract and ruled that the 1500-acre frontage should remain in the light industrial classification.

May Primary Vote Is Proposed By Election Board

The Franklin County board of elections suggested that the date of municipal primary elections be changed from August to May in a proposal to City Council Monday.

Municipal elections are now held in odd number years on the second Tuesday in August. A charter amendment to change the date, to be effective in 1955, and to place it on the November ballot was proposed by the board.

The board cited three points in favor of the change. They were:

1. Approximately a third of the city's booth workers are out of the city in August and this means employing substitute officials on a large scale, thus adding to election costs.

2. Thousands of voters are disfranchised in August because it is a principal vacation month.

3. All other primary elections, county, state, and national, are held in May in the even numbered years. Changing the date from August in municipal election in the odd year to May would have the effect of making the month of May at all times of voting month and thereby avoid confusion in the minds of the voters.

Want-Ad Sells Piano Within Three Hours

She placed the following want-ad:

The results were overwhelming. Within three hours after papers had been delivered to 32,000 homes, she sold her piano and received 15-20 telephone calls from people who would have liked to buy it.

Franklin Twp. Citizens Assn. Expects 6,000 Membership

The Franklin Twp. Citizens Association, Inc., with an anticipated membership of up to 6,000 township residents who are opposed to "piecemeal annexation" was a going concern in the community today following formal adoption of by-laws and a constitution last Saturday.

Named to head the fledgling organization was Clyde Crandall, vice-president of the township school board. Other officers include Miller Pringle, vice-president; Francis McCarley, assistant fire chief, secretary; James Moffitt, township fire chief, treasurer; Leslie Graham, chaplain; and Ed LeCaptain, secretary of West Franklin Associations, Inc., sergeant-at-arms.

Crandall declared the purpose of the group is to maintain the present borders of the township and provide for future and civic growth of Franklin Twp. The group has gone on record as resisting any annexation move until an overall plan is adopted whereby every citizen of the township will benefit.

Another principle the group is agreed on, according to Randall is firm opposition to the methods of coercion and threats the city has used to effect annexation." Crandall said, "We want to cooperate if the city will give us a fair break."

Nominal dues will be collected from the anticipated membership, which may reach 6,000, according to Crandall. The association will hold regular monthly meetings.

Many Take Advantage Of Subscription-Coffee Offer

Response was good to The Hilltop Record's combination coffee and subscription drive of last Thursday, Friday and Saturday. And the path between the Record office and Chubby Distelhorst's Market, W. Broad-st at Eureka-av, was well-beaten by subscribers who were permitted to buy popular brands of coffee for only 39 cents after producing a $2 new or renewal subscription receipt.

"Chubby" quoted one happy customer who took advantage of the special bargain as saying, "It's a rare combination. My family would be as lost without the Record as they would be without their morning cup of coffee."

ANNEXATION IN REVIEW

Plans For An Advisory Board Brings Semblance Of Peace

It looked like peace on the annexation front for most of the past week in the wake of enthusiastic endorsement by all concerned of a proposal of West Franklin County Associations, Inc., for the formation of a Metropolitan Advisory Group.

But by Monday, fire had been added to the situation when City Attorney Chalmers P. Wylie rendered his opinion that the granting of water privileges to outlying residents and communities could be revoked.

Mayor D. J. Kunz of Rome, president of West Franklin County Associations, and several representatives of the member groups appeared before the county commissioners last Wednesday to discuss problems of annexation and rural zoning. Mayor Kunz proposed formation of the new metropolitan group at this time.

By Thursday, commissioners had endorsed the plan and indicated they thought such a body would be of great assistance in deciding the increasing number of annexation problems brought before them.

On Friday, Grover F. Clements, director of the Franklin County Regional Planning Commission added his endorsement and announced that invitations would be sent to eight key groups and officials throughout the county, asking each to designate one member for the new committee.

Invited to assist in forming the no-political liaison agency, which will help develop an orderly plan for expanding Columbus and dispense authentic information about annexation to interested city, county, and township groups, were the following:

Columbus city council, Mayor [illegible], Franklin County Township Trustees Association, Common Pleas Court, county board of education, county commissioners, Franklin County Mayors Association, and the boards of education of Columbus, Grandview,

Hilliards High Earns Honors In Music Competition Events

Hilliards High School has been honored in having 11 of its students selected to play in the 80-piece All-Franklin County Band at the county music festival in Groveport High School on Apr. 2. The All-County Band will be conducted by Frank Simons, former first cornetist for the John Phillip Sousa Band.

Hilliards students selected on the basis of intonation, sight reading, articulation, and tone performance in auditions before a three man committee of Franklin county music teachers, include the following:

David Snider, Dick Shaner, Carla Siegfried, Carol Skaggs, Janice Brown, Joan Woodin, Judy Reeb, Lowell Johnson, Louisa Potts, Jina Haney, and Ed Upperman.

Two Hilliards students, Lowell Johnson, trombonist, and Louisa Potts, saxaphonist, received the highest ratings of any students in the county. As a result, they will occupy the first chairs in their sections.

Other musical honors accruing to Hilliards High include highest possible ratings for Lowell Johnson, trombonist, and David Snider, flutist, in the district solo ensemble music contest held Saturday, Mar. 13, at Capital University. Johnson and Snider will compete in the state contest as a result of their showings.

Other students who participated in the district contest were Malcolm Pennell, Ronnie Schoonover, Louisa Potts, Dianna Holcomb, Judy Reeb, Carla Siegfried, Joan Woodin and Rita White. The entire group will play before the Hilliards Music Boosters on Apr. 5.

W. Franklin Kiwanis To Sponsor 4-H Public Speaking Competition

Members of 4-H Clubs living west of High-st in Franklin County will vie for several awards in a public speaking contest sponsored by the West Franklin County Kiwanis Club, to be held April 29 at the Prairie Township School. Details of the contest were released by Malcolm Pennell, chairman of the Boys and Girls Committee, and Harold Hart, head of the Agricultural Committee of the West Franklin organization.

The contest will be divided into two divisions — Junior (10 to 14 years of age, inclusive, on January 1, 1954) and Senior (15 to 20 years of age, inclusive, on January 1, 1954 First place in each division will win a $50 savings bond and second place in each division will earn paid registration to the 1954 4-H camp. Each contestant will receive a participation award and each club having a first-place winner will receive a trophy.

According to the co-chairmen, the object of the contest is to encourage 4-H Club work and to stimulate 4-H members to develop skill in presenting their ideas. There is no limit on the number of entries, but they must received by Mr. Pennell before April 10.

Each contestant is required to prepare and deliver a talk of not less than three nor more than five minutes' duration on one of the following subjects:

(1) Why I am a 4-H member.
(2) 4-H trains members for citizenship.
(3) 4-H teaches brotherhood.
(4) 4-H trains for leadership.

Elimination contests will be held approximately one week before the finals—one in the northwest section and one in the southwest section of the county.

Scoring will be based on organization, presentation, personal appearance and content.

UPROOTED—Preliminary work on the widening of a three and three-tenths mile section of Trabue-rd from McKinley-av to the Rome-Hilliards-rd got underway last week, with actual resurfacing operations slated to begin on Apr. 1. Here, workmen attempt to burn the hundreds of tree stumps and bushes uprooted in a section just east of the intersection with Wilson-rd, the scene of several accidents in the past. The widened road will be 40 feet wide in San Margherita, while that section west of Hague-av will be 24 feet. County Engineer Guy Sibin said the $239,000 project is expected to be completed by Aug. 31. (Hilltop Record Photo)

ABOVE IS AN ARTIST'S CONCEPTION OF THE NEW DOLLAR FEDERAL SAVINGS & LOAN ASSOCIATION BRANCH at the northwest corner of W. Third-av and Olentangy River-rd. Work has already started at the site and completion is expected by Oct. 1, according to H. C. Geckenbach, Jr., executive vice-president and secretary of the association whose main offices are at 51 E. Gay-st. The new branch will feature drive-in service from three windows, parking space for 23 automobiles, and a night depository. Tom Bringardner, assistant vice-president of the association will be office manager when the branch opens. The location, along the proposed Inner Belt Expressway system, will make the branch convenient to both Hilltop and West Side residents.

SHOULD SMALL AIRPORTS TAKE OFF?

Sullivant Avenue Airport Owner Sets Off City Air Needs Study

County-wide airport needs in relation to the growing pains of Columbus came in for an airing last Thursday and will be the subject of a future study as the result of a Hilltop airport owner's belief that mushrooming developments would soon block small airstrips serving the city.

It all started some two weeks ago when Gomer Jones, owner of the 105-acre Sullivant Avenue Airport asked the mayor what provision was being made in the city's planning for small airstrips which are playing an increasing role in air transportation.

Mayor Sensenbrenner invited Jones; John P. Biehn, chairman of the metropolitan airport commission; Jack Bolton, superintendent of Port Columbus; Robert Teaford, chairman of the city planning commission; and several representatives of local industries to a special session last Thurday at City Hall.

As a result of that meeting, it was suggested that the Franklin County regional planning commission consider in its meeting of Apr. 2 the advisability of contracting with the J. E. Greiner Co. of Baltimore, Md., consulting engineers, to make a complete survey of the problem, costs, and current and future needs for landing space for medium and light aircraft.

Jones sought the answer to several questions concerning future air service to Columbus. Regarding his own airport, he wanted to know whether the community felt it desirable to keep the site for an airport or to turn it into home developments and move the site of the airport four or five miles farther west.

He mentioned the possibility that the city might want to buy his present site and add to it by purchasing additional land to the south to ensure that the Hilltop area would be serviced by an airstrip in the future.

"I am not desirous of selling my airport, but if that is the only way to protect the vital service to the community, I would gladly part with it," Jones declared. "It would bring me some $500 more on the acre to sell it for home development, but I firmly believe the site is needed for an ever-increasing air traffic."

Jones has owned the Sullivant Avenue Airport since 1937. The airport served as the main municipal airport from 1928 to 1929 when the pioneer air mail service utilized the base. The airport now has 3000-foot major airstrips running north and south.

Jones contended that many businesses and industries in the area are depending more and more on the strip for easy access to their plants. The 40-minute drive from Port Columbus to this section of the city largely eliminates the advantage of air flight and shipment for these firms, he said.

He also stated the belief that the city would have to open some sort of an auxiliary strip to accommodate lighter craft within the next 5-10 years if the smaller airports were closed down.

Jones remarked that if the 45 planes using his airport, the 35 using Glickenger Airport, and the approximately 80 at Northway Airport were suddenly to be forced to use Port Columbus because of being crowded out of their present locations, the municipal airfield could not accommodate them. Jones, who also owns Glickenger Airport, said he would be willing to sell it at any time if it meant saving the Sullivant Avenue strip. Glickenger is primarily used by sportsmen and others who fly for pleasure.

Biehn said that the city had no money to develop any secondary airport and that it would not be feasible for 15 or 20 years for the city to have more than one commercial airport.

Teaford joined in supporting Jones' contention that Port Columbus could not support light and medium planes now utilizing the three airports at the city's edges.

All present agreed that the chance of enlarging Port Columbus was slight because of the high cost of surrounding land.

Annexation—

(Continued from Page 1)

Heights, Hexley, Upper Arlington, and Worthington.

Emphasizing that the committee will be designed to keep annexation out of politics, Clements stated:

"We hope the committee's actions will help all Franklin County citizens. Everybody realizes Columbus must grow and our goal will be to find an orderly way in which that may be accomplished."

The first meeting of the new group will be called in the near future after representatives are named. It has been emphasized that membership is not closed and that additional groups will be represented in the future. Clements asked that members named to the committee not be office-holders so the new group could stay clear of politics.

On Monday, City Attorney Wylie delivered his long-awaited opinion on water sought by Service Director Floyd C. Redick.

He held in brief that water rates to out-of-town areas may be upped as much as 50 per cent over that charged city residents, that Columbus can discontinue supplying water to unincorporated areas after advance warning, that the city can refuse water to new applicants in municipalities and unincorporated areas, and that water pacts signed by Columbus and individual residents of outlying communities are not binding contracts.

Wylie affirmed the principle that residents of new areas annexed to Columbus would be entitled to full water service.

Ohio Bell Launches Big Expansion Program To Serve Lincoln Village

The Alton exchange of the Ohio Bell Telephone Company will be enlarged as part of a vast expansion program which will provide telephone service to Lincoln Village.

According to J. Philip Gibbs, district commercial manager for Ohio Bell, work has already begun on the program. He said that nearly 2000 miles of wire will be installed to serve the first housing section and the commercial and shopping center of Lincoln Village. Gibbs said that Ohio Bell will purchase part interest in some 300 poles owned by Columbus and Southern Ohio Electric for installation of lines.

Two hundred fifty feet of conduits will be installed under W. Broad-st to complete the tie-in. The main feeder line will run along Broad-st. Gibbs said that the new service will be part of the $3,600,000 Franklin County expansion program of Ohio Bell which was announced in January.

He disclosed that until 1956 Lincoln Village residents will have the FR prefix before their telephone numbers. After that, the Alton exchange will become the Trinity office.

Carl R. Frye, vice-president and general manager of Peoples Development, said that the phone company's expansion will serve some 850 single homes and several hundred apartments being built in the first section of the development. It is located on the north side of Broad-st, adjacent to New Rome.

Service will also be extended to the shopping and commercial area, which is approximately 60 acres in size, and the 550 acre industrial zone of Lincoln Village. The latter is located along Georgesville and Parkwest-rds and is bisected by Broad-st.

The Peoples Development Company is a subsidiary of the Farm Bureau Insurance Companies.

NEWS OF HILLIARDS

Area's Spring Farming Operations Progressing Rapidly; Seed Sales Larger Than Several Years

By Louise Pohlmann

Spring farming operations are progressing rapidly in the area in and about Hilliards. Much plowing has already been done and seedbeds promise to be in better pre-seeding condition this year than for a number of years.

Sales of seeds have been much in excess of those for many years past because of the removal of certain government controls, apparently, John Russell of Russell Grain Co. stated Saturday. Demand for soy beans and oats has run way ahead of last year or any recent year and farmers show an increasing interest in sowing improved strains of farm crops, Russell added.

Deputy Registrar Franes Connor says 1954 license plates are going "awfully slow." With March half gone, only about 20 percent of the total annually issued at Hilliards had been applied for by Saturday evening. The plates are obtainable at the Montgomery Sinclair Station, Gill and Norwich-sts.

Overheard in Hilliards Beauty Shop: "Lots of people cancelled appointments because they had colds, lately." "Considerate thing to do." "If you mean infecting the operator, it never occurs to me." "Mental attitude, hunh?" "You have to have a brain to have a mental attitude, don't you?" (Note: This operator says further that if a person had real brains some other occupation would be chosen than standing on the feet all day, etc.)

Basement excavations for two new homes were begun Monday by the Grant-Wayne Co. The new homes will be of one and a half stories each, one with Colonial front and one New England type. These houses are being built on Hamilton-rd, John Russell, an official of the company said.

Milburn A. Hoffman and family moved into their new home on N. Norwich-st in the Grant-Wayne Addition. The sale of this home to Hoffman completes the development operations in this addition, where formerly was located the old Hilliards baseball park.

New residents in the Hilliards community are Mr. and Mrs. Carl Kauffman who purchased the Milburn A. Hoffman residence on Cemetery-rd. Kauffman is a Franklin County Deputy Sheriff.

Other newcomers are the family of Luther Eldridge. Eldridge is employed as a driver by Russell Grain Co.

Walter LeMaster and his family recently moved to their new home on Linda-rd. LeMaster is associated with the Hy-Grade Milk Co.

Dixie Jamboree Plays To Record Audience Friday

"Dixie Jamboree," Hilliards American Legion Post 614's annual minstrel show played to a record audience, Friday night. The various skits and specialties were performed in such equal degree of quality performance that no one could be picked as "star" of the show.

Commander Clarence Weeks of Post 614 was praised highly for the excellence of this year's show. So also was Paul Kindiger, musical director; and program director, Paul Miller stated the feeling of all the Post when he said, "We wish to thank everyone in this community not members of the Legion who gave so generously of their time and talents to make the show the success it was." Many who were in no way obligated, did much to help the promotion and keep interest alive and their efforts are deeply appreciated, he indicated.

HILLIARDS HIGH SCHOOL

'Ramshackle Inn,' Senior Class Play, Set For Mar. 31, Apr. 1

By Billie Ann Orr

"Ramshackle Inn", this year's Senior class play at Hilliards High School, will be presented in the school auditorium on Wednesday, Mar. 31, and Thursday, Apr. 1.

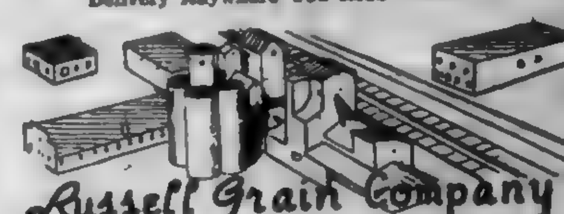
The play shows great promise of being headed for a smash success with such characters as Commodore Lucius Towser and prim little Miss Belinda Bryde being portrayed by Dave Busick and Marilyn Horst and Mary Jo Johnson.

No play is complete without a villian and Ronnie Patterson and Malcolm Pennell fill the bill. Gun molls are played by Carolyn Kidwell and June Woods while the drug addicts are Joan Johnson and Billie Ann Orr.

The unpredictable Mame is played by Mary Jane Slagle whose convict son is portrayed by Dick Terry and Doug King. Their entanglements with Patton, the general caretaker, played by Donnie Hackworth, is quite hilarious while Art Rosemier makes things rough for everyone in general as Constable Small.

Mr. Arbuthnot who leaves quite suddenly on page two to be tossed around during the play, makes it difficult for those who wish to keep his presence unknown.

The FBI woman part was taken quite appropriately by Alice Baty and Patty Vagnier.



Mr. Temple, who meets with death quite suddenly one dark rainy night (Jerry Kaltenbach), makes things generally miserable for his niece Mary, played by Suzanne Flickenger.

The irrepressible Gilhooley adds a great deal to the comedy of the play as this performance is given by Jim Trachsel. Fred Porter, coast guardsman, is played by Barry Myers.

Student directors are Jim Trachsel and Bill Feuchter.

The Hilliards High School Band, Boys' and Girls' Chorus, and Choir will participate in the Franklin County Music Festival to be held early in April at Groveport. On Apr. 2, all high school bands throughout the county will play selections of their choice, following which a Franklin County band will be selected and play several numbers.

Choral groups will participate in competition on Apr. 9.

Seen at Seiller's

by Sue Fredendall

Did I hear subbody say sprig was cubbig? With all the spring colds we've heard about, could be a sign. Well whether spring ever gets here or not we know Easter will be here for sure soon, and if you want to join the Easter Parade in a new bonnet, Seiller's is the place to go. You'll love the new hats, this spring. You'll be able to find one at Seiller's that is everything you've ever wanted in a hat. One that looks as tho' it was designed especially for you and you alone. These little attention getters remind you of lilacs and pink apple blossoms in the rain, all dewy fresh, and bright.

If you want a cute little spring number for Guys and Dolls day, rush right down to Seiller's. You don't have much time. Be the prettiest girl at the party tomorrow night. Adv.

Ed Witherspoon, who suffered a broken leg down in Florida a few weeks ago, was flown home last Thursday and taken to Mt. Carmel Hospital and is scheduled to be able to return to his home in Grove City this Sunday.

Southern climes appear to agree with Tom Timlin, well-known grocer at Broad-st and Princeton-av, who has returned from Florida with a sunnier-than-ever smile.

Sunday Sermonette

By Rev. Carl Smith

Pastor of Hilltop Church of Christ

"I don't want anybody suffering for me. I can take my own medicine." That is the reaction of many people when they hear the story of the crucifixion of Christ. We have to admire their self-reliance. But you have to question their understanding one of the principal facts of life.

Rev. Carl Smith

The truth is that nobody goes through life without others suffering for him. No person grows without his parents and friends suffering because of his needs or his temper or his demands.

Many of the things which we take for granted are here because someone suffered to bring them into existence. Many drugs in the doctor's kit were proved by the suffering of a scientist. Cemeteries scattered over the world are evidence of the suffering others have undergone to make freedom possible. Actually, anybody who lives with others benefits from the suffering they endure on his behalf.

Knowing this opens one avenue by which we can understand Easter. Easter is at least this. It is God entering into this world which man has turned into a mess, and becoming so closely tied to people, that the consequences of their selfishness, bitterness, and bigotry finally fall on Him, and He suffers for man's sin.

About Cremation

Cremated remains are not ashes, but fragments of bone structure. Cremation of today is vastly different from the method of yesterday. No preheated crematory vaults. No ashes. No muscular contraction or body movement.

The body is prepared and casketed the same for a cremation service as for any other type of burial. The body is not removed from the casket, the Casket is placed in the crematory vault without being opened after delivery to the crematory. The casket is cremated with the body. The cremated remains being calcareous are heavy — the withered disintegration of the casket and the clothing being light are blown away by air, leaving the cremated remains undisturbed.

After cremation the cremated remains may be left at the crematory until the surviving members of the family decide upon their final disposition. The urn with its cremated remains may be placed for all time in a niche in the Columbaria. When the original purchase price of the niche is paid, their is not further cost. A name ineffaceably engraved on a cast bronze urn and placed in a niche of a columbarium is a permanent memorial. A single niche carries with the purchase the privilege of transfer to a larger family niche later. When burial of the cremated remains is desired a suitable burial container may be had from the funeral director or the crematory.

Cremation is not a method of disposal of the dead, but is rather a method of preparation for permanent preservation.

Cremation is within the reach of all. It combines sanitation, economy and perpetuity as in no other form of burial. For further information call Sunset Cemetery and Crematory, ALton 8-5355, 6958 West Broad St

things that NEVER CHANGE

It will take you only about thirty seconds to read these lines. Yet in that short half minute, the map of the world will change.

Somewhere in the world, a long-quiet volcano will erupt with a roar that sends tons of molten lava streaming down the mountainside to alter the face of that mountain and the lives of the villagers at its base. As you read this sentence, a tiny, pink line of coral is emerging in the Pacific to start a new island which, God willing, will never become another Guadalcanal. An earthquake shakes part of Japan; a new skyscraper foundation is begun in an American city; a giant glacier changes its course in Labrador:—all as you read this page.

So it's apparent that the only *constant* thing about this old earth of ours is its *inconstancy.* Nothing is permanent except the moral truths of the Creator who fashioned this changing world in which we live.

God's truths are rockfast. No matter how the world changes, God's truths will always exist for man in an otherwise impermanent world. From the pulpit or altar of your church, these truths and values become self-evident to all. And perhaps that is why, in these days of stress, more men than ever are turning for assurance to God and his churches for truths that have never changed . . . and never, never will.

For I am the Lord, I change not.—Mal. 3:6.

YOUR YOUTH

By Bob Schmidt—Dick Wilson

"Wanna buy some taffy?" is the expression which was used most often during the salt water taffy sale which was made last week by Hilltop YMCA clubs. The profits were used for World Service and local club projects. There were 2704 boxes sold, with West Broad leading the sales with $109.60. Profits by other clubs selling were West Junior Hi-Y, $86.40; John Burroughs Gra-Y, $85.46; Highland Gra-Y, $56.80; West Mound Gra-Y, $42.60; Free Lancers, $32.40; Westgate Gra-Y, $19.00; Cherokee Indian Guides, $25; Wyandotte Indian Guides, $29.60; Shawnee Indian Guides, $2.00; Kickapoo Indian Guides, $18; West Broad Indian Guides, $7; Mothers' Council, $3; Gradale Sorority, $7; Boys' and Girls' Craft Classes, $34.60.

Six boys won major prizes for selling the most boxes. Jan Lawrence of West Junior Hi-Y won the first prize basketball with 123 boxes sold. Donald Rudolph of West Mound Gra-Y won the second prize baseball glove with 76 boxes sold. Deward Watts of the Cherokee Indian Guides won the third prize fishing lantern with 75 boxes sold. Jim Kleinhans of West Mound Gra-Y won the fourth prize baseball bat with 70 boxes sold. Bob Richards of John Burroughs Gra-Y and Bob Doyle of Boys' craft class tied for the fifth place with 65 boxes sold apiece. They were each awarded a baseball.

Hilltop YMCA "T" shirts were awarded to nine boys and one girl for selling 50 boxes or more. They were Sally Reed of Girls' craft class, Larry Fox and Bill Ingle of West Junior Hi-Y, Bill Hart, Glen Rohrer, Mike Steiff and Bob Timmons of John Burroughs Gra-Y, Joe Dunn, George Wallace and Charles Graham of West Broad Gra-Y and Jeff Leighninger of Wyandotte Indian Guides. For those of you who are wondering what World Service is, I will try to explain. It is a program which is sponsored by the YMCA's of the United States and Canada so that experienced men and badly needed supplies may be sent to YMCA's in foreign countries. It is our small but practical way of extending a helping hand to the many associations struggling for existence in conditions of Communism and poverty. We share our training and knowledge and material goods with the local leaders and members who are starting new YMCA's or trying to rebuild or strengthen older ones. This method of "helping others to help themselves" has proven successful over many years and in many different countries.

After this explanation Bob and I would like to say to the 100 boys and girls who worked selling candy to help World Service that they can be proud of their contributions to help less fortunate boys and girls and that they did a wonderful job. "Thanks a million!"

ATTENTION MOTHERS

At a meeting of the "Parent Teachers Association" a well known scientist said "one of the purposes of medical research is to investigate human behavior and the effect on it of such things as dietary deficiencies and gland secretions." Experiments in the last twenty years, he pointed out have disclosed that calcium deficiency disposes children toward indolence. Insufficient vitamin B complex also affects temperament. Modern diet and eating habits do not always give the proper amount of nutrients necessary, so that the minimum daily requirement is supplied. It is suggested you try — Delicious, Inexpensive, "Vita-Me" children's multi-vitamin candy vitamins with minerals (10 vitamins — 3 minerals) as a nutritional supplement.

Select 'Hoosier Schoolmaster' As Senior Play

"Hoosier Schoolmaster" was announced yesterday as the title of the Senior Class play to be given by graduating West High students as their last offering on the school stage. The date of the presentation has not been set.

"Hoosier Schoolmaster" is a rural comedy in three acts written by Edward Eggleston and adapted for the stage by Wall Spence. The play includes 27 speaking parts, but in order that more may participate, the classes will write in more parts.

The time of the play is in the 1870's in the winter. It centers in a small town called Flat Creek District of Hoopple County, Ind. The play will feature all of the costumes and customs of this area. There will even be an old-fashioned spelling bee with the schoolmaster trying to "spell down" the master. This was considered the next greatest distinction to having whipped the biggest bully in the school.

Members of the 12A dramatics classes are starting to work on the play which will be cast in the near future.

By Martha Merriman

Hey, look! It's on its way! Spring, that is, and the junior and senior student councils of West High School have planned a gay program of festivities to usher in the long-awaited day.

We're rushing the season a little bit for we're celebrating Guys and Dolls day, as the event has come to be known, on Mar. 19 instead of Mar. 22. However, the student councils feel sure that the good lady will oblige by arriving slightly ahead of schedule in the halls and classrooms of West High.

Separate programs are planned for junior and senior high the fifth and sixth periods. The gym will be transformed by a soft swirl of pastel decorations and music will be provided by the West High Dance Band. Of course the highlight of the day will be the crowning of the "Guy" and "Doll." Two reigning couples will be elected by popular vote, one for the junior high and one for senior high. Irvin Young and Harriette Brown will announce them during the program.

Junior candidates are Kay Case, Judy Cutler, Mary Conever, Zi Ann Pospichel, Linda Ross, Parker Bridgner, Kenny Clapsaddle, Jack Kight, Tom Lewis, and Dennis McDonald.

With the help of the new feeding system, Robert McCormick, Hilliards, office manager, stated the tremendous labor involved in handling so many mailing covers each month will be greatly facilitated.

Bicycles must be licensed by Apr. 1 or face possible impoundment by the police under the bicycle licensing ordinance. Survey Shows Expansion Plans For Schools In The Hilltop Area

Costs and target dates for completion of new structures and remodeling of a number of Hilltop area schools have been compiled by the Columbus Chamber of Commerce in a special citywide school survey.

Contracts will be let for the eight-classroom addition to Westgate Elementary School at 3080 Wicklow-rd sometime this fall, with completion set by September 1954, according to the report.

Contracts for the addition of a new auditorium to Starling Junior High School at 120 S. Central-av will be let this fall, with completion set for September 1955.

Minor remodeling on John Burroughs and Highland Avenue Elementary Schools is expected to be completed by the end of 1955, with contracts to be let in late 1954 or early 1955.

The survey disclosed that a new junior high school at W. Mound-st and Highland-av will be constructed by September, 1956.

The addition of two rooms to West Junior and Senior High School at 179 S. Powell-av was completed by Sept. 9, 1953, and cost $32,340. A large addition to Starling Junior High was completed last summer at a cost of $421,713.

Among projects listed for 1956-58 was a further addition to West High.

A Salute To West's Band Parents' Club

The Hilltop Record salutes the Band Parents' Club of West High School and the work its more than 150 members have accomplished toward making the musical organizations at the local high school among the best of their kind in the nation.

The annual West High Band Variety Show, to be held this year on Mar. 25 and 26 in the school auditorium, is the top money-making effort of the club. Receipts from the show aid the Band Parents' Club in buying uniforms, having them stored and cleaned, paying for repairs, and carrying insurance for both school and privately-owned instruments.

So far this school year, the Band Parents' Club has raised $250 by selling Christmas cards, netted $170 through a rummage sale, and earned $396 through a subscription drive for The Hilltop Record.

Sounds like a lot of money, doesn't it? But when you consider that the purchase of trousers and hats and a few new coats for the band last year came to nearly $3000, you see that the need is far greater than the funds available.

Future needs include more coats, hat plumes, and additional instruments. The need continues from year to year as instruments and uniforms fall prey to the passing of time.

The club received sort of a spiritual repayment for its great efforts last fall when members of the marching band came on to the football field with a prouder-than-ever flourish as a result of new uniforms.

Each fall, Band Parents' Club members get marching uniofrms fitted, issued, and maintain the necessary records. At football games, mothers issue plumes and check uniforms while dads rope off band sections and chaperone buses on band trips. The club sponsors after-game dances, selling tickets, checking wraps, supervising doors, selling refreshments, and accomplishing the manifold details in connection with such events.

This year's West High Band Variety Show deserves the support of every member in the community. The cause is worthy, the need is real and the best part about it is that you are bound to enjoy the show the talented youngsters have put together.

Those Eyes —

How Well Do You Know Them?

Last week's eyes, shown in this column, belong to Rev. Joseph L. Shellhaas, pastor of Glenwood Methodist Church, the largest

Rev. Shellhaas

Protestant church in Columbus. Despite the pressing duties of his huge congregation, Rev. Shellhaas has found time to teach philosophy at Ohio State University. Many of his students there have been so impressed by his teachings that they have made it a special point to become active in his congregation.

Rev. Shellhaas, possessor of a number of higher degrees in religion, education, and philosophy, lives at 74 S. Highland-av.

This week's mystery eyes belong to a well-known Hilltopper, who is willing to bet that the things you fear most won't come to pass for a long time. He's a past commander of Camp Chase Post 98, American Legion, and active in several Hilltop service and civic organizations.

New Rome Fire Dept. Obtains $15,000 Pumper At No Cost To Taxpayers

Fire Chief Jack Richards said this week that the new $15,000 fire truck added to the Prairie Twp. fire department last Thursday, without cost to area residents, will enable the department to give adequate fire protection to rapidly growing residential and industrial areas in the township.

The new 800-gallon pumper, capable of pumping 750 gallons a minute, was purchased through Civil Defense, which paid approximately one half the cost of the unit. The remained of the purchase price was paid out of the firemen's fund, accumulated by redeeming sales tax stamps and from various other fund-raising activities of the department.

The 26-man volunteer fire department was organized in 1942 and its fire house was built in 1947 in New Rome. The department also has an emergency squad truck and two 500-gallon pumps.

3 Color Nature Films To Be Shown At Museum

"The Wonders of Nature, Sea and Land," in three color films, will be shown at the Ohio State Museum, High-st and 15th-av, on Sunday, Mar. 21, at 3 p. m. The free program is sponsored by the State Historical Society and the film department of the Columbus Public Library.

PUBLIC COMMENT

Varying Opinions Expressed On Site For State Building

A front-page editorial suggestion this newspaper made last week that the State of Ohio seriously consider using the farm lands of the State School, just west of Central-av and south of Broad-st, as the site for its new state office building received varied reactions from members of the community.

Opinions expressed in this week's Public Comment poll ranged from enthusiastic endorsement to "absolutely not." Pause a second and see how you feel about it before reading what your neighbors have to say on the subject:

Comment includes:

Mrs. Howard Myers, 739 W. Town-st: "I think the proposal is a very good idea. Parking in the downtown area is such a problem, and building at the State School farmlands would surely help that situation."

Mrs. Russell Harruff, 423 S. Sandusky-st: "I believe the plan would work very well. It is certainly a better choice than using the Central High School location."

Mrs. Margaret Laywell, 923 W. Broad-st: "A proposal to build in that location with ground already owned by the state, sounds like a really good idea to me. I know of no reason why it wouldn't work out well."

Mrs. Howard Smith, 1625 Sullivant-av: "Certainly it is a good plan. The money saved in using ground already owned by the state could be used in many ways. There is too great a need for such things as better parks and playgrounds and more supervision for existing playgrounds, to spend money needlessly on expensive property. I am certainly against building at the Central High School location."

Mrs. Frederick Van Order, 2 Wisconsin-av: "I don't approve of the suggestion of using Central High School's location. That school is needed too badly. I feel that the best plan is to take out the fish-pond and park and enlarge the present building. The central location would be much more practical."

Mrs. Charles Kulp, 734 S. Wayne-av: "The State School farmland is certainly a more logical solution than the Central High School location. With the already desperate problem of overcrowded schools, I can't see any wisdom in losing the city's largest high school. There used to be a library on the top floor of the State Office building; if that were moved out it would increase the space in the present quarters."

Mrs. Russell Simonson, 749 Recine-av: "I really believe Central High School is the better location. The new Memorial Hall will provide facilities for the public affairs now held at Central. I realize that a high school would have to be provided, but I do think, in spite of the tremendous expense, it is better planning to keep the state buildings closer together."

Mrs. Joe Thomas, 104 S. Burgesse-av: "Better parking facilities would certainly be an advantage to the State farmland site, but I would need to think about it before stating an opinion."

Mrs. Gene Paul Werner, 867 Dorgrave: "We have lived in Columbus only a year so I'm afraid I'm unfamiliar with the problem but it sounds practical. Columbus has more room to spread out than many cities, and it would seem that building away from the downtown area is a step in that direction."

Mrs. William Murray, 880 S. Yorrace-av: "The proposal to use property already owned by the state is certainly much more sensible than the idea of using the Central High School site. The school is in good condition and is badly needed."

Harry Fleming, 104 W. Warren-av: "In my opinion, the new State building should be located on the ground along Central-av, south of W. Broad-st. There must be enough room for additions to that building for Columbus is an expanding, growing city. It would take a tremendous sum of money to buy downtown property, tear down existing buildings, and then build, and a great savings would be effected by using state-owned ground with plenty of room for further expansion. Considering the amount of time it takes to find parking places in the down town area, this location would actually be easier and quicker to reach."

LANDSCAPING

Sometimes too much of a good thing can be bad, and that applies to shrubbery and trees used in landscaping a home. We should landscape our house in order to trim it or to give it that finished look; too often we smother it or even hide it!

We have to remember that evergreens and shrubs grow, some quite rapidly, and they must be planted the right distance apart when purchased so that they won't look crowded together in three or four years. The first year the planting might look a trifle sparse or skimpy but not for long. For instance, for an informal hedge, three foot honeysuckle bushes can be spaced about three or four feet apart and in just a few years will show a dense growth and fill in all the bare spots nicely.

The Japanese yew, one of the prettiest low bushy evergreens, is a speedy grower, and we found that three of them planted at one end of a porch completely filled in a 12-foot area in about four years. This is one of my favorites and can be used in so many different spots.

Evergreens, of course, whether broadleaved or needleleaved, provide color all year because they stay green. They also grow in so many different shapes, such as low, broad, tall and bushy, and tall and slender. We can use them to change the lines of a house—tall ones to heighten it, low spreading ones to "tie it" to the ground and give it width. Then, too, their deep green color provides a lovely background for bright flowers from tulip time till fall chrysanthemums.

Less expensive than evergreens are the winter hardy deciduous shrubs that put out fresh leaves each spring but drop them at the end of summer. These can be used as a screen, a background for flowers or as a spot of interest because of the beautiful color of their flowers. And by well arranged planting of these flowering shrubs we can have color in blossoms or berries from very early spring till wintertime. Just a few of our favorites are forsythia, azalea, quince, spirea, weigela, hydrangea, lilac and magnolia.

Landscaping then is really the art of improving the natural surroundings of our home so as to produce a more pleasing appearance. And it need not be elaborate or costly to provide both beauty and pleasure for many, many years.

CROAGH PATRICK

Long, toilsome, the ascent behind him lies.
On the tall peak, humbly he kneels. Below,
He sees sweet valleys and green groves, the slow
Tides of the western sea. His yearning eyes
Embrace the loveliness of hills that rise
From their thin veils of pearly mist, the glow
Of sunlight on far-gleaming lochs that show
In their clear depths the tender, cloud-flecked skies.

Down the advancing years, he sees a throng
Kneel on this lofty height, an altar stand,
The Cross uplifted. He hears prayer and song
From fervent lips and dreaming, lifts his hand
In benediction, though the centuries long
Wind between him and this ecstatic band.

NO SECRETS

Birds have no secrets from the spring.
She knows their ways; each one informs
His name, location, spread of wing,
His future hopes, his choice of worms,
Even those that cannot sing.

And should she try, in blustery words,
To hoax them with a night of chills,
They are not fooled as are the birds.
They hear her laughing on the hills—
Spring has no secrets from the birds.

A person I especially think of around St. Patrick's Day is Bridget Coreen O'Mally Garrity. She was proud of her name and of the fact that she weighed over 300. One of the little jokes she was always telling on herself was that she had to work like a horse so she might as well look like one. She and her ten children were as close to being like the family Levison tells about as any I ever knew. Bridget's husband had died a year or two before we knew them. For a long time, we thought his name was Mike God Rest His Soul, for that is how Bridget always spoke of him. Her kids were always involved in fights which were usually caused by an "outsider" picking on one of them. To Bridget, and her gang anyone who wasn't a Garrity was an outsider. None but the foolish heart or a newcomer in the neighborhood, or a kid who just didn't care, or liked to live dangerously, ever tackled one of the Garrity kids. The ten fought at home among themselves, but quickly rallied round when one of them was even faintly maligned. One day a schoolmate of one of Bridget's girls wrote "Jenny loves Bobby" on the sidewalk. That set off the Big Battle of the Block. While it was at the height of its fury, Bridget who had been to the grocery, hove into sight. She plunked down her two big baskets of groceries and sailed in. Soon her kids were walking into their house, wiping bloody noses, and the outsiders were streaking for their respective homes. For hours and blocks, Bridget was heard telling her brood what a disgrace it was to her and how ashamed she was of all of them. The lecture finally ended with "If you hadn'ta beat them kids I'd walloped you good." After that, all that was heard on the street was the sound of brakes screeching, dogs barking, trucks rumbling, and sirens whining, all small sounds compared to Bridget's carrying voice. But Bridget's bark didn't fool anybody. If sickness or trouble struck in the neighborhood, she was always the first one there. The advice she gave to everyone who ever went to her for it (and that was practically every person within a radius of six blocks) was as sound as any he could have gotten from his minister, priest, rabbi, policeman — or even from Dorothy Dix or Dr. Kinsey. Bridget has long since boomed her last empty threat and done her last kind deed, but we all remember her.

From Columbus: To your signs of spring you might add the kite caught in our backyard trees; our swiftly diminishing coal pile; unbuttoned top coats and drive-in theatres being readied for the big season" . . . From Thornville: "Plowing almost finished! Some day the old timers will point back to 1954, the year when Thornville farmers had their plowing done by the end of February. They might also remember the big snow that came March first and filled the roads bank-high, enough to keep 'travel-happy' folks at home almost a week. When I plowed I had good company—gulls, crows and what not" . . . From Virginia: "Today I made the acquaintance of the new mascot of the University of Virginia. He is Nasty, a dog of uncertain pedigree who has unofficially established himself as the successor to the Great Seal of Virginia, the Mascot who died last December. As our paper pointed out, the University does not choose a mascot, the mascot chooses the University" . . . From New York: "Wish you could be here March 17th to see the parade. They go all out here, even paint shamrocks on the streets and on some streets the lines down the middle are orange and green. All Stars Upset Inter-Center Champs 25-21 At Glenwood

The Boys Intermediate All Stars upset the Inter-Center Tournament champions, the West Side Pirates, by a 25-21 score in an open house exhibition game last week at Glenwood Recreation Center. The game was a thriller all the way as the Pirates fought from behind to tie the score, only to lose it on two quick baskets by Floyd Love of the All Stars.

The All Stars jumped to a 10-1 first quarter lead as John Paul controlled both backboards for the All Stars and Tommy Bridges scored four points. After trailing 7-14 at the half, the Pirates caught fire to tie the score 15-15 and then trailed 15-17 at the third quarter. The All Stars outscored the Pirates in the final quarter even though the score was tied 21-21 with 1½ minutes to play. Mark Zulovitz led the Pirates with seven points and Tom Bridges and Floyd Love scored eight and seven points, respectively. John Paul played an outstanding rebound game for the All Stars.

The Pirates' team was presented award emblems at the half for winning the Intermediate league championship.

West High Ends '53-54 Season By Bowing 54-40 To McKinley Squad

By Woody Owen

West High School's cage squad closed its 1953-54 campaign Tuesday night, Mar. 9, at the Ohio State Fairgrounds Coliseum by going down to defeat at the hands of a surprising Linden McKinley aggregation by a score of 54-40 in the quarter finals of the Central District Class A Tournament.

The Panthers exhibited their best balanced attack of the season as they jumped into an early lead and were never threatened. They held a 13-5 advantage as the first period ended with the Cowboys being able to register only one field goal (by Pruden) with 0.55 remaining.

The ultimate winners continued to hold a 21-12 advantage at halftime and then broke the game wide open in the third quarter as they outscored the locals by a 20-10 margin to hold a 41-22 lead at the three-quarter mark.

The Cowboys outscored the Panthers in the final chapter 18-13 and once cut the margin to a 45-37 count, but a goal by Porter and six free tosses by Pollins in the final two minutes iced the contest.

J. Southall led the McKinley attack with 13 points, followed closely by Pollins, Porter and Snyder with 12 each.

For the Cowboys, Jim Pruden was the lone standout with 15 points, accounting for nine of the locals' 12 points in the first half.

Westgate EUB And Hoge Memorial Still Tied In Junior Church Loop

After the smoke cleared at John Burrough's gym last week, the standings of the Hilltop YMCA Junior Church League showed Westgate EUB, and Hoge Memorial still tied for the first place position. These two teams will meet this week in a clash which will decide the second round winner.

In their game with West Jr. Hi-Y, the Hoge five blasted the nets for 64 points while holding the Y five to 13 points. The Presbyterians jumped into a 14-2 first quarter lead and added to this lead as the game progressed. John Edwards once again led the Hoge offensive attack with 23 points while Bob Wilkins played a good floor game and looked good defensively for the victors. Bill Nebinger led the losers in points scored with five while Morical and Link looked to be the sparkplugs for the losers.

Westgate EUB had a field-day with George Miller's Westgate Methodist team as they clobbered the Methodists 44-11. This game was never in doubt from the start as the EUB team displayed sharp shooting and good teamwork. Ronald and Donald Ireland were outstanding for the victors as they scored 14 and 17 points respectively and played a good floor game as well. David Mack led the losers with five points while Ewing looked good defensively.

The Jr. Firemen threw a scare into Thurm Donaldson's Glenwood team as they played them evenly the first half. The second half was a different story, however, as the experience and extra height allowed the Donaldson-coached five to go ahead to win 29-18. Kreig led the Glenwood scoring attack with eight points while Mike Donaldson played a good game and rebounded well at both ends of the court. Norris led the losers with six points scored and was closely followed by McPherson who collected five.

A scrappy Church of Christ five went down under a strong attack by Burgess EUB, to the tune of 54-19. Steve DeWitt put on a scoring exhibition in the second half, scoring 14 points to gain a total of 18 points to lead his team. All of the starting five broke into the scoring column. Dunham led the Gowdy coached five with eight.

West's Track, Baseball Coaches Ready Squads For Coming Season

By Woody Owen

Spring sports will soon take over the spotlight at West High School. Track Coach Rufe Glass and Baseball Coach Gene Pierce both have large squads working out daily in the Cowboy gym.

Both coaches are hoping for a break in the weather so they can move outdoors where the prospective candidates can cut loose and more can be seen as to their potentialities.

The track squad has 56 candidates with 10 varsity and 10 reserve letter winners returning from the 1953 squad, which placed third in the city meet.

The varsity letter winners returning are Bob Brownlee, hurdles; Ted Dean, 880-yard run; Dick Furry, hurdles; Dan Greer and Charles Hicks, pole vault; Ralph Headington, 880-yard run; Fred Jackson, relays; Tom Workman, high jump; Ralph Wheaton, distance; and Jack Madden, half-mile.

Reserve letter winners returning are Joe Brenot, Richard Black, Dee Carroll, William Chappalear, Jerry Horn, Jim Kruckeberg, Tom Ligon, Paul Neil, Bob Thomas and John Kuntz.

The first meet will be Friday, Mar. 26, at Ohio Stadium. All Greater Columbus teams will participate. The second meet will be in the field house at Denison University Apr. 3.

The Cowboy diamond squad has 80 candidates and could develop into one of the City League's dark horses.

Coach Pierce has seven letter winners returning from last year's sixth place squad. They are catcher Jim Hughes, who will be playing his third year of varsity ball; pitchers Bill Spratley and Dixie Howell; shortstop Jim Vincent, whose 416 batting mark in 1953 was second high in the City League; outfielders Ron Nebinger, Bill Cobb and Bob Dorrs; and Jim Pruden, reserve infielder, is also returning.

Several newcomers, among whom are several members of the 1953 West Junior team, may more than make up for those who graduated.

Dave Randall, all-city junior high first baseman in 1953, heads the list of newcomers along with infielders Bill Dinsch and Chuck Coe; pitcher Bill Courtney, catcher John Edwards and combination pitcher-outfielders George Watkins and Mike Posey.

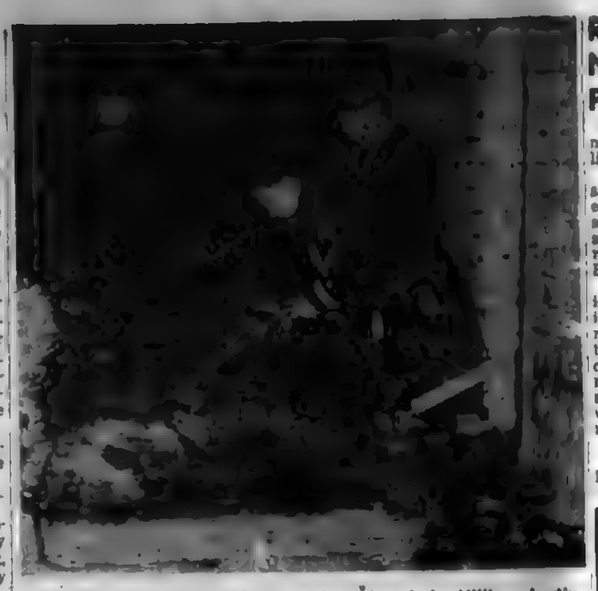
Advertising Club To Sponsor Essay Contest

An opportunity to win $500 is open to every West High student who expresses his thoughts on "When I think about Advertising" . . . this years theme for the annual Essay Contest.

For the eighth consecutive year, the Columbus Advertising Club is sponsoring the local contest to determine the winner for national competition. Contest dates are from February 23rd to March 22nd, at which time all entries must be in. Essays may be up to 1,000 words only, and will be judged on originality of thought, accuracy of information, and clarity of expression. All boys and girls enrolled as regular students in high school, parochial or preparatory schools, are eligible to enter the contest.



The subject, "When I think about Advertising" is actually the first five words of last years national winning essay, submitted by Peggy Busick of Dayton, and was selected as this years theme because all students should think about advertising. It is becoming increasingly important in its influence on business and industry and, in fact, every phase of living, and opens a wide scope for essay development.

First prize for the local winners this year will be $75 and a golden trophy, $50 and a golden trophy for the second prize, $25 for third place, and Honorable Mention Certificates for 4th and 5th places.

First Outlets For PA System Are Being Installed

First outlets for West High's new public address system are now being installed on the stage. When the P.A. system is completed, the building will be wired so that any program in the gym, radio studio, dramatics rooms, or auditorium can be heard in any room in the building. For the past few years students have given tax stamps for the public address system, but Mr. Young said, "While we have started our wiring it is far from finished and we need a lot of those stamps to complete the system."

The four outlets now being installed on the stage will soon be used for assemblies and programs.

SCREAMING SIRENS shattered the quiet of the Hilltop shortly after 4 a. m. last Thursday when firemen were summoned to 55 N. Chase-av to quench a mattress fire. The blaze started, firemen said, when Walter S. Sutton, a roomed at that address, dropped a cigaret on the bed. Damage was estimated at $10 to the frame house and $40 to its contents, mostly from smoke. Here, firemen, douse the stubborn embers outside the house as swirling snowflakes create the image of huge bubbles on the photographer's lens. (Record Photo)

Registrants Need Not Indicate Party Preference

Persons registering to vote are not required to designate their political preference

Secretary of State Ted W. Brown said Tuesday that many persons erroneously believe they must do so. Final registration date in areas such as Franklin County where registration is required is Mar. 24, Brown said.

Those who have previously registered and have voted once during the past two calendar years remain eligible to vote, providing they haven't changed their address, Brown noted. Others must register or transfer their address at the county board of elections, which is in the Courthouse Annex.

Local Singers Take Part In Choir Festival

By Mrs. Harry C. Downing

Twenty-three members of the Briggsdale Church Choir participated in the 22nd Annual Choir Festival Sunday evening in Mees Hall at Capital University. Leader of the group is Wallace DePue, a student at Capital.

The Willing Workers Class met Tuesday evening at the home of Mrs. Eleanor Cooper, Harrisburg-pk.

Next Sunday, Mar. 21, members of the Church of God at Walton Chapel will occupy their new building at Mound and Third-st, Columbus, formerly the Zion Lutheran Church building.

Annual Spring round-up of those children starting to school next year took place at Wilson School, Mar. 10 and at South Franklin, Mar. 11.

Mrs. Ross Martindale, 1586 Garling-av, entertained members of Briggsdale WSCS at a covered dish luncheon in her home Thursday.

Two training classes for Junior Church membership were organized Sunday in the Briggsdale Church. Mrs. Oakey Bapst will take charge of the junior boys and girls. Rev. Lyon will instruct the Youth Group Training will continue three more Sundays.

Seven troops of Girl Scouts, including one senior, 3 intermediate and three Brownie troops, visited the church Sunday with their leaders, Mrs. Ballenger, troop 60; Mrs. Eckhardt, Troop 200; Mrs. Cline; Troop 269; Mrs. Wilhelm, Troop 312; Mrs. Berry, Troop 314; Mrs. Grimm, Troop 342; and Mrs. Oyer, Troop 345.

Food is getting so scarce that a man lived for three weeks on garlic alone.

Well, any man who lives on garlic ought to live alone.

He: My girl told me I was the answer to a maiden's prayer.
She: She didn't ask for much.

Mrs. Liston Chooses Favorite Recipe, "Apple Crumb Pie"

"Apple Crumb Pie" is the favorite recipe choice of Mrs. Ira Liston, 1816 Doren-av. She tells us this "never-fail" pie is much pre-

Mrs. Ira Liston

ferred by her family to a two-crust pie.

The donor is well-known in this area for she is president of the Francis Willard WCTU. The oldest union in the city, it has grown from seven charter members in 1898, to its present membership of 180. Mrs. Liston joined her first temperance group 48 years ago and has been active in this work throughout the years.

A member of West Park Methodist Church, she has taught the Philathea Sunday School class for the past 15 years. She also belongs to the Bethany Bible class and Robert Morris Chapter, OES.

Her husband is a meat cutter for A&P stores and the couple has two grown daughters and five grandchildren.

Mrs. Liston's recipe is a favorite dessert in her household, and makes a welcome addition to any meal.

Apple Crumb Pie

4 large tart apples
½ recipe plain pastry
½ cup sugar
1 teaspoon cinnamon
½ cup sugar
¾ cup flour
⅓ cup butter

Pare apples; cut in eights and arrange in 9-inch pastry-lined pie pan. Sprinkle with ½ cup sugar mixed with cinnamon. Sift remaining ½ cup sugar with flour; cut in butter until crumbly. Sprinkle over apples. Bake in hot oven, (450°) 10 minutes, then in moderate oven (350°) about 40 minutes or until apples are tender.

Free Wide-Screen Church Film Shows At West Tomorrow

"This Gathering Storm," the first wide-screen church film ever shown in Columbus will be presented at 7:30 p. m. Friday, Mar. 19, in the auditorium of West High School. Although a free-will offering will be taken for the benefit of missions in Korea, there will be no admission charge to the 60-minute color film, which will be shown on a specially-constructed 37-foot screen.

Dr. Pierce

The film, concerning the impending storm breaking over Asia as seen by Dr. Bob Pierce in his missionary journeys, will be narrated by Dr. Pierce, with Joyce Compton, Edo Mita, Aly Wassil, Rhode Williams, and Gregory Walcott in character roles. The presentation is 60 minutes in length.

Presented under the auspices of the Interdenominational Drive-In Film Association of Columbus, the film has been described by such outstanding Christian leaders as Evangelist Billy Graham and Dr. Henrietta C. Mears as the most comprehensive study of missions ever released to the public.

The viewer is taken along the Korean battleground with Evangelist Graham preaching to the United Nations troops and Korean refugees, to the masses of India and their restless search for peace and to shores of Japan where nationalism is experiencing a rebirth. The film shows actual scenes of religious cults and their rites.

GSU Campus Set As Scene Of Conference On Problems Of The Aging

Carrying the official endorsement of 47 state-wide and local organizations and agencies, an Ohio Conference on Problems of the Aging scheduled for Mar. 23-24 on the Ohio State University campus has the support of more groups of widely varying interests than any state conference ever held in Ohio on a social welfare problem. Joint sponsors are the university and the Ohio Citizens' Council for Health and Welfare.

Four general sessions and five section meetings will make up the two-day event. These will tackle the major social and economic problems facing Ohio's older citizens because of the heavy increase in their numbers and changes in their way of living. The section meetings will be conducted along "Town Meeting" lines. All sessions are open to the public.

Flowers of The Week

A nice Rosebud bouquet to Acting Police Chief Hilltopper Thomas A. Scully who started his 28th year on the Columbus police force on Tuesday. He has held the rank of inspector since 1941 and as the oldest man in point of service on the local force holds badge No. 1. Results of the civil service test to be given Apr. 9 will determine if he is to continue in the post of chief. Good luck, Tom, and we hope you are around a long time yet!

Marble Time is Here

A seven year old boy who insists that I play marbles with him causes me to reflect on similar days about this time of year quite some years ago when I too would rather play marbles than eat.

Kids all over the community are getting warmed up as these fine spring days bring out an array of those little round glass pills that have brought joy to many a lad over many years. And along about this time mom too knows the marble season is here when she is again acquainted with scarred knuckles, dirty hands and worn out knees in the trousers legs.

But it's a great season!

Best Wishes To Westinghouse

We were among those present who had the privilege of taking a personally conducted tour of the new Westinghouse plant last Thursday afternoon and after walking what seemed like about 10 miles and witnessing 27 miles of conveyers in operation we saw about every little step that goes into the making of some 800 refrigerators per day.

In fact we saw about everything but Betty Furness counting ice cubes. And we personally tried to open the door of a new refrigerator and had none of the difficulty experienced by a TV demonstrator.

The Hilltop can well afford to be proud of this fine new plant. It is a real asset to this community. Now that they are officially in production and on a big scale we express the sincere greetings of the community in saying we are happy they came to the Hilltop and extend our very best wishes.

HOPES FOR ANNEXATION—Mrs. Don Neal, 367 Sylvan-av, who obtained 44 signatures to a petition for annexation of a portion of Jean Heights to Columbus, looks longingly over the mythical line separating her portion of the addition. With apparently no organized opposition to the proposed annexation, Mrs. Neal hopes for favorable action at the public hearing scheduled for 10 a. m. May 25 before the County Commissioners. The Franklin Twp. addition is half in and half out of the city. The "outsiders" have city water and gas, but do not have city sewers. As a part of the Columbus independent school district, its children attend West Broad Street Elementary and West High School. (Hilltop Record Photo)

The telephone committee of the parents association will meet at 1:30 p. m. Sunday, Mar. 28, to report their progress. Morgan W. Bates is acting secretary of the parents association.

Harris-av, and Ruth Ann Ralph, 936 Wiltshire-rd, both members of Hilltop Girl Scout Troop 372. At left, Mrs. Milton Brooks, 891 S. Hague-av, has apparently bought one box and contemplates the purchase of another. The cookies, which will be on sale at 40 cents a box, will aid the two scouting groups in financing troop activities, camping, and general expenses. (Hilltop Record Photo)

Most Work Set For Eastbound Highway Lane

Grading, draining, and paving of the eastbound lane of W. Broad-st from Phillipi-rd to the east corporation limits of New Rome will begin early in April, a spokesman for the Complete General Construction Co., holders of the $832,996.40 contract for the project announced yesterday.

Primarily involved in the project will be the eastbound lane, but resurfacing as needed will also take place in the westbound lane.

The work will begin at the Phillipi-rd end of the project and work westward, according to the Complete General Construction Co., 1221 E. Fifth-av. Completion date has been set for Aug. 31 on the 1.54-mile stretch of roadway.

The new eastbound lane will be 16 to 20 feet wide and have a concrete curb on the right side the length of the improvement. Portland cement concrete will be used exclusively in the resurfacing. The project extends out of Franklin Twp. into Prairie Twp.

Estimated costs of the project by the State Highway Department prior to the Complete General Construction Co. bid was $396,008.

Unknown Autoist Saves Child Who Falls From Car

Good car brakes and quick thinking of an unknown motorist were credited with saving the life of a three-year-old London, O. girl who fell from an auto driven by her mother in the 4300 block of W. Broad at last Friday afternoon.

Janet Lynn Tumblison was reported in fair condition in Mt. Carmel Hospital, where she was taken in a Jerry Spears Funeral Home ambulance after falling from the auto driven by her mother, Mrs. Betty Tumblison, when a rear door flew open while the victim and two other Tumblison children were playing in the back seat.

Mrs. Tumblison was passing a car when the accident occurred. The driver of the second car slammed on his brakes, leaped from his car, and scooped the child from the pavement. The mother was too flustered to ask his name.

Janet Lynn suffered facial bruises and a fractured arm. The Tumblisons were enroute to visit Janet's grandmother, Mrs. A. L. Immel, 920 Thomas-av, when the mishap took place. Mrs. Immel visited her granddaughter later the same afternoon at the hospital.

FLAMING WASTE BASKET

Firemen dragged a flaming wastebasket from the bathroom of the home of Mr. and Mrs. Richard Lloyd, 155 S. Terrace-av, Monday afternoon to the backyard where they doused it with water. Damage to the home, although slight, was not estimated.

DEVELOPING SCHOOL PROBLEMS

Prairie Twp. May Need Two New Schools In Future

Prairie Twp. citizens should be aware of the fact that two new schoolhouses may be needed by the time Lincoln Village is completed, Paul S. Noblitt, principal of the Prairie Local School at 117 Norton-rd, New Rome, declared yesterday.

He also stated that voters of the township must approve an additional two-mill tax levy for schools in the November elections or lose some $80,000 in state aid to the township schools in 1955.

Meetings of the Prairie school board with developers of the Lincoln Village project, in progress since early fall of 1952, have indicated that by the time Lincoln Village is completed, the number of school children in the township may be nearly 2,000, or two and one-half times the present school enrollment.

These meetings mark the first time a board of education in central Ohio has met with a housing project developer to work out school problems before housing was begun.

It has been learned that Ohio laws make it impossible for a private builder to construct a permanent school building for resale to the school district and that permanent buildings may be constructed only after the voters of the entire school district have given their approval at the polls.

Noblitt said that Lincoln Village officials are concerned over the problem and are working closely with the board to arrive at a temporary solution, which may be announced soon.

Without the addition of one new family to the school district, at least three additional classrooms will be needed at the Prairie Local School before the opening of school next September, Noblitt said. If estimates of Lincoln Village officials concerning the number of families to be living in the project by fall are correct, at least eight new classrooms will be needed.

With an enrollment of near 900, Prairie Local School is now the largest elementary school in the county. Opened in September, 1952, the building consolidated groups from three inadequate school buildings at Alton, Galloway and New Rome. Four new classrooms were added at the beginning of the current, the second school year, because of spectacular population growth in the township.

Noblitt declared that the problem of providing a high school in Prairie Twp., students becomes graver, too, as population increases. Although high school students are currently attending other Jackson Twp. School at Grove City or Hilliards High School, announcement by Jackson officials that their school can accommodate no more high school students, means that this year's Prairie Twp. graduates must be sent to Hilliards High next fall. The school administration has forecast some 600 or more high school age children in the township in the near future, far too many for the Hilliards High School to accept.

State law provides that any school district which does not levy at least 10 mills in 1955 will not be eligible to participate in the state-aid program. To avoid losing some $80,000 in aid, beginning with the year 1955, township voters must approve a two mill levy in addition to its current eight mill levy in the November election.

Another problem which may soon land in the lap of township voters is the issue of holding teachers in the face of higher-paid positions offered by surrounding cities. In the near future, Prairie Twp. must employ many additional teachers. Where to find them is a grave problem. Whether or not to offer them a more attractive salary is a problem voters must decide, Noblitt said.

Garden Heights Water, Sewer Lines Slated For Construction In Summer

Both water and sewer lines to the Garden Heights addition, bordering on the Prairie-Franklin Twp. line on W. Broad-st, should be under construction by early this summer, County Sanitary Engineer Desso T. Mitchell indicated yesterday.

In answer to a complaint from a Garden Heights resident that Lincoln Village would receive its water and sewer lines earlier than the Garden Heights addition, Mitchell said that the two cases were completely different.

"Garden Heights residents petitioned successfully for water and sewer lines in late summer of 1953" Mitchell said, "while Lincoln Village petitions were approved considerably sooner."

Mitchell declared that Lincoln Village lines naturally proceeded much faster since they were constructed by independent contractors, with no delay for bonds,

REPORT FROM CITY HALL

Mayor And Council Must Call A Halt To Feudin' To Keep Voters' Respect

About the biggest news to come out of city hall this week was the fact that the mayor and city council didn't tangle again on Monday night. The very obvious reason they didn't rested in the fact that the mayor remained in his office while council was at its job in the council chambers.

A lot of people agree that perhaps that is the way it should be. The mayor has a program that should be followed out and council too has a job to do and if they both expect to retain the respect of the thinking citizens of Columbus they will keep out of each other's hair.

Word has it that the powers that be in the Republican party have sent down the word that each councilman at different times is to take off with an attack on the mayor. The fact that the mayor sounds off fast and doesn't take this kind of thing sitting down must lead them to believe they are tearing him down in the eyes of the public.

The truth of the matter was pretty well summarized in the opinions of a lot of voters last week who came up with the comment that a continuation of this type of thing can result in nothing less than an opportunity for more capable and certainly more dignified individuals to be supported at the polls when later elections roll around.

The city of Columbus is finding it increasingly hard to operate on the amount of money available and this week department heads are being called in and requested to cut another 10 percent off their budgets. Council says the city will be in the red by December unless some action is taken to tighten the city belt. Yet in the face of this admission council passed an appropriation for $4000 to pay for hiring assistance in writing the bus franchise while the mayor claims it is unnecessary because the new utilities director can handle this job. The legislation was vetoed by the mayor and council passed it over his veto. Councilman Roland Sedgewick voted against such passage saying it was an unnecessary expenditure.

A Columbus Citizen story and pictures showing the condition of the new municipal golf course on Trabue-rd stated that it seemed apparent the course would not be opened for play by Apr. 17 as announced recently by Recreation Director Nick Barack.

Mayor Sensenbrenner is reported to have called the director in this week for a first hand report and the director said the weather might delay the opening. The mayor is reported to have said "The golf course is Barack's responsibility. It had better be ready."

Persons who have visited the new course recently agree that it doesn't seem likely that much good can come from the course this summer.

The matter of the civilian de- squabble continued to get some attention this week but the mayor has stated that his time and that of his assistant's is worth too much to continue to participate in the discussions in so long as the city has no more say than under the present arrangement. He has been unable to determine why the county should have three votes through the three commissioners while the city has but one.

It's Girl Scout COOKIE TIME!

The Annual Girl Scout Cookie Sale IS UNDER WAY!

Here are Brownies Penny Miles and Marsha Elliott Selling Cookies To Mrs. Karl Schrade

The Girl Scout Cookie Sale is an annual county-wide, fund-raising project in which the girls sell cookies to meet the difference between their United Appeal allotment and their budget. In addition to balancing the budget, it gives the girls themselves an opportunity to share in earning a part of the funds necessary to support their Council and their troop.

The girls will be offering TWO kinds of cookies this year: Sandwich Creme, in four flavors and the Chocolate Mint. Cookies will be distributed to the troops and Scouts will sell directly to the customer at 40 cents per box.

These Cookies Are Delicious . . . A Real Buy! Your Purchase Helps The Girl Scout Camping Program.

Sunday Sermonette

Pastor of Wheatland Avenue Methodist Church
By Rev. Philip A. Harley

The meaning of Lent is significant in the words of the institution of the Lord's Supper, "for you." It is a time to walk closer to God

Rev. Philip A. Harley

in the light of the cross of Jesus, to remember with special devotion the body that was broken, the blood shed, "for you."

Behold the man in the garden in agony, prone upon his face, his sweat like great drops of blood falling upon the ground . . . "Father, if Thou art willing, remove this cup from me; nevertheless, not my will, but Thine, be done." Behold the man before the ecclesiastical courts, scorned, rejected, labeled a blasphemer by the highest authority in the church.

Behold the man before the civil authorities—Pilate; jeered at, his body torn and bleeding from beatings, his face covered with blood and spittle. Behold the man — blood streaming from his hands, his feet, his sides, as he hangs dying from the Cross. Hear him as he cries, "Father, forgive them for they know not what they do."

Why the suffering and shame? It was for you and me, to reconcile man to his Father. Hear Him, "Father, for their sakes I sanctify myself." As I meditate during these Lenten days, in the shadow of the Cross, my heart is heavy as the heartbreak of that hour steals over me, bitter tears flow scaldingly down my cheeks and unworthiness convicts me as I hear the words . . . for you! And I cry under the urging of the Holy Spirit. . . Lord have mercy upon me.

A glowing picture? No, this is only part of the story for those tears streaming down my face are bitter-sweet tears, of joy and happiness. No longer am I under the condemnation of sin. I am free.

Now I have new life through the grace of God. Lent is a time not only to rededicate a life, but to give my life to him who gave so much for me.

Interesting Facts About Mausoleum Entombment

Mausoleum crypts are complete burial. There are no grave markers, vaults or monuments to purchase later.

Crypts are available in single and companion crypts or family arrangements of four. Companion crypts are two crypts side by side.

The first cost of your crypt is your only and final cost. There is no yearly upkeep expense.

Mausoleum entombment is above ground burial — time honored through the ages. You can visit a mausoleum at any time of the year. Heated in the winter, pleasant in the summer, always protected against the elements of nature. When you are away from home you know your loved ones are protected and cared for.

When one member of a family favors crypt burial and the other favors cremation, both may be placed in the same single crypt.

When purchased in advance of need, a phone call will take care of all necessary arrangements when needed. One of the advantages of a before need purchase gives you a choice of location and payments which can be handled under the Sunset dignified partial payment plan. It is the selection of both husband and wife. A decision that should be made together.

The need for a single crypt does not exclude you from the desirable location of your choice.

The cost is soon forgotten . . . The satisfaction is forever.

A call to Sunset Cemetery and Crematory, FR. 8-5355 or FR. 8-5895, will bring a representative to your home for further information. We are located at 6959 West Broad Street, and your visitation is welcomed. —Adv.

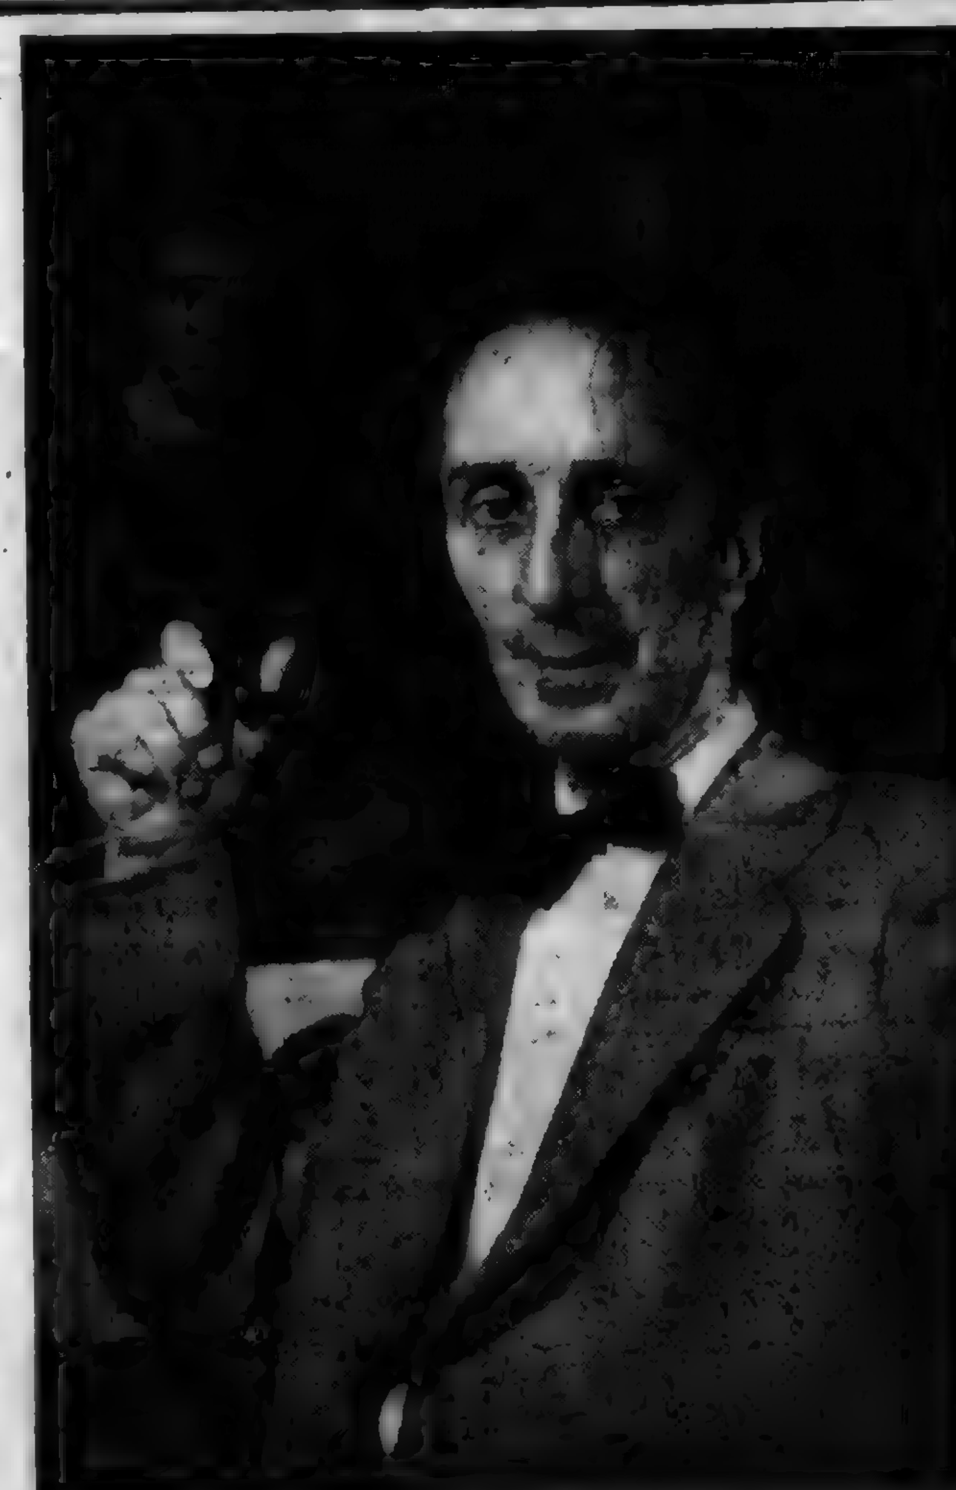
MARCH TO CHURCH IN MARCH

This Message Sponsored By The Hilltop Kiwanis Club

"An all-week, all-year, all-life thing"



—Norman Rockwell

"Our family has always done most things together. And as often as possible, that's the way we went to church.

"But while I knew it was important to take my boys to church and try to impress on them what it meant, I also tried—and even harder—to make them realize church doesn't end when you walk down the steps.

"It's an all-week, all-year, all-life thing. There'll be some weeks when you can't go—and all those times in between when you have to show by your actions and words that Christian obligation doesn't end when you step out of the church door.

"I tried to show this to my boys, as well as take them to church. And I think we all did better for it."

$45 Million Westinghouse Appliance Plant Officially Completed Mar. 18

AERIAL VIEW—The new Westinghouse Electric Corporation plant, fourth to be operated by the company's Electric Appliance Division, contains approximately two million square feet of floor space and at top capacity can produce 4,000 major appliances a day. Extending almost half-a-mile in length, the factory building contains four manufacturing aisles, each 200 feet wide and extending nearly 1500 feet. The two-story office building extends from the plant in a T pattern and is highlighted by an impressive entrance of marble and stone. Above is an aerial view of the 315-acre site in Franklin Twp. just west of Columbus.

E. L. Smith

Edward L. Smith, (above), works manager of the Columbus plant of the Westinghouse Electric Corp., began his career with Westinghouse in 1927 as an assembler at the Appliance Division's headquarters plant in Mansfield.

He rose through the ranks until November 1945, when he was named purchasing agent for the Mansfield plant, a post he held prior to his appointment in September, 1951, as works manager at Columbus. Married, he resides with his wife and two daughters at 1638 Berkshire-rd.

The pictures on this page give but a slight impression of the immensity and complexity of the manufacturing operations in the new plant. Members of the press, radio, and television who toured the plant Thursday afternoon walked some three miles, yet observed only a portion of the activities because of "tired feet" and time limitations.

CLEAN, WELL-LIGHTED WORK AREAS—Cleanliness and ease of maintenance have been stressed in the design of the interior, such as seen along the refrigerator assembly line. The long, sleek exterior walls are windowed continuously at two levels from end to end of the plant, requiring a total of 93,000 square feet of glass. Some 25,000 lights—over 10,000 of which are fluorescent tubes and 3,500 are mercury lights— provide ample lighting in work areas throughout the plant.

HUGE AUDITORIUM—One of the largest industrial stages in the country, the stage located on the second floor of the office building is 160 feet long, has a front opening 48 by 22 feet, and has facilities for 32 backdrops. The assembly hall can seat 900 persons with 200 additional seats available by use of the adjoining display room. It will be used for training schools for appliance salesmen, introduction of new product lines and presentations of interest to the general public.

PLANT CAFETERIA—Built and equipped at an approximate cost of a quarter million dollars, the cafeteria at the Westinghouse plant has a seating capacity of 732. It has four complete food counter lines, capable of serving 32 people a minute when the need arises. The cafeteria also has a snack bar which specializes in serving light lunches.

STORAGE AND SHIPPING—Capacity to store 100,000 major household appliances is available in the warehouse area. Conveyors transport the appliances directly from assembly lines to a place of storage within the warehouse, or to points from which they can be loaded into freight cars. On either side of the warehouse 19 freight cars can be loaded conveniently at one time, sheltered from bad weather.

No Rush Of Hiring Expected At Westinghouse Remainder Of 1954

Employment will remain at the 1500 level at the new $45 million Westinghouse Electric Corp. appliance plant, W. Broad-st at Phillippi-rd, for some time, John H. Ashbaugh, vice president in charge of the firm's appliance division, said Thursday.

Speaking after a showing of the plant to Columbus newspaper, radio, and television personnel on the occasion of the plant's official completion date, Thursday, Mar. 18, Ashbaugh declared that "there will be no splurge of hiring at the new plant for the remainder of the year.

"We are a substantial organization, with faith in the future. Our growth will be steady and employment will be a permanent matter."

Eventually, he indicated, the payroll will reach some $20 million annually, with between 6000 and 7000 persons on the roll. The present weekly payroll is in excess of $100,000.

Although Thursday marked the official completion date of the new one-story type factory containing some two million square feet of working space, spokesmen throughout the day continued to emphasize that the plant will never be completed in the sense that it will grow with the Westinghouse Corp., adding new models and new machinery as technology and designs change.

Currently producing some 800 refrigerators a day, the plant eventually will turn out all Westinghouse refrigerators and freezers. Its production capacity will ultimately rise to approximately 4000 major appliances a day.

The 51st completed Westinghouse manufacturing plant, the Hilltop factory is the largest plant ever constructed, though not the largest owned, by the corporation. It is the fourth plant operated by the firm's electric appliance division.

Designed and built by the Ebasco Services, Inc., of New York, the plant marked production of its first refrigerator on Nov. 12, 1953.

The Columbus plant is managed by Edward L. Smith, a native of Mansfield and former purchasing agent for the Mansfield appliance plant. The Smiths live at 1638 Berkshire-rd with their two daughters.

A tour through the plant is a liberal education, not only in modern mass production methods but in mathematics. Here is the way some of the startling figures stack up:

Some 37 acres of roof cover the plant in which 51 conveyor belts move forward relentlessly at a rate of three-four miles an hour. Storage facilities exist for 100,000 major appliances, although six miles of railroad siding and seven tracks insure that the movement of completed appliances will be rapid. At maximum production, 60 carloads of raw materials will be shipped in and 90 carloads of finished appliances rolled out each day.

There are 93,000 square feet of glass in continuous two-level windows; 25,000 lights, one of the largest industrial stages in the country with an 800-seat assembly hall; a cafeteria with a capacity of 732 persons, capable of serving 32 persons a minute; 41 indoor truck docks; 65 electric trucks; and four manufacturing aisles, each 200 feet wide and approximately 1500 feet long.

Location of the plant in Columbus was determined by the fact that the 315-acre site is nearly equidistant to all major suppliers of steel.

An adjoining two-story office building extends from the plant in a T-shaped pattern.

"Although this plant is a part of the electric appliance division which is headquartered in Mansfield," Ashbaugh declared, "the roots of this plant are here in this community. The plant buys products locally, is served by local people, and more important, employs people of this community.

"When the plant is in full operation, 98 per cent of its total employment will be comprised of people from the immediate surrounding area. At the present time, 20 per cent of our total employment is made up of women. This percentage will be increased to at least 30 percent eventually.

"The plans we have made for this plant are ambitious in many ways, and as in everything else, these plans are dependent upon business conditions and the general well-being of the country. It is our belief, however," Ashbaugh concluded, "that 1954 and the years immediately following will be good years.

Airport Question Demands Solution

Ensuring that Columbus comes out of its current expansion with adequate landing space for light and medium aircraft is a problem we hope will not be shirked or postponed by city and county officials.

As the city expands and pushes in all directions, there is a real danger that the several landing strips now serving Columbus will either be greatly restricted or closed by mushrooming housing developments or sold for sub-division by their owners.

Gomer Jones, owner of the Sullivant Avenue Airport performed a real public service when he asked interested city and county officials to study the problem at a recent meeting called by Mayor [illegible].

The need for such airfields is increasingly evident as more and more industries and businesses depend on light and medium planes to ferry their executive and sales personnel to and from [illegible]. Dependence on Port Columbus, which officials admit could not accommodate all the smaller aircraft now utilizing private-owned airfields, is not the solution. On the Hilltop, for instance, businessmen would largely lose the benefit of air travel if forced to spend some 40 minutes traveling to and from the single municipal airport.

The city should take immediate steps to hold on to its vital small airport locations, either through conclusive zoning decisions to ensure that owners are not forced out by the general expansion or through some system of purchasing sites for operation by the city as landing strips for the smaller aircraft.

Tentative plans to employ consultant engineers to survey the whole Columbus metropolitan area in regards to current and future needs for small craft landing sites is a step in the right direction.

"I WILL INSTRUCT AND TEACH THEE"

Great Teacher, I forgot again
One learns no subject overnight,
Or even in a month, or year.
By practicing, we learn it right.
If I would be the one that Thou
Sees power for me to be, I know
That I must study, practice still,
And prayerfully work,—if I would grow.
The scale comes first, and then the right
Hand spreads fingers into tune;
Later the left hand learns to join
With stumbling notes. Late or soon,
Each must learn the slow-paced way.
No short cut leads to harmony.
Great Teacher, bless my faltering scale,
And help me grow more patiently.
Eva Sparks Taylor, in The Columbus Citizen.

Today, she is six years old. What a wonderful six years these have been. Those two sentences tell the story but being the gabby type of course I'll go on and on. No child was ever more beloved, and no child ever had a heavier load to carry, but she has borne up very well indeed. She is a dainty, lovely bit of femininity, with blonde hair that has to be "permanented" or else it will be straight and, straggly; tiny feet that were made for dancing and running and not for much slow walking, and big almost-brown eyes that can do—and do do—funny things to your heart. She has not only survived two years of a diet that excluded ice cream, candy, birthday cake and other things that little girls love; a fall when she was three, that resulted in a skull fracture; loss of a pet or two, and other tragedies that most children survive, but she has been the only child in a family full of adoring aunts, uncles, cousins, family friends—not to mention two sets of grandparents and one and one-half sets of great-grandparents. But six is a magical age. From now on her life will be a shining adventure, but there'll still be story books to be read; lots of coloring to do; Sunday School and kindergarten to attend and birthday parties—just like in the "old days." When she was asked what she wanted for her birthday, she said curtains for her room. A coldish feeling sort of settled in the region of our hearts, but when she added "and a wheelbarrow," we knew she was still our Baby.

MAIL—From Cincinnati: "So . . . the first of June, I'm resigning from all the clubs. I'm going to pound the gavel extra hard for the last time, then I'm going home and take off my shoes and stop trying to remember whether Mary Jones and Mary Smith should be on the same committee (their teen-age sons are after the same girl) and whether Mary Brown and Mary Black should be on the same committee because they usually aren't speaking to each other; I'm going to have my phone disconnected and I'm going to relax" . . . From Columbus: "I drive 50 miles each day and sometimes I feel like heading for a nice quiet cave. I would only I'm afraid of bats. This rushing civilization is too much for me. At least it is tonight. Tomorrow I might be ready to jump into the roaring traffic again. Why don't people take it easy? What's their hurry?" . . . From Newark: "All we have heard on the radio for the last month are Irish songs. After St. Patrick's Day, all we will hear till after Easter will be Easter Parade and songs about the Easter bunny—then it won't be long until the Christmas music starts. I love Irish and Easter and Christmas music, but we're always sick of it before the days come. I got up on the wrong side of the bed this morning so I gotta right to gripe, and radio music is the first thing I could think of to gripe about."

Through The Garden Gate

MY MOTHER'S GARDEN

She plants a seed within the ground,
With tender touch she pats it down —
Like magic, the sun soon creeps around
To coax those seeds above the ground.
She hovers over them with loving care,
With Love, betizes the first shoots — there,
To disappoint her — they'd never dare,
For Mother and Nature are quite a pair.

So it is about my mother and her green thumb I would like to write today — for outside of the tuberous begonias which I do enjoy and have a bit of luck with — mother surpasses me in all other phases of indoor and outdoor gardening. Through the winter months her garden is an enclosed porch. Metal trays filled with sand placed under the windows make an ideal place for all the old and new plants brought in at the first warning of frost.

Many of her plants have been started from slips, given her by friends, some who have long passed away, and are very dear to her. A begonia, over 40-years-old and a palm given her by her sister 35 years ago, are among her treasures.

New plants hold interest as well as old, diffenbachia, rex begonias, tri-leaf wonder and other tropical plants stand alongside the old fashioned periwinkles and geraniums in her winter garden.

Neighbors say, anything that grows, will always start for Mrs. Knecht. So maybe this mother of mine, has been blessed with a green thumb, or as some say "good luck with flowers," but to me the secret is "her loving care."

These Eyes —
How Well Do You Know Them?

Last week's eyes, shown in this column belonged to Mose Williams, 2561 Steele-av, widely-known Hilltop insurance man, a past commander of Camp Chase Post 99, American Legion, a member of the Hilltop Y board of management, and an active Kiwanian. Mose, who is a special insurance agent, dealing in all types of coverage in his office at 17 S. High-st, reports he had several calls from friends who identified him immediately in this strictly-for-fun feature of the Record.

Today's mystery eyes belong to a man who is probably best known on the Hilltop by thousands of teenagers. We'll have to be especially "cagey" in presenting clues about him or everyone will guess his identity. Even though his work keeps him busy the year-round it could be entirely proper to say that his work is seasonal.

A Hilltopper for seven years, he was engaged in a similar occupational pursuit on the South Side for five years.

Tax Chief Urges Closer Attention To Personal Taxes

The state tax commissioner has asked all county auditors to redouble their efforts to see that everyone subject to Ohio personal and intangible property taxes pays them.

Ohio's 88 counties collected $115 million in personal property and $25 million in intangible property taxes during 1953. Stanley J. Bowers, state tax commissioner, said that amounted to one-third of all taxes collected locally.

"Failure of many who are subject to these taxes to file returns places an additional burden upon those persons who do file returns," Bowers said. "Many fail to file returns because of ignorance of the law, others because of dishonesty or indifference to their legal obligations."

Personal property tax returns and intangible property tax returns must be filed before Mar 31. The taxes are used for local schools, libraries, and health service. Local county auditors have tax forms.

There are several teams already entered in the leagues. All teams interested in joining the leagues should contact Ron Cox at the Center, RA. 7416, this week so that league play can begin. There will be an inter-center tournament on Apr. 27-29 at Beatty Recreation Center and the league winners will represent Glenwood Center in this tournament.

Hoge Memorial Upsets Westgate EUB 27-20

By Dick Wilson

Hoge Memorial displayed an amazing amount of courage and fight last week of John Burroughs gym as it came from behind to edge the previously unbeaten Westgate EUB five 27-20 in the best played game to date in the Hilltop YMCA Junior Church League. The victory put the Presbyterians in undisputed first place for the second round with only one more week of league play remaining.

The Westgaters jumped into an early lead and led 9-3 at the quarter mark, but the Proper-coached five came from behind to tie-up the game 13-13 at halftime. The Hoge five outplayed the EUB team in the second half and gained a four-point lead in the third quarter and to go on to win by seven points.

All five of Louis Proper's starters broke into the scoring column. They were sparked by Brokaw who led both teams in offensive with 11 points. Don and Ron Ireland kept Westgate in the game until the closing minutes as they led EUB scoring with 10 and six points respectively.

Burgess EUB retained third place in the standings as it beat Glenwood Methodist 24-29 in the second close game of the night. Burgess jumped into an early lead and was never headed for the remainder of the game although the Methodists continuously pressed the victors. Three members of the Dellinger-coached five tied for scoring honors as Thomas, Poston, and DeWitt collected eight points each. Ralph Tittle headed the losers in scoring with 11 points. He was closely followed by Kreig who made nine in the last half.

The Church of Christ knocked West Jr. Hi-Y down into seventh position as it beat the Engle-coached five 45-24. The game started out as a real thriller as the score at the first quarter was knoted at eight-all, but as the game progressed the C of C lead got increasingly larger. All of the C of C players broke into the scoring column with Smoot leading with 16. Dave Francis led the Y team with 10.

George Miller's Westgate Methodist team "clobbered" the Junior Firemen with a barrage of buckets to win 31-13. This game was never in doubt as the Methodists played a good game all the way, capitalizing on the Firemen's mistakes. Brown led the losers with eight points and Mack led the victors with 13.

West High Baseballers To Clash With Grandview Nine On Apr. 6

By Woody Owen

West High School's baseball hopefuls continued their daily work-outs this week in preparation for their opening encounter of the season Tuesday, Apr., 6, against Grandview of the Central Buckeye League.

Inclement weather was still forcing the work-outs to be held indoors, where not much can be told as to the potentialities of the squad.

Coach Pierce was putting a great deal of stress on the potential mound staff as only junior Bill Spratley is returning from the 1953 squad.

Several newcomers have looked fairly impressive to date. They are southpaws Bishop and Deshler and right-handers Long meier, Courtney and Watkins. The latter two are sophomores and were the aces of the 1953 West Junior mound corps.

The back stopping should be in excellent hands with Jim Hughes starting his third season as a regular, backed up by John Edwards, a sophomore who was the regular back-snatcher with West Junior for three seasons, and two more sophomores, Huff and Genikas.

Not much can be said as yet about the abundance of infield and outfield material but if two or three more good hitters can be found to team up with the long hitting Vincent, the Cowboys could spill a few surprises before the 1954 City League campaign comes to a close.

47 Candidates Report For Jr. West Baseball

By Woody Owen

Coach Carl Brenning called his West Junior baseball hopefuls together for the first time this week with only the ninth graders reporting. Forty-seven candidates were on hand. Practice will be held the remainder of the week for these top graders.

Monday, Mar. 29, the eighth graders will report for practice and Monday, Apr. 5, the seventh graders will try out.

A squad of 18 players will be selected from these groups to represent the local school this season.

Only one regular is returning from the 1953 squad, Kenney Clapsaddle, a brilliant second baseman. As things now stand, nearly the entire squad will have to be rebuilt.

The Lightning Five lost a thriller, after having led most of the game, to Vi's Market in an overtime 38-40. Vi's market scored the tieing and winning baskets as the buzzer sounded ending the fourth quarter and the overtime period.

The Glenwood teams which won last week are the All Stars and the Pirates. The All Stars defeated the Terrapins by a 39-22 score and the Pirates massacred the Central Community House by a 48-14 score.

Your Youth

By Bob Schmidt—Dick Wilson

WARNING, STAY AWAY FROM THE Y STAFF! They have what is commonly known as "Fishing Pox." There is no known cure and doctors claim only treatment is that victim should go fishing as often as possible. With this spring weather in the air it looks like many of us will be sick with the "fishing pox."

Many special events have been planned for the Hilltop Y spring program. First we have the annual Y Indian Guide and Gra-Y Bunny Hunt which is scheduled for Apr. 3 at 1:30 p. m. at Westgate: Shelterhouse. All you Little Braves and Gra-Y members will want to secure your Bunny Hunt License at the Y so you will be eligible to hunt. There will be lots of eggs and six live bunnies to keep you fellows busy all afternoon.

Another big event is the Y Indian Guide Kite Contest this Sunday afternoon, Mar. 28 at the Westgate ball diamond at 2:30. The dads and Little Braves are now building their kites for the big event. All of the Little Braves have also invited their mothers to attend the contest.

The Gra-Y fellows are planning a marble tournament next week in their own clubs to name a club champion. Then on Saturday morning, Apr. 3, at John Burroughs School playground these grade school champs will have a play off for the grand champion of the Hilltop schools. You Gra-Y members will want to practice this week because the winner will receive a grand prize.

The Hilltop Y basketball leagues are reaching the final weeks of play. The Gra-Y leagues are complete and the champion for the B League is Westgate Gra-Y and West Broad is champion of the A League. In the near future these champs will be awarded a trophy during a school assembly.

League Presses For Changes In Ohio Sportsmen's Rules

During the annual meeting of the League of Ohio Sportsmen, held recently in Columbus, a number of resolutions were passed by that group which, if enacted into law, could affect sportsmen in general throughout Ohio.

The League of Ohio Sportsmen believe an ideal waterfowl season would require having the state of Ohio zoned. They further believe that the northern zone in the Ohio area should be the counties along Lake Erie and that other states should make their own recommendations as to their northern boundaries. It was then resolved that the League of Ohio Sportsmen urge that an equitable waterfowl season for Ohio, through the use of zoning be established and that a committee be selected from the League to consult with similar committees from Indiana, Illinois and any other interested states to investigate such a season.

In the past the U.S. Fish and Wildlife Service has discouraged the idea of zoning Ohio.

A number of resolutions were adopted which would require action by the State Legislature. Among them: That the required age of purchasing fishing licenses be reduced from 18 years of age to 16 years of age so any person whose birthday falls after the beginning of any fishing season be free to fish the remainder of so-called year; that the League of Ohio Sportsmen sponsor a movement to have the non-resident fishing licenses increased so that they will correspond in close respect to what Ohioans must pay for a non-resident license in other states and further that the temporary ten-day license fee be increased; the League also approves of legislation giving conservation officers, fire wardens and park police, the same protection and classification while on duty as is given other police officers in the State of Ohio.

TOO OLD, TOO YOUNG

Old Two-Room School In Franklin Heights To Be Sold On Saturday

"To old to be of any practical use in the school program and too young to have much nostalgic value."

That's the way E. O. Clime of the Franklin Twp. board of education described the old two-room school house in Franklin Heights to be sold at public auction on Saturday, Mar. 27. Up for sale will be the school building, its furnaces, and the half-acre of ground it is located on. Proceeds will go to the general fund of Franklin Twp.

Built in 1906, the belfrey-capped schoolhouse was in service until 1947, at which time it was abondoned and its pupils transferred to the new South Franklin Elementary School.

From 1935 until 1947, Bronson Farmer, current principal of the South Franklin Elementary School served as its principal. Farmer was slightly more nostigic about the passing of the old school from the hands of the board.

"To us, it was home," he declared. "You get an idea of how fine a school we had there at one time by the fact that in six years out of 12 the school was honored by having one of its eighth grade pupils take top honors in the county-wide scholastic tests."

For the past several months, the school has been used by Vernon Neal of the Westgate Manor Development for storage and a field office. Neal gained use of the building when he effected several badly needed repairs to the building.

When first built, the school served children of the old Pleasant Hill and Micks school districts. It accommodated 75 pupils in grades one through eight.

The father of Clime was the school board clerk at the time the school was built. At the time of the school's construction, the Franklin Heights area was called "Louisville," after the late Louis Haldy, who owned much of the land there.

UP FOR AUCTION—The old Franklin Twp. School (above) on the north side of Sullivant-av, about one square west of Derrow-rd, will be sold at public auction on Saturday, Mar. 27, with Clarence Latham of Hilliards, serving as auctioneer. Build in 1906, the school was used until 1947. (Hilltop Record Photo)

NEWS OF HILLIARDS

Work Underway On New Franklin County Highway Building Beside Hilliards Water Works Property

By Louise Pohlmann

Footers have been poured for the new Franklin County Highway building just east of town on the lot adjoining the Hilliards Water Works property. The county recently purchased four acres here and is erecting a building, which when finished, will house equipment used by the highway crews in the northwestern section of the county. The new building will make crews more accessible to the territory and make prompt service available during bad weather.

An extra truck and loader will be stored here in addition to the regular equipment and snow and ice control equipment.

Karl Durban of 176 Galloway-rd and Grover Wohrley of 3657 W. Henderson-rd are in charge of Units No. 5 and 6 respectively, serving the northwest area of Franklin County.

Committee chairmen for the Women's Society for Christian Service annual Spring dinner were announced this week by Mrs. Charles Spring, public relations chairman of Hilliards Methodist Church WSCS.

Mrs. Anna Knick was named dinner chairman and Mrs. Helen Gease chairman for the market and bazaar to be held in connection with the dinner. The affair will take place on Apr. 3 and will be at the church instead of the grade school as previously announced. The market and bazaar will open at 1 p. m. Dinner will be served between 5 and 7:30.

Mr. and Mrs. Walter Arndt visited with Mr. and Mrs. John Kaiser on Sunday afternoon.

Mary Alice Weeks, who is employed in the Hilliards Beauty Shop, underwent a tonsillectomy at Grant Hospital last Saturday and is recuperating at her home on Carter Mill-rd.

Work of renovating and redecorating the Methodist Church is proceeding ahead of schedule. The interior presents an aspect of new beauty which will add much to the inspiration afforded by worship in services to come.

On Saturday, Mar. 13, 16 Girl Scouts from Hilliards were among the 3,000 entertained by F&R Lazarus and Company at Memorial Hall in Columbus. Each girl was presented with a box of chocolates and a Girl Scout finger nail file! A varied musical program and dancing by a group from the Gwen Kagy Dance Studios comprised the entertainment.

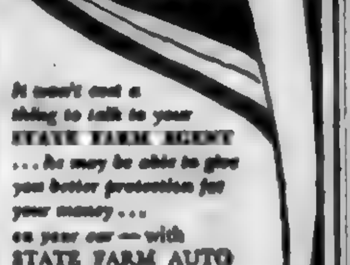
Did you read the financial report of the board of education of Norwich Local School District in last week's Hilltop Record? A perusal of this legal notice reveals some interesting items.

For instance: If just one more pupil had been enrolled prior to Dec. 31, 1953, the amazing number of 1,000 young people would make up the list of students privileged to receive preparation for well-rounded lives in the two great buildings located in Hilliards.

The tax valuation of the area from which the enrollment of 999 pupils was drawn amounts to $7,-799,920. Total salaries and wages paid came to $156,518.38. Total cash receipts between Jan. 1 and Dec. 31, 1953, are shown as $270,-786.62.

To go through all the various accounting division of Clerk Margaret D. Michel's report would likely serve only to weary the reader. On the other hand, maybe it would not. At all events, the point is that education in Hilliards is big business, if not the biggest, then pretty close to the top of the thriving industries located in this town.

O. E. Stoll of Columbus visited Sunday with his sister, Elizabeth Stoll. On Friday afternoon, Miss Stoll's brother C. C. Stoll and wife, also of Columbus called at her home.



Mr. and Mrs. Arthur Price of Millikin-rd are back from a two weeks' vacation in Florida.

By Lois Hiles

The DBA Mary's Sohio Service Station at 1060 Wilson-rd is now under the management of Mary L. Caulley. Despite extensive remodeling in progress, the station will be open for business every day.

MILLION DOLLAR PARTY—Typical of the Hi-jinx at the Million Dollar Party of Camp Chase Post 98, American Legion, held Saturday night, Mar. 20, in the post home, is the scene above. Left to right are Roger Myers (wearing the false nose and "goat" cap); Mrs. Robert Jones, president of the Post's women's auxiliary; Dewey Stout, one of the chairmen of the party; and Commander George M. Lavissay. Mrs. Jones and Commander Lavissay have just been presented with live geese as prizes and are shown making a speech in which they donated the geese as the main bill-of-fare for the post's motorcycle race committee party to be held in the near future.

Franklin County Firefighters To Burn Test House

On Sunday, Apr. 4, at 10 a. m. the Franklin County Firefighters' Association is going to commit deliberate arson.

It isn't as bad as it sounds, since this is just another in a series of tests being run across the country of the Indirect Application of Water method of extinguishing fires. These tests are mentioned in the April issue of Reader's Digest, in an article entitled "They Stop Fires by Remote Control."

The "doomed" house contains approximately 12 rooms and is located on the northwest corner of N. Star-rd and W. Lane-av in Upper Arlington.

Six to 10 fires are to be set in the building and different teams from the 23 departments in the Franklin County Firefighters' Association will attempt to extinguish them, using water fog. The Columbus Fire Department is supplying an aerial ladder truck on which a large volume fog nozzle will be mounted to demonstrate the effect of fog on exterior fires.

Capacity Crowd Jams Million Dollar Party Of Camp Chase Post

Camp Chase Post 98, American Legion, had a "sell-out" crowd at its annual Million Dollar Party, held Saturday, Mar. 20, in the post home, according to Eugene Brink, Joe Thompson, and Dewey Stout, chairmen of the event.

George Blackmore, 689 Binns-blvd, was the winner of the annual mystery treasure chest. Sworn to silence as to the contents of the chest, Blackmore and his wife will bring the chest to next year's party, at which time it will be given out again.

Other highlights of the program included the banquet which cost each guest $500 in phoney money issued at the door, and which was enlivened by such items as wooden blocks covered with chocolate frosting to give them the appearance of cakes, and an auction sale.

Riverside Review Set For Tomorrow At Central High

Mitzi Joyce

Central High School's annual Riverside Review will be presented Friday, Mar. 26, at 8:30 p. m. in Central's auditorium. Sponsored by the alumni, the show's proceeds will go toward the purchase of new instruments for the instrumental music department.

The night club setting will create an atmosphere of sophistication as Robert Rockey directs Central's own dance band.

Bob Murphy will serve as emcee. Others appearing on the program are Dick Marsh and his magic; Charlie Ross with his black face number and dance routine; Mitzi Joyce, a popular night club entertainer, and Connie Sonner doing a tap dance. Paul Frank, news commentator for WHKC and Bill Busby are handling the promotion work, with Wesley Turner in charge of staging.

Following the show, there will be dancing in the gymnasium. Mr. Rockey and his Little Pebbles will play. Admission will be 75 cents for both the review and the dance.

Austin Candidate For 12th District Legion Position

M. H. Austin

Michael H. Austin, past commander of Camp Chase Post 98, American Legion, was announced as a candidate for vice-commander of the 12th District, American Legion, at the district's conference Sunday, Mar. 21, at Bexley Post 430.

Austin, an attorney with offices at 85 E. Gay-st, is currently commander of the Franklin County Council of American Legion. A member of Camp Chase Post for 23 years, was commander there in 1945.

Election for new district officers will be conducted at the district convention set for June 20 at Southway Post 144.

Starling's art department consists of approximately 200 pupils. The art room has been remodeled and has new equipment. New cupboards and lockers hold supplies, pastels, crayons, paint, wax and colored paper. Clay pieces are fired in kilns. Tables have red plastic tops, which seat four to a side. Some of the pupils have been working in clay, studying perspective, sketching outdoors, drawing maps and lettering.

Others have carved linoleum, wood, soap, wax, and foam glass. A few of the eighth graders made gift aprons. Some made pictures using pastels, paints, crayons, wax, and colored paper. These art pieces are on display in the show case in the main hall.

Mrs. Mosher is the art director at Starling.

Annexation Package Should Be Made Up

All the talk about annexation causes more and more confusion in the minds of the people who might be affected by annexation or failure to annex.

All the talk that has been passed out to date has not yet contained the answers to the questions that are bothering people as to what their stand should be. It is very apparent that there is a distinct need of schools, water and sewers in the area west of the city and it looks like this area will have to depend in some way on the city for some of these services. But as yet no one in authority from the city has come up with a package that appeals too much to the people of the township.

This package should contain a definite proposal on what the benefits of annexation would be, and then exactly what the cost of same would be.

Perhaps the most important question to me answered is what will the problem be in the remaining portion of the township if certain valuable areas are annexed and other sections are not. This is certainly a most important problem that must have an answer before any piecemeal annexation takes place.

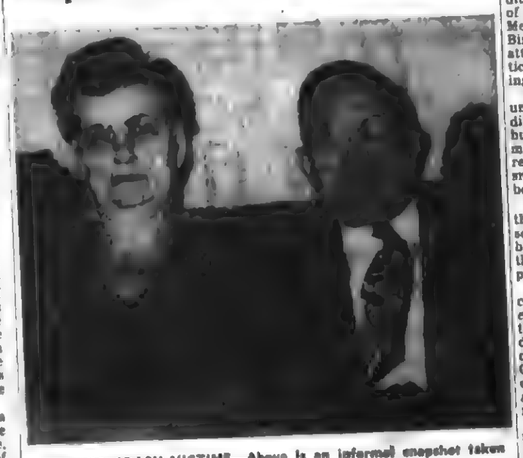
Happy April Fools' Day

Has the day gone wrong from the moment you stepped out of bed this morning?

Did you reach for a billfold bulging with money as you walked to the bus, only to have it disappear before your very eyes?

Have you been the butt of a host of jokes throughout the day, yet find yourselves confused as to the reason why?

It's simple. Today is April Fools' Day.



It's the day when you read of such outlandish things as coffee dropping to three cents per cup . . . a day when you hear of the lion lying down beside the lamb and Mayor Sensenbrenner and City Council closeted in brotherly accord . . . a day when township officials surrounding Columbus press eagerly for annexation of their most heavily assessed regions . . . a day when Democrats and Republicans agree that they are both first-rate Americans and both equally dedicated to what is best for the nation.

In short, it's the one day of the year when every thing you hear, see, or read has to be appraised for the humor behind the statement.

Come to think of it, one day a year dedicated to pure tom-

Rites Held Tuesday For Hilltop Couple Killed In Georgia Crash

AUTO CRASH VICTIMS—Above is an informal snapshot taken recently of Mr. and Mrs. William Haymond Porter of 185 N. Powell-av. The Porters were killed instantly in a collision with a truck in Georgia on Friday.

Funeral rites for Mr. and Mrs. William Haymond Porter, well-known Hilltoppers killed in a Georgia truck-auto crash Friday while returning home from a Florida vacation, were held Tuesday in the Shroyer Funeral Home. Burial followed in Milford Center, O., where Porter was born and grew up.

The Porters resided at 185 N. Powell-av.

Rev. A. L. Roth of the Hillcrest Baptist Church, where the Porters attended, officiated at the double funeral rites.

Haymond Porter, 54, (as he was better known to his older friends), had been associated with the Hayden Edwards realty firm at 10 E. Long-st for more than 15 years. He had been active in Columbus real estate circles since 1924.

Haymond and his wife, Verba, 50, were killed instantly in a head-on collision with a truck on a straight stretch of road on Route 411 near Chatsworth, Ga.

William Porter, 27-year-old son of the victims, was driving at the time and pulled far to the right in an attempt to avoid the collision but could not escape the truck, which apparently had strayed into the northbound lane as the driver fell asleep. The truck driver was also killed in the crash.

William Porter, who lived at the Powell-av address with his parents, suffered a fractured left arm and lacerations. William, who is a draftsman for the Ohio Bell Telephone Co., was taken to the Murray County, Ga., Hospital.

The Porters were returning to Columbus after visiting at the Winter Haven, Fla., home of Harold Ogden, a brother of Mrs. Porter. Their vacation began on Feb. 28 when they left Columbus. It was to have ended Saturday with their arrival home.

An active member of the Ole Timers Baseball Association Haymond was an enthusiastic supporter of all sports and particularly active in assisting in Golden Gloves boxing activities. He was also a member of the Agonis Club, while his wife belonged to the Azonia Club, the organization's auxiliary.

In addition to both being survived by their son, Mrs. Porter is survived by a sister, Mrs. Robert Glendenning of Delaware, O.; a brother, Harold Ogden of Winter Haven, Fla.; and an aunt, Leslie Ingram, 390 Oak-st. Mr. Porter is also survived by several aunts and uncles, including H. P. Clouse of Milford Center, O., who was also vacationing in Florida, but who did not return with the Porters.

APPLIKAY DEMONSTRATION

The Economy Variety Store, 2402 W. Broad-st, will feature an all-day demonstration of the many design combinations and colors on the new Kemtone Applikay on Saturday, Apr. 3. A representative from Lowe Brothers Paint Co. will present the demonstration.

Windstorm Focuses Attention On Red Bird Opener

Freak winds which resulted in $4000 damage to Red Bird Stadium on Sunday focused attention of the city on the local ball park. Meanwhile, officials of the Red Bird Booster Club hoped to focus attention on the necessity of huge ticket sales in advance of the opening home game on Apr. 18.

Weather damage, already well under repair yesterday at the stadium, included the smashing of the huge scoreboard on which workmen had just completed a $2000 renovation job on Friday and the small building which houses the board's operator.

The army of ticket salesmen in the Red Bird Booster Club's pre-season ticket campaign reported a brisk business at the midpoint of their campaign to drum up support for the local team.

Many fans in other central Ohio cities as well as here have indicated great interest in maintaining the Red Birds in Columbus. Orders have been received from Lancaster, London, Washington C. H., Grove City, Bremen, and other cities at the Booster office, located at the Columbus Chamber of Commerce, 90 E. Broad-st.

It is felt, by Boosters that continued improvement of the Red Bird ball club will solve many of the ticket sales problems. Preliminary reports indicate that the Red Birds have the nucleus of their best ball team in years.

Hilltop Lions Club Plans Final Newspaper Ad Solicitation Drive

Final advertising soliciting drive for "The Hilltop Lions Tale," Lions Sightsaving and Welfare Edition of The Hilltop Record, will be held today through Apr. 15, Ron Jones, general chairman of the 1954 newspaper sale of the Hilltop Lions Club, announced yesterday.

Jones said that members of the advertising committee, headed by Carl Holland, will attempt to contact every merchant and organization missed thus far in their solicitations during the two-week drive. Others wishing to advertise in the special newspaper are asked to contact any member of the Hilltop Lions Club.

Emphasizing the community benefit that accrues from the special newspaper sale of the Hilltop Lions Club, Jones disclosed that the club pours some $5000 each year into such strictly Hilltop projects as the All-Sports Banquet, Little League sponsorship, and the annual Fourth of July celebration, and many other worthy local projects. In addition, proceeds from the sale assist the downtown Lions Club in maintaining a special eye clinic at the Children's Hospital.

Last year, the Hilltop Lions purchased more than two dozen pairs of glasses for Hilltop youngsters and oldsters who otherwise would have been forced to go without them. A recent project of the club was the sponsorship of a $400 eye operation for a Kentucky child, who has a relative on the Hilltop, out of the newspaper sale proceeds.

Jones said that some 250 men will sell "The Hilltop Lions Tale" the evening of Wednesday, May 19. They will meet in the cafeteria of West High School at 6 p. m. for a banquet and kick-off speeches arranged by Al Dailey, president of the Hilltop Lions Club, and Jones. Canvassers will leave West High at 7 p. m. in their "march for community welfare" on the more than 12,000 homes on the Hilltop.

Among organizations which already have indicated plans to take part in the annual sale are the Hilltop Kiwanis Club, the 13 Club, Camp Chase Post 98 of the American Legion, Skidmore Lions Club, West Franklin County Kiwanis Club, Southeast Lions Club, Northern Lions Club, Downtown Lions Club, and Bexley Lions Club. The anticipated group will be large enough to cover the whole Hilltop easily within two hours.

A noon auction will be held at the Colony, successor to Schmeizer's Restaurant, 3178 W. Broad-st, on the day of the sale, with Lions and invited guests taking part. Among those expected to attend are such local development officials as those of Peoples Development Co.; Vernon Neal of Westgate Manor; Don Casto, Central Point developer; Harry Haney of Rosary subdivision; and many others.

This will mark the first time in several years that an auction has been held in conjunction with the Lions newspaper sale. Jones said Clarence Latham, well-known auctioneer of Hilliards, will preside at the auction, which is expected to yield a substantial portion of the entire sale.

The Hilltop Lions 1954 newspaper will have a "new look" as well as a new name, Jones said. Printed in four colors, it will be full newspaper size instead of tabloid-size as in previous years. It will also include a review of matters of interest to the entire community over the past year. Reynold Greene is chairman of the editorial committee.

Township Officials To Discuss Annexation

All elected township officials in Franklin County will meet in the South Franklin Elementary School on Frank-rd on Monday, Apr. 5, at 8 p. m. to discuss means of halting further annexation of township areas to Columbus.

A representative of each of the 18 townships will be permitted to express his group's opinions in a 15-minute address. Invitations have been extended to township trustees, clerks, constables, and school board members. Plans for the mass meeting grew out of a meeting last Thursday night of Franklin, Truro, Mifflin and Madison Twp trustees at Mifflin High School.

To Air Annexation On Town Meeting

Columbus Town Meeting of the Air this Sunday will feature a panel of four experts who will discuss the dilemmas and problems of annexation.

Appearing on the show will be Attorney John King, City Attorney Chalmers Wylie, Service Director Floyd C. Reddick and New Rome Mayor D. J. Kunz, representing West Franklin County Associations, Inc. C. Emery Glander, attorney and Town Meeting program chairman, will serve as moderator.

The program, which promises to throw much light on the current confusion evident in the entire annexation issue, will be heard at 1 p.m. over WBNS and presented at the same time over WBNS-TV.

Camp Chase Post Members To Vote On Sale Of Lot

Camp Chase Post 98, American Legion, will hold a special membership meeting at 7:30 p. m. Friday to pass on the sale of a vacant lot on W. Broad-st to Gerriet J. and Margaret Dirksen of 1260 24th-av, for $6000.

Michael H. Austin, post legal chairman, said that membership vote on the sale of the 48 by 150-foot lot, which fronts immediately west of a double at 3060 W. Broad-st, was requested by the attorney for the purchasers. Austin also revealed that the Dirksens have disclosed plans to erect a "professional-type" building on the lot.

Lynn C. Baker, chairman of the post home trustees committee, said the lot was purchased by the post in 1942, several years prior to planning for the Camp Chase Post Memorial Home. At that time, it was planned to erect a post home on the site.

With the advent of World War II, the post raised through popular subscription on the Hilltop and with the addition of post funds, money for the building, buying, or acquiring of a Post Memorial Home. Trustees of the Ohio National Bank approved the purchase of the present home of the post at 3211 W. Broad-st from this trust fund, in addition to the original $13,500 purchase price, some $10,000 in improvements and renovations have been put into the home.

Baker said the mortgage on the home has been retired and that it is hoped within the near future to add the profit from the vacant lot sale to building funds for a Memorial Hall addition to the front of the post home.

The Memorial Hall, in keeping with pledges made at the time funds were raised for the home through popular subscription, will contained "suitably enshrined" the name of some 2300 members of this community who served honorably in World War II.

2 Complications In Franklin Twp. Annexations

Two complicating factors involving the annexation issue, two separate tracts of Franklin Twp. area, and the county commissioners developed this week.

County commissioners have been informed that their public hearing on Apr. 13 of the proposed annexation of 185 acres of Franklin Twp. between Powell-av and Wilson-rd and north of the Columbus corporation limits to the Pennsylvania Railroad, will be complicated by the last-minute introduction of a counter-petition.

This counter-petition, signed by eight freeholders who live on 161 of the 185 acres involved in the original petition, asks the commissioners for exemption from any annexation to Valleyview. The counter-petition may be filed as late as the day of the other hearing.

A second complication on the Franklin Twp. front was the action seeking a writ of mandamus to force the commissioners to approve annexation of 6.47 acres south of Mound-st and north of Rainbow Addition to the city of Columbus filed Monday in Common Pleas Court.

C. Merle Igo, attorney and agent for Herbert C. and Virgina E. McCarty of 826 Midland-av, who own a portion of the tract, filed the suit, which was seen as a test case to determine the discretion of the commissioners in annexation proposals.

Commissioners deferred decision on the issue of annexation of the tract at a public hearing on Tuesday, Feb. 23, which was attended by more than 150 Franklin Twp. freeholders opposed to the move, and rendered a negative decision on Mar. 2 following the return of Commissioner Harry T. Vigor from vacation.

Zone 6 Air Raid Warden Urgently Appeals for Civil Defense Volunteers

Arthur Witt, recently-named Zone 6 Civil Defense air raid warden, yesterday issued an urgent ap-

Arthur Witt

peal for volunteer ward wardens.

Witt, who lives at 45 S. Brinkerav, said he needs volunteer wardens throughout Zone 6—including Wards 9, 10, and 11, and Prairie, Jackson and Franklin Twps.

"We would like to have these volunteers by not later than Tuesday, Apr. 6," Witt declared. "I urgently request all able-bodied adults throughout the zone who are interested in becoming ward air raid wardens to contact me at my home or to call me at RA. 1647."

Witt, who has been superintendent of education at the Concordia Lutheran Church School for the past eight years, has been working under City Councilman Jerry Spears, Jr., in Zone 6 warden service for the past two and one-half years. When Spears' resignation as Zone 6 warden became known recently, Witt was appointed by Ralph Nash, chief air raid warden of the city-county Civil Defense organization to step into his shoes.

"At present," Witt said, "we are reorganizing the entire warden service, replacing the setup which before was largely theoretical. But the crying need is for wardens in each individual ward. Later we will look for precinct wardens and start signing interested citizens up for block warden posts.

"We are building the new Civil Defense organization from scratch. Now it is felt that Civil Defense will be able to provide more ma-

Westway VFW Plans Joint Post-Auxiliary Installation

Roland Wolford, newly-elected commander of Westway Post 3441, Veterans of Foreign Wars, and Mrs.

Roland Wolford

Marie Hartman, president-elect of the Ladies' Auxiliary of the post, will take office in joint installation ceremonies at 8:30 p. m. Friday, Apr. 9.

Wolford succeeds George Bradley as commander. He was elected along with the following other new 1954 officers at the post meeting of Friday, Mar. 26:

Leslie Click, senior vice-commander, Orville Click, junior vice-commander; Ed McGonagle, chaplain, Robert Hartman, quartermaster; Dr. James A. Hardie, surgeon; Ralph Hartman, advocate; Harry Zulauf, two-year trustee; George Bradley, three-year trustee; and Henry Levy, one-year trustee.

Other officers of the Ladies' Auxiliary elected at that group's meeting of Mar. 19 include Mrs. Edna Wolford, senior vice-president; Mrs. Dorothy Bradley, junior vice-president; Mrs. Stella Garrison, chaplain; Mrs. Carma Geddes, treasurer; Mrs. Zella Chambers, guard; Mrs. Cleo Boord, two-year trustee, and Mrs. Mina Polus, three-year trustee. All officers of both the post and auxiliary will be installed on Apr. 9.

George L. Fetters, VFW Department quartermaster, will be the installing officer for the new post officers. Fetters and Howard Angeline, District 11 adjutant, were visiting officials at the Mar. 26 meeting of the post. Mrs. Sylvia Ell, past president of the auxiliary, will install auxiliary officers.

EVERYONE A WINNER!

W. Franklin Kiwanis Harness Race To Help Needy Children

Fortunes have been won and lost on race horses, but everyone who attends the Hilliards Raceway on Sunday afternoon, May 9, is sure to "win."

However, on that occasion, it will be the vote of thanks all ticket-purchasers will win from the Underprivileged Children's Committee of the West Franklin County Kiwanis Club, which has selected the May 9 date for its first annual Kiwanis Club Matinee Harness Race.

Tentative plans for the affair were announced this week by Dr. R. L. McFarland, chairman, and Noble Allen, Jr., members of the Underprivileged Children's Committee of the West Franklin group.

An intensive sale of tickets will be started in the near future, according to committee members. General admission will be 50 cents, grand stand reserved seats 75 cents and box seats $1.25.

Many of the top trotters and drivers of Central Ohio will be on hand for the races, according to Mr. Allen, who is attempting to contact those who have stables in this area.

He explained that it will be the first race of the season in this part of the country and many of the veterans of the track will be making plans to get into action after a winless season.

This is the first "all-out" money-raising venture of the West Franklin Kiwanis Club, which was organized only a few months ago.

Rural Zoning Board OKs Wilson Rd. Rink Plans

Plans for a general neighborhood store, roller rink, and swimming pool on a 17-acre tract owned by H. F. Cunningham, 3115 Valleyview-dr, on the east of Wilson-rd and south of Valleyview were given the go-ahead by the rural zoning commission following a public hearing Wednesday night, Mar. 24 in the Franklin Twp. hall.

T. R. Hickey, executive secretary of the rural zoning commission, said three parties appeared in favor of rezoning of the tract from residential and agricultural classification to light manufacturing or industrial use, while none appeared in opposition. The rezoning petition next goes to the regional planning commission on Friday, Apr. 2 and will receive final action from the county commissioners.

Railroad Pays $10,000 For Old Franklin Heights School, Half-Acre Site

The Franklin Twp. board of education disclosed that the old two-room schoolhouse in Franklin Heights disposed of last Saturday in a public auction was sold to the New York Central Railroad for $10,000. The proceeds of the sale went into the Franklin Twp. general fund.

Purchase of the schoolhouse and its one-half-acre site by the railroad rounded out the rectangular proportions of the 62-acre tract owned by the railroad north of Sullivant-av.

A public hearing will be held at 10 a. m. tomorrow before the county commissioners on the petition of the railroad to have a portion of its Sullivant-av tract rezoned from light industrial to heavy industrial classification. Railroad officials have declared that their plans for the tract include an industry which will be "an asset to the community."

NEW MEETING PLACE NAMED

Future meetings of Bethel No. 3, Job's Daughters, will be held at DeMolay Hall, 10 S. Burgess-av. The next meeting will be held at 7:30 p. m. Apr. 1.

Local Realtor Sold On Want-Ads' Power

The week's most enthusiastic testimonial as to the drawing power of classified ads in this newspaper comes from James M. Stevens, widely-known realtor, whose offices have been located at 1434 W. Sixth-st, for the past 35 years.

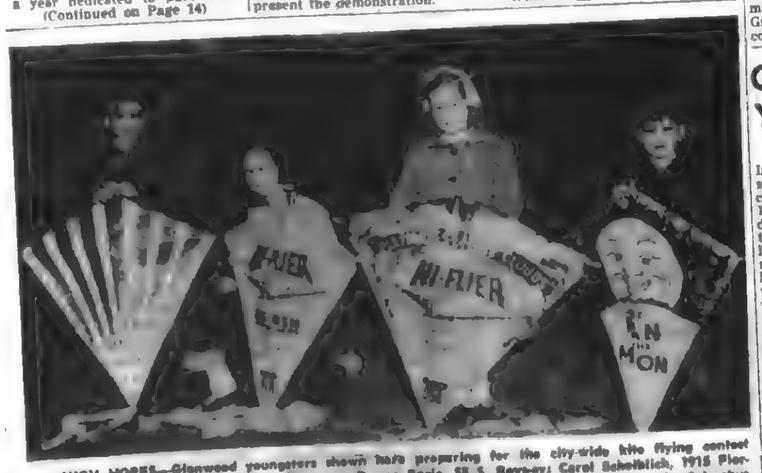
Stevens reports that he listed six properties in the want-ad columns of the Mar. 18 issue of this paper. Five were sold as a direct result of that listing.

"I appreciate the fact that a classified advertisement in your paper reaches 32,000 homes," said Stevens. "And I know that many readers turn almost directly to the want-ads. That's why I run an ad in your paper every week."

Why don't you take advantage of the selling power of these small but mighty advertisements? Call RA. 1125 or GA. 9252 for swift, friendly assistance in the wording of your want-ad. It'll pay you great dividends!

Glenwood Methodist Earns Y Intermediate Cage Crown

By Harry Grashel



Glenwood Methodist won the Y Intermediate Basketball championship by defeating a fighting Hi-Y club 51-35. This was Glenwood's 14th consecutive win against no defeats. West Hi-Y jumped off to an early 11-2 lead and it looked like the upset of the year in the making, but Gleawood came roaring back like true champions to win going away. Donny Martin won the league's individual scoring crown by scoring 18 points in this game. His total for the season averages 22.7 per game. Captain Bob Brownlee scored 13 points while Bob Steiff dunked 10 points for Glenwood. Ronnie Klein kept Hi-Y in the game with 14 points while his teammates Jack Cannon and Charles Robinson each tallied eight points.

Westgate Methodist finished in the runner-up spot by trimming Hilltop Church of Christ 56-30. Dick Sensenbrenner led the scoring for Westgate with 21 points. Joe Hutchison hit for 15 while Dana Deahler and Bob Kern tallied nine each. For Church of Christ, Davis scored 12 points and Bob Dixon followed with 10 points.

Hoge Memorial Presbyterian won a hard-fought battle from West Park Methodist by 54-43. Two New Post Office Stations, Servicing Approximately 40,000 Patrons, To Open Today

NEW POST OFFICE—Above is a view of the new Central Point Post Office, 1433 W. Mound-st, as workmen put the finishing touches early this week on the one-story structure, which will service some 25,000 community residents.

Two spic-and-span new one-story post office substations were slated to open for business today, serving approximately 40,000 patrons in the West Side and the Hilltop areas of the city.

Postmaster Allen Rowe announced yesterday that Hilltopper Glen P. Miesse, 622 Racine-av, will be superintendent of the new Station D (Postal Zone 22) at the southwest corner of Hartford-av and Broad-st. Frank C. Evans, 702 Stanley-av, will be superintendent of the new Point Station (Postal Zone 23) at 1458 W. Mound-st.

Miesse, veteran of nearly 30 years postal service, was promoted from clerk in charge of the Upper Arlington Road office branch. Evans, with 34 years of postal service, was promoted from clerk in charge of the post office branch at 500 E. Whittier-st.

Postmaster Rowe emphasized that the opening of both stations today was a matter of public convenience. "There is still a lot of work to be done before either is wholly completed, but we will operate on a makeshift basis in order to keep the mail moving at the quickest possible rate," he declared.

As a result of the two new stations, Joseph Ray Anderson, superintendent of the Hilltop Station, said his postal station would have a lightened territory and lose 10 carriers, including eight route men and two utility carriers.

Station D will serve the area between W. Town-st and the Scioto River, which was formerly a part of Zone 8. About 15,000 patrons reside within the new zone 22 which will be served by five one-trip foot routes and three two-trip foot routes.

The Point Station, drawing its name from the location across from the Central Point Shopping Center, will service approximately 25,000 residents with 25 routes, including 11 one trip foot routes, two one-trip motor routes, and two one-trip auxiliary foot routes. The area was formerly considered part of Zones 4 and 8.

Patrons formerly served by the Briggsdale fourth class post office will now be served by the Point Station.

Louise Pohlmann Named New Hilliards Area Correspondent

Louise Pohlmann, 4815 Trabue-rd Apt. B, Hilliards, has been named the new Hilltop Record correspondent for the Hilliards area. Miss Pohlmann, a long-time resident of Hilliards, had the distinction in 1918 of establishing the first Hilliards section in any weekly newspaper, the old Plain City Advocate. She has also worked at times in the intervening years as local correspondent for the three Columbus dailies.

A native of near Mudsock in Norwich Twp., Miss Pohlmann was raised there. She attended Hilliards High School and was graduated from St. Mary of the Springs Girls' Academy. Because of illness in her childhood, Miss Pohlmann accomplished much of her education at home, either through correspondence work or with tutors.

Louise Pohlmann

Graduated from Office Training School in Columbus in 1913, Miss Pohlmann was associated with her father, the late William C. Pohlmann, in the insurance business in Hilliards from 1915 to 1942. Construction Started On 40-Acre Lincoln Village Shopping Center

Work has begun on a large regional-type shopping center in the Lincoln Village area, Carl B. Frye, vice president and general manager of the Peoples Development Co., builders of the 'model city" has disclosed. The builders of the center will be the Austin Co, engineers and builders of Cleveland.

The new facility is to contain approximately 400,000 square feet of shopping space when completed. It will be of masonry construction and is to have a huge parking area. According to the developers, a commercial center is also planned but complete details are not available. The shopping center and commercial area combined are to occupy about 60 acres and have parking facilities for more than 5000 cars. Primary site grading has been completed for the shopping center.

The actual location is between Old Village and N. Murray Hill-rds on W. Broad-st. Beacon Hill-rd will run along the back of the center. It parallels W. Broad-st. The address of the Lincoln Village Shopping Center is about 4500 W. Broad-st.

It will occupy a 40-acre tract which extends about a quarter of a mile along W. Broad-st and is a quarter of a mile in depth. Paving has been completed on a 62-foot side stretch of N. Murray Hill-rd along the west border of the site.

Frye said that two well-known consultants have been working with his company in planning the merchandising center. Dr. Homer Hoyt, shopping center analyst who planned the Northland Center, operated by J. L. Hudson in Detroit, and Seward Mott who laid out Upper Arlington, have been working on the development.

Lincoln Village, other than the shopping center, is to have two housing developments, one 330 acres in size and the other 280 acres. It also has a 550-acre industrial area which runs along Philippi and Georgesville-rds.

This Sound Familiar?

July, 1940 – "Don't invest anything now. War is imminent. Just sit tight."

September, 1942 – "Don't you know there's a war on? Now's the time to play safe – hoard cash."

October, 1945 – "During this postwar period of conversion do nothing – wait until things become normal."

January, 1947 – "Stock prices are being depressed. Look for further price cuts. Do nothing."

March, 1948 – "As we round the corner of prosperity, we see a beautiful future ahead but don't do anything during this transition period."

May, 1951 – "This is a period of unparalled prosperity! But it can't last – just sit tight."

July, 1952 – "A Korean truce means new problems – industry's future uncertain. Keep cash intact."

The above now sounds pretty ridiculous, doesn't it? Yet it's what so many prophets of doom were saying all along.

TODAY – Some of these same prophets of doom are making the rounds with similiar stories.

What to do about it?

Just do things normally. The fact that you don't go ahead and do the things you normally would may be the very thing that could make a recession possible. Think this over. Then go about your business as usual.

America is strong. This community is strong. Let's keep it that way!

Pioneer Hilltop Residents Will Move To Damascus, O.

PIONEER HILLTOP FAMILY—Pictured above are Rev. Herbert L. Haldy, for whose grandfather Haldy-av was named, and his wife, Mary, who will move from their Hilltop home to 245 N. Powell-av, to Damascus, O., this coming Saturday.

Rev. Herbert L. Haldy, for whose grandfather, the late Frederick Haldy, the Hilltop's Haldy-av was named, and his wife, the former Mary McLaughlin of Cadiz, O., will move to Damascus, O., from their home at 245 N. Powell-av, on Saturday, Apr. 3.

The Haldys, who have been married for 41 years, intend to build their own home in Damascus, center of the Friends Conference, and locale of a pastorate held by Rev. Haldy for six years.

Born in the Camp Chase area 70 years ago, Rev. Haldy recalls going to school at the Highland Avenue School when the daily trip meant walking by only open fields, wilderness, and farm homes on what now is the Hilltop. His grandfather, the late Frederick Haldy, an immigrant from Germany, owned almost the entire Camp Chase area.

Rev. Haldy also attended Mt. Union College and the Cleveland Bible College.

An active pastor in the Friends Church from 1906 to 1950, Rev. Haldy has been grounds superintendent of the Friends Rescue Home on the Hilltop for the past 10 years. His former pastorates include St. Mary's, O., 12 years in Indiana, and serving as supply pastor of the Franklin Heights and the Forest Street Friends Churches.

Rev. Haldy and his wife are both members of the Highland Avenue Friends Church, where his parents were charter members. They have two married daughters, Mrs. Helen McDaniel, Marion, Ind.; and Mrs. Josephine Burbick, New Wilmington, Pa.

Mrs. Agnes Wolfe, 124 Haldy-av, is recovering in Mt. Carmel Hospital, from a spinal operation of last week. She will be confined to the hospital for about two more weeks.

Advantages That Forethought Brings

The Deed to your family burial estate, among your valuable papers, is proof of a thoughtful act completed.

The entire family will have the supreme satisfaction of having made the selection TOGETHER.

No one will be compelled — on the most tragic day in life — to make the selection ALONE.

It will have been paid for out of income, rather than from precious funds of the estate — as is the case when selection is postponed until actual need for it arises.

Here, for all time in surroundings of Peace and Beauty Memory will be preserved. Thus, the location of your family burial estate is important — not only to you—but to the generations that follow. It deserves your most thoughtful consideration.

NO BURDEN OF UNEXPECTED EXPENSE.

Forethought, will relieve loved ones of financial worries. Ownership of a burial estate in advance of need greatly reduces the funeral expense. Such an estate may be purchased on a convenient plan and with the first payment it receives thoughtful, permanent care at no additional expense to you or your family. TAKE THIS IMPORTANT STEP TODAY.

Youth Group To Present "My Son Lives" At Hilltonia EUB Church

On Sunday, Apr. 4 at 7:30 p. m. the Watkins Youth Group from near Marysville will present at the Hilltonia Evangelical United Brethren Church, Springmont and Columbian-av, a three-act Easter play entitled, "My Son Lives." The group will also present choral numbers and special music.

The public is invited to attend the drama centered about a doctor who loses his son, comes to the realization that his son is not dead . . . but His son lives.

A free will offering will be taken and will be divided between the youth of the Watkins Church and the Youth Fellowship of Hilltonia Church to send some of the young people to summer camp.

The play is being sponsored by the young people of the Hilltonia Evangelical United Brethren church.

Public Library Seeks Moderators For Several New Great Books Clubs

A call has gone out for moderators to join the Great Books Clubs being formed in a few months. Moderators who join will get a training period starting Apr. 7 at the Columbus Public Library. The two-hour meetings will be held each Wednesday for five weeks.

There is no entrance fee and no scholastic requirement for a Great Books Club. Members read a dynamic book each two weeks, meet and swap ideas on what they've read. They generally feel they have learned more, by bringing out their own ideas, than by reading alone or sitting through a class or lecture. It's a natural for those who have always wondered what Jefferson, Shakespeare, Plato and other thinkers have to say about things.

Anyone interested in Great Books is urged to contact Tom W. Harris, director of public relations at the Columbus Public Library, FL. 1787.

"The Angelic Choir?"
—asks BING CROSBY

"Not quite . . .
Just rough-and-tumble kids, decked out
for choir service. A picture
you'd like to see your youngster in some day, I'm sure.

"Suppose he can't even carry a tune. No matter. What counts is that he belong to the *spirit* of this picture . . . feeling *at home* in church or synagogue.

" 'Belonging' is something that happens over the years. Maybe Mom drops into church with the youngsters, when they're out shopping, to just say 'hello' to God. Pop's part of the job is 'cueing' the kids for the sitting and standing and kneeling, when they go to their first real Service. The way he helped them, when they faltered with their good-night prayers.

"Just a lot of little things . . . but they add up to showing them the way. Soon the children find going to church or synagogue as natural a thing to do, as heading for the warmth and comfort of home. And there are no words to describe a parent's peace of mind, when he knows, that no matter what happens, the children will always be 'at home' in the one place time does not change."

By Brenda Little

Starling's F.T.A. held a meeting Mar. 23 in honor of Teacher Career Week. Speakers were Joyce Jones, a junior from Ohio State University, and Peggy Riggs from Capital University. Peggy Riggs gave 10 reasons why she wants to become a teacher. They were: the important work of teaching; she likes children; enjoys school work; she wants to learn much as well as her pupils; it is a good profession financially; a three-month vacation; she rather grew into the idea of teaching; it is a satisfying work; teaching is an interesting profession and it is a respected profession.

Joyce Jones, formerly a student at Starling, talked about the subjects of schools and what subjects are required to become a teacher. They were: religion, physical education, English, science, geography, psychology, speech and botany.

Rabies Shot Reminders Sent 10,000 Dog Owners

During the past two weeks the Humane Society of Columbus has mailed out rabies reminder notices to some 10,000 dog owners who had their pets immunized last April. Every month, thereafter 30-day reminder notices will be mailed to those dog owners registered reminding them of the requirement. The compulsory rabies immunization regulations, as adopted by the boards of health of Columbus, Franklin County, Grandview and Arlington, require the immunization and re-immunization of all dogs every 12 months.

Big Seven Top Glenwood All Stars 46-42 In Class B Beatty Finals

The Glenwood Recreation Center All Stars were defeated by the Big Seven, 46-42, in the championship game in the Beatty Invitational Class B basketball tournament last Monday, Mar. 22. The All Stars lost the game in the final minutes after holding a 38-36 lead, with three minutes remaining.

The All Stars advanced to the finals by virtue of their 46-41 win over Ashville in the semi-final round. Jerry Marvin and Ken Metzler led the All Star attack with 13 and 10 points, respectively. After trailing 18-25 at the half, the All Stars began to find the range in the closing minutes of the third period and in the final quarter to win the decision.

Score By Periods

All Stars	6	18	30	46
Ashville	12	25	31	41

In the final game, the All Stars failure to hit with consistency was the deciding factor to the outcome of the game. Although they were able to keep within close range of the Big Seven, the All Stars were never able to pull ahead with a sizeable lead. Bill Winnestaffer led the All Stars' attack with 18 points and became the team's leading tournament scorer with 37 points, followed by Jerry Marvin's 34.

All Stars	10	18	30	42
Big Seven	13	18	30	46

Glenwood's second entry in the Beatty Tournament, the Hilltoppers, were ousted from tournament play in the semi-final round by the eventual tournament champions, the Big Seven, by a 56-52 score. The Hilltoppers jumped off to an early quarter lead of 13-9, but fell behind 20-23 at the half. Play was close in the remaining two quarters with the Big Seven outscoring the Hilltoppers 33-32 to maintain their lead and the victory. Ronnie Bowman led the Hilltoppers attack with 16 points.

Hoge Memorial Wins 2nd Round In Hilltop YMCA Cage Loop

By Dick Wilson

After upsetting Westgate EUB the previous week, Hoge Memorial Presbyterian went on last week to win the second round of the Hilltop YMCA Junior Church League, by blasting the Hilltop Church of Christ 64-21. This victory gave the Proper-coached five a perfect second of 7-0 for the second round.

The game was definitely no contest from the start because the Hoge Memorial squad jumped into an early lead. Four of the starting five scored double figures with John Edwards leading the pack with 19 markers. Dunham led the losers with eight.

Ronnie Maier's Westgate EUB five showed they are to be reckoned with in the play-off as they clobbered the Junior Firemen 32-3. The firemen did not score a point until the second half when McPherson scored a basket and Smith connected on a foul. Nine out of the 10 players used by Coach Maier made the scoring column. Ron Ireland led his team with 12.

Burgess EUB closed its season with a convincing 32-13 victory over Westgate Methodist. Westgate scored one point in the first quarter while the Dellinger-coached five came through with 26. Six of the eight victors made the scoring column with DeWitt, Steece, and Thomas leading the team with 27, 23, and 21 points respectively. Mack led the losers with seven.

West Junior High played Glenwood Methodist on even terms for one half of its season finale, but the extra experience and height of the Methodist team allowed it to pull ahead in the second half to run away with 37-20 count. Hummel once again led the Donaldson-coached five with 14 points. Bill Ingle led the losers with six.

Next week will be the All Star games and Play-off for the Junior League Championship. Starting at 7 p. m. at John Burroughs gym will be the Junior League All Stars vs. the League coaches. At 8 p. m. Glenwood Methodist, Champions of the Intermediate League, will play an All Star team made up of two players from each of the other seven teams in the league. At 9 p. m., there will be the play-off between Westgate EUB, winner of the first round and Hoge Memorial, winner of the second round, for the Junior League Championship.

Hoge Memorial Cagers Take 42-39 Decision From Church Of Christ

By Harry Groshot

In an overtime thriller, Hoge Memorial Presbyterian knocked Hilltop Church of Christ out of a second place tie in the Hilltop YMCA Intermediate Church Basketball league by 42-39. With seconds remaining and Hoge trailing 38-36, Bob Delph tossed in a one-hander to send the game into an overtime. Three free throws by Dick Witter won the game in the overtime period for Hoge. Bob Dixon played a stand-out game for Hilltop, contributing 14 points. Dick Witter led Hoge Memorial with 21 points.

In another breath-taker, Charles Robinson hit for a bucket with two seconds remaining to give West Senior Hi-Y a 33-32 victory over the fighting West Park Methodist five. This game was a see-saw affair with the lead changing back and forth throughout. Ronnie Klein scored 11 points for Hi-Y while his teammate Charlie Robinson tallied 14. The scoring twins of West Park, Rick Farrell and Dave Guyton, hit for 18 and 10 points respectively.

Westgate Methodist scored at will to swamp the Hillcrest Baptist team 60 to 16. Dana Deshler hit for 15 points while his teammates, Joe Hutchison and Al Thimm, tallied 14 points. Fred Lanch was high for Hillcrest with five points.

Glenwood Methodist racked up victory No. 13 of the season by walloping Burgess EUB 95-43. Don Martin, the league's leading scorer tallied 27 points for Glenwood followed by Clark Redick with 26 and Perry Stavrides with 18. For Burgess, the most improved player in the league, Jack Speakman scored 20 points. Bryce Poston hit for ten markers for Burgess.

Next week's play ends the regular schedule. Glenwood can win a clear-cut title by winning next weeks game with West Hi-Y, having already won the first round title and leading the second round of play with an undefeated record.

PUBLIC COMMENT

4 Out Of 5 Hilltoppers Polled Okay Daylight-Saving Time

This week's question, "What do you think about daylight-saving time?", found a surprising harmony in the answers of your Hilltop neighbors. Four said they liked it, thought it was wonderful because it added more time to their evenings. Only one opposed the idea and he was against it primarily because of the confusion of changing the clock.

In past years, city council has had a parade of mothers opposing daylight saving time on the basis of the difficulty of getting their children to go to bed "while it's still light out." The question is usually one where you will find convictions extremely firm either for or against.

Think for a moment how you feel about the issue, then read the comments of your neighbors below:

Mrs. James McKendry, 209 S. Powell-av: "Yes, I do like extra daylight time in the evenings. The nights seem so long to me in this country. My home was in Scotland and we had a long twilight time instead of the more sudden darkness that comes here. In the summer, at home, the twilight lasts until midnight and it is so very lovely."

William Garmon, 274 S. Highland-av: "I like the idea of changing to daylight saving time. That extra hour of daylight in the evening means a lot to me, as it does to most of us."

Walter Hinchcliffe, 65 S. Princeton-av: "I don't believe in daylight saving time. 'Let time stay as it is,' has always been my opinion. The change-over is too confusing."

Mrs. W. L. Shumate, 2510 Eskridge: "I believe it is a good idea. It doesn't matter a great deal to me, but I do think it's nice to have more daylight time."

Mrs. John E. Wenger, 159 S. Westmoor-av: "I certainly think it's important in the summer months; the longer evenings are so nice. It's especially important because it gives a father extra time to do things with his children, when a working day is finished."

APRIL FOOL

April came dancing along.
All smiling and green and

But soon she changed her mind
And brought dark clouds

APRIL

Where is the man so great or wise
That he may take April by surprise?
The calendar will not suffice
To mark the melting point of ice.
The woodchuck, sleeping in the ground,
Heeds the call which makes no sound.
The hawk, returning to its nest,
Infallibly knows which hour is best.
The root within the humus hears
The word too mute for human ears.
But man, however great or wise,
Can never snare spring with his eyes,
Nor hear it coming from its lair
As immaterially as air.

"Adventures in Poetry."

What a party that was! I don't often indulge in exclamation points but this calls for one. Not counting the mothers and dads who called for the guests after the party, there were present eight young ladies; five young gentlemen; three mothers; two grandmothers; the six-year-old hostess and her three-month-old brother. He didn't really count for he slept through it all. Of course the mothers and grandmothers were only there to cut the birthday cake, supervise games, button up coats when the guests decided to try the backyard for size, un-button coats when they decided it was better inside, wipe noses, clean ice cream off first long pants and pretty party dresses, and settle a few minor arguments. Johnny, age seven, was the "old man" of the party. He is a future halfback with red hair and freckles. Mike was the youngest. He is two-plus. The young ladies were adorable, as are all young ladies from one to one hundred (I read that some place). There is not much time to be philosophical at a children's party, but during the lull while ice cream and cake were being consumed, one grandmother did wonder about the future of these youngsters, and about what the world will be like when they are grandma's age.

MAIL—From Columbus: "In August, 1953, we received word that the Reds report my brother, Bill, died in Prison Camp No. 2, in North Korea, June, 1951. He was captured Feb. 12, 1951. Since the report has not been verified by any of our service men who have returned, the U.S. Army still carries him as missing in action. Somehow, I still have a lingering hope and yet, if I must accept this finally as true, then I can feel that an all-merciful God lifted him above human bondage and above all suffering. My parents too have faith that whatever was, or is, or will be, is best. We have learned with Paul, to 'hope all things . . . endure all things and to trust and wait on the Lord' . . . From Delphos: "The other day I read a Food for Freedom ad (A people-to-people program of world good will, Headquarters of the Meals for Millions Foundation, 648 S. Broadway, Los Angeles 14) and underneath the ad was a story under the heading "Gourmet Pays $104.50 for One Meal." The story was about a San Francisco man who made a wager that he could spent more than $100 for a single meal in a local restaurant. He won the bet by having fish flown by air from Hawaii. Entrée was baby pheasant. The price of his dinner would have provided more than three thousand three-cent servings of multi-purpose food for people who do not earn $105 for a year's work. Guess it's true that it takes all kinds, huh?"

• • •

From somewhere — He said, "I earn five dollars a week after wife and taxes" . . . We often see things not as they are, but as WE are . . . Hell hath no fury like the eleventh best dressed woman in the country. Time was when men lost their shirts in stock markets. Nowadays it is the supermarkets . . . If a person has lowered himself by doing you an injustice, the only way you can get even is by lowering yourself to the same level . . . Son: "In school today I learned to say 'Yes sir' and 'No sir'." Proud father: "You did!" Son: "Yeah."

Here is a thought for April:
You are as young as your faith,
As old as your doubt,
As young as your self-reliance,
As old as your fear,
As young as your hope,
As old as your despair.

These Eyes —

How Well Do You Know Them?

Fred Heischman, head basketball coach at West High School, is the owner of the mystery eyes shown last week in this strictly-for-fun feature intended to test your powers of observation.

Heischman, who lives at 875 S. Hague-av, is also assistant football coach at West. With West's Cowboys for the past seven years, the genial native of Utica, N.Y., served in the athletic program of Roosevelt Junior High before becoming a Hilltopper. He is a member of the Hilltop Y. His many activities on behalf of youths at West keep him too busy to take much part in other organizations.

Today's mystery eyes belong to a man who is no stranger to parliamentary procedure. An active Kiwanian, his eyes should be familiar to hundreds of Hilltoppers. Any more clues would pinpoint identity. We will say that his title of "Mr. . . . . "is richly deserved.

THE PARK OF ROSES

By Mrs. C. V. Williams

Columbus is rapidly earning recognition as the rose capital of the world, with the establishment here of the Park of Roses and the new home of the American Rose Society. The Park of Roses is located on N. High-st, about one and one-half miles north of the Ohio State University campus in the Clintonville area.

Its 35 acres contain natural features that would be virtually impossible to duplicate through landscaping or construction. It is easily accessible by both public transportation and auto.

The south gate entrance takes one through a ravine of natural beauty, enhanced with hundreds of wild flowers. The west gate entrance, in front of the new $50,000 shelter house, which is available for garden, rose, and other clubs for organizations and meetings, is beautified with arbors, hedges, and roses. The shelter house seats about 500.

Admittedly the most beautiful and diversified of any rose park in the United States, the Columbus Rose Park is this county's bid for world fame in comparison with the old-world gardens of Europe such as the Bagatelle Gardens of France.

Fifty thousand rose bushes of every known type and variety will be grown here including all of the introductions of the late Dr. Horvath and the collection of old-fashioned roses of Roy Shepherd. These collections have been generously donated by Mr. Shepard and Dr. Horvath's daughter and son-in-law, Mr and Mrs. Sam Forbes.

A section of the park will be set aside as an educational feature garden for children with all types of flowers, shrubs, herbs and many other interesting forms of plant life.

Another interesting section planned is the Roses of the World, or United Nations display. Here you will see rare roses native to many nations of the world from Burma to Scotland and even the Green Rose of China.

Rustic benches are placed throughout the park for you to relax and drink in the beauty and fragrance of hundreds of thousands of roses in bloom and offer a prayer to the Master from whose boundless and unlimited workshop of nature, man has pieced together this unforgettable scenic masterpiece, of perfumed roses.

SHE DID

With a charming air of romance and pleasant sentimentality, the company were discussing how each married couple among them first met.

"And where did you first meet your wife?" the little man in the corner was asked.

"Gentleman, I did not meet her," he replied solemnly. "She overtook me."

It is a double pleasure to deceive the deceiver.—Jean de la Fontaine.

Electronic Temperature Control Set As Feature Of Lincoln Village Homes

An electronic temperature control system which literally "anticipates" weather changes is one of the top features to be used in Lincoln Village, according to Carl R. Frye, vice-president and general manager of the Peoples Development Co., builders of the project.

All of the houses in the first 390-acre area of the project will be equipped with the new system, which features an electronic thermostat mounted outdoors to detect the slightest change in outdoor weather.

According to the Minneapolis-Honeywell Regulator Co., which developed the new system, Lincoln Village will be the largest community in the United States to use the electronic controls.

The first 56 Lincoln Village units are now under construction. More than 200 dwellings will be completed this year with another 400 planned for 1955 and the balance of the initial project scheduled for completion late in 1957. The homes will be priced from $11,500 to $35,000, Frye said.

28 Boys and Girls From Glenwood Enjoy Trip To Indian Village Camp

Twenty-eight boys and girls from Glenwood Recreation Center had an enjoyable time at Indian Village Camp last Friday evening. The children, members of the Gleaners, Boys Club, Bowling League, and Swimmers, were transported in city cars and by parents to the Recreation Department-operated camp near Griggs Dam. They left the center at 6 and returned at 11 p. m.

Included in the activities were dancing, group games and mixers, a short hike, and a marshmellow [illegible]. A lunch, consisting of toasted cheese sandwiches, potato chips, cookies and hot chocolate, was served in the dining hall at the conclusion of the activities in the recreation hall.

Glenwood Junior Kegler Rolls 119 League Game

Richy Holman bowled 119 to lead the Glenwood Junior Bowling League in last week's league play. Buddy Creamer's 96 was second. Scores of 91 and 90 were recorded by Bill Quinn and Dee Elliott, respectively.

The Bowling Aces, captained by Ronnie Ogden, still lead the four team league.

Several new bowlers have joined the league in the last few weeks. They are Roger Vogelpohl, Jimmy Walsh, Donna Johnson, Karl Johnson, Lee Lantz, Ronald Kreemer, Rose Marie Creamer, and Jim Sweeney.

terials and motivation to its wardens than before."

Witt said that the only qualifications for wardens is that they must be able-bodied and vitally interested in protecting their city and homes from the threat of any air raid in the future. He said that by the time block wardens were chosen, Civil Defense authorities would probably have to rely largely on housewives.

"For the present, we hope the majority of our volunteers will be men," Witt said.

Becoming a warden will involve attending meetings, taking part in such training as first aid, and various other instructions in warden duties, according to Witt.

"We're going to need a lot of help if we have our organization complete down to the block-level by the time of the proposed state-wide Civil Defense alert in June," Witt declared.

Witt was assistant to the chief air raid warden in Kendallville, Ind., during World War II. A native of Hobart, Ind., he moved to the Hilltop eight years ago when he became superintendent of education at the Concordia Lutheran Church He is also superintendent of the church Sunday School, treasurer of the congregation, and a past president of the church's Men's Club. A graduate of Concordia Teachers College, River Forest, Ill., the 46-year-old Hoosier is married and the couple has two children, Luana, 15, and John, 13.

APRIL FOOL BY PROCLAMATION—The two victims, fellow Hilltop Kiwanians Sam Alford (center) and H. F. Cunningham (right) seem to be getting as much fun out of the trick Mayor Sam Sonbrenner played on them at last Thursday's Kiwanis luncheon in the Glenwood Methodist Church as the perpetrator. The mayor prepared an official-looking scroll setting the day aside as "All Fool's Day" and declaring that in keeping with the spirit of the day Alford and Cunningham were the most likely to succeed. Apparent Stalemate Continues In Annexation Issue War Of Nerves

The battle of annexation continued to be largely a war of nerves over the past week, with neither pro nor anti-annexation forces apparently gaining much the upper hand.

Among the developments were:

ONE: A healthy airing on Sunday of the entire annexation issue on the radio and television production of "The Annexation Dilemma" on Columbus Town Meeting.

TWO: An official statement by the board of directors of the Chamber of Commerce on Monday favoring the annexation of all unincorporated territory contiguous to the city of Columbus."

THREE: Adoption on Monday night of five resolutions of policy by a group of "elected township officials" who oppose piecemeal annexation.

FOUR: Disclosure at city Council meeting on Monday night of plans to boost water rates and sewer service charges for non-Columbus customers in "about two weeks."

City Attorney Chalmers P. Wylie took the stand in the Town Meeting broadcast that unless Columbus can annex surrounding areas, the prosperous hub which the metropolitan area depends upon will be choked off by bands of suburban incorporated communities. Supporting Wylie in his views on the expansion of city territory was Service Director Floyd C. Bedick.

Opposing annexation moves on the basis that efficient government is not found solely in Columbus were John W. King, Columbus attorney, and Delmar J. Kunz, mayor of New Rome and president of the West Franklin County Associations, Inc.

Kunz advocated the organization of a group of city, county and township leaders "to forget about political differences and to sit down together and work out their problems." He declared that people are confused about annexation problems such as water and sewage facilities. "The people don't know what you intend to do when you annex their lands," he said.

In a prepared release signed by its general manager, Delmar G. Starkey, the Chamber of Commerce pointed out that "these unincorporated areas and Columbus will benefit mutually to a great extent" from annexation of adjacent territory.

Starkey noted that recent studies by the Econometric Institute have revealed a need for strengthening the central city. "The Chamber of Commerce sincerely believes the citizens of Columbus will see that justice is given to the new neighbors who will be added to the city."

This Saturday Noon Deadline For All Easter Church Copy

All church copy for the issue of Apr. 15, the last before Easter, must arrive in The Hilltop Record office, 2465 W. Broad st, by not later than noon, Saturday, Apr. 10. This advance in deadline is necessary to permit the editorial staff to process the huge volume of Easter news expected.

The Record office will close at noon Saturday and it will be impossible to accept stories pertaining to Easter services after that time.

Included in the early deadline are all church schedules and stories for which the deadline is customarily 10 a. m. on Monday.

Council To Hold Apr. 8 Meeting

The Hilltop Community Council will hold its April meeting on Thursday, Apr. 8, at the Hilltop Branch YMCA at 8 p. m.

Complete arrangements for the Hilltop's annual Easter Egg Hunt will be announced and committees will be appointed. President of the Council Charles Ditrick urges all representatives to attend this meeting.

At the March meeting of the Hilltop Council, Mrs. K. L. (Pat) Martindale was named representative to attend city council meetings. Mrs. Martindale has been public relations chairman for the Hilltop Community Council for the past three years.

A discussion of Camp Clime is scheduled to take place in the near future at the Council. Camp Clime has been sponsored by the council for the past three years for camping and outing facilities for youth groups on the Hilltop.

HBA Plans Baseball Night

Baseball night will be the theme of the monthly meeting of the Hilltop Business Association at 6:45 p. m., Tuesday, Apr. 13, in the Florentine Restaurant. Harold Hays, public relations director for the Columbus Baseball Club, will be the principal speaker. Several 1954 Red Bird players will also be guests at the meeting.

2 Men Die Under 15 Feet Of Wet Earth In Ditch

Elvern Rasor, 25, of 345 S. Highland-av, and Willie Mathew Brim, 35, of 518 W. Town-st, died of suffocation Tuesday afternoon after a 15-foot sewage ditch on Northridge-rd collapsed on them.

Firemen and workers for the B & Z Excavating Co. worked for two hours before uncovering the bodies. The men were pronounced dead upon arrival at University Hospital. Their bodies were taken to the Crosby funeral home.

The cave-in occurred on a westward extension of Northridge-rd between Maize and Eisenhower-rds at 3:45 p. m. Rasor's body was recovered at 5:25 and Brim's 10 minutes later.

Excavators said the pair was working in the unshored ditch about 100 yards west of Maize-rd when the south side of the three-foot ditch fell in. A scoop operator working a few yards from the cave-in was the first to spot the tragedy. Two workmen jumped immediately into the ditch and attempted to dig them out while a third raced for a phone.

Within minutes, the city fire department sent an emergency squad, a fire squad, and pump and truck companies to the scene. Working under Battalion Chief Joseph Jester, the firemen were able to locate the men almost immediately, but it took more than an hour and one-half to dig through the wet, heaped earth.

Hilltop Lineman Killed Testing Electric Switch

Rites for David B. Crockett, 35, of 2731 Carol-av, who was electrocuted Tuesday afternoon during the installation of a high-voltage switch at Long and Ninth-sts, will be held Saturday in the Second Methodist Church, Salem, Va. Burial will follow in Sherwood Cemetery there. Arrangements are in charge of the Jerry Speece funeral home.

Crockett, a line foreman for the city division of electricity, apparently was standing on the ground testing a high-voltage switch leading into the Moores & Ross plant when a 7500-volt struck him.

A fellow employee, William Murphy, 23, of 6 Jones-av, was working three feet away but was unable to help the victim, who was "frozen" to the switch for about a minute before the current was cut off. Murphy then applied artifical respiration while other members of the crew called the fire department emergency squad.

Crockett was pronounced dead at Grant Hospital. Dr. Robert A. Evans, coroner, ruled the official death cause as electrocution. Crockett's death was the first in the division of electricity from electrocution since 1950, according to Raymond F. Cole, chief of the division's line operations. Cole added that Crockett was a highly experienced craftsman at the extremely dangerous trade.

Crockett was a member of the Moose Lodge here and the Second Methodist Church in Salem, Va.

Survivors include his wife, Fannie; two daughters, Nadine and Darlene at home; two sons, Jack of Detroit, Mich., and Lee of Salem, Va.; seven grandchildren; six brothers; five sisters and his stepmother, Mrs. Ida Crockett.

Urge Good Friday Business Closings

Good Friday closing of all merchants and businesses possible on the Hilltop is sought again this year by the Hilltop Kiwanis Club support of churches committee.

Roy Kistner, chairman of the committee, said that the annual drive for maximum observance of the religious holiday, will again be highlighted by the Kiwanis request for closing of local stores from 12 noon to 3 p. m. on Good Friday, Apr. 16.

Placards announcing the closing of stores will be distributed to local merchants by youthful members of the Hilltop YMCA. The Hilltop Ministerial Association and the Hilltop Business Association are cooperating in the drive, which is aimed at providing store personnel and the general public alike an opportunity to attend worship services of their choice.

New Hilltop AC Parents Club To Meet On Apr. 13

The Hilltop AC Parents Club, boasting a new name and a new slate of officers, will hold a special membership meeting at 8:30 p. m. Tuesday, Apr. 13 in the Westgate Park shelterhouse.

Number one on the agenda will be the critical problem of locating some sort of a meeting place for the more than 100 youths in the Hilltop Athletic Club before the coming of summer. The youth group has been informed that effective with summer vacation they will no longer be able to use the park shelterhouse as a weekly meeting place.

After voting unanimously to adopt the Hilltop AC Parents Club as its official title at a meeting in the shelterhouse on Tuesday, Mar. 23, the following officers were elected by the parents group:

C. N. Krebs, president; S. Landau, vice-president; Mrs. Morgan W. Bates, secretary; Mrs. William Fenimore, assistant secretary; Mrs. Don Kaiser, recording secretary; Dr. John D. Porterfield, treasurer; and Walter Dolder, assistant treasurer. M. A. Neff is publicity chairman.

2251-Acre Annexation Petition Filed

Seeks Annexation Of Franklin Twp. Area To Columbus

Three annexation petitions, including the largest one of them all—2251 acres of Franklin Twp. to the City of Columbus — were filed late Tuesday with the county commissioners office.

The petition, bearing the signatures of 214 freeholders in the 2215-acre area, was filed by Attorney C. Merle Igo on behalf of Mrs. Helen B. Jones, 745 Wilson-rd, and Mrs. Wilma Barger, 681 Joyful-rd, who acted as sole agents in circulating the petition.

Completed with its seven pages of signatures several weeks ago, the petition was checked for technicalities by the city planning commission on Mar. 24. Within 60 days after coming to the attention of the commissioners, a public hearing must be held to decide whether it is fair and equitable for the area to join Columbus. The city then has an additional 60 days to decide whether to accept the territory.

The area outlined in the petition roughly extends from the west Columbus corporation limits to the Prairie Twp. line and from Briggs-rd north to El Paso-dr.

Included in the area are the four additions of Broadlawn, Broad-Wilson, Franklin Heights and Rosary, several subdivisions, including Lincoln Village under development by the Peoples Development Co. on the old Turner Farm. It also includes the General Motors-Terastedt Division, the Westinghouse Electric Corp. appliance plant, and four large bulk refining plants on Fisher-rd and Broad-st.

The proposed annexation area comprises approximately one-seventh of Franklin Twp.'s total acreage.

The second and third petitions filed at the commissioner's office Tuesday were both filed by H. F. Cunningham, 3115 Valleyview-dr. The first was a counter-petition to the proposed annexation of 185 acres of FranklinTwp. between Powell-av and Wilson-rd and north of the Columbus corporate limits to the Pennsylvania Railroad to Valleyview, which is slated for public hearing by the commissioners at 10 a.m. Tuesday, Apr. 13.

The counter-petition, signed by eight freeholders who occupy 161 of the 185 acres, asks the commissioners to deny annexation to Valleyview.

The second petition filed by Cunningham is signed by five of the eight freeholders in the 161-acre tract and asks for annexation of the area to the city of Columbus.

GONNA FISH AND ENJOY LIFE

Conductors' Legislative Agent Retires . . .

That new glass spinner rod and spinning reel fellow members of the Order of Railway Conductors gave to Hilltopper C. W. Vance the other day as a token of esteem on the occasion of his retirement are going to get a real workout!

Vance and his wife, the former Addie Lee of Urbana, O., have already sold their home at 3023 Palmetto-av and are looking forward with a great deal of anticipation to their permanent move to Florida on Wednesday, Apr. 14.

Come to think of it, presentation of the fishing outfit at a party in the Deshler-Hilton Hotel on Mar. 24, was just a little premature.

Vance's retirement as a conductor for the New York Central Railroad, after 41 years of service wasn't effective until Wednesday, Mar. 31. The party and gifts, however, were in appreciation of the 19 years Vance has served as legislative representative of the Order of Railway conductors in Ohio.

Now that Vance has some one-and one-half million miles of railroad tracks under his belt, both he and his wife feel they can concentrate on just fishing and enjoying life. Both are avid fishing fans and share the same additional hobbies of movie photography and flower-raising.

Right now they're both enthused over their new home under construction in Ft. Lauderdale, Fla. Boasting a 130-foot seawall, it makes Mrs. Vance wax eloquent when she thinks of the excellent fishing projects.

"Why I can sit right there in a special fishing chair and catch almost anything in the ocean," Mrs. Vance said.

Born near Cincinnati, Vance is proud of the fact that he has made his own way since the age of 13. The 60-year-old adopted Hilltopper came to Columbus alone in 1908, started to work as a brakeman for the New York Central in November 1913, and met his bride while strolling in Olentangy Park. Married 40 years this coming May 16, they have one son, Donald Lee Vance of 2365 W. Broad-st.

Describing his work as legislative representative, Vance said, "We handled all safety violations, laws, and other ruling pertaining to railroad personnel before the state utilities commission and the state supreme court."

Vance is particularly proud of having spent 16 years in Washington, D.C., working on improving the Federal Railroad Retirement Act, which has become known as a model piece of legislation.

Elected as legislative representative in 1935, he held the post continuously until his retirement. "I guess you might say the greater part of my time since then has been spent working for the Order of Railway Conductors, with the lesser portion spent as a conductor," Vance volunteered.

For the most part the 40,000 miles of track a year Vance figures he's ridden, have been logged as a conductor on the "merchandise run" between Columbus and Toledo.

"We certainly hate to leave the Hilltop after living here since 1916," Vance said. "It's a grand community of friends we're leaving behind. We'll miss The Hilltop Record, too. We've read it faithfully ever since its first edition back in 1917."

An Active Mason, Vance is a member of West Gate Masonic Lodge, West Gate Chapter, West Gate Council, and Mt. Vernon Commandery.

THE ONES THAT WON'T GET AWAY are apparently the topic of conversation as C. W. Vance talks over retirement plans with his wife, Addie. (Hilltop Record Photo)

Regional Planning Group Nixes Plans For Rink, Swim Pool On Wilson Rd.

The regional planning commission last Friday turned thumbs down on plans of H. F. Cunningham, 3115 Valleyview-dr, to build a general store, roller rink, and swimming pool on his 17-acre tract on the east of Wilson-rd and south of Valleyview.

Among the reasons given by the commission for its disapproval were that use of the area as planned would not improve the Sylvan Heights Addition and that it would interfere with the orderly development of a home area.

The rural zoning commission, which previously approved rezoning of the tract from residential and agricultural classification on Mar. 24 must hold another public hearing on the matter after advertising of the event 30 days in advance and either affirm or deny its earlier ruling before sending the rezoning petition before the county commissioners for public hearing.

Zoning Appeals Board OKs Clime Rd. Property For Ready Mix Firm

The rural zoning board of appeals on Monday night approved a three-year use permit for Edward A. Tonti to locate a ready-mix concrete firm at 4140 Clime-rd. No one appeared in opposition to granting of the use permit at the public hearing at the court house.

In granting the permit, the board took into consideration the advisability of moving a concrete source closer to extensive housing in the Rosary subdivision and other nearby localities. Tonti had sought the use permit for a period of three-to five years.

Hilltop Union Good Friday Services To Start At 12 Noon

Announcement is being made this week by Rev. Carl Smith, president of the Hilltop Ministerial Association, of the Union Good Friday services to be held this year on the Hilltop.

As in previous years, the services will be held at the Hillcrest Baptist Church and the Burgess Avenue Evangelical United Brethren Church, starting at 12 noon and continuing through until 3 p. m., with intermissions of music throughout the service so that those who must leave will not interupt the regular program.

Theme of the entire service this year will be "The Seven Sayings of the Cross," with messages from seven ministers at each church.

Detailed program of the complete services, with the schedule for speakers and musicians at each of the two churches, will appear in next week's issue of the Record.

Furniture Sold Same Evening Thru Want-Ad

"I received so many calls! And I sold both pieces of furniture the same evening." That's the note Mrs. Edward Klein, Jr., 754 Sullivant-av, tacked in with her statement and remittance after placing the following classified ad in this newspaper:

WALNUT WATERFALL wardrobe, like new, apartment range, good condition. Reasonable. FL. 4040 after 6.

Mrs. Klein has learned through actual experience that want-ads placed in this newspaper go into 22,000 homes and produce results greatly out of proportion to their small size. Have you cashed in yet on the mighty drawing power of these little ads. Call RA. 1125 or GA. 9282 for swift, courteous assistance in the wording of your want-ad.

Official Verdict Awaited In Death Of Pretty Hilltop Nurse

An official verdict in the mysterious death Friday of a 32-year-old nurse who held fulltime jobs at both Mt. Carmel Hospital and the Columbus State Hospital had still not been rendered yesterday morning by Dr. Robert Evans, coroner.

Euia Harman was found in a coma in her home at 2056 Fairmont-av by Dr. Neal Carter, Jr., early Friday morning. She died a short time later, apparently of insulin shock, according to Dr. Evans.

Dr. Carter and his mother, Mrs. Bessie Carter, 69, both of whom lived at Miss Harman's home, were held for some 36 hours over the week end for investigation of possible homicide, but were released following what police termed "inconclusive lie detector tests."

The original of a will found by police among her effects in the property room at police headquarters late Monday left all Miss Harman's possessions, except a Muskingum County farm, to Dr. Carter. The 80-acre farm went to her parents.

Dr. Carter told police he found Miss Harman lying in a coma on her bed at 6:50 a. m. Friday. He contacted a physician after a number of calls, and then called a fire department emergency squad, he told police. Miss Harman died en route to Mt. Carmel Hospital.

Dr. Evans said eight needle marks were found in Miss Harman's thighs. Preliminary autopsy reports indicated that death "could have been" from insulin shock, Dr. Evans said.
